RANDELL SILVERMAN

T O

W. E. HALL

RELEASE

THE STATE OF TEXAS. COUNTY OF _____. KNOW ALL MEN BY THESE PRESENTS: That I, RANDELL SILVERMAN, of the County of Harris, State of Texas, hereby release, relinquish and forever quit-claim any and all rights whatsoever acquired or held by me under that certain oil and gas lease dated December 30th, 1912, executed to C. E. SMITH by W. E. HALL, recorded in Book "A" page 23 of the Conveyance Records of Jefferson DavisParish, Louisiana, which lease was assigned to me, said RANDELL SILVERMAN, by said C. E. SMITH, by instrument dated _____, 1913, and recorded in Book "A" page 13 of the Mortgage Records of Jefferson Davis Parish, La.

IN TESTIMONY OF ALL OF WHICH, Witness my signature on this the 5th day of July, A. D. 1921. (Signed): Randell Silverman. WITNESSES: R. A. Riehl, O. E. Pace.

THE STATE OF TEXAS. COUNTY OF HARRIS. Before Me, P. F. Graves, the undersigned Notary Public, in and for the State and County aforesaid, on this day came and appeared, R. A. RIEHL, who being by me duly sworn, deposes and says that he was one of the subscribing witnesses to the above and foregoing instrument, and that the samewas signed in his presence and that of O. E. Pace, the other subscribing witnesses, by the said RANDELL SILVERMAN. (Signed): R. A. Riehl. SWORN TO ANDSUBSCRIBED before me on this the 5th day of July, A. D. 1921. (Signed): P. F. Graves, Notary Public, in and for Harris County, Texas. (SEAL).

THE UNDERSIGNED, as the owner of the land covered by the above described lease or agreement, hereby accepts the foregoing release thereof. (Signed): W. E. Hall.
WITNESSES: H. A. Banker, E. M. Steele.

FILED JUL 20th, A. D. 1921. AT: 10:15 A. M.
RECORDED JUL 20th, A. D. 1921. FILE NO. 26755. CLERK & EX OFFICIO RECORDER.

NUMBER 334

SUCCESSION

OF NO. 1289

MRS. ALICE LANDRY CASTEX

JUDGMENT.

SUCCESSION OF ALICE LANDRY CASTEX NUMER 1289, PROBATE DOCKET, 18th DISTRICT COURT, ACADIA PARISH, LOUISIANA. IN THIS MATTER it having been established (a) thatJEAN CASTEX and his wife ALICE LANDRY, died intestate in the Parish of Acadia, wherein they resided and were domiciled,- the said husband on or about August 13, 1900 and yhe said wife on or about June 10, 1921: (b) that the sole heirs of said decedents are the children of their marriage, to-wit: (1) Jean Castex, Jr., (2) Alice Castex, wife of W. H. Cary, (3) Rosa Castex, wife of A. C. Boudreaux and (4) Rosalie Castex, wife of Euclide D. Conner: (c) that all the property left by said JEAN CASTEX at his decease belonged to the community of acquets and gains which had previously existed between him and said ALICE LANDRY: (d) that from the time of JEAN CASTEX's death to the death of said ALICE LANDRY CASTEX the property left by the husband, including his mercantile business at Mermentau, Louisiana, was held together and administered and operated under the name of JEAN CASTEX heirs, or widow and heirs of JEAN CASTEX, or their equivalents, and that during the said period properties were acquired and business enterprises were engaged in in the same manner, and in the same names or their equivalents, and thatthe interest of said widow and heirs in said properties, in the said business enterprises, and in theprofits and losses thereof, were one-half for said widow and one-eighth for each of said heirs.

And the above named heirs having petitioned this court to be recognized as the sole

heirs of said ALICE LANDRY CASTEX, and as such, and in their proper proportion, to be sent and placed in possession of all theproperty belonging to the succession of said ALICE LANDRY CASTEX, free from any inheritance tax. And the Sheriff & Tax Collector of Acadia Parish having been ruled to show cause why the said petition should not be granted, and having made answer or return to said rule: And the said cause, including said rule, having been regularly fixed for trial, and having been regularly taken up and tried; and the law and the evidence being in favor thereof, it is ORDERED, ADJUDGED and DECREED:

1. That said JEAN CASTEX, Jr., ALICE CASTEX CARY, ROAS CASTEX BOUDREAUX, and ROSALIE CASTEX CONNER, be and they are hereby recognized as the only children and as the sole heirs of JEAN CASTEX and his wife ALICE LANDRY CASTEX, both deceased, and, as such, entitled to inherit their successions in the proportion of the undivided one-fourth to each.

2. That as such heirs, and in said proportions, they be and are hereby sent into possession of all the property belonging to the succession of said ALICE LANDRY CASTEX, and, particularly, the immovable and movable property, rights, andcredits, described in the various schedules accompanying the petition herein, especially, the lands described in the hereto attached list, made part hereof and headed "CASTEX LANDS",- the undivided half of which the said heirs already owned in part as the sole heirs of said JEAN CASTEX, and in part in their own right, and the other undivided half of which they acquired by inheritance from said ALICE LANDRY CASTEX.

2. That the rule herein taken and issued against the Sheriff and Tax Collector of Acadia Parish, be and the same is hereby made absolute, and the inheritances herein are hereby decreed to be free and exempt from any inheritance tax under the Constitution and Laws of Louisiana, and

4. That all banks, bankers, trust companies, warehousemen or other depositories, corporations, partnerships, and all others, owing or holding the same, payover or deliver to the above named four heirs, in the proportion of one-fourth for each, all monies due and other things accruing to said ALICE LANDRY CASTEX or her succession,- whether belonging to her alone or whether only an interest therein belongs to her or her succession.

THUS DONE, READ ALOUD and SIGNED in Open Court at Crowley, Louisiana, this 20th day of July, 1921. (Signed): Wm. Campbell, Judge 18th District of Louisiana.
Filed July 20th, 1921. (Signed): F. M. Fontenot,Dy Clerk of Court.

(SCHEDULE ATTACHED - "CASTEX LANDS" - Lands in Acadia Parish)

LANDS IN JEFFERSON DAVIS PARISH: 1. W½ of NW¼ and SE¼ of NW¼ of Sec 28 T 8 S. R. 3 W. 121 acres, more or lews (Perkins tract with improfements)

JEAN CASTEX, JR., ET AL

AND

ALICE CASTEX ET AL

P A R T I T I O N

STATE OF LOUISIANA, PARISH OF ACADIA. Before the undersigned Notary Public for and the undersigned competent witnesses residing in the Parish and State above named, personally came - (1) JEAN CASTEX, JR., husband of Clara Andrus;(2) ALICE CASTEX, wife of William H. Cary; (3) ROSA CASTEX, wife of A. C. Boudreaux, and (4) ROSALIE CASTEX, wife of Euclide D. Conner,- all residing in Acadia Parish, except MRS. CONNER, who resides in Jefferson Davis Parish,and who declared unto me and the said witnesses that they are the only children and the sole heirs of JEAN CASTEX and his wife ALICE LANDRY, both deceased,and that they were recognized as such by judgment of the District Court for Acadia Parish rendered July 20, 1921 in the cause numbered 1289 on the Probate Docket of said Court, entitled "SUCCESSION OF ALICE LANDRY CASTEX".

The appearers further declared that all the debts and liabilities of their said father and mother, and of their successions, have been paid, withthe exception of whatsoever inheritance tax may be due in connection with the estate of their said mother, and that

said tax if any, is to be paid by them in equal proportions. The appearers further declared that being the owners in common, each for an undivided one-fourth, of all the property, real and personal, rights, credits, etc., belonging to or depending upon the successions of their said father and mother, and not wishing longer to remain in indivision of a portion of said properties, and particularly, of the land belonging to said succession, they do hereby agree and contract together that the said property shall be, and the same is hereby partitioned among them as follows- each of the said co-owners hereby accepting and taking the property allotted to him or her, and acknowledging delivery and possession thereof;

(1) There is alloted to said JEAN CASTEX JR.-

(d) 1050 acres more or less, in Township 11 S. R. 4 W. being S½ of NW¼ and E½ of NE¼ Sec. 10 W½ and NE¼ Sec. 11, NW¼, E½ of SE¼ and 10 acres in the SE corner of the NE¼ Sec. 14, and W½ of SW¼, and E½ of SE¼, Sec. 13, Together with all the buildings and improvements thereon, including a certain pumping plant and irrigation system consisting among other things, of a deep well machinery, appliances and accessories, buildings, canals, laterals, ditches, conduits, pipes, flumes, gates, belts, oil tanks, etc.;

(e) 5 acres, more or less, in the Town of Jennings- being a portion of Sec. 3 T. 10 S. R. 3 W. on Cutting Avenue, beginning at N. corner of a 3 acre tract sold by L. Moultry to D. Hebert, and javing a frontage of 2½ acres by a depth of 2½ acres;

LANDS IN VERMILLION PARISH

(f) ***

Valued altogether at TWENTY-SEVEN THOUSAND ONE HUNDRED AND TWENTY-FIVE DOLLARS.

And each of the co-parceners herein, in consideration of the determinate share of the said property falling to his or her lot, as above set forth, transfers, conveys and assigns to the others - grantees, all and singular his or her undivided rights, title interest demand and ownership in and to the property hereby allotted to the other co-parceners, respectively, together with all his or her rights of action in warranty against preceding owners and warranters of the said property, in so far as the same relate to the share of the property allotted to the others, respectively, as above set forth; to have and to hold the properties hereby conveyed unto the said grantees, respectively, and their heirs and assigns forever, with all the buildings and improvements thereon, and all the rights, ways, servitudes, and other privileges thereunto belonging.

And the said appearers further declared (a) that the acquisitions herein are made by each of the grantees with the proceeds of the disposal of other property belonging to them individually, and with their separate and paraphernal means, under their separate control and administration, and that the said acquisitions are made for their respective individual accounts and for the purpose of replacing the property so disposed of, and (b) that they dispense with the production of the certificate otherwise required by Art 3364 R. C. C.

They further declared there remains undivided (a) the furniture and fixtures in the Jean Castex home, except that portion thereof which is herein allotted to said Mrs. Boudreaux; (b0 about 100,000 cypress logs in Bayou Plaquemine at Frank Quebodeaux saw mill; (c) one bale of cotton; (d) 23 head of young and old cattle on the old Castex homestead (e) a number of accounts receivable, on which, however, payments have been made since the opening of the succossions above referred to, and (f) a note of Joe Suir, and other notes taken since the opening of said successions; and they agree that whatever so remains undivided shall be the subject matter of another and separate partition among them.

They further declare that they have already effected a definitive partition among themselves of all the other movables and other properties belonging ot or depending on said successions, including money, bonds, etc.

The appearers further declared that, whereas, the share of each of them in the property hereby partitioned amounts to $27,887.25; and, whereas, the value of the property

herein allotted to each of them is less than his or her share, except that allotted to Mrs. Cary, which exceeds her share by $5,262.75- the said portions have been adjusted by the issuance by said Mrs. Cary to her said co-parceners of her notes of various amounts to equalize the said shares.

THUS DONE and PASSED intriplicate at my office at Crowley, Louisiana, this 19th day of April, 1922, in the presence of said witnesses who sign hereto withthe appearers and me, Notary, after reading of the whole.(SIGNED) Jean Castex Jr., Alice Castex Cary, Rosa Castex Boudreaux, Rosalie Castex Conner. JEAN CASTEX, Jr.,

T O

ALBERT SIDNEY JOHNSON, Et Al

S A L E

State of Louisiana

Parish of Acadia.

Be it known, that on this the Thirtieth day of the month of April, in the year of our Lord mineteen hundred and thirty, four,

Before me, Philip Julius Chappuis, a Notary Public duly commissioned and sworn for the Parish of Acadia, State of Louisiana, and in the presence of the witnesses hereinafter named and undersigned, personally appeared, Jean Castex, Jr., widow of Clara Andrus, and a resident of Acadia Parish, Louisiana, who declared that for the consideration and on the terms and conditions hereinafter set forth he does by these presents grant, bargain, sell, assign/convey, set over and deliver, with all legal warranties, unto Albert Sidney Johnson, husband of Ozella McCain and a resident of Jefferson Davis Parish, Louisiana, and Adolphe C. Boudreaux, husband of Rosa Castex and a resident of Acadia Parish, Louisiana, here present purchasing and accepting for themselves and their heirs and assigns, and acknowledging delivery and possession thereof, the following described property, to-wit :

1145.35 acres, more or less, of land in Jefferson Davis Parish, Louisiana, together with all the buildings and improvements thereon, andall the rights, ways, servitudes and other proivileges thereunto belonging, being (a) Section thirty-nine in township ten south, of Range three West, La. Meridian, except that portion lying in triangular from west of the east boundary line of Section fourteen if extended through said Section thirty nine; (b) lot two of Fractional Section thirteen in township ten south, of Range three West, La. Meridian; (c) Section seventeen in township ten south, of range two west, La. Meridian, except the 328 acres, more or less, of swamp timber land lying in the eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on Feby. 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, - it being understood, however, that there is included in this sale two tracts of prairie land along the north ling of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section eighteen in township ten south, of Range two west of the Louisiana Meridian, lying be

the southeast corner of the aforedescribed Section 39, on the West, and the Mermentau River on the east: All as per the annexed plat showing the property hereby conveyed within red lines, except the two tracts of prairie land above referred to, which appear within white lines and are marked, respectively, "Prairie 16.5 ac" and "Prairie 5.5 ac", and which said plat is identified with this act by the paraph "neVarietur", of the undersigned Notary.

To have and to hold said property unto the said purchasers and their heirs and assigns forever. And the said vendor moreover transfers unto the said purchasers all rights and actions of warranty to which he is entitled against all former owners and proprietors of the property herein,conveyed, subrogating the said purchasers to the said rights and actions to be by the said purchasers enjoyed and exercised as they might have been by the present vendor.

This sale is made and accepted for and in consideration of the price and sum of Ten Thousand one hundred and twenty nine & 23/100 Dollars, in part payment and deduction whereof the said purchasers have paid at the execution hereof, in cash Current money, to the vendor the sum of One thousand six hundred and twenty nine & 23/100 Dollars, the receipt whereof is hereby acknowledged and full acquittance and discharge granted therefor, and for the balance of said purchase price said appearers have executed their five certain promissory notes of even date herewith, each for the sum of Seventeen Hundred Dollars, drawn to the order of and endorsed in blank by themselves, made payable on April 30 of the each of the years 1935, 1936, 1937, 1938 and 1939, respectively, at the Bank of Commerce & Trust Company, Crowley, Louisiana, and bearing interest at the rate of eight per cent, perannum from date, until paid, payable annually, which said notes after having been paraphed "ne Varietur", by me said Notary, for identity herewith, were delivered to the said vendor who hereby acknowledges the receipt of the same.

Now, in order to secure and quarantee the full and final payment of the said notes and interest, and attorney's fees hereinafter mentioned, special mortgage and vendor's lien andprivilege are hereby retained on said property in favor of said vendor and of all future holder or holders of said notes, the said purchasers obligating themselves, not to encumber or alienate said property to the prejudice of this act.

And in the event of suit to recover payment of said notes, or any portion thereof, the said purchasers obligate themselves, to pay the holder or holders of said notes, attorney's fees fixed at ten per cent, on the amount sued for.

It is agreed between the parties (a) that the maturities of the said notes are fixed, that is, that the term of payment therein stated is stipulated for the benefit of the holder of said notes, except that on, or at any time subsequent to, April 30, 1937, the said makers shall have the option of paying the said notes or any part thereof at any time before their respective maturitues; (b) that this act shall bear confession of judgment in favor of any holder or holders of said notes until final payment; (c) that the mortgagors waive the benefit of appraisement and of all laws relative to the appraisement of property seized and sold under executory or any other legal process; (d) that the failure to pay promptly at maturity any installment of the said indebtedness, either in principal or interest, shall, at the option of the holders, or any of them, mature the entire debt, as though the same had become due and payable upon the face of said notes, and that in such case the said holders, or any of them, shall have the right to demand the seizure and sale for cash of the mortgaged premises to pay the entire debt as though the same had become exigible upon the face of said notes, and

(2) that the parties hereto dispense the undersigned Notary from the duty and responsibility of filing this act for registry.

The parties hereto agree to dispense with the Certificate of Mortgage required by law, and exonerate and release me, Notary, from all liability for its non production.

The taxes on the within described property are paid to 1934, and the purchasers will pay those of 1934.

Done and passed, in the Parish of Acadia, in my office, the day, month and year aforesaid, in presence of Lucile Hills, and Edgar Barousse, lawful witnesses, residing in this Parish, who have signed with the appearers and me, Notary, after reading the whole, this act in triplicate.

A. S. JOHNSON, ET. AL., TO PAUL V. TILBURY, LEASE.

1145.35 acres, more or less, being (a) Section Thirty-nine in Township Ten South, of Range Three West, La. Meridian, except that portion lying in triangular form west of the east boundary line of Section Fourteen if extended through said Section Thirty-nine; (b) Lot Two of Fractional Section Thirteen in Township Ten South, of Range Three West, La. Meridian; (c) Section Seventeen in Township Ten South, of Range Two West, La. Meridian, except the 328 acres, more or less, of swamp timber land lying in the eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co. on Feby. 14, 1922 by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1922, it being understood, however, that there is included in this lease two tracts of prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other, 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section Eighteen in Township Ten South, of Range Two West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 30 on the west, and the Mermentau River on the east: all as per the plat showing the property hereby leased, attached to the act No. 81750 by which the lessors herein purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana, - it being understood that the property which has been attributed to highway purposes is not included in this lease, and is not part of the 1145.35 acres covered hereby.

The lease of which this is made a part is amended in the following particulars:

1. There is eliminated from Section 3 all that part thereof which is designated as (a); and in lieu thereof the following is substituted: "(a) on oil, one-eighth of that produced and saved from said land,-the same to be delivered to the credit of lessor in the pipe line to which the well or wells may be connected, or, at lessor's option, the said royalty shall from time to time be settled for by the sale to and purchase by lessee of said royalty oil at the market price therefor prevailing for the field where said oil is produced on the dates of sales";

2. Section 4 of said lease is eliminated, and in lieu thereof the following is substituted:

"4. If operations for drilling are not commenced on said land on or before June 18, 1935, this lease shall then terminate as to both parties."

3. Section 5 of said lease is hereby eliminated, and in lieu thereof the following is substituted:

"5. If prior to discovery of oil or gas on said land lessee should drill a dry hole or holes thereon, or if after discovery of oil or gas the production thereof should cease from any cause, this lease shall not terminate if lessee commences additional drilling or re-working operations on or before the first day of the eighth calendar month there-

or before said date lessee shall pay or tender to lessor or to the credit of lessor in the Bank of Commerce & Trust Company, - - Bank at Crowley, Louisiana, , (which bank and its successors are lessor's agent and shall continue as the depository for all bonus or rental payable hereunder regardless of changes in ownership of said land or the bonus or rental), the sum of TWO DOLLARS per acre for the number of acres then covered by this lease and not surrendered as hereinafter provided (herein called 'bonus'), which shall cover the privilege of deferring the commencement of said additional drilling or re-working operations until the first day of the corresponding month in the next succeeding year. Thereafter, upon the payment or tender in like manner in advance annually of the sum of TWO DOLLARS ($2.00) per acre for the number of acres then covered by this lease and not surrendered as hereinafter provided (herein called 'rental'), the commencement of said additional drilling or re-working operations may be further deferred for successive periods of twelve calendar months each during the primary term. Payment or tender of bonus or rental may be made by check or draft of lessee mailed or delivered to lessor or to said bank on or before such date of payment. If such bank (or any successor bank) should fail, liquidate or be succeeded by another bank or for any reason fail or refuse to accept bonus or rental, lessee shall not be held in default for failure to make such payment or tender of bonus or rental until thirty (30) days after lessor shall deliver to lessee a proper recordable instrument naming another bank as agent to receive such payments or tenders. The down cash payment is consideration for this lease according to its terms and shall not be allocated as a mere bonus or rental for a period. Lessee may at any time execute and deliver to lessor or to the depository above named or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered. If at the expiration of the primary term oil or gas is not being produced on said land but lessee is then engaged in drilling or re-working operations thereon, the lease shall remain in force so long as operations are prosecuted with no cessation of more than 30 consecutive days, and, if they result in the production of oil or gas, so long thereafter as oil or gas is produced from said land."

It is further stipulated that the lessee's operations under this lease shall interfere as little as possible with the use of the leased premises for agricultural purposes, and such other purposes for which it may by its nature be fitted, and that the lessee shall pay all such damages as are caused by such operations to planted, growing or harvested crops.

It is also agreed (1) that in the event a well or wells producing oil in paying quantities should be brought in on adjacent land and within 150 feet of the leased premises, lessee will drill such offset wells as a reasonably prudent operator would drill under the same or similar circumstances,- it being understood that a well producing, or capable of producing, 12,000 barrels of oil during the first sixty days next after that on which it is brought in, shall be deemed a well producing oil in paying quantities, and (2), that the lessor or his representative shall have access to all cores and information regarding depth and formation as to any and all wells drilled on the land herein leased.
(SIGNED) A. S. JOHNSON, A. C. BOUDREAUX, P. V. TILBURY. WITNESSES: (SIGNED) E. E. HOAG, LUCILE HILLS.

OIL, GAS AND MINERAL LEASE.

THIS AGREEMENT made this 18th day of April, 1936, between ALBERT SIDNEY JOHNSON, of Jefferson Davis Parish, and ADOLPHE C. BOUDREAUX, of Acadia Parish, Louisiana, lessor (whether one or more), and PAUL C. TILBURY, of Jefferson County, Texas, lessee, WITNESSETH:

1. Lessor in consideration of ELEVEN HUNDRED AND FORTY-FIVE & 35/100 DOLLARS, ($1145.35) in hand paid, of the royalties herein provided and of the agreements of lessee

herein contained, hereby grants, leases and lets exclusively unto lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, laying pipe lines, building tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Jefferson Davis Parish, Louisiana, to-wit:

The land described in two sheets hereto annexed, identified herewith by the signatures of the parties and witnesses to this instrument, made part and parcel hereof, and being the property the lessors purchased from Jean Castex, Jr. on April 30, 1954 by the Act No. 81759 on record in the Parish of Jefferson Davis, Louisiana.

For the purpose of calculating the payments hereinafter provided for, the land is estimated to comprise 1145.35 acres, whether it actually comprises more or less.

2. Subject to the other provisions herein contained, this lease shall be for a term of ten years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land hereunder.

3. The royalties to be paid by lessee, are: (b) on gas, including casinghead gas and other vaporous or gaseous substances, produced from said land, as follows: In case lessee shall itself use gas in the manufacture of gasoline or other products therefrom 1/8 of 25% of the market value at the plant of the gasoline or other product manufactured therefrom, quantity of product to be ascertained in a manner recognized in the industry; in case lessee shall sell gas at the wells, 1/8 of the amount realized from such sales; and in all other cases when sold or used off the premises, the market price at the well of 1/8 of the gas so sold or used; and (c) on all other minerals mined and marketed, one-eighth, either in kind or value at the well or mine at lessee's election, except that on sulphur the royalty shall be fifty cents (50¢) per long ton.

4. Lessee shall have free use of oil, gas wood and water from said land, except water from lessor's wells, for all operations hereunder, and the royalty on oil and gas shall be computed after deducting any so used. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by lessee on said land, including the right to draw and remove all casing. When required by lessor, lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred feet of any residence or barn now on said land without lessor's consent. Lessor shall have the privilege at his risk and expense of using gas from any gas well on said land for stoves and inside lights in the principal dwelling thereon out of any surplus gas not needed for operations hereunder.

7. The rights of either party hereunder may be assigned in whole or in part and the provisions hereof shall extend to the heirs, successors and assigns, but no change or division in ownership of the land rentals, or royalties however accomplished shall operate to enlarge the obligations or diminish the rights of lessee. No sale or assignment by lessor shall be binding on lessee until lessee shall be furnished with a certified copy of recorded instrument evidencing same. In event of assignment of this lease as to a segregated portion of said land the rentals payable hereunder shall be apportionable as between the several leasehold owners ratably according to the surface area of each and default in rental payment by one shall not affect the rights of other leasehold owners hereunder. If six or more parties become entitled to royalty hereunder, lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all of such parties designating an agent to receive payment for all.

8. In case of cancellation or termination of this lease for any cause, lessee shall

have the right to retain under the terms hereof twenty-five acres of land around each well producing, being worked on, or drilling hereunder, such tract to be designated by lessee in as near a square form as practicable. And in the event lessor considers that operations are not being conducted in compliance with this contract, lessee shall be notified in writing of the facts relied upon as constituting a breach hereof and lessee shall have sixty (60) days after receipt of such notice to comply with the obligations imposed by virtue of this instrument.

2. Lessor hereby warrants and agrees to defend the title to said land and agrees that lessee at itsoption may discharge any tax, mortgage or other lien upon said land and in event lessee does so, it shall be subrogated to such lien with the right to enforce same and apply rentals and royalties accruing hereunder toward satisfying same. Without impairment of lessee's rights under the warranty in event of failure of title, it is agreed that if lessor owns an interest in said landless than the entire fee simple estate, then the royalties and rentals to be paid lessor shall be reduced proportionately,

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

All royalty interest, equal to and being all of his royalty interest, inherited from his father's estate, of all of the oil, gas and other minerals in, under or which may be produced and saved from the following described lands situated in Jefferson Davis Parish,

60/203

PAUL V. TILBURY,

TO

HOWARD M. NAYLOR,

ASSIGNMENT.

THE STATE OF TEXAS }
COUNTY OF HARRIS }

WHEREAS, on the 18th day of April, 1935, a certain oil and gas mining lease was made and entered into by and between ALBERT SIDNEY JOHNSON and ADOLPHE C. BOURREAUX of Acadia Parish, Louisiana, as Lessors, and PAUL V. TILBURY of Jefferson County, Texas, as Lessee, covering the following described land in the Parish of Jefferson Davis and State of Louisiana, to-wit:

1145.35 acres, more or less, being (a) Section Thirty-nine in Township Ten South, of Range Three West, La. Meridian, except that portion lying in triangular form west of the east boundary line of Section Fourteen if extended through said Section Thirty-nine; (b) Lot Two of Fractional Section Thirteen in Township Ten South, of Range Three West, La. Meridian; (c) Section Seventeen in Township Ten South, of Range Two West, La. Meridian, except the 328 acres, more or less, of swamp timber land lying in the eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on Feb. 14, 1922 by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, --it being understood, however, that there is included in this lease two tracts of prarie land along the north line of said swamp land, one of said tracts containing 10.5 acres, more or less, and the other, 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section Eighteen in Township Ten South, of Range Two West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 39 on the west, and the Mermentau River on the east; all as per the plat showing the property hereby leased, attached to the act No. 81759 by which the lessors herein purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana, -it being understood that the property which has been attributed to highway purposes is not included in this lease, and is not part of the 1145.35 acres covered hereby;

said lease being recorded in Jefferson Davis Parish, Louisiana; and ,

WHEREAS, the said lease and all rights thereunder or incident thereto are now owned by PAUL V. TILBURY;

NOW THEREFORE, for and in consideration of $1.00 cash to me in hand paid, the receipt of which is hereby acknowledged, and the consideration hereinafter stated, together with the reservations hereinafter made, I, the said PAUL V. TILBURY, the present owner of said lease and all rights thereunder or incident thereto, do hereby Bargain, Sell, Transfer, Assign and Convey unto HOWARD M. NAYLOR, of Harris County, Texas, all of my right, title and interest in and to the aforesaid lease and all rights thereunder.

TO HAVE AND TO HOLD the same unto the said HOWARD M. NAYLOR, his heirs and assigns forever; and I here now warrant that I am the sole owner of said lease and I further agree to warrant and forever defend the title to said lease unto the said HOWARD M. NAYLOR, his heirs and assigns forever.

It is expressly agreed and understood, however, that as a part of the consideration for this sale and transfer that there is reserved to the said PAUL V. TILBURY a one thirty-second (1/32) of all of the oil, gas and other minerals produced under said lease, said royalty being reserved as an overriding royalty.

It is further agreed that as a part of the consideration for this assignment, that

the said HOWARD M. TAYLOR will commence operations for the drilling of a well for oil, gas and/or other minerals on said land on or before June 15, 1935, in accordance with the terms of said lease; and that after so commencing said well, the said HOWARD M. TAYLOR will set and cement surface casing in said well at a depth which is customary in that locality. It is further agreed that after so setting and cementing said casing the said HOWARD M. TAYLOR shall within six (6) months thereafter drill said well to a depth of three thousand (3,000) feet unless oil, gas or other minerals is encountered in paying quantities at a lesser depth; provided that the said HOWARD M. TAYLOR shall have the right after so setting and cementing said casing to at anytime within six (6) months after the date of setting and cementing said casing to reassign said lease to the said PAUL V. TILBURY upon paying the next ebouing rental payment due under said lease; and after said lease is so reassigned, the said HOWARD M. TAYLOR shall be fully and finally released of all obligations under this assignment.

The covenants in this assignment shall be construed as covenants running with the land, which shall be binding on the said HOWARD M. TAYLOR, his heirs and assigns.

IN TESTIMONY WHEREOF, witness our hands in triplicate originals this the 31 day of May, 1935.

ALICE M. CASTEX CARY, ET ALS.,

T O

A. S. JOHNSON, ET AL.,

QUIT CLAIM DEED.

STATE OF LOUISIANA

PARISH OF ACADIA.

Before the undersigned Notary Public for, and the undersigned competent witnesses residing in, Acadia parish, personallu came ALICE M. CASTEX, wife of William H. Cary, Sr.; ROSA CASTEX, wife of Adolphe C. Boudreaux, and ROSALIE CASTEX widow of Euclide D. Conner,- all residing in Acadia Parish, except the said Mrs. Conner, who resides in Jefferson Davis Parish, and who declared that, together with JEAN CASTEX, JR., they were recognized as the sole heirs of JEAN CASTEX, SR. and his wife ALICE LANDRY by judgment of the District Court for Acadia parish, rendered on July 20, 1921 in the matter of the SUCCESSION of ALICE LANDRY CASTEX, No. 1289 on the Probate Docket of said Court, and that they were recognized as the sole heirs of said JEAN CASTEX, Jr. by judgment rendered by the same Court on December 16, 1935 in the matter of the SUCCESSION of JEAN CASTEX, Jr.,-No. 2154 on the Probate Docket of the same Court.

The appearers further declared that on April 19, 1922, by the act numbered 59857 on file and of record in the Clerk's office of Acadia Parish, they and said JEAN CASTEX, Jr. made a partition of the effects inherited by them from the estates of their father and mother (Jean Castex, Sr. and Alice Landry Castex), and that among the said effects was the following land situated in Jefferson Davis Parish, Louisiana, to-wit:

> Section Eighteen in Township Ten South, of Range Two West of the Louisiana Meridian, lying between the Southeast corner of Section 39 in T 10 SR 3 W, on the West, and the Mermentau River on the East, and otherwise described as being between the east line of Township 10 SR 3 W. and the said Mermentau River on the east.

They further declared that it was intended by all the parties to said act of partition that the above described Section 18 was allotted to said JEAN CASTEX, Jr.; that pursuant to said agreemtn and understanding the same was delivered to said Jean Castex, Jr.p and that said Jean Castex, Jr. not only took and held possession of the same for many years, but on April 30, 1934 sold the same, with other lands, to ALBERT SIDNEY JOHNSON and ADOLPHE C. BOUDREAUX by the Act No. 81759 on record of the Clerk's office for Jefferson Davis Parish.

The appearers further declared that they do hereby correct and reform the said act of partition so that the same is made to recite that in addition to the other effects thereby shown to have been allotted to said Jean Castex, Jr., the said Sec. 18 in T 10

SR 2 W. was alos allotted to him in said partition; and they further declared that in consequence thereof they do hereby recognize and admit the said Johnson and Boudreaux to be the true and lawful owners of said land.

Thus done and passed at my office at Crowley, Louisiana, this 27th day of February, 1936, in the presence of said witnesses who sign hereto with the appearers and me, Notary, after reading of the whole.

CERTIFICATE OF REDEMPTION OF LAND SOLD FOR TAXES AND BID IN FOR THE STATE. NO. 587-X.

I HEREBY CERTIFY, That John L. Conner has this day paid into the State Treasury the sum of ten Dollars and fourteen Cents, being the full amount of Texas, Interest, Costs and Penalties, due for the years 1931 on the following described property, assessed to J. H. POE which was returned on the Tax Collector's list of land sold the State from the Parish of Jefferson Davis filed in the Land Office, on the 16th day of January, 1933.

SW¼ of SE¼ sec. 23, S½ of NE¼, NE¼ of NE¼ sec. 26-7-7.

And in consequence of the payment of said Taxes, Interest, Costs and Penalties, I do hereby certify that the above described property is redeemed to said J. H. POE against whom or which said taxes were assessed, provided for by Act 161 of 1934, as amended and re-enacted by Act 14 of the Fourth Extra Session of 1935.

And the said J. H. POE having redeemed the said above described property by paying all the taxes, interest, costs and penalties aforesaid, the said J. H. POE as owner is legally subrogated to all rights, liens and mortgages of the State incident to and growing out of the taxes for the years 1931 and its records in the offices required by law, without prejudice to any privileges or mortgages of the State, Parish or Municipal Corporation for other taxes.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 24th day of February, 1936.

(SIGNED) LUCILLE MAY GRACE, Register State Land Office. (SEAL).

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS.

KNOW ALL MEN BY THESE PRESENTS: That we, A. S. JOHNSON, who is married to and abides with his present wife, Mrs. Ozella Johnson, born McCain, to whom he was married over four years ago, and ADOLPHE C. BOUDREAUX, who was married once and then to Rose Castex with whom he is now living, of the Parish of Jefferson Davis, State of Louisiana, for and in consideration of the sum of ONE THOUSAND & NO/CENTS ($1,000.00) DOLLARS, to us in hand paid by FRED SHUTTS, who is married to and abides with his wife, Mrs. Lola Shutts, born Tims, his heirs, successors and assigns, have granted, sold and conveyed, and by these presents, do grant, sell and convey, with full subrogation to all of our rights and and actions of warranty against all former owners and vendors unto the said Fred Shutts, his heirs, successors and assigns, of the Parish of Calcasieu, State of Louisiana, all that certain lot or parcel of land situated in Section 39, Township 10 South, Range 3 West and Section 18, Township 10 South, Range 2 West, in the Parish of Jefferson Davis, Louisiana, and more fully described as follows:

1. Beginning at a point 459 feet South of the corner between Section 18, Township 10 South, Range 2 West, and Section 39, Township 10 South, Range 3 West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to 1½" galv. pipe; thence, South 53° East 872.4 feet to the line between Section 18, Township 10 South, Range 2 West and Section 39, Township 10 South, Range 3 West, 921 feet South of the corner between the two said sections; thence, South 53° East 327.6 feet to 1½" galv. iron pipe; thence, North 37° East 736 feet to a 1½" galv. pipe on the right descending bank of the Mermentau River; thence, North 53° West up the right descending bank of the Mermentau River 600 feet to a 1½" galv. pipe; thence, South 37° West 358 feet to the point of beginning, and containing ten (10) acres, save and except all oil, gas, sulphur, and other minerals in, on or under said ten (10) acres of land and/or which may be produced therefrom, which are specially reserved to grantors herein, their heirs or assigns.

It is understood that said purchaser, his heirs or assigns shall maintain a road not less than thirty (30) feet wide, either across or around the said ten acres of land as a further consideration for the sale and transfer of said ten acres of land.

2. Also, the right to lay, maintain, inspect, alter, repair, operate, remove and relay a pipe line, or pipe lines, for the transportation of oil and gas and products and by-products thereof, water and other substances, and such drips, valves, fittings, meters and other equipment and appurtenances as may be necessary or convenient for such operations, and located in Section 39, Township 10 South, Range 3 West and Section 18, Township 10 South, Range 2 West, as shown on plat attached and made a part of this instrument.

3. And too the right to erect, maintain, inspect, repair, operate and remove, upon a single line of poles, with necessary anchorage and appurtenances, telephone, telegraph or electrical lines, or any of them, along the South and West side of the road as shown on attached plat, and located in Section 39, Township 10 South, Range 3 West and Section 18, Township 10 South, Range 2 West.

Together with the right of ingress, egress and regress to and from said ten acres of land as above described over the road marked "Dirt Road" along the line marked to said

dirt road marked "Telephone, Telegraph and Electric Line or Lines" in Section 39, T. 10 S. R. 3 W., as shown by the plat, marked "E. D. Miller Exhibit A", in his own hand writing, hereto attached and made a part hereof, or any othe_ road which grantors herein may estoblish over said Section 39, Also the right of ingress and regress to said pipe line or lines and telephone, telegraph or electrical line or lines or any of them for the purposes aforesaid.

We, said grantors do hereby further declare in the presence of said witnesses that we will at once have the present mortgage resting upon the property herein conveyed cancelled, at our expense, which mortgage is now held by Mr. Leon P. La Fleau by inheritance from his father. And bind and obligate ourselves to secure and turn over to said grantee a certificate from the recorder of mortgages showing said cancellation.

TO HAVE AND TO HOLD the above described premises, together with all and singular the rights and appurtenances thereto in anywise belonging unto the said purchaser and to his heirs, successors and assigns forever, and we do hereby bind our heirs, successors, executors and administrators to WARRANT AND DEFEND, FOREVER, all and singular, the said premises unto the said FRED SHUTTS, his heirs, successors and assigns, against any person whomsoever lawfully claiming or to claim the same or any part thereof.

IN WITNESS WHEREOF, we said grantors and grantee sign hereunto at Jennings, Louisiana, in the presence of the undersigned competent witnesses on this 6th day of March, 1936.

MRS. LORENZA MILLER

T O

HENRY WALDREN LAVERGNE

ACKNOWLEDGMENT

STATE OF LOUISIANA)
)
PARISH OF JEFFERSON DAVIS)

BEFORE ME, W. H. Adams, a Notary Public in and for the said Parish and State, duly commissioned and qualified, and in the presence of the witnesses hereinafter named and undersigned, on this day personally came and appeared - MRS. LORENZA MILLER, born Lorenza Lopez, now wife of J. P. Miller, a resident of the Parish of Jefferson Davis, State of Louisiana, who being by me first duly sworn, says:

That she is the mother of the minor, Henry Waldren Lavergne, who was born in New Orleans, Louisiana, on June 10, 1926, and who is therefore age thirteen years past, and that one Willie Lavergne is the child's father; that at the time the said Henry Waldren Lavergne was conceived and at the time he was born appearer, Mrs. Lorenza Miller, then Lorenza Lopez, and the said Willie Lavergne were both residents of the Parish of Jefferson Davis, State of Louisiana, and that although they were never married no legal impediment to their marriage existed at the time the said child was conceived and that she and the said Willie Lavergne were at the time of the conception of the said child capable of contracting marriage with each other, both of them being single.

And appearer further declared that soon after his birth the said child was baptized as her son by a priest of the Catholic Church in St. Vincent's Asylum, New Orleans, Louisiana, and that in making the present acknowledgment appearer reserves for herself and the said minor the benefit of the acknowledgment so made at said baptism.

And appearer further declared that she has reared the said child as her son and openly and publicly acknowledged him, the benefit of which acknowledgment to herself and said minor she also reserves.

NOW THEREFORE, appearer further declared that without detracting from said acknowledgment of the said child in the registry of his baptism and without detracting from the acknowledgment resulting from appearer's having publicly reared the said child as her son but reserving the benefit of both said acknowledgments, she does by this act and these presents acknowledge and recognize the said Henry Waldren Lavergne as her son in accordance with the laws generally of the State of Louisiana and especially Article 203 of the Revised Civil Code of the State of Louisiana.

LEASE.

OIL, GAS AND MINERAL LEASE

JOHN M. SCHILD, FANNIE R. SCHILD, MARGARET SCHILD SCHOLER, DOLA SCHILD BERRY, ANNA SCHILD BOULDIN, MRS. ETHEL SCHILD STAMPHLI, ROY SCHILD, GEORGE W. SCHILD, R. H. SCHILD and HENRY SCHILD hereinafter called "Lessor " (whether one or more) grants, leases and lets unto H. B. TIETJE, hereinafter called "Lessee", the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of, oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals, and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

Lot 58 of the Newman Subdivision of Sections 27 and 28, Township 9 South, Range 5 West.

Lessee may pool this property with adjoining property to create a drilling unit not to exceed five acres in area and operations on or production from any portion of said unit (even though not on this property) shall maintain this lease in force; and in the event of the creation of such a unit the lessor's royalty, subject to prior royalty sales affecting this property, shall be pooled and shall be proportioned to 1/8 as lessor's interest in the acreage covered hereby bears to the acreage in the whole of said drilling unit. Lessee shall, prior to the commencement of operations on said unit, execute and place of record an instrument describing and defining the drilling unit so created.

Delay rentals due under paragraph 1 of this lease may be mailed or delivered for deposit to the credit of John M. Schild in the depository named therein and such will constitute payment of said delay rental for the benefit of all lessors.

This lease is given in lieu of a lease from the above lessors to the above lessee executed as of May 22, 1941.

For the purpose of calculating the payments hereinafter provided for, the land is estimated to comprise One (1) acres, whether it actually comprises more or less. All land owned by the Lessor in the above mentioned Section or Sections or Surveys is included herein, whether properly described or not.

This lease shall be for a term of Three (3) years and no months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted as hereinafter provided for; all subject to the following conditions and agreements:

HOMER TATE ,

SALE OF INTEREST

STATE OF LOUISIANA PARISH OF ACADIA

Before me, the undersigned Notary Public for, and undersigned competent witnesses residing in, Acadia Parish, personally came ROSA CASTEX, wife of lawful age, of ADOLPHE C. BOUDREAUX, of said parish, and the said Boudreaux, herein appearing for the purpose of authorizing, aiding, and assisting his said wife in the execution of these presents, who referred to the act of February 27, 1936, recorded in the Clerk's office of Jefferson Davis Parish on February 28, 1936, under file No. 93689, at page 605 of Conveyance Book "65" whereby, for the causes therein stated, Mrs. Alice M. Castex Cary, the said Mrs. Rosa Castex Boudreaux , and Mrs. Rosalie Castex Conner recognized and admitted that, for having purchased the same from Jean Castex, Jr., on April 30, 1934, by the act No. 81759 on record in the Clerk's Office of Jefferson Davis Parish, Albert Sidney Johnson and the said Adolphe C. Boudreaux were the true and lawful owners of the following land situated in Jefferson Davis Parish, Louisiana, to-wit:

Section Eighteen in Township Ten South, of Range Two West of the Louisiana Meridian, lying between the Southeast corner of Section 39 in T 10 SR 3 W on the West, and the Mermentau River on the East, and otherwise described as being between the east line of Township 10 SR 3 W and the said Mermentau River on the east.

The appearers further declared that, whereas, the said Johnson and the said Boudreaux are about to transfer and assign to HOMER TATE a sixty fourth part of their royalty interest in and to the oil, gas and other minerals which may be produced from said land under an oil, gas and mineral lease heretofore granted by them, and some question has been raised attacking the validity, in so far as the said Boudreaux is concerned, of the aforesaid Act No. 93689 of February 27, 1936;

Now therefore, in order to cure such invalidity, if any, the said Mrs. Rosa Castex Boudreaux, for and in consideration of TEN DOLLARS paid her by the said Tate, and for other lawful causes, does hereby sell, transfer and assign to the said Tate, and his heirs and assigns, all and singular such rights, title, interest s and demands which she may have

T O

STANOLIND OIL AND GAS CO.,

L E A S E.

SURFACE LEASE

AN AGREEMENT OF LEASE by and between A. S. JOHNSO and A. C. BOUDREAUX, residents of Acadia Parish, Louisiana, hereafter referred to as "LESSORS" and STANOLI OIL AND GAS COMPANY, a Delaware corporation, qualified to do business in the State of Louisiana, hereafter referred to as "LESSEE",

W I T N E S S E T H, THAT:

1.

LESSORS, for the consideration hereafter expressed and on the terms and conditions hereinafter set forth, does hereby lease, let and demise unto LESSEE, its successors and assig the following described property situated in Jefferson Davis Parish, Louisiana, to-wit:

A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 150 feet along the river by a depth of two acres, and more particularly described as follows:

Starting at a point 5771.6 feet East and 3253.3 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West, thence 536.0 feet North 62° 48' West, thence 150 feet South 27° 12' West, thence 535.0 feet south 62° 48' East, thence approximately 150 feet North 27° 12' East along the mean low water line on the West bank of the Mermentau River to the point of beginning. together with all necessary rights of ingress and egress over and across adjacent lands of LESSORS, including the right to construct and maintain a private road, and the right to lay and install and maintain pipe lines and telephone lines for the purpose of reaching and utilizing the leased premises for the purposes of this lease.

2.

The property herein leased is to be used by LESSEE as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensate and other petroleum products to and from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and all other property or equipment necessary or incidental for the operation of said loading rack or terminal, including, but not by way of limitation, the right to erect a residence or residences for LESSEE'S employees, if desired, and also the right to drill water wells and to enclose the premises with fences. It is especially understood, however, that this lease does not cover oil, gas and other minerals and LESSOR hereby reserves the right to remove the same by operations on adjacent lands and so long as it does not interfere with the rights herein granted.

3.

The consideration for which this lease is granted is the sum of $200.00 per year, payable in advance, as rent for said premises. Said annual payments may be made to LESSORS, direct or may be deposited to their credit in the Bank of Commerce and Trust Company at Crowley, Louisiana, which bank is hereby designated LESSORS' agent, and which shall continu as the depository for all rentals hereunder regardless of any changes in the ownership of said property or any part thereof. LESSORS hereby acknowledge payment to them by LESSEE of the sum of $20000, in full payment for the annual rental for the first year of this lease and for all other rights, options and privileges herein granted to LESSEE.

With respect, however, to the rights hereinabove granted to LESSEE to lay, install and maintain pipe and/or telephone lines across adjacent lands of LESSORS, it is agreed that LESSEE shall pay LESSORS 25¢ per rod for said right of way as soon as survey is made and

the actual length of said right of way is determined. The first pipe line laid shall determine the route of said right of way and no further payments for this privilege shall be due; it being understood that LESSEE for the same consideration, shall have the right to lay such additional pipe lines or erect telephone lines as it desires, so long as same are laid or constructed along side of and adjacent to the first line as near as practicable.

4.

This lease shall extend for a term of fifty (50) years from the date hereof, subject , however, to the provisions for renewals and the option in favor of LESSEE to surrender its rights hereunder as hereafter provided. The payment above mentioned shall maintain this lease in forde and effect for a period of one (1) year from date hereof. Thereafter, LESSEE, may , at its option, continue to maintain this lease and all rights granted herein in force and effect from year to year, during the term mentioned, by paying to LESSORS, or by depositing to their credit in the bank above named, the annual rental hereinabove provided for; each payment, if and when made, to extend the term of this lease for one (1) year. Should LESSEE fail to pay any annual rental, and LESSEE shall always have the option to fail to make such payments, then this lease shall terminate , but LESSEE SHALL always have the right or option to remove its property, fixtures and equipment as hereafter provided. The only penalty for LESSEE'S failure to pay rentals shall be the forfeiture of this lease, and upon such failure no further rentals or other payments shall be due.

5.

LESSEE shall own all property, fixtures and equipment, whether attached to the realty or not, placed by it on said land suring the term of this lease, and LESSEE, at any time during or after the said term, may remove all, or any part of such property, fixtures or equipment if it does not desire to do so, particularly any concrete structures erected on said land; and LESSORS hereby release and relieve LESSEE for any liability for failure to remove the property, fixtures or equipment, or for failure in the event of the removal of the same or a part thereof, to restore the premises to their present condition.

6.

It is understood that the tract herein leased is wooded and that certain trees will be destroyed by LESSEE in the exercise of its rights under the lease, and LESSORS, for the considerations received, hereby fully release LESSEE from any and all liability for the destruction of or damage to the trees and timber on said premises, resulting from the exercise by the LESSEE of its leasehold rights hereunder. It is further agreed that in the event LESSEE'S use of the leased premises destroys or interferes with the use of the dirt road now crossing said premises, LESSEE agrees to re-route said road around the leased premises and to maintain same in reasonably good condition for travel.

7.

It is further understood and agreed between the parties hereto that it will be necessary for LESSEE to secure from the War Department of the United States proper permits to build in or on the river the piers, barges and loading facilities necessary for the full enjoyment by LESSEE of the rights herein granted. It is agreed, therefor, that this lease is conditioned upon LESSEE being able to obtain such permits an, in the event such permits cannot be obtained, after reasonable efforts have been made to secure the same, the LESSEE shall have the right to terminate this lease. In event of such termination LESSORS agree to refund to LESSEE the consideration paid for this lease by LESSEE to LESSORS at the time of its execution. For the purpose of assisting in securing such permits, LESSORS hereby specifically consent to the issuance thereof to LESSEE herein by the War Department .

8.

All provisions hereof shall enure to the benefit of and be binding upon the parties

hereto, their heirs, successors, assigns, executors and administrators.

WITNESS the signatures of the parties hereto as of date July 28, 1942, each signing in the presence of the witnesses whose names appear opposite their respective signatures.

MRS. FLORA BESCHLE HOPSON ,

T O

POLICE JURY OF JEFFERSON DAVIS PARISH.
RIGHT OF WAY.

STATE OF LOUISIANA)
(BE IT KNOWN :
PARISH OF JEFFERSON DAVIS)

That on this, the 20th day of August, A. D., 1941, in the presence of witnesses hereinafter undersigned, we, whose names are hereto signed declare that for and in consideration of the mutual benefit and profit therefrom to be derived and for the general good, do, by these presents, give, grant, set over and and transfer unto Albert Hetzel President of the Police Jury of Jefferson Davis Parish, and his successors in office, for the use and benefit of the public, and dedicate for public use forever, a right of way over, in and through our respective lands for the public road, now about to be established in said Jefferson Davis Parish, Louisiana, and which route is described as follows:

Beginning 1340 ft. East of the SW corner of SE¼ of Sec. 30, T10S - R4W, La. Meridian, thence S15°-00'E 260 ft., Thence S 38°-00'E 140 ft. Thence S63°-00'E 200 ft., Thence S85°-00'E 400 ft., Thence N74°-00'E 700' ft., Thence N77°-00'E 200 ft., Thence N79°-00'E 1000 ft., Thence N40°-00'E 150 ft. to point of intersection with present road.

The dedication of said right of way, its directions or route, and length through our respective lands, as the case may be to be in accordance with a resolution adopted by the Police Jury of Jefferson Davis Parish approving the said road and declaring the said rout to be a public road, as per plat being attached hereto and made a part hereof.

The said right of way to be a width of 60 feet, and when said road follows a dividing or boundary line, one half of the aforesaid width, say 30 feet is to be taken from the land of said adjoining proprietor, as the case may be.

In Witness whereof we have hereunto signed in the presence of Simon A. McSherry and Everett E. Wild, lawful and competent witnesses, on the day and date first hereinabove writte

ALBERT SIDNEY JOHNSON, ET AL,

T O

POLICE JURY OF JEFFERSON DAVIS PARISH,
RIGHT OF WAY.

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

BE IT KNOWN AND REMEMBERED, that we, the undersigned land owners within the Parish of Jefferson Davi State of Louisiana, to-wit:

ALBERT SIDNEY JOHNSON, married and abiding with Ozella McCain, a resident of Acadia Parish, Louisiana,

ADOLPHE C. BOUDREAUX, married and abiding with Rosa Castex, a resident of Acadia Parish, Louisiana,

JOHN J. ROBIRA, married and abiding with Ida Young, a resident of Jefferson Davis Parish, Louisiana;

MISS OLIVE TAYLOR, a femme sole, a resident of Los Angeles, California;

MRS. NAIN TAYLOR, wife of Earl H. Coleman, a resident of Fresno, California, and

LOUIS J. TAYLOR, a resident of Phoenix, Arizona, the last two (2) appearers being represented by the said Louis J. Taylor, as attorney in fact with power of attorney duly recorded in the Parish of Jefferson Davis, Louisiana, who appearers, himself and for herein for his said principals,

declare that they own lands in the Parish of Jefferson Davis in Section Thirty Nine (39), Township Ten (10) South, Range Three (3) West, and in Section Nineteen (19), Township Ten (10) South, Range Two (2) West, that the said John J. Robira owns ten (10) acres as herein described:

Beginning at a point 459 feet South of the corner between Section 18, Township 10 South, Range 2 West, and Section 39, Township 10 South, Range 3 West, said corner being on the right descending bank of the Mermentau River; thence South 37 deg. West 368 feet to 1¼" Galv. pipe; thence, South 53 deg. East 272.4 feet to the line between Section 18, Township 10 South, Range 2 West and Section 39, Township 10 South, Range 3 West, 921 feet south of the corner between the two said sections; thence, South 53 deg. East 327.6 feet to 1¼" Galv. iron pipe; thence, North 37 deg. East 726 feet to a 1¼" galv. pipe on the right descending bank of the Mermentau River; thence, North 53 deg. West up the right descending bank of the Mermentau River 600 feet to a 1¼" galv. pipe; thence, South 37 Deg. West 358 feet to the point of beginning and containing ten (10) acres, located in Jefferson Davis Parish, Louisiana, save and except all oil, gas, sulphur , and other minerals in, on or under said ten (10) acres of land and/or which may be produced therefrom, which are specially reserved to grantors herein, their heirs or assigns.

That the said Louis J. Taylor, Miss Olive Taylor and Mrs. Nain Taylor Coleman own land in Section Nineteen (19), Township Ten (10) South, Range Two (2) West, and that all the rest of the land through which the said proposed road is to be constructed and maintained lies in the lands belonging to the said Albert Sidney Johnson and Adolphe C. Boudreaux, on what is known as "Johnson and Boudreaux Farm ", all in Jefferson Davis Parish, Louisiana, and West of the Mermentau River.

Appearers declare that they are desirous that the Police Jury of Jefferson Davis Parish, Louisiana, build and maintain a public road forty (40) feet wide, described as follows:

Beginning at a point on the hereto attached plat, which is made a part hereof, which plat was made by P. J. Letz, Surveyor, Crowley, Louisiana, and dated August 19, 1942 at a point on said map marked "Scott Heywood", near the Mermentau River, thence to proceed in a Northwesterly direction on a line designated as "Center line 25 feet, graded road" to a point designated on said map as "By Pass Road", thence in a Northwesterly direction to a gravel road indicated on said map between Sections Twelve (12) and Thirty Nine (39) Township Ten (10) Range Three (3) West,

NOW THEREFORE, the aforesaid Appearers declare that in consideration of One and No/100 ($1.00) Dollars, cash, paid to each of them, and the advantage accruing to them by the convenience of said road, they do hereby give and grant to the POLICE JURY OF JEFFERSON DAVIS PARISH, LOUISIANA, for public use and benefit as a public road, during all such time as said road may be used as a public road, the surface right to construct and maintain such road, said road to be a width of forty (40) feet from side to side.

It is hereby expressly understood and agreed that this act only conveys the right of way and servitude and is not intended to transfer any mineral, oil, gas or other rights, which are expressly reserved by the grantors, all of which may under lie such land.

It is further understood that the Police Jury is to maintain such road for the Public use, and that on their gailure to do so, or on their abandoning said road as such, the land is to automatically revert to the then land owners immediately adjoining same on both sides. That during such term as the road is maintained the Police Jury is to maintain the Cattle guard and gate across said road at a point in Section Thirty nine (39), East of the gravel road, which is shown on the hereto attached map.

To these presents also appeared the POLICE JURY OF JEFFERSON DAVIS PARISH,

LOUISIANA, acting through its duly authorized present Albert A. Hetzel, who accepts the above grant and right of way for the public, and he agrees same is to be used as a public road and for no other purposes, and that the terms and conditions imposed by the Grantors are hereby accepted and made part of this grant of right of way.

THUS DONE AND SIGNED by Albert Sidney Johnson, Adolphe C. Boudreaux and John J. Robira, at Jennings, Louisiana, on this the 25th day of August, A. D., 1942, in the presence of Charles A. Pitre and Cecile B. Onnner, competent witnesses, and by the said Louis J. Taylor, acting for himself, and as attorney in fact for his principals, Miss Olive Taylor, and Mrs. Nain Taylor Coleman, who signs the above at County of Maricopa , Phoenix, Arizona, on this the 31st day of August, A. D., 1942, in the presence of Ida Mae Taylor, and Harvey J. Wilson, competent witnesses, and to these presents also appeared Albert A. Hetzel President of the Police Jury of Jefferson Davis Parish, Louisiana, who accepts the above grant to right of way on the terms and conditions imposed therein and for the purposes there expressed at Jennings, Louisiana, on this the 17th day of September, A. D., 1942, in the presence of Adrien Augustine and Luma Bourgeois competent witnesses.

HOLLINGSWORTH, of the Parish of Calcasieu, State of Louisiana, for and in consideration of the sum of One Hundred & no/100 ($100.00) Dollars to us in hand paid by CHARLES TRAHAN, married to Fleta Trahan, born Broussard, have GRANTED, SOLD AND CONVEYED, and by these presents do GRANT, SELL AND CONVEY, with full subrogation to all of our rights and actions of warranty against all former owners and vendors , unto the said CHARLES TRAHAN a resident of Lake Arthur, Jefferson Davis Parish, and State of Louisiana, all that certain lot or parcel of land situated in the Town of Lake Arthur, Parish of Jefferson Davis, State of Louisiana, to-wit:

Lots Nineteen (19) to Twenty Three (23) inclusive, of Block Ten (10) of the original plat of the Town of Lake Arthur, La., as per plat recorded.

There is excepted and reserved unto the vendors herein from the tract above described an undivided 1/32nd royalty interest in all of the oil, gas and other minerals, except sulphur, which is hereby fixed at 25¢ per long ton, for sulphur, on, in or under the above described tract. The vendee herein shall have the right to lease said property without the consent of Vendors herein.

Taxes for 1941 are paid and for 1942 will be paid by the purchaser.

TO HAVE AND TO HOLD the above described premises, together with all and singular the rights and appurtenances thereto in anywise belonging unto the said purchaser and to his heirs and assigns forever, and we do hereby bind ourselves, our heirs, executors and administrators, to WARRANT AND FOREVER DEFEND, all and singular, the said premises unto the said Charles Trahan, his heirs and assigns, against any person whomsoever lawfully claiming or to claim the same or any part thereof.

MRS. ROSA CASTEX BOUDREAUX

T O

H. M. NAYLOR

CONFIRMATION.

KNOW ALL MEN BY THESE PRESENTS: That,

I.

MRS. ROSA CASTEX BOUDREAUX, wife of Adolphe C. Boudreaux hereinafter sometimes referred to as "Colessor", is familiar with all of the terms and provisions of that certain oil, gas and mineral lease dated April 18, 1935, granted by Albert Sidney Johnson and Adolphe C. Boudreaux to Paul V. Tilbury, as Lessee, which is recorded in Conveyance Book 58, Page 386, Entry No. 87314 of the Records of Jefferson Davis Parish, Louisiana, covering the following described property situated in said Parish, to-wit:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West La. Mer., except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39 (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, La. Mer., (c) Section 17 in Township 10 South of Range 2 West, La. Mer., except the 328 acres, more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, it being understood, however, that there is included in this lease, two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 39 on the West and the Mermentau River on the East; all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana.

II.

That said Mrs. Rosa Castex Boudreaux, to the extent that she may now or hereafter own any interest in the above described property, does hereby ratify, confirm and adopt the above described oil, gas and mineral lease as her own act and deed and join therein as a colessor with the original lessors therein, to the same extent as if she had executed said lease in the first instance together with the above named lessors.

III.

This instrument is executed for and in consideration of the sum of Ten and No/100 ($10.00) Dollars cash in hand paid to her by H. M. Naylor, Assignee of said lease from Paul V. Tilbury, and said colessor acknowledges the receipt and sufficiency of said amount together with other valuable considerations moving from said Assignee to said colessor.

IV.

Said colessor does hereby authorize and direct said Howard M. Naylor and his successors and assigns in interest to pay any and all sums or benefits which may accrue to her under the terms of the above described lease to the original lessors named therein, or their assigns or successors in interest, and payments so made will maintain said lease in force according to its terms and provisions as to the interest, if any, which colessor may now or hereafter have in the above described property.

V.

The provisions hereof shall be binding upon the colessor above named and her heirs, personal representatives, successors and assigns, and shall inure to the benefit of H. M. Naylor

and his heirs, personal representatives, assigns and successors in interest.

IN TESTIMONY WHEREOF, witness my signature, effective as of April 18, 1935.

M. N. STAFFORD, ET AL

T O

CAL.NATIONAL BANK IN L. C.

LEASE & RIGHT OF WAY

THIS AGREEMENT has been entered into on this 5th day of March, A. D. 1943, by and between the following parties, who have affixed their signatures thereto:

M. N. STAFFORD and WALLACE H. ADAMS, residents of the Parish of Jefferson Davis, State of Louisiana, who own the Southwest quarter (SW¼) of Section Fourteen (14), Township Ten (10) South, Range Three (3) West, Louisiana Meridian, and CALCASIEU NATIONAL BANK IN LAKE CHARLES, herein represented by S. Arthur Knapp, Secretary to the Trustees, who are owners of lands in Sections Ten (10) and Fifteen (15), Township Ten (10) South, Range Three (3) West, Louisiana Meridian.

The Jennings-Norwood Canal comes onto the land owned by M. N. Stafford and Wallace H. Adams approximately seven hundred (700) feet East of the Northwest corner of his land and runs in a Southwesterly direction until it enters on the lands of Myrick Morgan, thereby cutting off a tract of approximately eight (8) acres of the M. N. Stafford and Wallace H. Adams land from the main part of their farm.

The said Bank can irrigate their lands in Sections Ten (10) and Fifteen (15), Township Ten (10) South, Range Three (3) West, Louisiana Meridian, by taking water across the above mentioned eight (8) acre tract, by putting a relift on the Jennings-Norwood Canal, after it enters on the lands of M. N. Stafford and Wallace H. Adams.

The said M. N. Stafford and Wallace H. Adams hereby agree to lease to the said Bank for a period of five (5) years, with the privilege of a five (5) year extension, or renewal, that certain strip of land forty (40) feet in width, and extending from the West line of their property to the right-of-way of the Jennings-Norwood Canal, a distance of approximately seven hundred (700) feet, it being expressly understood and agreed that a canal or lateral for the carrying of water across this land will be built by the said Bank or its tenant, and that they shall use a pump site on the East end of this strip of land for the purpose of relifting the said irrigation water into the above mentioned lateral, and that this forty (40) foot canal shall be built along the South side of the said M. N. Stafford and Wallace H. Adams private road that runs East and West along the North line of their property from the State gravelled road on the West line of the M. N. Stafford and Wallace H. Adams property to the said right-of-way of the Jennings-Norwood Canal right-of-way, subject to the following terms and conditions:

deposes and says:

That he is one of the attesting witnesses to the above and foregoing contract, and that same was duly executed in his presence and that of N. Blessington, the other attesting witness, by the parties thereto on the date therein stated. (SIGNED) CHAS. R. HOUSSIERE.

SUBSCRIBED AND SWORN TO before me at Jennings, Louisiana, on this 5th day of May, A. D., 1943.

RIGHT OF WAY GRANT

FOR And IN CONSIDERATION of the sum of One Hundred Twenty one 50/100 Dollars ($121.50) in hand paid the receipt of which is hereby acknowledged, A. S. Johnson and A. C. Boudreaux hereinafter referred to as Grantor, (whether one or more) does hereby grant unto Continental Oil Company, a corporation , hereinafter referred to as Grantee, its successors and assigns, the right to lay, maintain, inspect, alter, repair, operate, remove and relay a pipe line, or pipe lines, for the transportation of oil and gas products and by products thereof, water and other substances, and such drips, valves, fittings, meters and other equipment and appurtenances as may be necessary or convenient for such operations , and to erect, maintain, inspect, repair, operate and remove, upon a single line of poles, with necessary anchorage and appurtenances, telephone, telegraph or electrical lines, or any of them, over , through, upon, under and across the following described land in Jefferson Davis, Parish, State of Louisiana, to-wit:

All of Section 39 Twp. 10 South, Range 3 West and all of Sec. 17, Twp. 10 South, Range 2 West.

Together with the rights of ingress, egress and regress to and from said line or lines, or any of them, for the purpose aforesaid. Grantor to have the right to fully use and enjoy the above described premises, except as to the rights hereinbefore granted; and Grantee hereby agrees to pay any damages which may arise to crops, pasturage, timber, fences or buildings of said Grantor from the exercise of the rights herein granted, said damages, if not mutually agreed upon, to be ascertained and determined by three disinterested persons, one thereof to be appointed by Grantor, one by Grantee, and the third by the two so appointed, and their written determination of amount to be final and conclusive.

Should more than one pipe line be laid under this grant, at any time, an additional consideration, calculated on the same basis per lineal rod as the consideration hereinabove recited, shall be paid for each line so laid after the first line.

Grantee shall bury pipe lines below plow depth.

TO HAVE AND TO HOLD said servitude, rights, and rights of way unto the said Grantee, its successors and assigns.

It is understood that the person securing this grant is without authority from Grantee to make any agreement in respect to the subject matter hereof not herein expressed, and this deed contains the entire contract.

This agreement is binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.

WITNESS our signatures hereto in the presence of CHARLES A. PITRE and J. LEE COCHRAN, competent witnesses at JENNINGS, Louisiana, this 20th, day of April 1943.

A. S. JOHNSON, ET AL,

TO

H. M. NAYLOR,

LEASE.

AGREEMENT, made this 30 day of December, 1944, between A. S. JOHNSON and ADOLPHE C. BOUDREAUX, residents of Acadia Parish, Louisiana, and JOHN J. ROBIRA, a resident of Jefferson Davis Parish, Louisiana, Lessor (whether one or more), and H. M. NAYLOR, a resident of Harris County, Texas, Lessee, WITNESSETH:

1. Lessor in consideration of Fifty and no/100 ($50.00) Dollars in hand paid, and of the covenants and agreements hereinafter contained on the part of Lessee, hereby grants, leases and lets unto the Lessee for the purpose and with the exclusive right of exploring, drilling, mining, and operating for, producing, and owning oil, gas sulphur and allother minerals and of laying pipe lines and of building tanks, telephone lines, power stations, houses for employees and other structures thereon, to produce, save, treat, transport and take care of said products, and for access to and operations on adjacent lands, the following described land in Jefferson Davis Parish, Louisiana, to-wit:

Beginning at a point 459 feet South of the corner between Section 18, Township 10, South, Range 2 West, and Section 39, Township 10 South, Range 3 West, said corner being on the right descending bank of the Mermentau River; thence South 37 deg. West 369 feet to 1¼" galv. pipe; thence, South 53 deg. East 272.4 feet to the line between Section 18, Township 10 South, Range 2 West and Section 39, Township 10 South, Range 3 West, 921 feet South of the corner between the two said sections;thence, South 53 deg. East 327.6 feet to 1¼" galv. iron pipe; thence, North 37 deg. East 726 feet to a 1¼" galv. pipe on the right descending bank of the Mermentau River; thence, North 53 deg. West up the right descending bank of the Mermentau River 600 feet, to a 1¼" galv. pipe; thence, South 37 deg. West 358 feet to the point of beginning, and containing ten (10) acres, located in Jefferson Davis Parish, Louisiana.

This lease shall cover not onlythe above described land, but also any and all other land owned or claimed by Lessor, by prescription or otherwise, in said section or sections in which the above described land is situated, or in adjoining sections and adjoiming the above described land. Lessor agrees to execute and deliver such supplemental or amended leases as may be necessary for such purposes. For all purposes hereunder, this lease shall be considered to comprise ten (10) acres, even though it actually comprises more or less.

2. This Lease shall be for a term of five (5) years from this date (called "primary Term") and so long thereafter as oil, gas, sulphur or other mineral is produced from said land, or drilling, or reworking operations are prosecuted, as is hereinafter provided.

3. As royalty, Lessee covenants and agrees:

(a) To deliver to the credit of Lessor, free of cost,in the pipe line to which the wells may be connected, the equal one-eighth part of all oil produced and saved by Lessee from said land or from time to time, at the option of Lessee, to pay Lessor the average posted price of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear one-eighth of the cost of treating oil to render it marketable pipe line oil.

(b) To pay Lessor on gas and casinghead gas produced from said land and sold or used by Lessee off the land, or in the manufacture of gasoline or other products, the market value at

credits will be made to the joint account by Operator, and both credits shall appear in the same monthly operating statement.

(4) Sales to outsiders of major materials shall be made only with the consent of Non-operator as to both terms and price and where made the proceeds shall be credited by Operat to the joint account at the full amount collected from vendee. Any claism by vendee for defective materials or otherwise shall be charged back to the joint account, if and when paid by Operator.

IV. BASIS OF PRICING MATERIALS TRANSFERRED FROM JOINT ACCOUNT.

Materials and equipment purchased by either Operator or Non-operator, or divided in kir between them, unless otherwise agreed, shall be valued on the following basis of conditinn a price; (New price as used in the following paragraphs shallhave the same meaning and applica tion as that used above in Section II: "Basis of Charges to Joint Account.")

(1) New Materials: (Condition "A") being new equipment or supplies purchased or procure for the joint property but never used thereon: at 100% of current new prices.

(2) Good Secondhand Materials; (Condition "B") being good serviceable materials which a further usable without repair, at:

(a) 75% of current new prices, if materials were new when originally charges to the joi property.

(b) 75% of current new prices less depreciation consistent with their usage on and serv to the joint property, if materials were originally charged to the joint property as second-hand at 75% of new prices.

(3) Other Used Materials: (Condition "C") being materials further usable for their original function only after repair and reconditioning; at 50% of current new prices.

(4) Bad Order Materials; (Condition "D") being materials not further usuable for their original function but for possible other service; at 25% of current new prices.

(5) Junk: (Condition "E") being obsolete and unserviceable materials; at prevailing junk prices in the district. Where practicable, junk should be disposed of at the joint property.

(6) Temporarily Used Materials: When the use of certain items of equipment on the joint property has been only temporary, and the time of actuallyuse thereon does not justify the deduction of depreciation as listed in (a) and (b) of Paragraph (2) hereof, such materials will be priced on a basis that will lease a net charge against the joint account consistent with the service rendered and adequate for the time the materials were in use.

V. INVENTORIES.

(1) Periodic inventories shall be taken by Operator of the materials and equipment on th joint property, which shall include such materials and equipment as are ordinarily considered controllable by operators of oil and gas properties.

(2) Notice of intention to take inventory shall be given by Operator to Non-operator a we before any inventory is to begin, so that Non-Operator may be represented when any inventory is being taken.

(3) Special inventories shall be taken whenever there is any sale or change of interest in the joint property, and it shall be the duty of the party selling to notify the other party as quickly as possible after the transfer of interest takes place. In such cases both the sell and the purchaser shall be represented and shall be governed by the joint inventory.

(4) If the initial test on the joint property is a dry hole and no further tests thereon are immediately contemplated, Non-operator may require that an inventory be taken of all materials as soon as the casing has been recovered from the well and that the materials be classi before any materials are removed from the joint property by Operator or otherwise disposed of.

(5) Failure of Non-Operator to be represented at the physical inventory shall bind it to accept the inventory taken by Operator who shall in that event furnish Non-Operator with a co thereof.

(6) Reconciliation of inventory with charges to the joint account shall be made by each party at interest, and a list of overages and shortgages shall be jointly determined by Operator and Non-operator.

(7) Inventory adjustments shall be made by Operator on the joint account for overages and shortgages, but Operator shall only be held accountable to Non-operator for shortgages due to lack of reasonable diligence.

the mouth of the wells, of one-eighth of the gas or casinghead gas so used or sold. On all gas or casinghead gas sold at the wells the royalty shall be one-eighth of the amount realized from such sales. Lessor shall have the right, by assuming allrisk and expense, to make connection with, and use gas from, any gas well on said land for stoves and inside lights in the principal dwelling thereon, out of any surplus gas not needed for operations hereunder.

(c) To pay Lessor One ($1.00) Dollar per long ton (2240 pounds) on all sulphur produced and marketed from the land hereby leased.

(d) To pay Lessor on all other minerals mined and marketed by Lessee from said land, one-eighth either in kind or value at the well or mine at Lessee's election.

If, while this lease is in effect, oil or gas be discovered on said land which cannot be profitably produced for lack of a market at the well or wells, Lessee may pay to Lessor $100.00 as royalty for each such well, on or before the first day of January of each year after production thereof ceases for lack of a market, until the production thereof can be profitably marketed by Lessee, and while such royalty is so paid such well or wells shall be considered as producing in commercial quantities for all purposes hereunder.

4. If operations for the drilling of a well be not commenced on said land on or before the 30th day of December, 1945, this lease shall terminate, unless Lessee on or before that date pays to the Lessor a rental of Fifty and No/100 Dollars, which payment shall cover the privilege of deferring commencement of operations for the drilling of a well for twelve months from said date. In like manner and upon like payments, during the primary term, the commencement of such operations may be further deferred for like periods of the same number of months successively. Such rental payments may be made to the Lessor by Lessee paying or tendering the same to Lessor, or depositing or tendering for deposit to the credit of Lessor in the Calcasieu-Marine Nat'l Bank of Lake Chas. Bank at Jennings, Louisiana, and such bank and its successors, being hereb constituted Lessor's agent, shall continue as the depository therefor, regardless of changes in ownership of such rentals. Should the named depository bank, or any successor, refuse to receive rentals or cease to do business, or its business be taken over by another bank, Lessor shall, by delivery to Lessee a good and sufficient recordable instrument designate another bank as depository, and the time for the payment of rentals shall be automatically extended until 30 days after another depository is so designated. The mailing of the check or draft of Lessee to Lessor or the depository bank, on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's rights in force and effect. Failure to pay or tender rentals in accordance with the provisions hereof, as to any part of the land, shall be constured as a relinquishment as to that part only and shall not affect the validity of this lease on any part of the land for which rentals are paid or tendered.

5. If on any rental date there be neither operations in progress for the drilling of a well or reworking operations on said land, nor production therefrom, this lease shall not terminate if Lessee on or before said date shall make or resume the payment of rentals as herein set forth; provided, if such operations be abandoned within a period of ninety (90) days prior to any rental date or if production ceases within such ninety (90) days' period, Lessee shall have a period of ninety (90) days after such abandonment of operations or cessation of production within which to commence reworking operations or operations for the drilling of another well, or within which to make said rental payment, and the commencement of such operations or the payment of such rental within said ninety (90) days' period shall have the same effect as though commenced or paid on or before said rental date. Wherever used in this lease, "Reworking Operations" shall be defined as reconditioning, deepening, plugging, back,cleaning out or otherwise attempting in good faith to increase or restore production in a well.

6. If at the expiration of the primary term of this lease, oil, gas, sulphur or other mineral is not being produced on said land, but Lessee on or before that date commences re-

working operations or operations for the drilling of a well in search of such products, then this lease shall continue in force so long as such operations are being continuously prosecuted on said land; and such operations shall be considered to be continuously prosecuted if not more than ninety (90) days shall elapse between the completion or abandonment of one well and the beginning of operations for the rilling or reworking of a subsequent well. If, as a result of any such operations, oil, gas, sulphur, or other minerals be found and produced or the production of any of the same be restored, this lease shall continue in force so long as any of them is produced.

7. If, oil, gas, sulphur or other minerals is being produced or is obtained from said land after the expiration of the primary term hereof and said production shall for any reason cease or terminate, Lessee shall have the right at any time within ninety (90) days from the cessation of such production to resume drilling or reworking operations in the effort to make the land again produce oil, gas, sulphur or other minerals, in which event this lease shall remain in force so long as such operations are continuously prosecuted, as defined in the preceding paragraph, and if they result in production of oil, gas, ulphur or other minerals, so long thereafter as any of them is produced.

8. If Lessor owns less than the entire undivided interest in said land, or mineral or royalty rights relating thereto (whether Lessor's interest is herein specified or not), then the royalties, rentals and other moneys herein provided for may be paid Lessor only in the proportion which Lessor's interest, if any, bears to the whole thereof.

9. Lessee shall have the use,free from royalty, of oil and gas produced from said land in all operations hereunder and for repressuring the oil and gas bearing formations, and for the latter purposes such gas may be injected at any point upon said land or on any other land upon the same structure or in the same pool. Lessee shall have the right to use,free of cost, water from said land for all operations hereunder, except water fro wells of Lessor, and shall also have the right to inject water, brine and other fluids into subsurface strata. When requested by Lessor, Lessee will bury its pipe lines below plow depth. No well shall be drilled nearer than 200 feet to the house or barn now on said land without the consent of the Lessor, Lessee shall pay for damages caused by its operations to growing crops on said land. Lessee shall have the right at any time to remove all machinery and fixtures placed on said land, including the right to draw and remove casing.

10. The rights of either party hereto may be assigned in whole or in part and as to any mineral. All the covenants, obligations and considerations of this lease shall extend toand be binding upon the parties hereto, their heirs, executors, administrators, successors, assigns and successive assigns. No change or division whatsoever, and howsoever arising or effected, in the ownership of said land, royalties, delay rentals or other moneys shall operate to increase the obligations or diminish the rights of Lessee hereunder; and notwithstanding any other actual or constructive knowledge of or notice to Lessee thereof, no such change or division shall be binding upon Lessee unless and until thirty days after written notice, thereof from both Lessor and Lessor's successors and assigns, in which all such parties in interest concur, and certified copies of recorded transfers or assignments, in the event such division or change is accomplished in such manner, shall have been delivered to the record owner of the lease at its principal place of business. Where any such change is the result of death, minority, or disability from any cause of any person, no such change in ownershipshall be binding on Lessee until thirty days after Lessee is furnished satisfactory proof that an appropriate representative has been appointed by a court of competent jurisdiction, or until deposit or tender for deposit such rental to the credit of such person in the depository above named. If the ownership of the royalties becomes changes into separate, divided portions of said land, Lessee shall not be required to offset wells on such separate tracts or portions, or to furnish upon or as to any

such tract or portion separate measuring or receiving tanks. In event of assignment of this lease as to any segregated part of said land, the rentals payable hereunder shall be apportionable as between the several leasehold owners, ratably according to the surface area of each and default in rental payment or in performance of obligations hereunder by one shall not affect the rights of, or impose any obligations on, other leasehold owners hereunder. If ten or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to redeive payment for all.

11. In case of cancellation or termination of this lease for any cause whatsoever, the o lease shall, nevertheless, remain in force and effect as to forty(40) acres as nearly in the form of a square as practicable, to be designated by Lessee, around each oil or gas well or mine producing, drilling or being worked only with the well or mine in the center thereof as near as may be, provided, however, that in the event the Department of Conservation of Louisiana, or other governmental agency having jurisdiction, prescribed a spacing pattern for the orderly development of the field or allocates a producing allowable based on acreage per well, the lease shall, nevertheless, remain in force and effect as to a tract of land, designated by Lessee, in the manner above provided, containing the maximum number of acres so prescribed or allocated and in effect at the time of such cancellation or termination, even though same should exdeed forty (40) acres.

12. In the event Lessor considers that Lessee hs not complied with allits obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee has breached this contract. If within sixty (60) days after receipt of such notice, Lessee shall meet or commence to meet the breaches alleged by Lessor, Lessee shall not be deemed in default hereunder. The service of said notice and the lapse of sixty (60) days without Lessee meeting or commencing to meet the alleged breaches shall be a condition precedent to any action by Lessor for any cause hereunder. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breache shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder.

13. Notwithstanding anything herein to the contrary, Lessee may, at any time and from time to time, execute and deliver to Lessor, or place of record, a release or releases covering any portion or portions of the above described land, or any mineral or horizon thereunder, and thereby surrender this lease as to such portion or portions or as to such mineral or horizon, and be relieved of all obligations and rentals as to the acreage, mineral or horizon surrendered.

14. In the event a well or wells producing oil in paying quantities should be brought in on adjacent lands not owned by the Lessor and within three hundred fifty (350) feet of and draining said land, Lessee agrees to drill such offset wells as a reasonably prudent operator would drill under the same or similar circumstances. This lease shall be binding upon all who execute it, whether or not named in the body hereof as Lessors, and without regard to whether this same instrument, or any copy hereof, shall be executed by all of the Lessors named above.

15. If any operation permitted or required hereunder or the performance by Lessee of any covenants, agreement or requirement hereof is delayed or interrupted, directly or indirectly, by any past or future acts, orders, regulations, or requirements of the government of the United States or of any state or other governmental body, or any agency, officer, representativ or authority of any of them, or by any other similar or dissimilar cause beyond the control of Lessee, the period of such delay or interruption shall not be counted against Lessee, and the primary term of this lease shall automatically be extended after the expiration of the primary

term set forth in section 2 above so long as such delays or interruptions continue and for a period of six (6) months thereafter, and such extended term shall constitute and shall be considered for all purposes of this lease as a part of the primary term hereof; provided, however, in no event shall the primary term as extended continue longer than Six (6) years from the date hereof. The provisions of section 4 above relating to the payment of delay rentals shall in all things be applicable to the primary term as extended hereby just as if such extended term were (as it shall be) a part of the original primary term fixed in section 2. The Lessee shall not be liable to Lessor in damages for failure to perform any operation permitted or required hereunder or to comply with any covenant, agreement or requirement hereof during the time Lessee is relieved from the obligation so to do. In determining whether Lessee has used reasonable diligence wherever required by any obligation of this lease, expressed or implied, or otherwise failed to comply with any obligation hereof, the causes of delay in this paragraph set forth shall not be exclusive of any other cause or causes which may exist.

16. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee shall have the right at any time to pay or reduce for Lessor, either before or after maturity, any mortgages, taxes or other liens or interest and other charges on said land and be subrogated to the rights of the holder thereof and to deduct amounts so paid from royalties or other payments due or which may become due to Lessor and/or assigns under this lease.

IN TESTIMONY WHEREOF, we sign as of the day and year first above written.

CALCASIEU NATIONAL BANK OF LAKE CHARLES

A N D

CALCASIEU NATIONAL BANK IN LAKE CHARLES

A F F I D A V I T

Minutes of a Special Meeting of the Board of Directors of the Calcasieu National Bank of Lake Charles, held at Lake Charles, Louisiana on August 28, 1931.

* * * * * * * * * * * *

"BE IT KNOWN that this contract entered into by and between the Calcasieu National Bank of Lake Charles (herein known as first party) and the Calcasieu National Bank in Lake Charles (herein known as second party) both banking corporations organized under the laws of the United States of America, and authorized by resolution of the Board of Directors of each of said banks;

WITNESSETH

The said first party and the said second party having agreed to consolidate under the name and title of the Calcasieu National Bank in Lake Charles, it is hereby agreed that the said consolidated bank shall, and does hereby, take over and assume all of the liabilities, debts, and obligations, except liabilities to stockholders for capital stock, of the said first party, and the said consolidated bank shall become the owner of all the property and assets of the said first party, as listed on Schedule "B", The assets, property, rights and creditslisted upon Schedule "A", and all other assets of said first party not listed upon Schedule "B", but which have been heretofore set aside as property to be held by a Trustee for the benefit of the stockholders of the said first party, shall be held by said Trustee without distribution until January 2, 1933.

Upon demand of the Board of Directors of the Consolidated Bank, prior to January 2, 1933, the said Trustee shall be obligated to substitute any or all of the assets so trusteed for any or all of the assets listed upon Schedule "B", or for obligations or liabilities not shown upon the books of the first party, which the second party may be legally required to pay.

In testimony whereof the parties hereto have caused this instrument to be executed by their duly authorized officers and agents at Lake Charles, Louisiana, on this 28th day of August, 1931 . Calcasieu National Bank of Lake Charles, By Frank Roberts, President. Calcasieu National Bank in Lake Charles, By G.N. Richardson, President. WITNESSES: GORDON A. GILL, MARGARET S. CONOVER.

NO. 1289 Probate Docket

ALICE LANDRY CASTEX

Excerpt of Succession

SUCCESSION OF ALICE LANDRY CASTEX,

No. 1289 Probate Docket, 18th District Court, Acadia Parish, Louisiana

IN THIS MATTER it having been established (a) that JEAN CASTEX and his wife ALICE LANDRY died intestate in the Parish of Acadia, where in they resided and were domiciled,-the said husband on or about Aug. 13, 1900, and the said wife on or about June 10, 1921; (b) that the sole heirs of said decedents are the children of their marriage, to-wit: (1) JEAN CASTEX, JR., (2) ALICE CASTEX, wife of W.H. Cary, (3) ROSA CASTEX, wife of A.C. Boudreaux, and (4) ROSALIE CASTEX, wife of Euclide D. Conner; (c) that all the property left by said JEAN CASTEX at his decease belonged to the community of acquets and gains which had previously existed between him and said ALICE LANDRY: (d) that from the time of JEAN CASTEX'S death to the death of said ALICE LANDRY CASTEX, the property left by said husband, including his mercantile business at Mermentau, La., was held together and administered and operated under the name of Jean

Castex heirs, or Widow and heirs of Jean Castex, or their equivalents, and that during the said period properties were acquired and business enterprises were engaged in in the same manner, and in the same names or their equivalents, and that the interests of said widow and heirs in said properties, in the said business enterprises, and in the profits and losses thereof, were one-half for said widow and one-eight for each of said heirs;

And the above named heirs having petitioned this court to be recognized as the so heirs of said ALICE LANDRY CASTEX, and as such, and in their proper proportions, to be sent and placed in possession of all the property belonging to the succession of said ALICE LANDR CASTEX, free from any inheritance tax;

And the Sheriff and Tax Collector of Acadia Parish having been ruled to show caus why the said petition should not be granted, and having made answer or return to said rule;

And the said cause, including said rule, having been regularly fixed for trial, and having been regularly taken up and tried; and the law and the evidence being in favor thereof, it is ORDERED, ADJUDGED AND DECREED:

1. That said JEAN CASTEX, JR., ALICE CASTEX CARY, ROSA CASTEX BOUDREAUX, and ROSALIE CASTEX CONNER, be and they are hereby recognized as the only children and as the sol heirs of JEAN CASTEX and his wife ALICE LANDRY CASTEX, both deceased, and, as such, entitled to inherit their successions in the proportion of the undivided one-fourth for each;

2. That as such heirs, and in said proportions, they be and are hereby sent into possession of all the property belonging to the Succession of said ALICE LANDRY CASTEX, and, particularly, the immovable and movable property, rights, and credits, described in the vari schedules accompanying the petition herein, especially the lands described in the hereto attac list, made part hereof and headed "CASTEX LANDS", -the undivided half of which the said heirs already owned in part as the sole heirs of said JEAN CASTEX, and in part in their own right, and the other undivided half of which they acquired by inheritance from said ALICE LANDRY CASTEX:

3. That the rule herein taken and issued against the Sheriff and Tax Collector of Acadia Parish be and the same is hereby made absolute, and the inheritances herein are hereby decreed to be free and exempt from any inheritance tax under the Constitution and laws of Louisiana , and

4. That all bank, bankers, trust companies, warehousemen or other depositories, corporations, partnerships, and all others, owing or holding the same, pay over or deliver to the above named four heirs, in the proportion of one-fourth for each, all monies due and othe things accruing to said ALICE LANDRY CASTEX or her succession,-whether belonging to her alone or whether only an interest therein belongs to her or her succession.

THUS DONE, READ ALOUD AND SIGNED in open Court at Crowley, Louisiana, this 20th da of July, 1921. Wm. Campbell, Judge 18th District of La. Filed July 20, 1921 (s)F.M. Fontenot Dy. Clerk of Court.

State of Louisiana

Parish of Acadia.

I hereby certify that the within and foregoing is a true and correct excerpt of the Succession of Alice Landry Castex, being No. 1289 of the Probate Docket 18th Judicial Distri Court, Acadia Parish, Louisiana, filed for record on July 20th, 1921, and same day recorded in Conveyance Book O-3, at pages 262 et seq., of the Records of Acadia Parish, Louisiana.

Witness my hand and seal of office at Crowley, Acadia Parish, Louisiana, on this th 14th day of December A.D.,1945. (S) HOLMER P. BAROUSSE, Deputy Clerk of Court. (SEAL).

ALBERT SIDNEY JOHNSON,ET AL,

RELEASE.

RELEASE OF OIL, GAS AND MINERAL LEASE.

STATE OF LOUISIANA,

PARISH OF JEFFERSON DAVIS.

KNOW ALL MEN BY THESE PRESENTS: that,

WHEREAS, under date of April 18, 1935, Albert Sidney Johnson and Adolphe C. Boudreaux, granted unto Paul V. Tilbury an oil, gas and mineral lease covering certain lands situated in the Parish of Jefferson Davis, State of Louisiana, said lands being more particularly described in said lease which is recorded in the Conveyance Records of Jefferson Davis Parish, Louisiana, under date of May 31, 1935, in Book 50 at Page 203; and

WHEREAS, under date of May 31, 1935, Paul V. Tilbury assigned said lease and all its rights thereto to H. M. Maylor, and said assignment is recorded in the Conveyance Records of Jefferson Davis Parish, Louisiana, under date of June 3, 1935, in Book 60 at page 203.

NOW, THEREFORE, the said lease having expires by its own terms and H. M. Maylor having no further interest or rights to said lease, for and in consideration of Ten Dollars ($10.00) and of other good and valuable considerations, the receipt whereof is hereby confessed and acknowledged, does hereby release unto Lessor all of his right title and interest in said property without warranty of any nature whatever.

WITNESS MY HAND this 27th day of April, 1945, in the presence of the hereinafter subscribing competent witnesses.

(SIGNED) H. M. MAYLOR. WITNESSES: R. A. ATKINSON, MARIAN FRIEZE.

STATE OF TEXAS,

COUNTY OF HARRIS.

ALBERT SIDNEY JOHNSON, ET AL,

T O

M. N. STAFFORD,

LEASE.

ALBERT SIDNEY JOHNSON and ADOLPH C. BOUDREAUX, joined herein by his wife, ORSA CASTEX BOUDREAUX, all residents of Acadia Parish, Louisiana, hereinafter called "Lessor " (whether one or more) grants, leases and lets unto M. N. STAFFORD, hereinafter called "lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of, oil, gas, sulphur and allother minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession, and transportation of said minerals, and the right or ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39 (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A.S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C.E., dated in 1921,it being understood, however, that there is included in this lease, two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Col, and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 39 on the West and the Mermentau River on the East; all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by Lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of Jefferson Davis Parish, Louisiana, and more particularly described in said deed.

And Lessor, Rosa Castex Boudreaux, instructs and directs Lessee to pay any and all delay rentals accruing under the provisions of that paragraph of this lease which is numbered "1". (one) to Albert Sidney Johnson and Adolph C. Boudreaux in the manner hereinafter provided; and payments so made or tendered will maintain this lease in force as to the interest of said Rosa Castex Boudreaux without such rentals or any part thereof being paid to her and without the necessity for her name being mentioned when rentals are deposited or tendered for deposit to the credit of the remaining parties lessor in the depository bank.

For the purpose of calculating the payments hereinafter provided for, the land is estimated to comprise 1135.35 acres, whether it actually comprises more or less. Allland

owned by the Lessor in the above mentioned Section or Sections or Surveys is included herein, whether properly described or not.

This lease shall be for a term of Five (5) years and no months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on May 12, 1946, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of Twelve Thousand and no/100 ($12,000.00) Dollars for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods Twelve Thousand and no/100 ($12,000.00) Dollars for all or that part of the land held hereunder. Payments may be made to the Lessor or may be mailed or delivered for deposit to Lessor's credit in the Bank of Commerce & Trust Company, of Crowley, Louisiana, which Bank or its successor shall continue to be the depository for such rentals, as the representative of Lessor and Lessor's successors and assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, but, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing order of any regulatory body of the State of Louisiana or of the United States under which said well is being drilled or produced; and if no spacing order or drilling unit has been issued or fixed by governmental authority, then Lessee shall have the right to retain twenty (20) acres) surround each well then producing or being drilled or worked on, such twenty acres to be in as near a square form as is practicable.

3. After beginning operations on the land and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary term such operations may be discontinued and the rights granted maintained by resuming rental paoments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the

fixed yearly rental that the number of days between the end of said nintey (90) days and the next ensuing rental paying date bears to the twelve months period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

4. If, prior to or after the discovery of oil on the lands held hereunder, a well producing as much as two hundred (200) barrels o oil per day for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and wit in two hundred (200) feet of a y line of theland held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

5. After the discovery and production of oil, gas or any other mineral in paying quantities the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reowkring operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral if discovered to exist under the lands, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well discover gas or gaseous substances capable of production in paying quantit es but which Lessee is unable to produce because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of suc payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than five years beyond the end of the primary term.

6. The royalties to be paid by Lessee are: (a) on oil, one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the

price received f.o.b. the leased property, less any severance or production tax imposed thereon.

7. The Lessee shall be responsible for all damages to timber and growing crops of Lessor caused by Lessee's operations.

8. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of the parties hereto; but no change in the ownership of the land or any interest therein, whether by sale, inheritance or otherwise or any change in the capacity of Lessor shall impose any addit onal burden on Lessee, nor shall any change in ownership impair the effectiveness of payments made to Lessor unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale of said rights, and the furnishing of such evidence at any time shall not affect the validity of payments therefore made in advance.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for.

10. In the event Lessor's title or an interest therein is claimed by others Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners join in the granting of this lease.

12. The requirements hereof shall be subject to any State and/or Federal law or order regulating operations on the land.

Lessor acknowledges to have received from Lessee the sum of Twelve Thousand and no/100 ($12,000.00) Dollars as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of May 12, 1945.

ASSIGN MENT

ASSIGNMENT OF OIL, GAS AND MINERAL LEASE

WHEREAS, by lease dated May 12, 1945, Albert Sidney Johnson and Adolph C. Boudreaux, joined therein by his wife, Rosa Castex Boudreaux leased to M.N. Stafford, as Lessee, certain property situated in the Parish of Jefferson Davis, State of Louisiana, and more particularly described as follows:

Oil, gas and mineral lease dated May 12, 1945, and recorded in the Conveyances Records of the Parish of Jefferson Davis, State of Louisiana, on the 12th day of May, 1945, in Conveyance Record 110, at Pages 522, et seq., bearing File No. 149166, executed by Albert Sidney Johnson and Adolphe C. Boudreaux, as Lessors, in favor of M.N. Stafford, as Lessee, covering the following described property: 1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 30 (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c)) Sectopm ;7 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E.J. Mead, C.E., dated in 1921 it being understood, however, that there is included in this lease, two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tradts were not encluded in the aforesaid sale to A.Alston & Co., and (d) Section 18, in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 39 on the West and the Mermentau River on the East; all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by Lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of Jefferson Davis Parish, Louisiana, and more particularly described in said deed.

WHEREAS, the said M.N. Stafford desires to assign to Bert Flanders, Jr., a resident of the Parish of Orleans, State of Louisiana, the aforesaid lease:

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That, M.N. Stafford, for and in consideration of ONE THOUSAND AND NO/100 ($1000.00) DOLLARS and for other good and valuable consideration, the receipt of which as a full and adequate consideration for every right granted herein, is hereby acknowledged and full acquittance and discharge granted therefor; does hereby sell transfer, assign, convey, setover and deliver unto Bert Flanders, Jr., a resident of the Parish of Orleans, State of Louisiana, said lease and all rights thereunder, to gether with all leasehold and other rights, title and interest of every kind and description whatsoever, pertaining or incidental thereto, and all rights, title and interest purported to be covered thereby.

This sale and assignment is made with full warranty of title and with full and complete subrogation in and to all rights and actions of warranty which the undersigned assignor had or may have in the premises.

IN TESTIMONY WHEREOF, this instrument is executed this 22nd day of December, 1945, in the presence of J. MORT WALKER, JR. and FRED W. BATES, the undersigned competent witnesses.

(SIGNED) M. N. STAFFORD, WITNESSES: (SIGNED) J. MORT WALKER, JR., FRED W. BATES.

ALBERT SIDNEY JOHNSON ET AL

T O

PELICAN OIL PURCHASERS, INC.,

L E A S E

THIS CONTRACT OF LEASE is made and entered into this 3rd day of the month of August, 1946 by and between ALBERT SIDNEY JOHNSON and ADOLPHE C. BOUDREAUX of the Parish of Acadia, State of Louisiana, hereinafter referred to as "LESSOR" and PELICAN OIL PURCHASERS, INC., a Louisiana corporation domiciled at Lake Charles, Louisiana, hereinafter referred to as "LESSEE",

W I T N E S S E T H:

That I.

Lessor hereby leases and lets unto Lessee that certain tract of land situated in the Parish of Jefferson Davis, State of Louisiana, comprising ten (10) acres, approximately in the form of a square situated in Section 18, Township 10 South, Range 2 West, which fronts on the Mermentau River, is bounded on the North by a ten-acre tract now or formerly owned by John J. Robira, on the West and South by lands of Lessor and on the East by said river.

II.

This lease is for a term of ten (10) years, commencing on this 3rd day of the month of August, 1946, at an annual rental of TWO HUNDRED AND NO/100 ($200.00) DOLLARS. Lessor acknowledges receipt of the sum of Two Hundred and No/100 ($200.00) Dollars, being the rental for the first lease year, and other valuable consideration compensating Lessor for all rights and privileges herein granted Lessee. Subsequent rentals may be paid by Lessee's check or draft delivered or tendered personally to Lessor or depsited or tendered for deposit to Lessor's account in the Bank of Commerce Bank, at Crowley, Louisiana on or before the 3rd day of the month of August during each succeeding lease year during the existence of this lease. And such bank and its successors is constituted the fixed depository for such rentals and as Lessor's Agent and those of his successors and assigns for the receipt of such rental payments.

If Lessee shall fail promptly to pay any rental hereafter accruing hereunder on the rental paying date fixed above, then this lease shall not ipso facto but Lessor shall communicate, in writing, with Lessee advising the latter of its failure to pay the rental and Lessee shall have ten (10) days from and after receipt of the written communication during which to pay such rental and thereby maintain its rights hereunder in force.

Lessee is granted the right to terminate this lease at any time prior to the expiration of its term by paying Lessor the sum of TWO HUNDRED AND NO/100 ($200.00) Dollars as liquidated damages; no annual rental theretofore paid by Lessee may be construed as liquidated damages, itbeing necessary that such amount be paid Lessor over and above any rental paid in advance.

III.

Lessee is hereby granted the right and option to renew and extend the term of this lease for a period of twenty (20) additional years. If Lessee elects to exercise said option, it shall so notify Lessor in writing at least sixty (60) days prior to the expiration of the original ten-year perm hereof and at the same time pay Lessor the annual rental for the first lease year of the renewed term. Such notice may be delivered to Lessor in person or forwarded to Lessor in care of the depository bank hereinabove fixed.

IV.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensate and other petroleum products to and from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and all other property or equipment necessary or incidental for the operation of said loading

rack or terminal, including, but not by way of limitation, the right to erect a residence or residences for Lessee's employees, if desired, and also the right to drill water wells and to enclose the premises with fences. It is especially understood, however, that this lease does not cover oil, gas and other minerals and Lessor hereby reserves the right to remove the same by operations on adjacent lands and so long as it does not interfere with the rights herein granted. In this connection Lessee is granted the right upon the final termination of its rights hereunder to remove any and all fixtures, equipment, structures, buildings, additions or other improvements which Lessee shall place upon the leased premis whether or not same be made with lime or cement or otherwise,

WITNESS the execution hereof as of the day,month and year first above written in the presence of the undersigned competent witnesses.

AGREEMENT OF LEASE

THIS AGREEMENT of lease made and entered into this 24th day of July, A.D. 1947, by and between A. S. JOHNSON & A. C BOUDREAUX of Johnson Boudreaux Farm Co., hereinafter called LESS and the ILLINOIS POWDER MANUFACTURING COMPANY, a corporation organized and existing under the laws of the State of Illinois, hereinafter called the LESSEE, witnesseth:

That the LESSOR does hereby lease, demise, and let to the LESSEE, its successors and assigns certain lands and premises situated in Section 13 Jefferson Davis Parish, more particularly described as follows:

One acre more or less approximately 1500 ft more or less East on the Public road, of the Extreme South West Corner of the Johnson Bourdreaux Farm between the two natural drains and about 600 ft north of the public road.

together with all rights, easements and appurtenances thereunto belonging or usually held or enjoyed therewith; and also the right of ingress, to and from the demised premises over, across and upon other lands of the LESSOR adjacent thereto.

TO HAVE AND TO HOLD the same unto the LESSEE, its successors and assigns for the term of five years, beginning on the 24 day of July, 1947, and ending on the 23 day of July, 1952, and for an annual rental of one Hundred Twenty Five dollars ($125.00), payable annually in advance on the 24 day of July.

For and in consideration of the sum of One Dollar, paid by said Lessee to said Lessor, the receipt of which is hereby acknowledged, the Lessor hereby grants to Lessee the right to cancel and terminate this lease at the expiration of any year during the term thereof, by giving to the Lessor at least thirty days prior to the expiration of any such year, a written notice of its intention to cancel this lease at the expiration of such year, then this lease shall be deemed cancelled and surrendered and the LESSEE shall not longer be liable for the payment of any rental or for any other payment hereunder.

In further consideration of the renting as aforesaid the LESSOR Covernants and agrees with the Lessee as follows, to wit:

1. That the LESSEE may peaceably hold and enjoy the said premises during all the time above mentioned without any interruption by the Lessor, his heirs or assigns, or any person claiming by, through, or under him, or her or them, or any of them.

2. That the above described premises may be used for the handling and storage of explosives and blasting supplies, and that the LESSEE may at any time remove any or all buildings or improments which it owns, or which it may place or cause to be placed upon said premises.

3. That theLESSEE shall have and is hereby granted the option to renew this lease upon its expiration or termination for the furtherperiod of five years, subject to the same terms and conditions as are herein contained, and such option may be exercised by the continued occupancy of the said premises by the LESSEE after the expiration of the term hereby granted.

4. The Lessor covenants and agrees to and with the LESSEE that the Lessor will not erect or permit to be erected on any other property owned by the Lessor adjacent to the property herein demised.

5. The benefits and obligations of this lease shall inure to and be and become binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.

IN WITNESS WHEREOF the parties hereto have hereunder set their hands and seals the day and year first above written.

BERT FLANDERS, JR.

T O

ROESER & PENDLETON, INC

PARTIAL ASSIGNMENT 3

PARTIAL ASSIGNMENT OF OIL, GAS AND MINERAL LEASE.

THIS AGREEMENT made and entered into this 1st day of October, 1947, by and between BERT FLANDERS, JR., herein after referred to as "Assignor" and ROESER & PENDLETON, IN hereinafter referred to as "Assignee",

W I T N E S S E T H:

For and in consideration of the sum of Ten and no/100 ($10.00) Dollars, and other good and valuable consideration paid to Assignee, Assignor, subject to the covenants and agreement hereinafter contained, does hereby sell, transfer, assign, and convey unto Assignee, its Succ essors and assigns, a 3/4ths undivided interest in andto the following described oil, gas and mineral lease:

Oil, gas and mineral lease dated May 12, 1945, and recorded in the conveyance records of the Parish of Jefferson Davis, State of Louisiana, on the 12th day of May, 1945, in Conveyance Record 110, at pages 522, et seq., bearing File No. 149166, executed by Albert Sindey Johnson and Adolphe C. Boudreaux, joined by his wife, Mrs. Rosa Castex Boudreaux, as Lessors, in favor of M. N. Stafford, as Lessee, covering the following described property:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C.E., dated in 1921, it being understood, however, that there is included in this lease, to tracts of prairie land along the North line of said swamp land, oneof said tracts containing 16.5 acres, more or less, andthe other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West, of the Louisiana Meridian, lying between the Southeast corner of the afore-described Section 39 on the West and the Mermentau River on the East; all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description and from this lease that certain tract of landcomprising 10 acres, more or less, situated in Section 18, Townhship 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, Louisiana, and more particularly described in said deed.

The said lease having been assigned to Flanders by M. N. Stafford, as per assignment filed and recorded December 22, 1945, in Conveyance Record 114 of the Parish of Jefferson Davis, at pages 216, et seq., bearing File #151998; and,

Assignor has heretofore granted to H. B. Tietje a 1/96th, to M. N. Stafford a 1/96th and to Walter Grapes a 1/96th overriding royalty interest in and to all of the oil, gas and other minerals, if, as and when produced, saved and marketed from the above described lands under said lease and this assignment is subject to said assignments of overriding royalty interests aggregating a 1/32nd overriding royalty interest.

Although Assignor represented that he is the lawful owner of said lease and rights and in

interests thereunder (subject to the overriding royalties above mentioned) and that Assignor has good right and authority to sell and convey the same and that all rentals or royalties due and payable thereunder have been duly paid, it is nevertheless understood and agreed that this partial assignment is made without warranty of title, either express or implied.

This Agreement shall inure to the benefit of and be binding upon the parties hereto, their heirs, successors and assigns.

EXECUTED AS OF THE DATE FIRST ABOVE WRITTEN.

This cause camone on this day for trial. PRESENT: HYMAN MITHOFF, Attorney for Petitioners, Fred W. Bates, Joseph M. Jones, and J. Mort Walker, Jr. LOUIS H YARRUT, Attorney for Defendants, Elmer D. Flanders, individually and as Testamentary Executor and Mrs. Martha Manning Flanders, individually and as Natural Tutrix of the minors, Mary Catherine Flanders, Martha Anne Flanders and Bert Flanders III.

When, after hearing the pleadings, evidence and arguments of counsel, the Court, considering the law and the evidence to be in favor of plaintiffs and against defendants for the reasons orally assigned:

IT IS ORDERED, ADJUDGED AND DECREED that there be judgment in favor of petitioners, Fred W. Bates, Joseph M. Jones, J. Mort Walker, Jr., and against defendants, Elmer D. Flanders, individually and in his capacity as Testamentary Executor of the Succession of Bert Flanders, Jr., and Mrs. Martha Manning Flanders, individually and as Natural Tutrix of theminors, Mary Catherine Flanders, Martha Anne Flanders, and Bert Flanders III, as prayed for, and * * * * * * * * *

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that Fred W. Bates, Joseph M. Jones, J. Mort Walker, Jr., and Elmer D. Flanders by and they are hereby recognized as the owners of the following leasehold interest as of the date of its acquisition by Bert Flanders, Jr., said leasehold interest including all wells, equipment, tanks and appurtenances thereon, and all production and accumulated runs from any wells located thereon:

An undivided 1/4th interest in and to an oil, gas and mineral lease executed

by Albert Sidney Johnson and Adolphe C. Boudreaux, joined by his wife, Mrs. Rosa Castex Boudreaux, as Lessors, in favor of M. N. Stafford , as Lessee, under date of May 12, 1945, recorded under File No. 149166 in Conveyance Book 110, at Pages 522, et seq. of the Conveyance Records of Jefferson Davis Parish, Louisiana, covering the following described land situated in the Parish of Jefferson Davis, Louisiana:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, it being understood, however, that there is included in this lease two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 39 on the West and the Mermentau River on the East; all asper plat showing the property herein leased, attached to the Act No. 81759 by which the Lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by Lessors herein to Fred Shutts by deed which was dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of Jefferson Davis Parisn, Louisiana, and more particularly described in said deed,

said lease being subject to an overriding royalty interest of 1/96th each in favor of H. B. Tietje, M. N. Stafford and Walter Grapes.

said ownership to be inthe following proportions:

Fred W. Bates	50%
Joseph M. Jones	20%
J. Mort Walker, Jr.	5%
Elmer D. Flanders	5%

and that the Succession of Bert Flanders, Jr. be and it is hereby re cognized as the owner of a 20% interest in the above described leasehold interest.

ALBERT SIDNEY JOHNSON ET AL

T O

PELICAN OIL PURCHASERS, INC.

SALE OF LAND

STATE OF LOUISIANA :

PARISH OF JEFFERSON DAVIS :

KNOW ALL MEN BY THESE PRESENTS:

That, ALBERT SIDNEY JOHNSON and ADOLPHE C. BOUDREAU residents of the Parish of Acadia, State of Louisiana, for and in consideration of the price and sum of FIVE THOUSAND and NO/100 ($5,000.00) DOLLARS, Cash in hand paid unto them by PELICAN OIL PURCHASERS, INC., the receipt of which sum is hereby acknowledged, have granted, sold, conveyed and delivered, and by these presents do grant, sell, convey and deliver with full subrogation to all of their rights of action in warranty against all former owners and vendors unto the said Pelican Oil Purchasers, Inc., a Louisiana corporation domiciled in the Parish of Calcasieu, State of Louisiana, that certain tract or parcel of land situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to-wit:

Ten (10) acres of land situated in Section Eighteen, Township Ten South, Range Two West, upon which are situated the terminal facilities of the vendee; said tract is described as:

Starting at the Northwest corner of Section Eighteen, Township Ten South, Range Two West, at a one and one-quarter (1¼") inch galvanized iron pipe on the right descending bank of the Mermentau River on the line between Township Ten South, Range Two and Three West;

Thence, South 51° 13' East 276.5 feet;

Thence, South 53° 00' East 600 feet to 1¼" galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning;

Thence, following the right bank of the Mermentau River South 65° 30' East 450 feet;

Thence, South 84° 00' East 250 feet;

Thence, leaving the river and running South 37° 00' West 693.5 feet;

Thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10-acres;

Thence, following said line North 37°00' East 693.5 feet to place of beginning and containing 10 acres, as per plat by F. Shutts' Sons, Civil Engineers, attached to and made a part hereof;

Said tract of land is bounded on the North by a 10-acre tract now or formerly owned by John J. Robira, on the East by the Mermentau River, and on the South and West by other land of vendors.

This sale and grant is made and accepted subject to the oil, gas and mineral lease presently affecting the hereinabove described property originally granted to M. N. Stafford, but all royalty, rentals, rights and benefits accruing to lessors under the said lease are hereby retained and reserved by vendors.

It is understood and agreed that there is excepted and reserved from this sale in favor of said vendors, their successors, heirs and assigns, all of the oil, gas, sulphur and other minerals of whatever nature, in, upon or beneath the lands herein described. In the exercise of the mineral servitude here reserved, no well location shall be situated upon the ten-acre tract herein conveyed, but said servitude shall be exercised and oil, gas and other minerals underlying said land shall be removed by wells or mines, the surface location of which shall be located off of said ten-acre tract, but which said wells or mines shall extend beneath the surface of said tract. Vendee recognizes the fact that should any portion of the ten-acre tract or the minerals thereunder be pooled or unitized with other lands and drilling or mining operations be conducted upon such unit or units, such operations shall constitute operations upon the ten-acre tract and serve to interrupt the running of prescription against the reserv

mineral servitude. Vendee further recognizes the fact that the lessee under the above mentioned lease originally granted to M.N. Stafford by instrument recorded in Conveyance Book 110, page 522, shall have the right to operate upon and beneath the surface of the ten-acre tract and that the limitation herein contained as to drilling or mining operations upon the surface of said ten-acre tract has no application to operations under said lease.

There is also excepted by and reserved to vendors the right to lease the hereinabove described property for oil, gas and mineral purposes and to receive the bonus payment together with all delay rental and royalty payments that may become due thereon.

TO HAVE AND TO HOLD the above described premises together with all and singular the rights and appurtenances thereunto belonging unto the said purchasers and its successors and assigns forever; and the said vendors do hereby bind themselves and their heirs, successors and assigns to warrant and forever defend all and singular the said premises unto the said Pelican Oil Purchasers, Inc., and its successors and assigns against any and all persons whomsoever claiming the same or any part thereof.

At the present time, ingress and egress to the tract of land herein conveyed is available by a public road running through a larger tract of vendors' (of which the tract herein conveyed has heretofore formed a part), which public road connects with U. S. Highway No. 90. Vendors agree in the event said public road shall ever be abandoned or closed that the vendee and its successors and assigns shall have and is hereby granted a servitude of passage over, along and across the strip of land presently used as a public road and traversing said larger tract of land; the servitude hereby granted constitutes the tract of land herein conveyed as the dominant estate and the larger tract of land herein mentioned as the servient estate.

Vendors acknowledge that heretofore by an instrument dated August 6, 1946, recorded in Conveyance Book 120, page 302, File No. 156332, they granted vendee herein a right of way over and across all land owned by them situated in Section Thirty-nine, Township Ten South, Range Three West, and Section Eighteen, Township Ten South, Range two West for the purpose of constructing and maintaining pipe, telephone and electric lines terminating upon the ten-acre tract herein conveyed; and said rights of way grant is now ratified and confirmed. It is understood, however, that should additional lines be laid or constructed by vendee under the terms of said right of way grant, that then Vendors and their successors and assigns shall be paid additional sums of money calculated on the same basis per lineal rod as was paid by vendee to them at the time the above mentioned grant of August 6, 1946, was made.

The vendors declare under oath that there have been no changes in their marital statuses since the dates on which they acquired their respective interests in the land herein conveyed.

Vendors agree to pay the taxes which have been assessed against the land herein conveyed for the year 1948.

WITNESS the signature of the vendors in the presence of the undersigned, competent witnesses, on this the 3rd day of the month of March, 1949.

PARTIAL ASSIGNMENT

THIS AGREEMENT made and entered into this 13th day of September, 1948, by and between Clyde H. Alexander, hereinafter referred to as "Assignor", and S.N. Van Wert, hereinafter referred to as "Assignee",

W I T N E S S E T H:

For and in consideration of the sum of Ten and no/100 ($10.00) Dollars, and other good and valuable consideration paid by Assignee, Assignor, subject to the covenants and agreements hereinafter contained, does hereby sell, transfer, assign and convey unto Assignee, his heirs, successors and assigns, a one-eighth (1/8) undivided interest in and to the following described oil, gas and mineral lease:

Oil, gas and mineral lease dated May 12, 1945, and recorded in the conveyance records of the Parish of Jefferson Davis, State of Louisiana, on the 12th day of May, 1945, in Conveyance Record 110, at Pages 522, et seq, bearing File No. 149166, executed by Albert Sidney Johnson and AdolpheC. Boudreaux, joined by his wife, Mrs. Rosa Castex Boudreaux, as Lessor, in favor of L. N. Stafford, as Lessee, covering the following described property:

1145.35 acres, more or less, being (a) Section 39, in Township 10 South of Range 3 West, Louisiana Meridian, except thatportion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, it being understood, however, that there is included in this lease two tracts of prairie land along the North Line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18, in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the afore-described Section 39 on the West and the Mermentau River on the East; all as per plat showing the property herein leased, attached to the Act. No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description andfrom this lease that certain tract of land comprising 10 acres, more or less situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of JeffersonDavis Parish, Louisiana, and more particularly described in said deed.

The said lease having been assigned to Flanders by M.N.Stafford, as per assignment filed and recorded December 22, 1945, in Conveyance Record 114 of the Parish of Jefferson Davis, at Pages 216, et seq., bearing File #151998; and,

Bert Flanders, Jr., a prior Assignor, has heretofore granted to H.B.Tietje a 1/96th, to M.N.Stafford a 1/96th and to Walter Grapes a 1/96th overriding royalty interest in and to all of the oil, gas and other minerals if, as and when produced, saved and marketed from the above described lands under said lease and this assignment is subject to said assignments of overriding royalty interests, aggregating a 1/32nd overriding royalty interest.

Although Assignor represents that he is the lawful owner of at least an undivided one-eighth (1/8) interest in said lease and rights and interests thereunder (subject to the overriding royalties above mentioned) and that Assignor has good right and authority to sell and convey the one-eighth (1/8) interest herein assigned and that all rentals and royalties due and payable thereunder have been duly paid, it is nevertheless understood and agreed that this assignment is made without warranty of title, either expressor implied.

This agreement shall inure to the benefit of and be binding upon the parties hereto, their heirs, successors and assigns.

EXECUTED as of the date first above written.

/s/ CLYDE H. ALEXANDER, Assignor. WITNESSES: /s/ N.E.MURRAH, RUTH HOLLAND.

ROESER & PENDLETON, INC.

TO

COAST COMPANY, ET AL.

OPERATING AGREEMENT

OPERATING AGREEMENT entered into this 3 day of September, 1948, by and between Roeser & Pendleton, Inc., a Delaware corporation having a permit to do business in the State of Louisiana, herein referred to as "Operator," and Coast Company, a Delaware corporation having a permit to do business in the State of Louisiana; Bates & Cornell, a partnership composed of Fred W. Bates and Drew Cornell; Clyde Alexander; S. N. Van Wert; Joseph M. Jones; J. Mort Walker, Jr.; Elmer D. Flanders, individuals; and Succession of Bert Flanders, Jr., herein collectively referred to as "Non-Operators" and severally referred to as "Non-Operator",

W I T N E S S E T H :

1. Interests of the Parties: Operator owns an undivided one-fourth (1/4) interest and Non-operators collectively own an undivided three-fourths (3/4) interest (the individual interests of Non-operators being set forth in Exhibit A attached hereto and made a part hereof) in and to the leasehold rights affecting the lands situated in Jefferson Davis Parish, Louisiana, more particularly described in Exhibit B attached hereto and made a part hereof. Subject to the provisions of Section 8 hereof, such parties shall own like respective individual interests in the oil and gas produced from said lease and shall bear and pay in like proportions the costs, expenses, and liabilities incurred in the exploration, development, operation and maintenance of the said leases which are properly chargeable to the joint account hereunder.

2. Operator: Operator shall, subject to the terms and provisions of this agreement and the limitations herein stated, have exclusive charge and control of the exploration, development, operation, maintenance and management of the leases now or hereafter made subject to this agreement and of the joint account property and equipment thereon and of all joint account wells thereon. Operator shall perform and carry on such duties in accordance with good oil and gas field practices, in the interests of all parties hereto and as an ordinarily prudent operator, but Operator shall have no responsibility whatever to Non-operators for errors of judgment.

3. Rentals and Royalties: Rentals and royalties which may become due and payable under the leases now or hereafter made subject to this agreement shall be paid by Operator, and Operator shall exercise diligence to pay same when due but shall not be liable to Non-operators for failure to pay same or for failure to pay the proper amount. Such sums so paid shall be charged to the joint account, which joint account shall be maintained in accordance with the provisions of the accounting procedure attached heretomarked Exhibit C and incorporated herein by reference All reports and other material, logs and data required to be made and filed under the terms of the leases subject hereto or under any applicable law, regulation or order governing operations on the leases, shall be prepared and filed by Operator, and Operator shall exercise diligence to prepare and file same when due but shall not be liable to Non-operators for failure to do so. Operator shall furnish Non-operators copies of all letters or other communications with which rental or royalty payments are transmitted, and copies of all rental and royalty statements and receipts and copies of all reports, material, logs and other data filed by Operator in compliance with this section and the leases, and in compliance with any laws, rules, regulations and orders applicable at the time to operations hereunder.

4. Exploration and Development: Roeser & Pendleton, Inc. has drilled the well required to be drilled by it under the provisions of a written "Contract for the Drilling of Test Well and Partial Assignment of Lease" dated October 1, 1947, by and between Bert Flanders, Jr. and Roeser & Pendleton, Inc., which well resulted in a commercial producer of gas and distillate and same has been completed into tanks.

No additional well shall be drilled, nor shall any operations for deepening, reworking r recompleting any well in the same or a different horizon be undertaken by Operator without he consent in writing of all parties hereto, except that Operator without such consent may rill for the joint account any well on any lease subject hereto in order to meet any offset bligation arising under the said leases.

If any party hereto desires to conduct any drilling, reworking or recompletion operations other than the deepening of a drilling well), it shall notify the other parties hereto in riting of such decision, including the nature and proposed location of such operation, the roposed depth of completion or recompletion, a plan in reasonable detail of operations proosed and a detailed estimate of the cost thereof. If all of such parties hereto advise the party iving such notice in writing within thirty days after receipt of such notice that they elect nconditionally to participate in such operation, the operation proposed shall be undertaken nd carried out by Operator for the joint account.

After a joiny account well has been drilled to the completion depth proposed initially, r upon proposal for deepening, if non-productive to such applicable completion depth, any arty hereto may propose the drilling of such well deeper or the seeting of production string f casing and attempting completion by giving notice to the other parties hereto by telegraph or elephone, of the depth to which additional drilling is proposed or to which such casing is to e run, and the estimated cost thereof, such notice to be given on the day following receipt by uch proposing party from Operator of the electrical log to the total depth or report of drill tem tests or other tests made in the well, whichever is received later. If all parties receiving uch proposal or notice advise Operator by telephone or telegraph on the day following receipt hereof or on the day following receipt by such parties of copies of such electrical logs or eport on tests, whichever is later, that they will participate in the deeper drilling proposed, r the setting of such casing and completion attempt such well shall be deepened, or casing shall e set and completion attempted at the joint expense and for the joint account of the parties ereto.

If any party hereto desires not to participate in such proposed operation, such non-participating party shall, upon completion of such proposed operation (whether drilling, deepening, eworking or recompletion), transfer and assign to the participating parties all of such nonarticipating party's interest in the said lease in so far as same covers oil and oil rights in nd under a tract containing forty (40) acres, or in so far as said lease covers gas and gas rights n and under a tract containing three hundred twenty (320) acres, the location and confirmation f such tract be as nearly in the form of a square as practicable. Such non-participating party hall not be liable or responsible for costs, expenses and liabilities incurred in such operations.

For the purposes hereof an operation shall be considered completion when production has been btained or restored, or when the well or other operations is abandoned after diligent efforts to arry the same to the proposed conclusion have failed.

. Expense Limit: The Operator shall secure the consent of Non-operators before incurring any tem of expense in excess of Two Thousand Dollars ($2,000.00), except expenditures for the drilling id equipping of wells authorized by the parties hereto. When the parties hereto shall have agreed pon the drilling of a well or wells for the joint account, Operator is authorized to incur all ecessary expense (except expense incurred after reaching the proposed completion depth in conection with deepening or setting casing and attempting completion for which further consent is equired under Section 4 hereof), in the drilling, completing or abandoning of such well or ells without securing the additional consent of Non-operators.

. Marketing of Production: Operator and Non-operators shall, subject to the further provisions ereof, each have the right to take and receive in kind their respective proportionate parts f all oil, gas and other minerals produced from the leasedpremises or of any one or more of

them, in the proportion that its part of the working interest in and under the leases bears to the entire working interest, by giving to each of the other parties hereto at least thirty (30) days prior notice in writing of the product it has elected to take in kind and by furnishing at such electing party's sole expense such facilities as may be necessary to effect division and measurement of and to receive such product on or before the date fixed in the notice, upon which delivery of such product in kind is to be commenced. Such party shall also pay Operator, or if such electing party be the Operator it shall bear and pay, any additional expense incurred by Operator in effecting delivery and measurement, and the royalty and overriding royalty due and payable under the leases or otherwise and charges and taxes payable upon such portion of the production. Operator shall not be required to resume for the account of any party who has elected to take any product in kind, the marketing of such product priot to the expiration of six (6) months after the date of first delivery to such electing party, and then only upon at least thirty (30) days prior written notice.

During periods when any party who has elected to take or is taking such party's portion of any product hereunder, when such party is in default in payments due by such party to Operator hereunder, Operator may decline to make or cease making deliveries of such product, until such default is remedied.

Any party electing to take such party's part of any product in kind shall, if it proposes to or has agreed to sell such product (and not to use it itself), also advise the other parties hereto concurrently with the notice of election to take in kind, the name of the purchaser thereof, the price to be received and other terms of the transaction, and any other party hereto shall have the right and privilege to join in such sale and to deliver a prorata part of the products sold and delivered to such purchaser upon the same terms and for the same price as the electing party.

During periods when any party hereto is not taking such party's part of any product in kind, the Operator is hereby authorized to and will exercise diligence to market and sell such products currently as produced upon the same terms and for the same price upon which Operator markets and sells Operator's portion of such products, the same to be marketed without division in kind. Sales made by Operator shall, however, be on a basis permitting cancellation on not more than thirty (30) days' notice. Sales for longer periods shall be under written contract joined in by each party participating therein.

All sales made hereunder shall be upon terms providing for payment of the proceeds from each participating party's portion of the product direct to such party, except and only in instances when Operator is entitled to receive the same for application upon amounts due Operator hereunder from such party. In order to enable Operator to market and sell the products of any party not taking in kind, such party will execute such division order in usual and customary form containing warranty of title as to such party's interest as may be reasonably required to effectuate and evidence the sale. Should the purchaser of such products require Operator to receive the proceeds and distribute the same to Non-operators or any of them, then Operator shall be entitled to a reasonable charge for overhead expenses incurred in distributing such proceeds, the same to be payable, however, only by the Non-operator to Non-operators to whom such distribution is made.

7. Surrender and Abandonment of Leases or Wells: If the Operator or any Non-operator interested in any leases subject to this agreement determines to surrender or abandon any lease or any producing well which has ceased to produce or is not in the opinion of such party producing in paying quantities, such party shall notify in writing all of the other parties hereto of such decision. Each of the parties receiving such notice shall have fifteen (15) days within which to elect by notice in writing delivered to the notifying party whether it or they will join therein or willaccept assignment of such lease or take over such well. If any

party receiving such notice of desire to surrender or abandon fails so to notify the party giving such notice, such party shall be deemed conclusively to have elected to join in such surrender or abandonment, provided such notice was actually received.

If all parties at interest in such lease or well elect to join in such surrender or abandonment, such lease or well shall be surrendered and abandoned for the joint account, and Operator shall endeavor to remove and recover all salvagable materials and equipment on or used in connection with such lease or well. If any party interest in such lease or well elects not to join therein, the respective parties electing to surrender or abandon shall forthwith transfer and assign to the party or parties entitled thereto all of their interests in the lease to be surrendered or abandoned and in the equipment thereon, or if only the abandonment of a well be involved, such surrendering or abandoning parties shall, upon tender of the salvage value of such parties' interests in the equipment in and on the well determined as provided in Exhibit C hereto, transfer and assign their respective interests in such well, the production therefrom, and the equipment therein and the lease or leases subject hereto in so far as it or they cover the acreage included in the drilling unit attributable to such well according to the rules, regulations and orders of the Conversation Commission of Louisiana at the time in effect, provided that if there be no such rules, regulations or orders, the unit shall contain forty (40) acres as to oil and oil rights and three hundred twenty (320) acres as to gas and gas rights.

3. Assignment and Partition: Operator or any Non-operator may sell, transfer, assign or mortgage all or any part of its or his interest in all of the leases subject to this agreement, provided that if any party sells, transfers, assigns or mortgages less than such party's entire interest in all of such leases, such interest shall be a uniform undivided interest in all leases subject hereto. Each sale, transfer or assignment shall be made subject to this agreement and the purchaser, transferee or assignee shall assume the obligations of this agreement and charges to the joint account in so far as they relate to such interests and only to the extent and in an amount equivalent to the proportion that the leasehold interest acquired by such assignee bears to the entire leasehold interest under the leases subject to this agreement. For the purposes of this provision, the purchaser of interests in the leases at a foreclosure or other sale through court process shall be considered a purchaser, transferee and assignee, but the trustee under a mortgage and deed of trust shall not be required to assume or undertake such obligations unless and until it should acquire such interests on a sale thereof upon foreclosure.

This agreement shall inure to and bind the respestive successors and assigns of the parties hereto. Each such successor or assignee shall become a party hereto with like effect as though it had joined in the execution of this Agreement in the first instance. Subject to the provisions of Section 17, such successor and assignee, with respect to the leases subject hereto and its interests therein, shall be entitled to exercise severally the rights and privileges of a Non-operator or Operator, accordingly, and shall be responsible for and bear its proportionate part of all costs, expenses and liabilities chargeable to the joint account. Provided, however, assignment by Operator of less than all of its interest in the leases subject hereto shall not terminate its right to act as Operator hereunder.

During the term of this agreement no party hereto shall have the right to partition, by sale or otherwise, the leases subject to this agreement; provided, however, that a sale, transfer, assignment or mortgage of all of a party's interest in said leases or of an undivided portion thereof throughout all leases shall not be considered a partition.

4. Drilling Contracts: All wells drilled shall be drilled on a competitive contract basis at the usual rates prevailing in thefield in which the land subject to the above leases is located, and all drilling contracts shall provide that the well is not to deviate in excess of three degrees

from the perpendicular upon completion. Operator, if it sodesires, may employ its own tools and equipment in the drilling of wells to be drilled for the joint account hereunder, but in such event the charge therefor shall not exceed the prevailing rate in the field, and such work shall be performed by Operator under the same terms and conditions as shall be customary and usual in the field when same is performed under contract by independent contractors doing work of a similar nature.

10. Participation in New Leases: If any party or parties hereto should acquire any oil, gas and/or mineral lease or leases within on-half mile of any of the land covered by leases subject to this agreement, such party shall immediately notify the other party or parties of such acquisition, and for a period of five days after receipt of such notice, such other party or parties hereto shall have the right (but not the obligation) to share in such lease or leases upon paying the acquiring party or parties his or their proportionate part of the actual cost of such lease or leases, such sharing in such lease or leases to be in the same proportion as the parties own the leases subject to this agreement.

11. Insurance: Operator shall not be liable in any way for injuries to or death of employees of Non-operators or damage to property of Non-operators arising out of or resulting from operations hereunder unless occasioned by willful misconduct or gross negligence of Operator.

Operator shall carry and maintain in effect at all times Workmen's Compensation Insurance under the laws of the State of Louisiana covering employees of Operator and shall do and perform all acts and things requisite to the effectiveness of such insurance, and shall also carry Employee's Liability and Occupational Disease Insurance withlimits of $50,000/$100,000.

Operator, without assuming any liability hereunder, also shall carry and maintain in effect for the benefit of Operator and Non-operators:

Automobile Liability Insurance with limits of $100,000/$1,000,000 and Automobile Property Damage Insurance with limits of $500,000.

General Public Liability Insurance, including Contractors' Contingent Liability, with limits of $200,000/$500,000, and property damage of $1,550,000, with $1,000 deductible.

Operator shall not be liable in any event for any loss by fire, windstorm, insurrection, ware, strikes, lockouts, or other casualty occuring to any of the property held and operated by Operator hereunder for the joint account of the parties hereto.

Operator or Non-operators may procure and maintain fire, windstorm, or other casualty insurance in such amounts as they may desire on such party's share of the jointly owned equipment and facilities used in the development and operation of the jointly owned property. The benefits of such insurance shall inure to the participants who procure and maintain it, and the cost of such insurance shall be borne by the individual participants who procure it, without reimbursements, one from the other, and without entering into the accounting under this agreement; provided, that in each insurance policy so procured there shall be included a waiver on the part of the insurance company of all right of subrogation as against each party not named in such policy as an assured, provided the insurers will issue such waiver.

Operator shall furnish Non-operators written notice of damages or losses incurred by fire, storm or flood, or other natrual or accidental cause as soon as possible after report of same is received by Operator.

Where Operator under this agreement is required to carry insurance for the benefit of Non-Operators, Operator shall furnish Non-Operators with certificates of insurance from the Insurers said certificates to provide for ten days notice to Non-operators before cancellation.

12. Taxes: Operator and each Non-Operator shall render for taxation such party's interest in the leases and pay such party's own ad valorem taxes, and Operator shall have no responsibility with respect thereto. Operator shall, however, pay and charge to the joint account all production severance, gathering and other like taxes.

13. Surplus Equipment: Surplus material and equipment, when in the judgment of the Operator

same is not necessary for the development and operation of the above described property, may, with the approval of Non-Operators, be divided in kind or sold for the benefit of the joint account. Small materials may be transferred by Operator to its warehouse or other leases subject to this agreement without obtaining formal consent of Non-operators, and proper charges and credits shall be made by Operator as provided in the accounting procedure attached hereto.

14. Inspections: Each Non-operator at his own expense and cost shall have the right at all reasonable times during business hours (1) to inspect the records and accounts pertaining to the operations conducted by Operator hereunder and (2) to inspect the premises covered hereby and each and every part thereof and all structures and equipment located thereon, and receive from the superintendent and/or other responsible representatives of operations in charge of operations on said premises full information with respectto the status of development and operations being conducted by Operator, including the depth and condition of wells, the amount of production and other similar information. Each Non-operator is privileged at his own cost and expense to keep a representative on said premises who may stramp and guage tanks and observe all operations conducted on said premises.

15. Responsibility of Parties: This agreement does not, and shall not be construed as, creating or constituting a partnership between the parties hereto. The liability of the parties hereto shall he several and not joint or collective. The responsibility of the Operator shall be limited to its obligations hereunder.

16. Lien: Non-operators hereby acknowledge that as security for all amounts due to Operator and unpaid, Operator, as a matter of right, has and shall have, and Non-operators hereby grant Operator, a first lien and privilege upon all of the real and personal property described in and covered by this agreement and on all of the oil, gas, casinghead gas, and other minerals owned by Non-operators, while same are situated on the leased premises, and on all of the moneys of Non-operators, while in the possession of Operator. Said real property, personal property, oil, gas, casinghead gas, other minerals and moneys are hereby pledged by Non-operators to Operator to further secure payment of said amounts.

The above mentioned lien and privilege of Operator is and shall be the same as and equivalent to that accorded to laborers and furnishers of services, fuel, supplies, and materials by Act No. 68 of the Louisiana Legislature, for the year 1942 and any amendments thereof. For the purpose of this contract, Non-operators acknowledge that amounts expended by Operator hereunder in paying laborers and furnishers are and shall be for the benefit of the joint account, for the payment of which Operator is bound with and for Non-operators and Operator has an interest in discharging such debts; that upon such laborers and furnishers being paid by Operator, Operator shall become subrogated to the rights of such laborers and furnishers and to the lien accorded them by law. Non-operators further agree that it shall not be necessary for Operator to file notice of its claim to such lien in the mortgage records (as provided by the aforementioned act) in order to preserve same.

The lien granted and acknowledged to exist hereunder may be enforced as against Non-operators in accordance with said actand amendments and in the manner therein provided. Said liens shall not be exclusive, but it shall be in addition to all rights, privileges and remedies afforded in such cases by the law of Louisiana.

17. Change of Operator: In the event Operator transfers and assigns all of its interest in the leases subject hereto to any assignee other than a parent, subsidiary or affiliated corporation of Operator, Non-operators shall have the right to appoint a Non-operator to become Operator hereunder, such selection to be made by vote of all Non-operators, the vote of each Non-operator being given weight in proportion to such Non-operator's interest in the leased premises. A parent of operator shall be a corporation owning fifty per cent (50%) or more of the outstanding voting stock of Operator; a subsidiary of Operator, shall be a corporation in which Operator owns fifty

per cent (50%) or more of the outstanding voting stock; and, an affiliate shall be a corporation in which the parent, or any subsidiary of the parent, or a subsidiary of Operator, owns like control.

18. Arbitration: In case of disagreement as to any matter relating to operations hereunder which cannot be settled amicably, then, upon five (5) days' written notice given by one or more parties hereto to the others, the matter in disagreement shall be submitted to a board of three arbitrators. Non-operators agree to appoint one arbitrator and Operator agrees to appoint one arbitrator. Such appointments shall be made within ten (10) days after the notice is given. Should either Operator or Non-Operators fail or refuse to appoint an arbitrator within the time specified, the party or parties hereto appointing an arbitrator, upon five (5) days' written notice to the party or parties failing or refusing to appoint an arbitrator, may apply to the person who is the judge then senior in office of the District Court of the United States of America having jurisdiction for the Western District of Louisiana, or any federal court of similar jurisdiction for the appointment of such second arbitrator, and in such case the person so appointed shall act as a second arbitrator. The third arbitrator shall be chosen promptly by the two so appointed. All three arbitrators shall be disinterested practical oil operators. Pending a decision of the board of arbitrators, the parties hereto shall remain bound by the express terms hereof. Any and all decisions rendered by a majority of the board of arbitrators shall be final and binding, upon the parties hereto, and adjustments shall be made in conformity with their award, including forfeiture of the right of Roeser & Pendleton, Inc., to operate if it is found that such party has not operated with reasonable efficiency and prudence, from an overall standpoint.

19. Term: This agreement shall remain in full force and effect so long as the oil, gas and mineral leases now or hereafter made subject to this agreement, or any of the, or any renewal or extension of same shall remain in force, or until terminated by mutual agreement of the parties hereto.

20. Title: In the event of loss or failure of title to any of the leases subject to this agreement, responsibility of each party hereto interest therein shall be several, and not joint, and shall be limited to the production or proceeds accruing to such party's interest and the royalties attributable thereto, provided such party actually receives same.

21. Billing and Payment: Billing by Operator and payment by Non-operators shall be governed by the applicable provisions of the joint accounting procedure attached hereto, provided, however, that in connection with operations conducted under Section 4 hereof, expenditures authorized under Section 5 hereof, or any other operations or expenditures undertaken or to be made by Operator hereunder, including, without limitation, expenses in connection with operation and maintenance of jointly owned properties, Operator shall have the right to estimate all of such expenditures thirty (30) days in advance and notify each Non-operator in writing thereon and each Non-operator shall promptly advance and pay to Operator such Non-operator's proportionate party of such estimated expenditures; and Operator may require each Non-operator to make such advance, or to make financial arrangements therefor satisfactory to Operator, before any work covered by such estimate is actually done.

22. Preferential Right to Purchase: In the event any party hereto desires to sell all or a part of his or its undivided interest in all of the leases, the other parties hereto shall have a preferential right to purchase the same upon terms and conditions acceptable to the party desiring to sell. In such event, the party desiring to sell shall promptly communicate in writing tothe other parties heretothe offer received by him or it from a prospective purchaser ready, willing and able to purchase the same, together with the name and address of such prospective purchaser; and the parties so notified shall thereupon have an option for a period of seven (7) days after the receipt of said notice topurchase such interest upon the

terms and conditions specified in the notice for the benefit of such of the parties hereto as may agree to purchase the same; provided, that any interest so acquired shall be shared by the parties purchasing same upon the basis of the interests then severally owned by them in the leases; and provided, further, the limitations of this paragraph hereof, shall not apply where any corporate party hereto desires to dispose of its interest by merger, reorganization, consolidation, or a sale of all of its assets, or a sale of its interests in said leases and the rights acquired under this Operating Agreement to a subsidiary or to any company in which such corporate party owns a majority of the stock, nor shall such limitations apply to the transfer by any individual party hereto to a trustee for the benefit of such individual or any member of his immediate family, or directly to any member of his immediate family.

23. Rules and Regulations: All terms, provisions and conditions of this agreement are expressly made subject to all rules, orders, and regulations of any duly constituted authority, state or federal, having jurisdiction.

24. Notices: All notices to be given hereunder shall be given by registered mail, return receipt requested, unless otherwise provided, and such notice shall be given Operator and Non-operators addressed as follows:

To operator at its office 608 Fort Worth Club Bldg., Fort Worth, Texas;

To Coast Company at P. O. Box 2511, Houston, Texas;

To Bates & Cornell at Lafayette, Louisiana;

To Clyde Alexander at Continental Building, Dallas, Texas;

To S. N. Van Wert at Continental Building, Dallas, Texas;

To Joseph M. Jones at Canal Building, New Orleans, Louisiana;

To J. Mort Walker, Jr., at Canal Building, New Orleans, Louisiana;

To Elmer D. Flanders at Canal Building, New Orleans, Louisiana;

To Succession of Bert Flanders, Jr., to Elmer D. Flanders, Testamentary Executor, at Canal Building, New Orleans, Louisiana.

This agreement shall extend to and be binding upon the parties and their respective successors and assigns.

IN TESTIMONY WHEREOF, this instrument is signed by the parties effective this 3 day of the month of September, 1948.

Joseph M. Jones	1/20
J. Mort Walker, Jr.	1/80
Elmer D. Flanders	1/80
Succession of Bert Flanders, Jr.	1/20

EXHIBIT "B"

TO JOINT OPERATING AGREEMENT BETWEEN ROESER &
PENDLETON, INC. AND COAST COMPANY, A CORPORATION,
ET AL, DATED OCTOBER 25, 1948.

ll, gas and mineral lease dated May 12, 1945, and recorded in the conveyance records of the arish of Jefferson Davis, State of Louisiana, on the 12th day of May, 1945, in Conveyance ecord 110, at pages 522, et seq., bearing File No. 149166, executed by Albert Sidney Johnson id Adolphe C. Boudreaux, joined by his wife, Mrs. Rosa Castex Boudreaux, as Lessors, in avor of M. N. Stafford, as lessee, covering 1145.35 acres, more or less, being (a) Section 39 n Township 10 South of Range 3 West, Louisiana Meridian, except that portion lying in trian- ular form West of the East boundary line of Section 14 if extended through said Section 39, b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, ore or less of swamp timber land lying the the Eastern portion thereof, which was sold by ean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jef- erson Davis Parish, and which is shown by a plat of Survey made by E. J. Mead, C. E., dated n 1921, it being understood, however, that there is included in this lease, two tracts of

prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the aforesaid described Section 39 on the West and the Mermantau River on the East; all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of Jefferson Davis Parish, Louisiana, and more particularly described in said deed.

EXHIBIT C

ATTACHED TO AND MADE A PART OF JOINT OPERATING AGREEMENT BETWEEN ROESER & PENDLETON, INC. AND COAST COMPANY, A CORPORATION, ET AL,

ACCOUNTING PROCEDURE
(UNIT AND JOINT LEASE SCHEDULE)

The term "joint property" as herein used shall be construed to mean the subject area covered by the agreement to which the "Accounting Procedure" us attached.

The term "Operator" as herein used shall be construed to mean the party designated to conduct the development and operation of the leased premises for the joint account.

The term "Non-operatpr" as herein used shall be construed to mean any one or more of the non-operating parties.

Operator shall bill Non-operator on or before the last day of each month for its proportionate share of costs and expenditures during the preceding calendar month. Itemized statements shall accompany such billes. Each party shall pay its proportion of all such bills within fifteen (15) days after the receipt thereof. If payment is not made within such time, the unpaid balance shall bear interest at the rate of six per cent (6%) per annum until paid, Payment of any such bill shall not prejudice the right of any party to protest or question the correctness thereof; provided that Operator shall not be required to adjust any item unless a claim therefor has been presented within a period of two (2) years from thedate of the rendition of any itemized statement.

1. DEVELOPMENT AND OPERATING CHARGES

Subject to limitations hereinafter prescribed, Operator shall charge the joint account with the following items:

(1) Delay or other rentals, when such rentals are paid by Operator for the joint account; royalties,when not paid direct to royalty owners by the purchaser of the oil, gas, casinghead gas or other products.

(2) Labor, teaming and other services necessary for the development, maintenance and operation of the joint property.

(3) Materials, equipment and supplies purchased and/or furnished byOperator from its warehouse stocks or from its other leasesfor use on the joint property. In so far as is practical and consistent with efficient and economical operation, only such materials shall be purchased for or transferred to the joint property as are required for immediate use, and the accumulation of warehouse and/or lease stock on the joint property shall be avoided.

(4) Moving materials to the joint property from vendor's or from operator's warehouse in the district or from other properties of Operator, but in either of the last events no charge shall be made to the joint account for a distance greater than the distance from the nearest reliable supply store or railway receiving point.

(5) Moving surplus materials from the joint property to outside vendees, if sold f.o.b. destination, or minor returns to Operator's warehouse or other storage point. No charge shall be made to the joint account for moving major surplus materials to Operator's warehouse or other storage point for a distance greater than the distance to the nearest reliable supply store or railway receiving point, except by special agreement with Non-operator; and no charge shall be made to the joint account for moving materials to other properties belonging to Operator, except by special agreement with Non-operator.

(6) Use of and service by Operator's exclusively owned equipment and utilities as provided in Paragraph (6) of Section II: "Basis of Charges to Joint Account."

(7) Damages or losses incurred by fire, flood, storm or from any other cause not controllable by Operator through the exercise of reasonable diligence. Operator shall furnish Non-Operator written notice of damages or losses incurred by fire, storm, flood or other natural or accidental causes as soon as practicable after report of the same has been received by Operator.

(8) Expenses of litigation, liens, judgments and liquidated claims involving the joint property or incident to its development and operation. Actual expenses incurred by Operator or Non-operator in securing evidence pertaining to the joint property shall be a proper charge against the joint account.

(a) When any case, by prior agreement, is handled by operator's and/or Non-operator's legal staff, thereby eliminating the retaining of outside counsel, a charge commensurate with the cost of services rendered may be made to the joint account. Charges of this nature shall not be rendered until the respective legal departments have agreed upon the proper amount.

(b) Fees and expenses of outside attorneys shall not be charged to the joint account except where the employment of such outside attorneys is authorized by a vote of the majority interests.

(9) All taxes paid for the benefit of the parties hereto including ad valorem, property, gross production, occupation and any other taxes assessed against the jointly-owned properties, the production therefrom or the operations thereon.

(10) Insurance:

(a) Premiums paid for insurance carried for the benefit of the joint account together with all expenditures incurred and paid in settlement of any and all losses, claims, damages, judgments and other expenses, including legal services, not recovered from insurance carrier.

(b) If no insurance is required to be carried, all actual expenditures incurred and paid by Operator in settlement of any and all losses, claims, damages, judgments and any other expenses, including legal services, shall be charged to the joint account.

(11) District and Camp Expense:

(a) District Expense: A proportionate share of the salaries and expenses of Operator's district superintendent and other general district employees serving the joint property whose time is not allocated directly to the joint property, and a proportionate share of the expense of maintaining and operating a district office in conducting the management of operations on the joint property and other properties in the same locality owned and operated by Operator, such charges to be apportioned to such properties served on the following basis: On an equitable basis and consistent with Operator's accounting practices.

(b) Camp Expense: The expense of providing and maintaining on or in the vicinity of the joint property all necessary camps, housing facilities for employees and boarding employes, if necessary. When properties other than the joint property are served by these facilities, then an equitable distribution of expense, including depreciation, or a fair monthly rental in lieu of the investment, maintenance and operating cost of

buildings and other camp facilities, shall be prorated against all properties so served on the following basis: On an equitable basis and consistent with operator's accounting practices.

(12) (a) Field Office expenses incurred in operation the properties, but no General Office overhead expenses; provided, if Operator in its sold discretion should deem it necessary to employ a General Superintendent or a production Superintendent or a District Production Superintendent, to devote his entire time temporarily to said property, it may charge the joint account with a fair proportionate part of such Superintendent's salary and expenses, based on the time spent in connection with said property and the time spent on Operator's other business.

(b) In lieu of a charge for office overhead expense, a general charge shall be made against the joint account on the basis of One Hundred Dollars ($100.00) per month for each well while same is drilling, and Fifty Dollars ($50.00) per month for each well after same is drilled, and during the time it shall be either producing or worked on.

In connection with overhead charges, the status of wells shall be as follows:

(1) In put or key wells shall be included in overhead schedule the same as producing oil wells.
(2) Producing gas wells shall be included in overhead schedule the same as producing oil wells.
(3) Wells permanently shut down but on which plugging operations are deferred shall be dropped from overhead schedule at the time the shutdown is effected. When such wells are plugged, overhead shall be charged at the producing well rate during the time required for the plugging operation.
(4) Wells being plugged back or drilled deeper shall be included in overhead schedule the same as drilling wells.
(5) Wells which are shut down temporarily and later replaced on production. If and when a well is shut down (other than for proration) and not produced or worked upon for a period of a full calendar month, it shall not be included on the overhead schedule for such month.
(6) Salt water disposal wells shall not be included in overhead schedule.

The above specific overhead rates may be amended from time to time by agreement between Operator and Non-operator if in practive they are found to be insufficient or excessive.

(13) Warehouse Handling Charges: . . . . . .

(14) Any other expenditure incurred by Operator for the necessary and proper development, maintenance and operation of the joint property except that Operator shall not charge the joint account with any expenditure or contribution made by Operator towards employes stock purchase plan, group life insurance, pension, retirement, or bonus, other than such expenditures or contributions imposed or assessed by governmental authority.

II. BASIS OF CHARGES TO JOINT ACCOUNT

(1) Outside Purchases: All materials and equipment purchased and all service procured from outside sources shall be charged at their actual cost to Operator, after deducting any and all trade and/or cash discounts actually allowed off invoices, or received by Operator.

(2) New materials furnished by Operator (Condition "A"):

New materials transferred to the joint property from Operator's warehouse or other properties shall be priced f.o.b. the nearest supply store or railway receiving point at replacement cost of the same kind or materials. This will include large equipment such as tanks, rigs, pumps, boilers and engines. All tubular goods (2" and over) shall be charged, on the basis of mill shipment or carload price. Other materials, where the replacement cost cannot be readily ascertained, may, for the purposes of consistency and convenience, be charged on the basis of a reputable supply company's preferential list price f.o.b. nearest supply store or railway receiving point to the joint property prevailing on the date of transfer of the materials to the joint property.

In determining the value of any transferred materials, all special and preferential discounts shall be allowed but the regular cash discount shall not be considered.

(3) Secondhand materials furnished by Operator (Condition "B" abd "C"):

(a) Tubular goods (2" and over) fittings, machinery and other equipment which is in sound and serviceable condition at date of transfer, will be classed as condition "B" and charged at 75% of the price of new materials, in accordance with the provisions of Paragraph (2) above.

(b) Tanks, derricks, and buildings, or other equipment involving erection costs shall be charged on a basis not to exceed 75% of knooked-down new price for similar materials.

(c) Other secondhand materials, such as units of machinery or other equipment that is serviceable, but substantially not good enough to be considered first-class secondhand material when transferred to the joint property, shall be classed as condition "C" and charged at 50% of the new price.

(d) There may also becases where some items of equipment, due to their unusual condition, should be fairly and equitably priced by Operator.

(4) Warranty of Materials furnished by Operator: Operator does not warrant the materials furnished from its warehouse or other properties beyond or back of the dealer's or manufacturer's guaranty, and in case of defective materials,credit shall not be passed until adjustment has been received by Operator from the manufacturers of their agents.

(5) If materials required are not available in Operator's surplus stocks, Operator shall, whenever in its judgment it is practical to do so, give Non-operator opportunity of furnishing the materials required in proportion to his or its interest, provided that the same can be furnished at the time such materials are required and further provided that any such materials so furnished shall be in condition acceptable to Operator and shall be charged to the joint account on the same terms and conditions as are provided hereto to cover the furnishing of materials by Operator.

(6) Operator's Exclusively-owned Facilities;The following rates shall apply to service rendered to the joint property by facilities owned exclusively by Operator:

(a) Water service, gas, teaming, power, and compressor service: All at rates currently prevailing in the field where the joint property is located.

(b) Automotive Equipment: Rates commensurate with cost of ownership and operation and in line with schedule of rates adopted by the Petroleum Motor Transport Association as recommended uniform standardized charges against the joint account. Automotive charges will be based on use in actual service on or in connection with the joint property. Truck, tractor and pulling unit rates shall include wages and expenses of driver;

(c) A fair rate shall be charged for the use of drilling and cleaning-out tools and any other items of Operator's fully-owned machinery or equipment which shall be ample to cover maintenance, repairs, depreciation and the service furnished the joint property. Provided, however, that such charges shall not exceed those currently prevailing in the field where the joint property is located.

(d) Whenever requested, Operator shall inform Non-operator in advance of the rates it proposes to charge.

(e) Rates shall be revised and adjusted from time to time when found to be either excessive or insufficient.

III. DISPOSAL OF LEASE EQUIPMENT AND MATERIALS

1) Materials purchased by Operator shall be credited to the joint account and included in the monthly statement of operations for the month in which the materials are removed from the joint property.

2) Materials purchased by Non-operator shall be invoiced by Operator and paid for by Non-operator to Operator immediately following receipt of invoice and delivery of materials. Operator shall thereupon immediately pass credit to the joint account and include the same

in the monthly statement of operations for the month in which the materials were paid for by Non-operator.

(3) Division of materials in kind, if made between Operator and Non-operator, shall be in proportion to their respective interests in the joint property. Each party will thereupon be charged individually with the value of the materials received or receivable and corresponding credits will be made to the joint account by Operator, and both credits shall appear in the same monthly operating statement.

(4) Sales to outsiders of major materials shall be made only with the consent of Non-Operators as to both terms and price and where made the proceeds shall be credited by Operator to the joint account at the full amount collected from vendee. Any claims by vendee for defective materials or otherwise shall be charged back to the joint account, if and when paid by Operator.

IV. BASIS OF PRICING MATERIALS TRANSFERRED FROM JOINT ACCOUNT

Materials and equipment purchased by either Operator or Non-operator, or divided in kind between them, unless otherwise agreed, shall be valued on the following basis of condition and price: (New price as used in the following paragraphs shall have the same meaning and application as that used above in Section II; "Basis of Charges to Joint Account.")

(1) New Materials: (Condition "A") being new equipment or supplies purchased or procured for the joint property but never used thereon; at 100% of current new prices.

(2) Good Secondhand Materials: (Condition "B") being good serviceable materials which are further usable without repair, at:

(a) 75% ofcurrent new prices, if materials were new when originally charged to the joint property.

(b) 75% of current new price less depreciation consistent with their usage on and service to the joint property, if materials were originally charged to the joint property as secondhand at 75% of new prices.

(3) Other Used Materials: (Condition "C") being materials further usable for their original function only after repair and reconditioning; at 50% ofcurrent new prices.

(4) Bad Order Materials: (Condition "D") being materials not further usable for their original function but for possible other service; at 25% of current new prices.

(5) Junk: (Condition "E") being absolete and unserviceable materials; at prevailing junk prices in the district. Where practicable, junk should be disposed of at the joint property.

(6) Temporarily Used Materials: When the use of certain items of equipment on the joint property has been only temporary, and the time of actual use thereon does not justify the deduction of depreciation as listed in (a) and (b) of Paragraph (2) hereof, such materials will be priced on a basis that will leave a net charge against the joint account consistent with the service rendered and adequate for the time the materials were in use.

V. INVENTORIES

(1) Periodic inventories shall be taken by Operator of the materials and equipment on the joint property, which shall include such materials and equipment as are ordinarily considered controllable by operators of oil and gas properties.

(2) Notice of intention to take inventory shall be given by Operator to Non-operator a week before any inventory is to begin, so that Non-operator may be represented when any inventory is being taken.

(3) Special inventories shall be taken whenever there is any sale or change of interest in the joint property, and it shall be the duty of the party selling to notify the other party as qucikly as possible after the transfer of interest takes place. In such cases both the seller and the purchaser shall be represented and shall be governed by the joint

inventory.

(4) If the initial test on the joint property is a dry hole and no further tests thereon are immediately contemplated, Non-operator may require that an inventory be taken of all materials as soon as the casing has been recovered from the well and that the materials be classified before any materials are removed from the joint property by Operator or otherwise disposed of.

(5) Failure of non-operator to be represented at the physical inventory shall bind it to accept the inventory taken by Operator who shall in that event furnish Non-operator with a copy thereof.

(6) Reconciliation of inventory with charges to the joint account shall be made by each party at interest, and a list of overages and shortages shall be jointly determined by Operator and Non-operator.

(7) Inventory adjustments shall be made by Operator on the joint account for overages and shortages, but Operator shall only be held accountable to Non-operator for shortages due to lack of reasonable diligence.

S U C C E S S I O N	&	14TH JUDICIAL DISTRICT COURT
	&	
OF NO. 2081	&	PARISH OF JEFFERSON DAVIS
	&	
	&	STATE OF LOUISIANA
ALBERT SIDNEY JOHNSON, SR.	&	
J U D G M E N T 2	&	J U D G M E N T

The joint petition of MRS. OZELIA MCCAIN JOHNSON, WORRELL B. JOHNSON, MRS. GRACE JOHNSON MILLER, ALBERT SIDNEY JOHNSON, JR., MRS. ORA JOHNSON MIGUEZ, OGDEN W. JOHNSON, and of RAYMOND R. BRUCE, with exhibits annexed thereto, together with the order for rule issued herein directed to the Sheriff and Ex-Officio Tax Collector for the Parish of Jefferson Davis, State of Louisiana, to show cause why they should not be recognized as widow in community, forced heirs and legatees respectively of the decedent, Albert Sidney Johnson, Sr., and why they should not be recognized as owners of and sent into possession of all the property left by said decedent pursuant to the terms of said decedent's last will and testament as modified by that compromise agreement executed by said petitioners upon the payment of the inheritance taxes to the State of Louisiana, which should be fixed as set out in that statement marked "ExhibitC" and attached to said joint petition; the waiver by the said Sheriff and Ex-officio Tax Collector with his agreement as to the amount of inheritance taxes due herein, and his receipt evidencing payment of said amount all duly considered; and the Court believing the law and the evidence to be in favor thereof;

IT IS THEREFORE ORDERED, ADJUDGED and DECREED that the inventory of the property and effects left by the decedent, Albert Sidney Johnson Sr., taken by H. O. Lestage, Jr., Notary Public, for Jefferson Davis Parish, Louisiana, assisted by Hebert D. Tietje and Edward F. Simon, competent appraisers of said Parish, proces verbal of which is dated the 15th day of August, A. D., 1949, marked "ExihibitA", and attached to the foregoing joint petition by said widow, heirs and legatees of said decedent, be and the same is now approved and homologated, and all of the property therein described and valued is decreed to belong to the community of acquets and gains which existed between the decedent, Albert Sidney Johnson, Sr., and his widow, Mrs. Ozella McCain Johnson.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the renunciation of the office of Executor of the last will and testament of said decedent, by Worrell B. Johnson, be and the same is accepted; and an administration of the said last will and testament and said Succession is dispensed with.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that MRS. OZELLA MCCAIN JOHNSON, is recognized as the surviving widow in community of the decedent, Albert Sidney Johnson Sr.; that WORRELL B. JOHNSON, MRS. GRACE JOHNSON MILLER, ALBERT SIDNEY JOHNSON, JR. MRS. ORA JOHNSON MIGUEZ, and OGDEN W. JOHNSON are recognized as the children and sole and only forced heirs of said decedent, Albert Sidney Johnson, Sr.; and that the said widow and forced heirs of said decedent, together with RAYMOND R. BRUCE, stepson of said decedent, are recognized as the sole and only legatees named by said decedent, Albert Sidney Johnson, Sr., in his last will and testament; and that the compromise agreement entered into by and between the said Mrs. Ozella McCain Johnson and the said Raymond R. Bruce, as first parties, and the said Worrell B. Johnson, Albert Sidney Johnson, Jr., Mrs. Ora Johnson Miguez, Ogden W. Johnson, and Mrs. Grace Johnson Miller, as second parties, relative to the disposition of theproperty and effects left by the decedent, Albert Sidney Johnson Sr., and attached to the joint petition filed by said parties in this Succession, as "Exhibit B" be and the same is approved and made executory.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the inheritance tax due by the widow, forced heirs and legatees of said decedent, on the property inheritedand received by them from said defedent, in accordance with the provisions of his last will and testament as modified by

Due by Raymond ". Bruce, legatee and decendant by affinity,	None
Due by Worrell B. Johnson, forced heir and legatee,	$190.75
Due by Mrs. Grace Johnson Miller, forced heir and legatee,	190.75
Due by Albert Sidney Johnson, Jr., forced heir and legatee,	190.75
Due by Mrs. Ora Johnson Miguez, forced heir and legatee,	190.75
Due by Ogden W. Johnson, forced heir and legatee,	190.75
Total amount of inheritance tax due on said Succession	$953.75

and the same having been paid as evidenced by receipt of the Sheriff and ex-Officio Tax Collector for the Parish of Jefferson Davis, State of Louisiana, the saidrule nisi issued herein is now made absolute and the said widow, forced heirs, legatees and estate of the said decedent, Albert Sidney Johnson, Sr., are decreed free and exempt from the payment of any further inheritance tax to the State of Louisiana.

IT IS FURTHER ORDERED, ADJUDGED and DECREED that in accordance with the terms and provisions of the last will and testament of the decedent, Albert Sidney Johnson, Sr., as modifie by that compromise agreement entered into by the widow, forced heirs and legatees of said decedent and ordered confirmed and made executory, as aforesaid, the property and effects left by said decedent is decreed to be owned by said widow, forced heirs and legatees into which t are sent into possession as owners thereof, in the following proportions respectively, to-wit:

Unto the said Mrs. Ozella McCain Johnson, widow in community of the decedent, Albert Sid Johnson, Sr., an undivided one-half (1/2) of each of all the following described items of property, to-wit:

FIRST:

All that certain lot or parcel of land situated in the City of Jennings, Louisiana, beginning at a point 125.8 feet West of the Northeast corner of that certain tract of land containing 5.8215 acres and designated as "Lot-1" on the plat of the Residential Lands of Eugene Houssiere, deceased, made by Merrill Bernard, C. E., and recorded in Book 21 of Conveyances, page 593, Records of Jefferson Davis Parish, La., thence West along the West Line of Lot marked on said plat "J. M. Houssiere, 2.00 ac." (hereinafter referred to in this description as "said two acre lot") one Hundred forty-eight and 7/10 (148.7) feet to a point ten (10) feet East of the Northwest corner of said two acre lot; thence running South parallel with the West line of said two acre lot a distance of one hundred ninety-five (195) feet to a point; thence West parallel with the North line of said two acre lot ten (10) feet to the West line of said two acre lot; thence South along the West line of said two acre lot a distance of ninety-five (95) feet; thence East parallel with the North line of said two acre lot one hundred fifty-eight and 7/10 (158.7) feet to the East line of said two acre lot; thence North along the East line of said two acre lot, a distance of two hundred ninety (290) feet to point of beginning; being the same property acquired by Luther A. Williams and Mrs. Cora Alice Williams from Mrs. Jeanne H. Caraway et al by deed dated July 15, 1937, recorded in Book 73 of Conveyances, page 509, Records of Jefferson Davis Parish, Louisiana; together with the buildings and improvements thereon; and being the same property acquired by Albert Sidney Johnson Sr. from the said Mrs. Cora Alice Williams, born Clayton, widow of Luther A. Williams, deceased.

SECOND:

An undivided one-half (1/2) of the following:

duced therefrom, subject however, to that oil, gas and mineral lease dated May 12, 1945, granted by Albert Sidney Johnson and Adolphe C. Boudreaux, joined by his wife Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, Records of the Parish of Jefferson Davis, Louisiana, and later assigned; and together with that oil, gas and other mineral royalty right equal to three-thirty-seconds (3/32nds) or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains, 1,125.35 acres more or less, the whole of which tract of land is described as follows, to-wit:

(a) Section Thirty-nine (39) in Township Ten (10), South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section Thirty-nine (39); (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) west, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C. E., dated in 1921); including two tracts of prairie land alohg the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10), South of Range Two (2) West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on theWest, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First Exception" and "Second Exception", to-wit:

First Exception. That Ten acre parcel of land situated in Section Eighteen (18) Township Ten (10) South Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18) Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence, south 51°13' East 276.5 feet, thence South 53°00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10 - acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65°30' East 450 feet; thence South 84°00' East 250 feet; thence, leaving the River and running South 37°00' West 693.5 feet; thence, North 72°06' West 691.5 feet to lower side line of the Robira 10- acres; thence, following said line North 37°00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on theEast by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe

less situated in Section Eighteen (18), Township Ten (10), South, Range Two (2), West, and in Section Thirty-nine (39), Township Ten (10), South, Range Three (3), West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of theRecords of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence, South 37°, West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18) Township Ten (10), South, range Two (2), West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, south 53°, East 327.6 feet to a one-and-a-quarter (1-1/4")inch galvanized iron pipe; thence North 37° east 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence, North 53° West up the right descending bank of the Mermentau Rive, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

THIRD:

An undivided one-fourth (1/4th) of all the oil, gas and other minerals underlying or which may be produced from that tract of property located and situated in the parish of Jefferson Davis, State of Louisiana, described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10), South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence, South 37°, West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18) Township Ten (10), South Range Two (2), West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence, South 53°, East 327.6 feet to a one-and-a-quarter (1-1/4"Φ inch galvanized iron pipe; thence, North 37° East 726 feet to a one-and-a-quarter(1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence, North 53°, West up the right descending bank of the Mermentau Rive, 600 feet to a one-and-a-Quarter (1-1/4") inch galvanized pipe; thence, South 37° West 358 feet to the point of beginning and containing ten (10) acres.

FOURTH:

An undivided one-half (1/2) of the oil, gas and other minerals underlying or which may be produced from that ten acre tract of land located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, subject to that oil, gas and mineral lease dat May 12, 1945, granted by Albert Sidney Johnson and Adolphe 6. Boudreaux, joined by his wife Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, Page 522, Records of Jefferson Davis Parish, Louisiana, and later assigned; and together with that oil, gas and mineral royalty right equal to three-sixty-fourths (3/64ths) or .046875 of the whole of all oil, gas and other minerals which may be produced therefrom, the whole of which said ten acre tract is described as follows, to-wit:

Purchasers, Inc., and which ten (10) acres are further described, to-wit: Starting at the Northwest corner of Section Eighteen (18) Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two, (2) and Three (3) West; thence, South 51°13' East 276.5 feet; thence, South 53°00', East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10 - acre Tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 fe et; thence, South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' west 693.5 feet; thence, North 72°06' West 691.5 feet to lower side line of the Robira 10- acres; thence, following said line North 37°00' East 693.5 feet to place of beginning and containing ten (10) acres, as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

FIFTH:

COMPROMISE AGREEMENT

2

EXHIBIT B.

SUCCESSION OF : 14th JUDICIAL DISTRICT COURT
NO. 2081 : PARISH OF JEFFERSON DAVIS
ALBERT SIDNEY JOHNSON,SR. : STATE OF LOUISIANA

COMPROMISE AGREEMENT

This compromise understanding and agreement entered into by and between MRS. OZELLA MCCAIN JOHNSON, widow of Albert Sidney Johnson, Sr., and RAYMOND BRUCE, married to and abiding with Nelia Bruce, born Simoneaux, both residents of the Parish of Jefferson Davis, State of Louisiana, on the one part and hereinafter referred to as First Parties; and WORRELL B. JOHNSON, married to and abiding with Dora Cary, a resident of the Parish of Acadia, State of Louisiana, ALBERT SIDNEY JOHNSON, JR., married to and abiding with Marvel Andrus, MRS. ORA MIGUEZ, born Johnson, wife of Adam Miguez, OGDEN W. JOHNSON, married to and abiding with Mamie Clark, residents of the Parish of Jefferson Davis, State of Louisiana, and MRS. GRACE MILLER, born Johnson, widow by divorce of Ralph M. Miller, and a resident of the Parish of Calcasieu, State of Louisiana, parties on the other part, and hereafter called Second Parties, to-wit:

W I T N E S S E T H

WHEREAS, Albert Sidney Johnson, Sr., second husband of Mrs. Ozella McCain Johnson, one of the first parties herein and father of all of the second parties herein, departed this life testate, on the 17th day of April A. D., 1949, at his residence and domicile in the City of Jennings, Parish of Jefferson Davis, State of Louisiana, and

WHEREAS, the said Albert Sidney Johnson, Sr. was first married unto Mrs. Nannie Lee John born Haliburton, who died on the 12th day of January, A. D., 1928, leaving surviving her as issue of her marriage with the decedent, Albert Sidney Johnson, Sr., all of the persons named herein as Second Parties, and

WHEREAS, first party, Mrs. Ozella McCain Johnson was first married unto R. D. Bruce, of which marriage first party, Raymond R. Bruce was the sole survivhg issue, and

WHEREAS, the decedent, Albert Sidney Johnson, Sr., never adopted any person or persons and was himself never adopted by anyone, and

WHEREAS, the decedent, Albert Sidney Johnson,Sr., and Mrs. Ozella McCain Johnson, one of first parties, were married on the 6th day of July, A. D., 1929, and the ensuing marital relationship between the said decedent, Albert Sidney Johnson, Sr., and Mrs. Ozella McCain John carried with it the full benefits of the community of acquets and gains, and

WHEREAS, it is acknowledged by the first parties and second parties that between the time of the death of Mrs. Nannie Lee Johnson, first wife of the decedent, Albert Sidney Johnson, Sr. and the time of his, the said decendent's, Albert Sidney Johnson Sr.'s, second marriage unto Mrs. Ozella McCain Johnson, one of the first parties, the said Albert Sidney Johnson, Sr., acquired certain property, which by virtue of the bus iness operations by the said Albert Sidney Johnson, Sr., pursuant to his said second marriage, to a decree became mixed and confused with the property acquired during his said second ma riage which belonged to the community of acquets and gains which existed between the said Albert Sidney Johnson, Sr. and the said Mrs. Ozella McCain Johnson, making it most difficult to determine exactly the value of the separate property owned and held by the said Albert Sidney Johnson, Sr. on the 6th day of July, A. D., 1929, at the time of his second marriage and the establishment of the community of acquets and gains between him and the said Mrs. Ozella McCain Johnson, and

WHEREAS, the decedent, Albert Sidney Johnson, Sr. left a last will and testatement in the olographic form quoted in full as follows, to-wit:

This is my last will and testament and I hereby revoke all former wills and testament made by me. I hereby name and appoint my son, Worrell S. Johnson, as Executor of this my last will and testament, dispense him with furnishing bond as such and give him seizen of my estate as Executor from the moment of my death.

Whereas, I have on June 17, 1945, advanced to each one of my children and to my stepson, Raymond R. Bruce, the sum of $3,000.00 and have taken from each one of them a promissory note, it is my will that upon my death that each one of these notes shall be cancelled and the amount represents by each note is to be inherited by each one of my children and by my stepson, aforesaid.

This will more than cover the value of all property owned by me at the time of my second marriage, and therefore, all of the remainder of my property belong to the Community of Acquets and gains existing between myself and my wife Ozella McCain Johnson.

I give and bequeath to my beloved wife, Ozella McCain Johnson, the usufruct of my one-half interest in the Community existing between she and I during the remainder of her life or until she should contract another marriage, and if she should contract another marriage, then and in such event my one-half interest in the Community shall be paid over to my children.

Thus entirely written, dated and signed by me own hand on this 18th day of June, 1945.

A. S. Johnson,

which last will and testament was duly proven up on the 17th day of May A. D., 1949, before Honorable Preston L. Savoy, one of the Judges for the 14th Judicial District for the State of Louisiana, and which last will and testament according to the order of said Judgem dated the 17th day of May, A. D., 1949, was filed on the same day in the record of this Succession, to which reference is here made for all purposes, and

WHEREAS, on the 17th day of June, A. D., 1945, said decedent, Albert Sidney Johnson, Sr. advanced with community funds unto Raymond R. Bruce, one of first parties named herein and unto each and every one of second parties named herein, Three Thousand and No/100 Dollars ($3,000.00) in cash money of the United States of America for which each made a promissory note dated June 17, 1945, payable on demand unto the order of decedent, Albert Sidney Johnson, Sr., each of which said notes made no provision for payment of interest; and, as is acknowledged by each of said makers of said notes, all appearers herein, no payment whatsoever has been made thereon unto the said Albert Sidney Johnson, Sr., either of principal or of interest, and further, that each and everyone of said six notes remains outstanding and was in the possession of and owned by the decedent at the time of his death, as aforesaid, and

WHEREAS, as will appear by reading the said last will and testament left by the said decedent, the language thereof as regards said promissory notes, and particularly that contained in the fourth paragraph of said will, is confusing and subject to disagreement in that the testator would seem to indicate that the cancellation of said notes made by his five children and second parties herein would amount to a settlement with them as regards the separate property acquired by him, the said Albert Sidney Johnson, Sr., between the date of death of his first wife, and mother of second parties herein, and the date of his marriage unto his second wife, one of first parties herein, and,

WHEREAS, all parties hereto recognize that said notes are assets of the community of acquets and gains which existed between said decedent and appearer, Mrs. Ozella McCain Johnson, and that the decedent could dispose of only his one-half thereof, and

WHEREAS, the said indication in the decedent'ts last will and testament is further confusing with regard to the aforesaid language by virtue of the fact that said decedent made the same provision for the cancellation of the like note for Three Thousand and No/100 ($3,000.00) made

WHEREAS, there is sharp disagreement between first parties herein and second parties herein as to what would amount to a fair, just and equitable settlement unto second parties herein with respect to the separate property acquired by the decedent, Albert Sidney Johnson, Sr., between the dates of the death of his first wife and of his marriage unto his second wife as aforesaid, Mrs. Ozella McCain Johnson, the second wife and one of first parties herein, contending that the expression in the said last will and testament in the fourth paragraph thereof is a fair, just and equitable settlement and the five children of the said decedent, second parties herein, contending that their share should be far larger than that indicated in said last will and testament, and

WHEREAS, the decedent, Albert Sidney Johnson, Sr., in his said last will and testament provided that his second wife and one of first parties herein, Mrs. Ozella McCain Johnson, should receive the usufruct of his one-half (1/2) interest of the community property existing between the decedent and the said Mrs. Ozella McCain Johnson, during the remainder of her life or until she should contract another marriage, and

WHEREAS, the said Mrs. Ozella McCain Johnson, one of first parties herein, and second parties herein acknowledg that the said provision for the usufrust in favor of the said Mrs. Ozella McCain Johnson exceeds the disposable portion and therefore is subject to reduction, an

WHEREAS, the parties hereto acknowledge that they are further in sharp disagreement as to the portion of the property left by the decedent which might be brought under the usufruct of the said Mrs. Ozella McCain Johnson by virtue of the provisions of said testament, particularly by virtue of the fact that some of the immovable property belonging to the community of acquets and gains left by the decedent, is now and has been producing oil and gas or hydrocarbons since prior to the death of said decedent about which production there is considerable legal contention as to whether or not the same might be subject to the usufructuary disposition, and if so to what extent, and

WHEREAS, there is some possible argument and disagreement between the first parties and the second parties as to whether Worrell B. Johnson, one of second parties, named as executor of the last will and testament left by said decedent, Albert Sidney Johnson, Sr., is entitled to the commission or fee provided by the Civil Code of Louisiana for an executor, and

WHEREAS, realizing that impending litigation can and might result from disagreement between parties hereto as to the disposition of the property left by the decedent, and both parties balancing their hopes of winning such litigation as against danger of the loss and damages thereby entailed, have agreed to and do compromise their differences as regards the disposition and ownership of the property left by the said decedent, Albert Sidney Johnson, Sr. as hereinafter set out to-wit:

NOW THEREFORE, in consideration of the parties herein compromising their differences with regard to the disposition of the property left by the decedent, Albert Sidney Johnson, Sr. and in order to avoid litigation and the ensuing expenses entailed thereby should either first parties or second parties insist upon their ideas of proper disposition of said property, said parties do not and by this act and these presents agree with regard thereto, to-wit:

First. That all outstanding expenses of the decedent, Albert Sidney Johnson, Sr., such as funeral, doctor, medicine, court costs and others be paid out of the cash money left by the decedent; providing, that first parties will pay their attorney, Percy G. Smith, his fees and charges, and second parties will pay their attorneys, Lestage & Arnette, their fees and charges incurred in connection with the settling of this succession; and

Second. That all parties agree that the six promissory notes each for Three Thousand and No/100 ($3,000.00) one made by each of second parties herein, and one by Raymond R. Bruce and

to pay into the succession the full amount of principal and interest due on that promissory note dated February 4, 1947, for the principal sum of Two Thousand Five Hundred and No/100 Dollars ($2,500.00) together with four (4%) per cent per annum interest made by appearer Raymond R. Bruce and his wife, Mrs. Raymond R. Bruce, payable to the decedent, Albert Sidney Johnson, Sr., and

Third. That bank account standing in the name of Mrs. Ozella McCain Johnson in Jeff Davis Bank & Trust Company in the amount of One Thousand and No/100 Dollars ($1,000.00), carried on the inventory made of the property belonging to the said succession as item Number 16, together with those U. S. Treasury Bonds, Series "E" listed on said inventory of said succession effects as item Number 6, and all of the household goods and furniture listed on said inventory of said succession effects as item number 5, be considered as community property and treated as such, with the privilege of the said Mrs. Ozella McCain Johnson retaining any one or more items of said furniture and/or the automobile so inventories as she may choose at the price or prices listed in said inventory; and

Fourth. That each individual pay from his or her share of the estate any and all inheritance taxes due thereon to the State of Louisiana; and that second parties jointly pay any and all Federal Inheritance taxes which may be due on the decedent's share of the said estate to be received by them; and the said Raymond R. Bruce to pay any and all taxes, inheritance, gift, or otherwise, which may be due on account of the bequest made unto him and received by him as hereinabove provided.

Fifth. That appearer, Mrs. Ozella McCain Johnson, by this act and by these presents and as a part of this compromise agreement does hereby waive and renounce any and all claims, right or title to any usufruct on any portion of the decedent's Albert Sidney Johnson Sr.'s one-half (1/2) of the property received and to be received by second parties as herein provided; and the said Worrell B. Johnson likewise as a part of this compromise agreement agrees to and does waive any right or claim to any commission or fee by virtue of his nomination to the office of executor by the decedent, Albert Sidney Johnson, Sr., of his last will and testament, and

Sixth. Further, on account of the consideration herein receited and as a part and parcel of this compromise agreement, which is acknowledged to be a serious part of the consideration for this agreement, and without which the same would not be entered into, Mrs. Ozella McCain Johnson does by this act and these presents grant unto second parties or unto so many of them as may desire to take advantage thereof, the first privilege of purchasing her, the said Mrs. Ozella McCain Johnson's share in and to that real estate with all rights and privileges thereunto appertaining described hereinafter, at the price which she may be offered therefor, shpuld she or her heirs or legatees ever decide to sell the same. The said property to affected by this privilege is that located in the Parish of Jefferson Davis, State of Louisiana, and described, to-wit:

An undivided one-half (1/2) of the following:

That tract of property in Jefferson Davis Parish with all improvements thereon located and situated; together with all of the oil, gas and minerals underlying, or which may be produced therefrom, subject however, to that oil, gas and mineral lease dated May 12, 1945, granted by Albert Sidney Johnson and Adolphe C. Boudreaux, joined by his wife Rosa Castex Boudreaux, in favo r of M. N. Stafford, recorded in Book 110, page 522, Records of the Parish of Jefferson Davis, Louisiana, and later assigned; and together with that oil, gas and other mineral royalt right equal to three-thirty-seconds (3/32nds) or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres more or less, the whole of which tract of land is described as follows, to-wit:

(a) Section Thirty-nine (39) in Township Ten (10), South of Range Three (3) West,

(39); (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South, of Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof which was sold by Jean Castex and others to A. S.Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mean, C. E., dated in 1921); including two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10), South of Range Two (2) West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First" and "Second", to-wit:

First. That ten acre parcel of land situated in Section Eighteen (18) Township Ten (10), South Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described to-wit: Starting at the Northwest corner of Section Eighteen (18) Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanised iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence, South 51°13' East 276.5 feet; thence South 53°00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10 - acres tract for a point of beginning; thence, following the right bank of the Mermentau River South 65°30' East 450 feet; thence, South 84°00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72°06' West 691.5 feet to lower side line of the Robira 10 - acres; thence, following said line North 37°00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land bf Albert Sidney Johnson and Adolphe C. Boudreaux.

Second. That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10), South, Range Two (2), West, and in Section Thirty-nine (39), Township Ten (10), South, Range Three (3), West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts, by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township

inch galvanized pipe; thence, South 53° East 272.4 feet to the line between Section Eighteen (18) Township Ten (10), South, Range Two (2), West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence, South 53°, East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence, North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence, North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

It is acknowledged between the parties that the aforesaid privilege shall be subject to the following limitations and specifications to-wit:

(a) The privilege aforesaid will continue for a period of thirty years from the date of the death of the decedent to-wit: April 17, 1949, until April 17, 1979, unless before the expiration of that time all of said second parties should renounce the said privilege in writing or unless prior to the expiration at that time, all of the second parties should depart this life.

(b) It is further understood and agreed that the aforesaid privilege shall not extend to any other person or persons than unto the parties named herein as second parties, it being definitely agreed and understood that it shall not extend to their heirs, legatees, assigns, creditors, or successors,but is strictly personaly to the said individuals named and second parties herein.

(c) Further, it is understood and agreed by the parties hereto that this privilege shall only become operative in the event that Mrs. Ozella McCain Johnson, her heirs or legatees should desire to sell any part or all of said above described property; and, in that event she, her heirs or legatees, shall submit in writing unto each of the individuals named as second parties herein or so many of them as may be living at the time the submsision thereof is made, the proposition to sell such part of all of said property as she may so desire to dispose of giving the price and terms which she has beeh offered or expects to receive.

(d) That each and everyone of said individuals named as second parties herein shall within ten days from the date of presentation of said proposition to dispose of said property or any part thereof by the said Mrs. Ozella McCain Johnson, her heirs or legatees, either accept the proposition in writing or reject the same in writing. That should anyone or more, but not all of said second parties reject said privilege of purchasing his or her prorata share of said property to offered unto him or her or them, then the share or shares of those so rejecting the said offer shall accrue proportionately to anyone or more of said individuals named as second parties herein who may take advantage of said offer.

(e) It is understood and agreed and each of the individuals named herein as second parties binds and obligates himself or herself to promptly within ten days accept or refuse the said proposition which may be so made unto him or her by the said Mrs. Ozella McCain Johnson, her heirs or legatees, should she, her heirs or legatees decide to sell any portion or all of the said property, as aforesaid; and, that should anyone of the said individuals fail or refuse to either positively accept or positively refuse said offer within said ten day period, the said Mrs. Ozella McCain Johnson, her heirs or legatees shall have the prigilege after the expiration of the said ten day period of executing an affidavit reciting the offer so made to the individual or individuals, the delivery of notice thereof to said individual or individuals, the expiration of the ten day deliberation period, the failure or refusal of the individual or individuals concerned to accept or refuse the said offer in writing, and to place of record in the Conveyances Book of the Parish of Jefferson Davis, Louisiana, the original of said affidavit which shall

or all of said property, which the said individuals might have accepted but so failed to do, unto any other person, persons, association of persons or corporation at the same price or less than that so offered to said indivuduals named herein as second parties, as aforesaid, and so not aceepted by them; provided that the remainder of the individuals so named as second parties herein may purchase the share or shares of such individual or individuals among second parties herein who fail to accept the proposition in the manner aforesaid, if written notice to that effect is delivered to Mrs.Ozella McCain Johnson, her heirs or legatees within said ten day period.

(f) Further, after the acceptance is made by any one or more of said second parties for his, her or their share of all of said property to be sold by Mrs. Ozella McCain Johnson, her heirs or legatees, within the ten day period aforesaid, the said Mrs. Ozella McCain Johnson, her heirs or legatees, and those of second parties who so accept shall proceed to close said transaction in due course and promptly upon the seller or sellers furnishing evidence of merchantable title to the purchaser or purchasers.

Sixth. That all other property, rights and credits left by the decedent, Albert Sidney Johnson, Sr., not mentioned hereinabove, whether or not inventoried, shall be owned in the propertions of an undivided one-half (1/2) unto Mrs. Ozella McCain Johnson, as surviving widow in community with said decedent, and an undivided one-tenth (1/10th) each unto each of second parties, Worrell B. Johnson, Mrs. Grace Johnson Miller, Albert Sidney Johnson, Jr., Mrs. Ora Johnson Miguez and Ogden W. Johnson, as children and sole and only forced heirs of said deceder

Seventh. Notwithstanding any apparent contrary statement made in stipulation "Fourth" hereof, the parties hereto acknowledged and agree that the decedent's, Albert Sidney Johnson, Sr.'s, estate composed of both his half of the property belonging to the community which existed between him and the said Mrs. Ozella McCain Johnson and his separate property is that ar that only which is recived and inherited by the second parties herein; and that should the State or Federal inheritance tax or taxes be assessed on the decedent's property so as to include any other property then that received by the second parties herein as shown on "Exhibit C" attached to the joint petition of which this agreement is attached and as shown in the Succession judgment to be signed herein, the said Mrs. Ozella McCain Johnson binds and obligat herself to contribute in the payment of said inheritance tax or taxes in the proportion that such assessment is made against second parties for more than the property listed as received by them as aforesaid.

Eighth. Finally, all parties hereto agree and bind themselves to attache the original of this compromise agreement together with the original proces verbal of the inventory taken of t property and effects left by the decedent to a joint petition by the parties hereto, addressed to the Judges of the 14th Judicial District of Louisiana requesting that an administration of the property left by the decedent by appearer Worrell B. Johnson, nominated as executor, or by anyone else, be dispensed with; that the inventory of the property and effects left by the sai decedent taken by H. O. Lestage, Jr., Notary Public, assisted by Hebert S. Fietje and Edward F. Simon, competent Appraisers, the proces verbal of which is to be attached to the said petition, be homologated and approved; that a rule be issued to the Sheriff and Ex-Officio tax Collector of the Parish of Jefferson Davis, State of Louisiana, in order to fix the amount of inheritance taxes, if any, due by the parties hereto individually on the portion of said prope and effects of said decedent to be received by each of said parties; that the agreement be approved and made executory; and that the parties hereto be sent into possession of all the property and effects left by said decedent, and particularly that described in the inventory thereof as aforesaid in accordance with the last will and testament left by said decedent as

and Raymond R. Bruce, hereunto affixed before me, the undersigned Notary Public and in the presence of the two attesting competent witnesses at Jennings, Louisiana, on this the 12th day of September, A. D., 1949.

STERLING OIL & REF. CORP. / &
&
ASSIGNMENT &
&

For a sufficient consideration, receipt of which is acknowledged, COAST COMPANY, a Delaware corporation with a permit to do business in the State of Louisiana, hereby Grants, Conveys, Transfers and Assigns unto STERLING OIL & REFINING CORPORATION, a Texas corporation, its successors and assigns, subject to the further provisions hereof, an undivided one-fourth (1/4) interest and an undivided one-third (1/3) interest, respectively, in and to the two (2) oil, gas and mineral leases which are listed and described in Exhibit "A", and marked (a) and (b) respectively, hereto annexed and made a part hereof, covering lands in Jefferson Davis Parish, Louisiana, as therein described, and each renewal, extension and modification thereof (to each of which the records thereof reference is here made for all purposes) together with a like interest in all personal property owned or held in connection therewith.

This conveyance is made subject to all overriding royalties and production payments, if any, heretofore transferred and assigns by, or excepted and reserved in assignments to, COAST COMPANY and its predecessors in interest, all as more fully reflected in the transfers and assignments referred to, covering and which may affect the respective leases assigned hereby; but this conveyance covers and invludes all reversions and rights of reverte and interests which vest or become effective upon termination of any such overriging royalties or production payments. This conveyance is also made subject to, but covers all benefits, rights and obligations of Coast Company under, any and all pooling agreements or declarations, operating agreements and oil or gas purchasing agreements which may affect or cover said leases or any part thereof.

Oil or gas, of each thereof, is now being produced from the leases covered hereby, and assignee shall own, and be entitled to receive or receive payment for, all oil and gas produced from and after August 1, 1949, at 7:00 A. M.

The undersigned COAST COMPANY, for itself, its successors and assigns, COVENANTS and WARRANTS with and to STERLING OIL & REFINING CORPORATION, its successors and assigns, that it, the said COAST COMPANY, will warrant and forever defend the interests in said leases hereby conveyed unto Assignee, its successors and assigns, against all persons claiming or to claim the same or any part thereof, or interest therein, by, through or under the undersigned, but not otherwise.

IN TESTIMONY WHEREOF, the undersigned COAST COMPANY has caused these presents to be executed by its officers hereunto duly authorized, as of the 2 day of August, 1949.

TRANSCONTINENTAL GAS PIPE LINE COR.

RIGHT OF WAY

RIGHT OF WAY AGREEMENT

STATE OF LOUISIANA)
)
PARISH OF JEFFERSON DAVIS)

KNOW ALL MEN BY THESE PRESENTS: That the undersigned ADOLPH C. BOUDREAUX, WORRELL B. JOHNSON, ORA J. MIGNEZ, OZELLA McCAIN JOHNSON, A. S. JOHNSON, JR., ODGEN W. JOHNSON and MRS. GRACE J. MILLER (hereinafter called Grantor, whether one or more), for and in consideration of Three hundred and no/100 Dollars ($300.00) cash in hand paid, receipt of which is hereby acknowledged, does hereby grant, bargain, sell and convey unto TRANSCONTINENTAL GAS PIPE LINE CORPORATION, a Delaware corporation, its successors and assigns, (hereinafter called Grantee), a right of way and easement for the purposes of laying, constructing, maintaining, operating, repairing, altering, replacing and removing pipe lines (with valves, regulators, meters, fittings, appliances, tie overs, and appurtenant facilities) for the transportation of gas, oil, petroleum products, or any other liquids, gases, or substances which can be transported through a pipe line, the Grantee to have the right to select the route, under, over, through and across the lands of grantor, situated in the Parish of Jefferson Davis, state of Louisiana, described as follows:

Section 39, T 10 S, R 3 W, La Merd. except that portion lying in triangular form West of the East boundary line of Section 14, if extended through said Section 39; and Section 17, T 10 S, R 2 W, less and except 328 acres, more or less, of swamp land lying in the East portion thereof, and being all or part of the property acquired on 9-20-49 as per deed recorded in Conv. Bk 142, page 436 Public Records of Jefferson Davis Parish, Louisiana.

There is included in this grant the right, from time to time, to lay, construct, maintain operate alter, repair, remove change the size of, and replace one or more additional lines of pipe approximately parallel with the first pipe line laid by Grantee, hereunder; but any such additional line so laid the grantee shall pay grantor, or the depository hereinafter designated a sum equivalent to One Dollar ($1.00) per lineal rod of such additional line, or such proportionate part thereof as Grantor's interest in said lands bears to the entire fee, within sixty (60) days subsequent to the completion of the construction of such additional line.

The grantee shall have all other rights and benefits necessary or convenient for the full enjoyment or use of the rights herein granted, including, but without limiting the same to, the free and full right of ingress and egress over and across said lands and other lands of the Grantor to and from said right of way and easement, and the right from time to time to cut all trees, undergrowth and other obstructions that may injure, endanger or interfere with the construction operation, maintainance and repair of said pipe lines. The Grantee shall have the right to assign this grant in whole or in part.

TO HAVE AND TO HOLD said right of way and easement unto said Grantee, its successors and assigns, until such first pipe line be constructed and so long thereafter as a pipe line is

premises unto the Grantee, its successors and assigns, against every person whomsoever lawful claiming or to claim the same or any part thereof.

The grantee agrees to bury all pipe lines so that they will not interfere with the culti ation of the land, andalso to pay for any damage to fences, improvements, growing crops and timber which may arise from laying, constructing, alte ing, repairing, removing, changing the size of and replacing such pipe lines; said damage if not mutually agreed upon, to be ascertai and determined by three disinterested persons; one to be appointed by the undersigned grantor his successors, heirs or assigns; one by the grantee, its successors or assigns; am the thir by the two persons aforesaid, and the written award of such threepersons, or any two of them, shall be final and conclusive.

Any payment hereunder may be made direct to the grantor, or at the option of grantee, such payments may be made by depositing the same in Calcasieu Marine Bank, at Jennings, La. to the joint credit of grantor, said bank, and its successors,being hereby designated as the depository for such purpose, irrespective of any future change in the ownership of the lands hereinabove described. Should there be any change in the ownership of the said lands, then such deposit may be made in the aforesaid depository to the credit of those acquiring said la but no change in ownership of said lands shall be binding upon grantee until the muniment of title by which such change becomes effective has been placed of record in the Parish wherein such lands are located and a certified copy thereof delivered to Grantee.

It is agreed that this grant covers all the agreements between the parties and no repre ations or statements, verbal or written, have been made, modifying, adding to or changing the terms of this agreement.

IN TESTIMONY WHEREOF, the grantors herein have executed this conveyance this 7th day of November, 1949.

STERLING OIL & REFINING CO.

TO

STERLING OIL AND GAS CO.

CHANGE OF NAME

STATE OF TEXAS
COUNTY OF HARRIS

KNOW ALL MEN BY THESE ORESENTS, That

We, Walter G. Sterling, President, and Freda Dumbeck, Secretary, respectively, of STERLING OIL & GAS COMPANY, formerly STERLING OIL & REFINING CORPORATION, do hereby make the following statement and certificate, to-wit:

At a meeting of the Stockholders of STERLING OIL & REFINING CORPORATION, duly convened and held in the office of said corporation in Houston, Texas, on April 10, 1950, at which meeting a quorum was present, a majority of the stockholders of STERLING OIL & REGINING CORPORATION voted unanimously to change the name of the corporation to STERLING OIL & GAS COMPANY, and instructed the directors and officers of the corporation to certify to and file with the Secretary of State of the State of Texas an amendment to the charter of STERLING OIL & REFINING CORPORATION showing such change of name, and to take such other action as might be necessary to accomplish such purpose.

The certificate showing such charter amendment and such change of name was signed April 10, 1950, by a majority of the Board of Directors and was filed in the office of the Secretary of State of the State of Texas April 12, 1950, being Ledger No. 27767.

That with the filing of such amendment changing the name of STERLING OIL & REFINING CORPORATION to STERLING OIL & GAS COMPANY, the title of all property of every kind and character fomerly belonging to STERLING OIL & REFINING CORPORATION remains the property of the same corporation but is now owned and held under the new name of STERLING OIL & GAS COMPANY, and to such extent, if any, as may be necessary, this instrument shall operate to change the record title from the one name to the other so that hereafter all property of the corporation shall be dealt with owned, transferred, assigned or otherwise handled under the name STERLING OIL & GAS COMPANY.

WITNESS our hands at Houston, Texas, this 25th day of April, 1950.

SUCCESSION OF BERT FLANDERS, JR.
JUDGMENT

CIVIL DISTRICT COURT FOR THE PARISH OF ORLEANS
STATE OF LOUISIANA
NO. 283,412 DIVISION "A"
SUCCESSION OF BERT FLANDERS, JR.

J U D G M E N T

In this matter submitted for adjudication the Court considering the last will and testament of the deceased and the law applicable to the case and being of the opinion that the petitioner is entitled to the decree prayed for:

IT IS ORDERED, ADJUDGED AND DECREED that petitioner, Mrs. Martha Manning Flanders, be recognized as the surviving spouse in community and that as such she is hereby sent and put in possession of an undivided one-half of all of the community property left by the decedent, Bert Flanders, Jr., and hereinafter described.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that petitioner, Mrs. Martha Manning Flanders be recognized as residuary legatee under the last will and testament of the decedent, Bert Flanders, Jr., and that as such she is hereby sent and put in possession of an undivided one-third of the separate property of the decedent hereinafter described, and to an undivided one-third of decedent's one-half of the community property hereinafter described.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the minors, Mary Cath erine Flanders, Martha Ann Flanders, and Bert Flanders III, appearing herein through petitioner, Mrs. Martha Manning Flanders, their duly qualified Natural Tutrix be recognized as the sole and only heir of their deceased father father and that as such are hereby sent and put in possession of an undivided two-thirds of decedent's separate estate hereinafter described and to an undivided two-thirds of decedent's one-half of the community property hereinafter described.

JEFFERSON DAVIS PARISH

COMMUNITY PROPERTY

(1) An undivided 20% interest in and to an oil, gas and mineral lease executed by Albert Sidney Johnson and Adolphe C. Boudreaux, joined by his wife, Mrs. Rose Castex Boudreaux, as Lessors, in favor of M. N. Stafford, as Lessee, under date of May 12, 1945, recorded under File No. 149166 in Conveyance Book 110, at Pages 522, et seq. of the Conveyance Records of Jefferson Davis Parish, Louisiana, covering the following described land situated in the Parish of Jefferson Davis, Louisiana:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West, Louisiana, Meridian, except that portion lying in triangular form West of the East Boundary line of Section 14 if extended through said Section 39, (b) Lot 2 or Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less, of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A.S. Alston & Co, on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E.J. Mead, D. E., dated in 1921, it being understood, however, that there is included in this lease two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section 39 on the West and the Mermentau River on the East; all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. There is excepted from the above description and from this lease that certain tract of land comprising

10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by Lessors herein to Fred Shutts by deed which was dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of Jefferson Davis Parish, Louisiana, and more particularly described in said deed,

said lease being subject to an overriding royalty interest of 1/96th each in favor of H. B. Tietje, M. N. Stafford and Walter Grapes, and also subject to a certain operating agreement entered into on the 3rd day of September, 1948, by and between the various owners of said lease.

THE UNDIVIDED 20% INTEREST IN ABOVE DESCRIBED LEASE was recognized by judgment of the Civil District Court for the Parish of Orleans, State of Louisiana, rendered under date of July 14, 1948, in Proceedings No. 283,412, entitled "Succession of Bert Flanders, Jr.", said judgment being recorded in the Conveyance Records of Jefferson Davis Parish, Louisiana, in Book 134, Page 600, File #169446.

(2) An undivided 5% interest in and to an oil, gas and mineral lease executed by William L. Trimble, as Lessor, in favor of Alfred Lamson, as Lessee, under date of January 16, 1947 recorded under File No. 160004 in Conveyance Book 124, at Page of the Conveyance Reco Jefferson Davis Parish, Louisiana, covering the following described land situated in the Parish of Jefferson Davis, Louisiana:

245 acres, more or less, being the S½ of the N½ of Section 2 and the S½ of the NE¼ Section 3, all in Township 8 South, Range 4 West, Jefferson Davis Parish, Louisiana less and except the West Half of South Half of North Half (S½ of NW ¼) of Section 2, and the South Half of Northeast Quarter (S½ of NE¼) of Section 3, Township 8 South Range 4 West, Jefferson Davis Parish, Louisiana, which said portion was released fr said lease by an act of release executed by the various owners of said leases;

said lease being subject to an overriding royalty interest now owned by Alfred Lamson of 1/64th of 8/8ths of all the oil, gas and other minerals saved and produced therefrom.

The SE¼ of the NE¼ of Section 2, Township 8 South, Range 4 West is included in the "H. J. Shoesmith Unit" of 315 acres, in the China Area, Jefferson Davis Parish, Louisiana, which Unit was established by Order No. 132 of the Conservation Department of the State of Louisiana, dated March 27, 1947, providing special rules and regulations governing productio of gas and condensate, or either of them from the 9200 foot sand of the China Field, and any extensions thereof, Jefferson Davis Parish, Louisiana.

Said lease is subject to the terms of that certain Unitization Agreement entered into by and between the owners of said lease, and is also subject to the terms of that certain Operating Agreement dated March 1, 1948, entered into by and between the various owners of said lease.

THE UNDIVIDED 5% INTEREST IN ABOVE DESCRIBED LEASE acquired from Alfred Lamson by Assignment executed under date of June 15, 1948, but as of February 24, 1947, and recorded under File No. 169304 in Conveyance Book 134, at Page 487 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

(3) An undivided 5% interest in and to an oil, gas and mineral lease executed by Harold J. Shoesmeith, as Lessor, in favor of the Continental Oil Company, as Lessee, under date of August 24, 1943, recorded in Conveyance Book 101, at Page 66 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar as said lease covers and affects the following described land situated in the Parish of Jefferson Davis, Louisiana:

S½ of the NW¼ of Section 1, Township 8 South, Range 4 West,

said lease being subject to an overriding royalty interest now owned by the Continental Oil Company of 3/64ths of 8/8ths of all the oil, gas and other minerals saved and produce from said land, and an overriding royalty interest now owned by H. B. Tietje of 1/64th o

of 8/8ths of all the oil, gas and other minerals saved and produced from said lands.

ROYALTY INTERESTS

(4) An undivided 40% of the following described Royalty Interests:

(a) One/two hundred fifty-sixths (1/256ths) of the whole of any oil, gas or other minerals in, under or upon or to be produced from the following described property: NE¼ of SW¼ of Irregular Section 25, Township 7 South, Range 3 West; being one-half (1/2) of the interest acquired by Grantor from O. A. LaHaye, and recorded in Book 107, at Page 154, as Original Act 146572, records of Jefferson Davis Parish, Louisiana.

(b) One/two hundred fifty-sixths (1256ths) of the whole of any oil, gas or other minerals in, under, upon or to be produced from the following described property, to-wit:
Tract 1; N 1/2 of Section 39, Township 7 South, Range 3 West, Jefferson Davis Parish, Louisiana, containing 179 acres, more or less, bounded North and West by Section Line; East by Township line; and South by Joseph Landry. The South line of above described lease shall be parallel to South line of said Section 39.
Tract 2: A certain tract of land containing 26.75 acres, more or less, located in the W 1/2 of NW 1/4 of Section 36, Township 7 South, Range 3 West, Jefferson Davis Parish, Louisiana, being bounded north by Mrs. W. C. Peters; West by Section Line; South by Joseph Landry; and East by Mrs. W. C. Peters.
Tract 3: A certain tract of land containing 12 acres, more or less, located in the SW 1/4 of Section 36, Township 7 South, Range 3 West; Jefferson Davis Parish, Louisiana, being bounded North by Joseph Landry and Mrs. W. C. Peters; South by Eva and Arcole Mayers; and East and West by Section line.
Tract 4: S 1/3 of the NE 1/4 of Section 35, Township 7 South, Range 3 West, Jefferson Davis Parish, Louisiana. Said tract contains 54.16 acres, being bounded North by Mrs. W. C. Peters et al; East by Section Line; South by Zannie Janice; and West by Zannie Janice and/or Public Road.
Being one-half (1/2 of the same interest acquired by Grantor from O. A. LaHaye, September 26, 1944, and recorded in Book 107, at Page 155, as Original Act 146573, Conveyance Records of Jefferson Davis Parish, Louisiana.

(c) One/two thousand forty-eighth (1/2048th) of the whole of all of the oil, gas, or other minerals in, under, upon and to be produced from the following described property, to-wit:
The S 1/2 of Section 38, Township 7 South, Range 3 West of the Louisiana Meridian, and the S 1/2 of that part of Section 31 in Township 7 South, Range 2 West of the Louisiana Meridian lying West of Bayou Nez Pique, containing 700 acres, more or less, all in what is known as the Pierre Chretien Grant.
Being one-fourth (1/4th) of the royalty interest acquired by Grantor from Mrs. Mazie Miller and Marie Mazie Miller, September 26, 1944, and duly recorded in the Conveyance records of Jefferson Davis Parish, under date of September 30, 1944.

(d) One/one hundred ninety-second (1/192nd) of the whole of any oil, gas and other minerals, in, under, upon or to be produced from the following described property, to-wit: NE 1/4 of the NW 1/4 of Irregular Section 36, E 1/2 of SW 1/4 of SW 1/4, N 1/2 of SE 1/4 of SW 1/4 and Lots 6, 7, 9 and 10 in the S 1/2 of the NE 1/4 and E 1/2 of SE 1/4 of Irregular Section 25, all in Township 7 South, Range 3 West.
Being one-third (1/3rd) of the royalty interest acquired by Grantor from F. E. Landry et al., February 26, 1944, and recorded in Book 106 at Page 418, as Original Act No. 146296, Conveyance Records of Jefferson Davis Parish, Louisiana.

Jefferson Davis Parish cont'd

STERLING OIL & GAS COMPANY

TO

TENNESSEE PRODUCTION CO.

CHANGE NAME

STATE OF TEXAS
COUNTY OF HARRIS

KNOW ALL MEN BY THESE PRESENTS, That We, R. G. RICE, President, and W. D. WALSER, Secretary respectively, of TENNESSEE PRODUCTION COMPANY, formerly STERLING OIL & GAS COMPANY, do hereby make the following statement and certificate, to wit:

At an adjourned meeting of the stockholders of STERLING OIL & GAS COMPANY, duly convened and held in the office of said corporation in Houston, Texas, on June 4, 1951, at which meeting a quorum was present, a majority of the stockholders of STERLING OIL & GAS COMPANY voted unanimously to change the name of the corporation to TENNESSEE PRODUCTION COMPANY' and instructed the directors and officers of the corporation to certify to and file with the Secretary of State of the State of Texas an amendment to the charter of STERLING OIL & GAS COMPANY showing such change of name, and to take such other action as might be necessary to accomplish such purpose.

The certificate showing such charter amendment and such change of name was signed June 4, 1951, by a majority of the Board of Directors and was filed in the office of the Secretary of State of the State of Texas June 6, 1951, being Ledger No. 27767.

That with the filing of such amendment changing the name of STERLING OIL & GAS COMPANY to TENNESSEE PRODUCTION COMPANY; the title of all property of every kind and character formerly belonging to STERLING OIL & GAS COMPANY remains the property of the same corporation but is now owned and held under the new name of TENNESSEE PRODUCTION COMPANY, and to such extent, if any, as may be necessary, this instrument shall operate to change the record title from the one name to the other so that hereafter all property of the corporation shall be dealth with, owned, tra

ferred, assigned or otherwise handled under the name TENNESSEE PRODUCTION COMPANY.

WITNESS our hands at Houston, Texas, this 18th day of June, 1951.

/s/ R. G. RICE, President /s/ W. T. HAIST, Secretary

STATE OF TEXAS
COUNTY OF HARRIS

BEFORE ME, the undersigned authority, on this day personally appeared R. G. RICE, President, and W. T. HAIST, Secretary, of TENNESSEE PRODUCTION COMPANY, formerly STERLING OIL & GAS COMPANY, known to me to be the persons and officers whose name are subscribed to the foregoing instrument and acknowledged to me that the same was the act of the said TENNESSEE PRODUCTION COMPANY, formerly STERLING OIL & GAS COMPANY' a corporation, and that they executed the same as the act of such corporationfor the purposes and consideration therein expressed, and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 18th day of June, 1951.

TENNESSEE PRODUCTION COMPANY
(a Texas Corporation)

T O

TENNESSEE PRODUCTION COMPANY
(a Corporation of Delaware)

SALE

THE STATE OF TEXAS)
KNOW ALL MEN BY THESE PRESENTS:
COUNTY OF HARRIS)

That,

TENNESSEE PRODUCTION COMPANY, a Texas Corporation hereinafter called "Grantof", for and in consideration of the sum of Ten ($10.00) Dollars and other good and valuable considerations to it paid by TENNESSEE PRODUCTION COMPANY, a Corporation organized and existing under and by virtue of the laws of the State of Delaware, hereinafter called "Grantee", and the further consideration that Grantee has assumed, and by these presents does assume, all the outstanding debts, liabilities and obligations of Grantor, wherever located, and whatever kind and character, the adequacy of all of which consideration is hereby acknowledged, has GRANTED, BARGAINED, SOLD, ASSIGNED and CONVEYED, and by these presents does GRANT , BARGAIN, SELL, ASSIGN and CONVEY unto the said Grantee, all of the following described property, to-wit:

1. The entire interest of Grantor in and to, any and all real property, or any interest therein, including , but not by way of limitation, land and interests in land owned by Grantor, if fee, or otherwise, the mineral lease hold, estates, royalty interests, overriding royalty interests, interests in production of oil, gas and other minerals, wheresoever situated in the States of Texas, Louisiana, Arkansas, Mississippi, Tennessee, Kentucky, Ohio, West Virginia, New Mexico, and in the Dominion of Canada, as well as all reversions and rights of reverter, and interests in lands and leases which will vest or shall become effective upon the termination of any overriding royalty or production payment presently affecting any such lands and leases.

All Grantor's interest in all of the oil, gas and other wells (whether such wells are producing wells, or non-producing wells, or are shut-in, or plugged, or abandoned, or plugged and abandoned, or are input wells, or otherwise), located in land included, or purported to be included , in the properties hereby conveyed, and all fixtures, equipment and personal property now existing in any and each such well and all fixtures,equipment and personal property of every kind and character now existing on or above the surface of any of the said land, and used procured for use, or appertaining to the said wells, or the processing operations, storage or transportation of oil, gas or other hydrocarbons produced, or that may be produced from said properties, including, but in no wise limited to, buildings, derricks, tanks, casing, tubing Christmas trees on or attached to wells, connections, sucker rods, pump rods, pumps,valves, fittings, pits, compressors, pipes, flow lines, and similar equipment , warehouses, stocks. in warehouses, trucks, cars, rolling stock and surplus equipment , drilling equipment , pipelines, gathering lines, lateral lines, water lines, water wells, storage tanks, separators, plants, interests in plants, and all and any other material or equipment not herein specifically listed and including,but in no wise limited to all wells, plants, material, pipe and equipment incident to repressuring and pressure maintenance and the processing of oil or gas.

All of Grantor's interest in easements, right of ways or easements agreements, construction rights, licenses, permits, immunitite, grants and consents and servitudes of whatever nature, for and in connection with the development , maintenance, operation and/or improvement of any land , zones, or leases covered by, or included in, or purported to be covered by, or included in the properties herein conveyed, or for ingress or egress thereto or therefrom and/or the laying construction, maintenance, operation, repair and/or removal of pipelines, gathering lines, connections lateral lines, equipment, compressors, tanks, pits, and/or any appurtenant facilities of any and every description.

2. All the personal property of every name, nature and description owned by Grantor, where-

ever located within the continental limits of the United States or within the Dominion of Canada, and including all machinery , equipment and fixtures, fixed or movable , all oil,gas, or other hydrocarbons in storage tanks, or in transit, and all supplies, stores and furniture, files, maps, logs and records, wherever located, and whether in the hands of Grantor or any of its agents or employees, or in the hands of others.

3. All cash on hand and all bills,notes, accounts receivable and other evidences of indebtedness of Grantor from whomsoever due and wheresoever evidences thereof, if any, may be held.

4. All stock, securitite, or evidenfes of interest and participation in any company, corporation or association organized or existing under the laws of any State or Territory of the United States of America, or the laws of any province of the Dominion of Canada, held and owned by Grantor.

5. All contracts, contract rights of action, vouchers and things, in action whatsoever of Grantor, pertaining to its said business in the United States of America and Dominion of Canada, and also all other property and rights of every name and description of whatever nature of Grantor, except its corporate franchises.

It is the intention of Grantor and of this instrument to convey and grant and Grantor does hereby convey and grant unto the Grantee, all of Grantor's assets and property, real, personal or mixed, tangible or intangible, of record or not of record, and wheresoever situated.

The properties hereinabove described are conveyed by Grantor and accepted by Grantee, subject to:

(a) With respect to the particular items of properties affected thereby, all existing easements and right of ways owned by persons other than Grantor, in , across or under the properties hereinbefore described, for the laying , erection or maintenance of public roads, pipelines, railroads, telephone or other facilities;

(b) With respect to the particular items of property affected thereby, all valid and subsisting oil, gas or mineral leases, unitization agreements, pooling agreements, operating agreements, contracts for the sale of oil, gas, liquid hydrocarbons or other mineral substance

(c) With respect to the particular leases described in Exhibit"A" hereto attached and made a part hereof by reference, that certain Deed of Trust dated November 6, 1950, wherein Sterling Oil & Gas Company, a Texas Corporation, is Grantor, and Lowell E. Ullery is Trustee fo the use and benefit of The Chase National Bank of the City of New York, which said Deed of Trust is of record in each of the Counties where the property described in Exhibit "A" is located.

(d) With respect to the particular leases described in Exhibit"B" hereto attached and made a part hereof by reference, that certain Supplemental Deed of Trust dated January 4, 1952, in which Tennessee Production Company, is Grantor , and Lowell E. Ullery is trustee for the use and benefit of The Chase National Bank of the City of New York, which Deed of Trust is of record in each of the Counties where the property described in Exhibit "B" is located.

(e) With respect to the particular leases described in Exhibit "C" hereto attached and made a part hereof by reference, that certain Conveyance of a Production Payment dated Decembe 28, 1951, wherein Tennessee Production Company is Grantor and Oil Payment Purchasing Company Inc.,is Grantee, such Conveyance of Production Payment being of record in each of the Counties where the properties described in Exhibit "C" are located.

(f) With respect to the particular leases described in Exhibit "D" hereto attached and made a part hereof by reference , that certain Production Payment Agreement dated December 4,1950, executed by Frank Frankel and wife, Pearl Frankel, in favor of Janad,Inc., a Texas Corporation which Production Payment Agreement is recorded in each of the Counties where the property described in Exhibit "D" is located.

TO HAVE AND TO HOLD the properties, estates and interests hereby conveyed unto the said Grantee, its successors and assigns, forever, subject, nevertheless, to all of the foregoing.

This conveyance is made with full substitution and subrogation of Grantee in and to all covenants of warranty by others heretofore given or made in respect to the properties hereby conveyed.

This instrument is dated February 26, 1952, at 8:00 o'clock A. M., and has been executed on the date of the acknowledgments hereof and is intended to take effect upon the deliv ry hereof; and all purchasers of production are directed to make payment of the proceeds of runs for the month of February, 1952, to Grantor; and Grantor agrees to account to Grantee out of the proceeds from said properties received by it for four-twenty-ninths (4/29) of the February runs after deducting four-twenty-ninths (4/29ths) of the February operating expenses with respect to such properties and four-twenty-ninths (4/29ths) of the February production and severance taxes applicable thereto.

This instrument has been executed in multiple counterparts and all such counterparts executed and delivered shall each be considered as an original and shall constitute but one and the same instrument.

Grantee joins in the execution of this instrument of conveyance to evidence its assumption and agreement to pay and discharge all of the debts,liabilities and obligations of Grantor and to further evidence its acceptance of the properties, interests and estates hereby conveyed.

IN WITNESS WHEREOF, Grantor and Grantee, have executed this instrument on or as of the 26th day of February, A. D.,1952.

MRS. ANNA S. ARCENEAUX

T O

CHAS. H. LAWRENCE, JR.

LEASE

OIL GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effectibe as of February 6th., 1952 by and between MRS. ANNA S. ARCENEAUX,nee Unkel, living and abiding with her first and only husband,Dr. R. R. Arceneays, who joins and duly authorizes his wife herein; Address: 510 South Adams, Street,Welsh, Louisiana, herein called"Lessor"(whether one or more) and CHAS. H.LAWRENCE, UR., P.O. BOX 218, Lake Charles, Louisiana, hereinafter called "Lessee", wotnesseth, that:

Lessor, in consideration of the sum of ONE HUNDRED AND NO/100 ($100.00) , hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil,gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals(either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder or in connection with similar operations on adjoining land, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows,to-wit:

The Northeast Quarter of the Southwest Quarter (NE¼ of SW¼) of Section 17, Township 8 South, Range 6 West.

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights titles, and interest in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise (40.00) acres, whether it actually comprises more or less.

This lease shall be for a term of Five (5) years and no months from date hereof(called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on February 6th, 1953, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of FIVE AND NO/100 Dollars ($5.00) per acre for all or that part of the land which lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods(during the primary term) by paying Lessor, on or before the beginning of such respective periods FIVE AND NO/100 Dollars ($5.00) per acre for all or that part of the land held hereunder, Payments may be made to the Lessor or may be mailed or delivered for deposit to Lessor's credit in the Calcasieu-Marine National Bank of Welsh, Louisiana, which Bank or

SUCCESSION

OF

ADOLPH C. BOUDREAUX

JUDGMENT

SUCCESSION NO. 2905

ADOLPH C. BOUDREAUX

15TH JUDICIAL DISTRICT COURT OF LOUISIANA PARISH ACADIA

J U D G M E N T

This matter coming up for hearing on the petition of the surviving spouse of Adolph C. Boudreaux, deceased, to have herself recognized as such and to have the heirs of the said Adolph C. Boudreaux also recognized as such and placed in possession of his estate, and on the rule taken against the Sheriff and Ex-Officio Tax Collector of Acadia Parish, Louisiana, to show cause, if any he can, why the inheritance tax as set forth in the petition should not be decreed the true and correct amount due and the evidence warranting, it is therefore:

ORDERED, ADJUDGED AND DECREED that the rule taken herein against the Sheriff and Ex-Officio Tax Collector of Acadia Parish, Louisiana, be and the same is hereby made absolute and accordingly, the amount of inheritance tax due by Beulah Blanche Boudreaux Boudier, Mark A. Boudreaux, Castex M. Boudreaux and James L. Boudreaux, as the heirs of Adolph C. Boudreaux, deceased, is hereby fixed at the sum of THIRTY NINE AND 51/100 ($39.51) DOLLARS, as the amount due by each of the four heirs, which amounts are shown to have been paid in full by them as per receipt filed herein.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that there be judgment recognizing Rose Castex Boudreaux as the surviving spouse in community with the deceased, Adolph C. Boudreaux, and, as such, entitled to the ownership and placed in possession of an undivided one-half interest in all of the property that belonged to the community that existed between her and thesaid Adolph C. Boudreaux, deceased, and particularly the property hereinafter described and with the usufruct of the other undivided one-half interest, and that Beulah Blanche Boudreaux Boudier, Mark A. Boudreaux, Castex M. Boudreaux and James L. Boudreaux, be recognized as the sole and only children and heirs of their deceased father, Adolph C. Boudreaux, and as such, entitled to the ownership and are hereby placed in psssession of an undivided one-eighth interest each in all of said community property subject to the usufruct of their mother, Rosa Castex Boudreaux, and particularly the following property, to-wit:

PROPERTY SITUATED IN JEFFERSON DAVIS PARISH, LOUISIANA:

1. Lots Ten (10) and Eleven (11) of Block Six (6) of Richard Subdivision of Lot Three (3) of Section Fourteen (14), Township Ten (10) South, Range Two (2) West, La. Mer., situated in Jefferson Davis Parish, La., together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from John Campbell by deed bearing file No. 78142, recorded in Conveyance Book No. 48, at page No. 522, records of Jefferson Davis Parish, La.
2. An undivided one-half interest in and to the following: That tract of property in Jefferson Davis Parish, La., with all improvements thereon located and situated; together with all of the oil, gas and mine rals underlying, or which may be produced therefrom, subject, however, to that oil, gas and mineral lease dated May 12th, 1945, granted by Albert Sidney Johnson and Adolph C. Boudreaux, joined by his wife, Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, records of the Parish of Jefferson Davis, La., and later assigned; and together with that oil, gas and other mineral royalty right equal to three-thirty-seconds (3/32nds) or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres, more or less, the whole of which tract of land is described as follows, to-wit:

(a) Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, La. Mer., except that portion lying in triangular form West of the East boundary line of

Section Fourteen (14) if extended through said Section Thirty-nine (39); (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, La. Mer.; (c) Section Seventeen (17) in Township Ten (10) South of Range Two (2) West, La. Mer., except the 328 acres, more or less, of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14th, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in (1921); including two tracts of prarie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, La. Mer., lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolph C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, La.; LESS EXCEPT AND NOT INCLUDEDin the aforedescribed tract are those ten acre parcels of property described as follows and designated as "First" and "Second" to-wit:

First. That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolph C. Boudreaux to Pelican Oil Purchasers, Inc., by deed dated March 3rd, 1949, and which ten (10) acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South,Range Two (2) West, at a one-and--a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence, South 51°13' East 276.5 feet; thence, South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4" inch galvanized pipe, the lower front corner of the Robira ten (10) acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65° 30' East 450 feet; thence, South 84° 00' East 250 feet; thence leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira ten (10) acre tract; thence following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by ten acre tract owned by John J. Robira, his widow, heirs and assigns, on the West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

Second. That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolph C. Boudreaux to Fred Shutts by deed dated March 6th, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, La., and is more particularly described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37°, West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 278.4 feet to

the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence, North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

3. An undivided one-fourth of all the oil, gas and other minerals underlying or which may be produced from that tract of property located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 fee t to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence, North 53°, West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence, South 37° West 358 feet to the point of beginning and containing ten (10) acres.

4. An undivided one-half of the oil, gas and other minerals underlying or which may be produced from that ten acre tract of land located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows; subject to that oil, gas and mineral lease dated May 12th, 1945, granted by Albert Sidney Johnson and Adolph C. Boudreaux, joined by his wife, Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, records of Jefferson Davis Parish, La., and later assigned; and together with that oil, gas and mineral royalty rights equal to three-sixty-fourths (3/64ths) or .046875 of the whole of all oil, gas and other minerals which may be produced therefrom, the whole of which said ten acre tract is described as follows, to-wit:

Ten acres of land situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten (10) acres are further described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence, South 51° 13' East 276.5 feet; thence, South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira ten acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira ten acre tract, thence, following said line Noeth 37° 00' East 693.5 feet to place of beginning and

Castex Development - Title and Lease History - 000242

taining ten acres, as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten acre tract owned by John J. Robira, his widow, heirs or assigns; on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

PROPERTY SITUATED IN CALCASIEU PARISH, LOUISIANA:

1. Lot 621 in the Subidivison of the North half of SE 1/4 of SW 1/4, Section Thirty (30), Township Nine (9) South, Range Ten (10) West, La. Mer., acquired by Adolph C. Boudreaux from Mutual Sulphur & Oil Co., by deed bearing file No. 32606, recorded in Conveyance Book 151, page437, records of Calcasieu Parish, Louisiana.

PROPERTY SITUATED IN ACADIA PARISH, LOUISIANA:

1. An undivided one-half interest in and to: Lot Six (6) of Block Eleven (11); Lots Nine (9), Ten (10), and Eleven (11) of Block Thirty-four (34); Lots Four (4), Five (5), Six (6) and Seven (7) of Block Thirty-five (35); and a portion of Lot One (1) of Block Forty (40); all in the Town of Mermentau, Acadia Parish, Louisiana, as per plat of said Town on file in the office of the Clerk of Court and Ex-Officio Recorder of Acadia Parish, Louisiana; together with all the improvements thereon situated. It being part of the property acquired by Adolph C. Boudreaux from Euclide D. Conner by deed bearing file No. 263370, recorded in Conveyance Book J-2, page 142, records of Acadia Parish, Louisiana.

PURSER & PEMBERTON, INC.

TO

MARSHALL B. YOUNG, ETAL

SALT

CONVEYANCE

FROM

PURSER & PEMBERTON, INC.

TO

MARSHALL B. YOUNG and

CONTINENTAL NATIONAL BANK OF FT. WORTH

KNOW ALL IT BY THESE PRESENTS:

That PURSER & PEMBERTON, INC., a corporation chartered under the laws of Delaware, with its principal office in Fort Worth, Texas (styled Grantor), acting herein by and through officers who have been duly authorized by appropriate resolutions of its stockholders and of its Board of Directors (a certified copy of these resolutions being attached hereto as Exhibit A, and hereof made a part for all purposes), for and in consideration of the sum of One Dollars ($100) and other good and valuable considerations paid to it (Grantor) by MARSHALL B. YOUNG of Fort Worth, Texas styled (Grantee) (whose wife is Frances Young, nee Frances Fay), full receipt of all these considerations being hereby acknowledged and confessed; as well as in consideration of the covenants and agreements hereinafter contained to be kept and performed by the said Marshall B. Young, Grantee;

Has Bargained, Granted, Sold, Transferred, Assigned, Conveyed, Set Over and Delivered, and does hereby Bargain, Grant, Sell, Transfer, Assign, Convey, Set Over and Deliver (but subject to the exceptions, reservations, covenants and agreements hereinafter set out) unto the said Marshall B. Young, Grantee, the following properties and rights in properties:

1. All of Grantor's right, title and interest (save and except that hereinafter specifically reserved and excepted unto Grantor) in and to the lands, oil, gas and mining leaseholds, mineral interests, royalty interests, oil, gas and mining permits and other property interests which pertain to or consist of lands or interests therein located in various counties and parishes in the States next named, to wit:

as more fully set forth and more particularly described in Schedule A (which is hereto annexed and hereof made a part for all purposes to the same extent as if set forth at length in the body hereof), together with all related easements, right-of-way and similar appurtenant rights; but all subject to existing valid operating contract; unitization agreements; contracts for the sale or other disposition of oil, gas and other products; oil, gas and mining leases and sub-leases; and other similar valid instruments of record, relating to the properties described in said Schedule A, or any of them.

2. All of Grantor's interest (but subject to the restrictive covenants hereinafter set forth) in and to all machinery, equipment and appliances located on and pertaining to or used in producing oil, gas or other products from the properties, or any of them, described in Schedule A hereto annexed, including, but without limitation by enumeration, buildings, structures, casing, rods, tubing, pumps, tanks, pipe, valves, Christmas trees, connections, separators, compressors, meters, heaters and other equipment and appliances used in producing and preparing for market oil, gas and other products produced from any of the properties described in said Schedule A but not including warehouse stocks, automotive equipment, drilling rigs and related equipment, or clean-out tools and related equipment).

3. All of Grantor's right, title and interest in all valid contracts and agreements enumerated in said Schedule A and relating to, or to the operation of, any property described in Schedule A, or any part thereof, or the sale or other disposition of oil, gas and other products to be produced therefrom; but subject to, and with Grantee hereby agreeing to perform, all of Grantor's obligations under each such contract and agreement.

This assignment and conveyance shall become effective as of 7:00 A.M. on November 1, 1952, and shall be effective to assign to Grantee all of Grantor's interest in oil and gas (subject to the exceptions and reservations herein set out) run or delivered from all properties described in Schedule A hereto annexed, from and after said date and hour.

The exceptions, reservations, covenants and agreements hereinabove referred to are as follows:

ARTICLE I.

(a) There is hereby expressly excepted from this conveyanceand hereby expressly reserved to Grantor, a right, title and interest in the nature of a limited overriding royalty or oil-payment interest in the properties described in Schedule A hereto annexed, and each of them, whether now or hereafter producing (which interest is sometimes hereinafter styled First Reserved Interest), of such a nature that Grantor shall continue to own in place, and be entitled to receive, when, as and if produced, and to dispose of and collect for, sixty per centum (60%) of all oil and gas as well as other liquid or gaseous hydrocarbons and all other minerals, similar

or dissimilar to oil or gas (hereinafter called oil and gas) produced and saved, or run or delivered from the properties described in Schedule A hereto annexed, and each of them (except as limited in Article VII hereof), from and after the effective date and hour of this conveyance which but for this reservation would have gone to Grantee herein, until Grantor has received under and by virtue hereof oil and gas of the value of Fourteen Million Five Hundred Forty-Six Thousand One Hundred Eighty Dollars ($14,546.180); allunder the terms and conditions hereinafter specified; and after which, said First Reserved Interest shall lapse, terminte and be extinguish

(b) Further, there is hereby expressly excepted from this conveyance and hereby expressly reserved to Grantor a right, title and interest in the nature of a continuing overriding royalty interest in the properties described in Schedule A hereto annexed, and each of them (sometimes hereinafter styled Overriding Royalty Interest), of such a nature that Grantor shall continue to own in place, and be entitled to receive, when, as and if produced, and to dispose of and collect for, one-sixteenth (1/16th) of all of the oil and gas produced and saved, or run or delivered from the properties from the properties described in said Schedule A hereto annexed and each of them, (whether nor or hereinafter producing) after, but not before, said First Reserved Interest is fully satisfied and extinguished, which for the reservation of this Overridin Royalty Interest would have gone to Grantee herein; all under the terms and conditions hereinafter specified.

(c) Further, there is hereby expressly excepted from this conveyance and hereby expressly reserved to Grantor, a right, title and interest in the nature of a limited overriding royalty or oil-payment interest in the properties described in Schedule A annexed hereto, and each of them (save and except those properties designatred in said schedule as royalties, which designation for all purposes of this conveyance shall be conclusive) (which reserved interest will sometime hereinafter be styled Second Reserved Interest), of such a nature that Grantor shall continue to own in place, and be entitled to receive, when, as and if produced, and to dispose of and collect for, fifty per centum (50%) of all oil and gas produced and saved, or run or delivered from the properties described in said Schedule A hereto annexed, and each of them (other than the royalty interests above excepted) after, but not before, said First Reserved Interest is fully sat isfied and extinguished, which but for the reservation of this Second Reserved Interest would have gone to Grantee herein (except as limited in Article VII hereof) until Grantor has received under and by virtue of this Second Reserved Interest, oil and gas of the value of One Million Four Hundred and Ninety-six Thousand One Hundred Thirty Dollars ($1,496,130), all under the terms and conditions herein after specified; and after which said Second Reserved Interest shall lapse, terminate and be extinguished.

(d) Unitl said Second Reserved Interest shall lapse, terminate and be extinguished, it shall coexist with said Overriding Royalty Interest, and neither shall be increased or diminished by such coexistence.

(e) Grantee shall have the right to use, without liability to Grantor on account of any of the aforesaid reservations, oil and gas produced from any of the properties described in said Schedule A hereto annexed, for the purpose of developing the property from which such oil or gas is produced or of operating such property for the production and marketing of such oil and gas; and the value of oil or gas so used shall not be considered in determining when Grantor has received oil and gas of the values specified in paaagraphs (a) and (c) of this Article I. If Grantee delivers gas produced from any property described in Schedule A hereto annexed, to an extraction plant or to an extraction and repressuring plant in which Grantee has an interest, no part of Grantee's share of the liquid products extracted at such plant or the price received by Grantee for the same shall be reserved to Grantor by virtue of any of the interests reserved to Grantor in this Article I; but said reserved interests shall attach to either wet or dry gas produced and sold.

(f) The reserved interests retained in this Article I and all of the other provisions of this instrument shall apply to any property described in Schedule A hereto annexed or to any interest in any such property (whether obtained by renewal, extension or otherwise) which Grantee may acquire or reacquire after the interest therein hereby conveyed to him has lapsed or has been in anywise terminated or diminished.

(g) As to all properties described in Schedule A hereto annexed which are held under an oil and gas lease or similar instrument from or through the United States or any Department thereof, the reserved interest retained in this Article I shall never exceed the maximum amounts permitted by applicable law or regulations, and said reservations are to that extent reduced hereby.

ARTICLE II.

(a) The provisions of this Article II apply to the First Reserved Interest.

(b) For so long as said First Reserved Interest is outstanding and not wholly satisfied, Grantee shall operate (or, with respect to royalty or mineral interests or other properties in which operating rights are not held by Grantee, cause to be operated to the extent he has a legally enforceable right so to do) the properties described in Schedule A hereto annexed, and each of them, which are presently producing, for the production of oil and gas in accordance with the best practices of the industry in the respective areas where the various properties are located (considering both Grantor's and Grantee's interests) and in accordance with applicable law and applicable valid regulations and orders of governmental bodies and agencies, to the end that said properties and each of them shall produce the maximum amounts of oil and gas consistent with such best practices and such applicable law and regulations; and, in accordance with such standards, carry on such additional development as may be required to achieve such results and to maintain in good standing the leasehold interests and other property rights which Grantor and Grantee will have hereunder in the said properties. Nothing herein contained shall impose upon Grantee any obligation to institute or carry on operations for the development of oil, gas or other minerals of any property described in said Schedule A hereto annexed which is not now actually producing; but if Grantee should undertake such development work and thereby obtain commercial production of oil or gas thereon; then, and thereafter, the foregoing provisions of this paragraph (b) shall apply to each such property, and for all purposes of this instrument (unless otherwise expressly stated herein) each such newly developed property shall thereafter be treated as if productive at the date thereof.

(c) Grantee shall pay, or cause to be paid, all costs, liabilities and expenses incurred in developing and operating each and all of the properties described in Schedule A hereto annexed (in so far as the same relate to the interests reserved by Grantor herein and the interest acquired by Grantee hereunder, but not as to any interest held by any other co-owner), including, without limitation, all taxes assessed against the interests herein reserved by Grantor as well as those acquired hereunder by Grantee, but not including taxes and charges in the nature of gross production or severance taxes (whether imposed by laws now in force or hereafter enacted) imposed with respect to any production applicable to the interests reserved herein by Grantor. Grantee shall fully protect, indemnify and hold harmless, Grantor, and the interests hereby reserved to Grantor, from all liability for all such costs, liabilities and expenses (including reasonable attorneys' fees), as well as costs, liabilities and expenses (including reasonable attorneys' fees) incurred on account of the assertion against Grantor, or the interests herein reserved by Grantor, of liability therefor. All of the costs, expenses and liabilities to be borne by Grantee shall be discharged by him as due, to the end that Grantor's and Grantee's interests in all property described in Schedule A hereto annexed shall be fully protected from liens and claims therefor; except that this provision shall not prevent Grantee from contesting in good faith the validity or amount of any such cost, expense or liability, if he furnishes

Grantee, upon written request by it, reasonable indemnity against any future claims in any such content. Nothing herein contained shall be imposing obligate Grantee to pay any tax in the nature of an income tax imposed upon Grantor or any holder of a reserved interest or any part thereof. The obligation of Grantee to protect the properties from liens shall extend to all liens, whether or not arising from the operations and development herein dealt with.

(b) The share of the oil and gas applicable to the First Reserved Interest produced and saved, or run or delivered from any of the properties described in Schedule A annexed hereto after the effective date of this conveyance shall, after appropriate treatment for marketing, be delivered to Grantor's credit in the respective tanks or pipe lines serving the respective properties, or into the hands of other transporters or purchasers of such oil and gas, in the same manner as Grantee's share is delivered; but to be sold and disposed of by Grantor (subject to existing valid contracts and agreements relating thereto) as it sees fit. All costs of so treating and delivery Grantor's said share of the oil and gas shall be an operating expense to be borne by Grantee under paragraph (a) of this Article II. Such deliveries shall continue either throughout the productive lives of the respective properties to which said First Reserved Interest applies, and each of them, or, until there have been produced and saved, or run or delivered to Grantor's credit on account of such First Reserved Interest, oil and gas of the value of $14,546,190, calculated as hereinafter set forth, but subject to the provisions hereinafter set forth as to abandonment or disposition of any property described in Schedule A hereto annexed; and also subject to the provisions of Article VIII hereof.

(c) In determining when Grantor has received, with respect to said First Reserved Interest oil and gas of the value of $14,546,190, such values shall be calculated as follows:

i. When there is a posted price applicable to the product, at such posted price at the date and hour when the product is run or delivered; or

ii. When there is not such a posted price applicable to a product from any property, at the price being currently paid in the area where the property is located for the product at the date and hour of delivery; or

iii. Where Grantor and Grantee contract with respect to the sale currently of any product, or where the sale price thereof is fixed by any presently existing valid agreement, at the sale price as fixed by the applicable contract.

From the value so calculated, there shall be deducted all gross production, gathering, use and severance taxes and similar taxes and charges (whether imposed by existing laws or by laws hereafter enacted) imposed upon Grantor with respect to production applicable to said First Reserved Interest or upon such production, whether paid directly by Grantor or withheld from remittances to Grantor by the purchaser of any such product, and the balance shall be applied to reduce and satisfy said sum of $14,546,190, until the same has been fully satisfied in this manner. But nothing herein contained shall be, or shall be construed as, an express or implied agreement or representation by Grantee that Grantor shall receive with respect to said First Reserved Interest oil and gas of the value of $14,546,190, or any lesser sum, except as, when and if oil or gas applicable to said First Reserved Interest is produced and saved; or as imposing upon Grantee any liability either for the collection of any oil or gas sold by Grantor or to pay Grantor any part of said sum.

(d) Grantor does not retain hereby any ownership of any machinery, equipment and appliances now located upon any of the properties described in Schedule A hereto annexed or hereafter placed thereon by Grantee. But Grantee agrees, for so long as said First Reserved Interest is outstanding, that he will retain (and continuously maintain in good condition and repair) all machinery, equipment and appliances acquired by him hereunder and now located on any of said properties described in Schedule A annexed hereto, thereon and in use for so long as required in the operation of the property on which located in accordance with the standards

heretofore specified and when salvaged, which shall only be done in accordance with the terms and limitations hereinafter set forth, apply the proceeds as hereinafter provided; all at Grantee's sole cost and expense. Further, Grantee agrees that, for so long as said First Reserved Interest is outstanding, he will install and maintain at his sole cost and expense (or cause to be installed and maintained to the extent he has the legally enforceable right so to do as to properties in which Grantor does not have the operating rights) upon each and all of said properties such additional machinery, equipment and appliances as will enable him to operate each of said properties in accordance with the standards heretofore set forth.

(g) Grantee shall not abandon any property described in Schedule A hereto annexed which is presently producing oil or gas or which hereafter becomes productive while the First Reserved Interest applies thereto, for so long as said property is capable of producing oil or gas in paying quantities, which capability shall be determined by the standard next stated. Then, for each of two (2) consecutive calendar months, the gross receipts from a property applicable to the First Reserved Interest plus those applicable to Grantee's interest in the same property do not equal Grantee's direct expenses in operating the said property, and this is not occasioned by force majeure or Grantee's failure to operate in accordance with the standards heretofore specified, it shall be conclusively presumed, so far as Grantee's obligations of continued operations are concerned, that said property is not capable of producing oil or gas in paying quantities, and Grantee may then abandon said property upon the notice, in the manner and upon the conditions hereinafter specified. Otherwise, the right to abandon any such producing property shall not exist. Provided, however, that nothing herein contained shall obligate Grantee to permit the abandonment of any property as to which his interest therein is that of, or similar to, a lessee, sub-lessee, royalty or mineral interest owner or non-operator; nor require Grantee to take over the operation of any such property.

(h) If Grantee becomes entitled to abandon a property under paragraph (g) of this Article II, and desires to exercise this right, he shall so notify Grantor in writing, and shall have the right to proceed with such abandonment thirty (30) days after such notice is given (or sooner, if Grantor has notified Grantee in writing that it does not desire to exercise the right herein granted to take over the operation of said property) unless Grantee within said thirty (30) day period notifies Grantor in writing that it desires to take over the operation of such property. If Grantee's right to abandon a property so appears, he shall release all equipment, appliances and machinery thereon (or his interest therein) to the extent practicable and use or apply the proceeds as hereinafter provided. If Grantor elects, after notice to that effect, to take over the operation of a property which Grantee so proposes to abandon, possession of such property, with the machinery, equipment and appliances thereunto appertaining thereto, shall be delivered to Grantor, who may thereafter in person or agent contracted by it operate the same, defending all suits and expenses relating thereto which but for such change in possession and operation would have been borne by Grantee, and becoming entitled to the share of oil and gas to which Grantee was theretofore entitled, all of such receipts from such property during each calendar year of the period of its operation applicable to the First Reserved Interest (plus those which would have gone to Grantee had he continued to operate the property) shall be applied, first, to defray all of its costs relating thereto incurred by Grantor, but not more than 40% of the net receipts, to pay to the entire First Reserved Interest until the same be fully satisfied, and the remainder, if any, shall be paid over to Grantee. Grantee shall not be entitled to receive any part of the proceeds of any property, or other interests to which this First Reserved

heretofore specified and when salvaged, which shall only be done in accordance with the terms and limitations hereinafter set forth, apply the proceeds as hereinafter provided; all at Grantee's sole cost and expense. Further, Grantee agrees that, for so long as said First Reserved Interest is outstanding, he will install and maintain at his sole cost and expense (or cause to be installed and maintained to the extent he has the legally enforceable right so to do as to properties in which Grantor does not have the operating rights) upon each and all of said properties such additional machinery, equipment and appliances as will enable him to operate each of said properties in accordance with the standards heretofore set forth.

(g) Grantee shall not abandon any property described in Schedule A hereto annexed which is presently producing oil or gas or which hereafter becomes productive while the First Reserved Interest applies thereto, for so long as said property is capable of producing oil or gas in paying quantities, which capability shall be determined by the standard now stated. Then, for each of two (2) consecutive calendar months, the gross receipts from a property applicable to the First Reserved Interest plus those applicable to Grantee's interest in the same property do not equal Grantee's direct expenses in operating the said property, and this is not occasioned by force majeure or Grantee's failure to operate in accordance with the standards heretofore specified, it shall be conclusively presumed, so far as Grantee's obligations of continued operations are concerned, that said property is not capable of producing oil or gas in paying quantities, and Grantee may then abandon said property upon the notice, in the manner and upon the conditions hereinafter specified. Otherwise, the right to abandon any such producing property shall not exist. Provided, however, that nothing herein contained shall obligate Grantee to permit the abandonment of any property as to which his interest therein is that of, or similar to, a lessee, sub-lessee, royalty or mineral interest owner or non-operator; nor require Grantee to take over the operation of any such property.

(h) If Grantee becomes entitled to abandon a property under paragraph (g) of this Article II, and desires to exercise this right, he shall so notify Grantor in writing, and shall have the right to proceed with such abandonment thirty (30) days after such notice is given (or sooner, if Grantor has notified Grantee in writing that it does not desire to exercise the right hereby granted to take over the operation of said property) unless Grantor within said thirty (30) day period notifies Grantee in writing that it desires to take over the operation of such property. If Grantee's right to abandon a property as given, he shall release all equipment, appliances and machinery thereon (or his interest therein) to the extent practicable and use so apply the proceeds as hereinafter provided. He Grantee elects, after notice to that effect, to take over the operation of a property which Grantee so proposes to abandon, possession of such property, with the machinery, equipment and appliances thereto appertaining thereto, shall be delivered to Grantor, who may thereafter in person or agent salvage by it operate the same, delivering all costs and expenses relating thereto which but for such taking in possession and operation would have been borne by Grantee, and thereafter until the expiration of all periods to which Grantee was theretofore entitled, all of the proceeds from such property during each calendar year in excess of the amount applicable to the First Reserved Interests (plus those which would have gone to Grantee had Grantor not operated the property) shall be applied, first, to defray all of the costs relating thereto [illegible] Grantee, but not more than [illegible] and thereafter until the expiration of the First Reserved Interests until the same is fully satisfied, and the surplus, if any, shall be paid over to Grantee. Grantee shall not be entitled to exercise the rights granted by [illegible] right to operate, nor shall he be entitled to [illegible] property, [illegible] to the [illegible] First Reserved

Interest if fully satisfied, possession of the property and appurtenant equipment, machinery and appliances shall be redelivered to Grantee, and [illegible] and this Reserved Interest shall not be construed to [illegible] which is to be [illegible] property, salvaging equipment, machinery and appliances [illegible] the provisions hereinafter provided. Upon this First Reserved Interest [illegible] satisfied, any property then being operated by Grantor hereunder shall be [illegible] to Grantee.

(c) The retention of this First Reserved Interest shall not prevent Grantee from [illegible] for or purchasing by lease any oil and gas [illegible], or interest therein, described in [illegible] hereof and which is not now producing oil or gas and which has not been [illegible] oil or gas prior to the date of said [illegible] or surrender. The [illegible] First Reserved Interest prevent Grantee from assigning, selling, leasing or otherwise [illegible] said [illegible], or interest therein, free and clear of and from any [illegible] said [illegible] but there shall be reserved which is now productive of oil or gas and which has not been [illegible] of oil or gas prior to the date of the permitted transaction. Any such assignment, lease or sublease may, or may not, reserve for Grantee an oil payment, royalty, overriding royalty or similar interest to Grantor [illegible]. Any such assignment, lease or conveyance so made by Grantee shall be completely effective to convey, to the extent it purports or intends, all of the interest of Grantor therein hereunder, as well as Grantee's interest, and title without the joinder of Grantor in such instrument and without any further evidence of Grantor's consent to such transaction. But if, in any such transaction, Grantee does reserve an oil payment, royalty, overriding royalty or similar interest, this First Reserved Interest shall attach to such reserved interest in the same way and to the same extent that it would have attached had the transaction been completed prior to the [illegible] and the interest so reserved--rather than the whole of the property--been described hereinabove as [illegible]. Any consideration, other than such a reserved interest, received by Grantee in any such transaction shall be used and applied by him as hereinafter provided; but no [illegible] dealing with Grantee in any such transaction shall ever be under any liability whatsoever to see that any such consideration is so applied but may, without any liability for so doing, deal with Grantee as if Grantor has an interest whatsoever in such property or the consideration received by Grantee for the same. Before surrendering or permitting to lapse any non-producing [illegible] leasehold or similar interest, as permitted by this paragraph (c), Grantee shall give Grantor thirty (30) days' written notice of his intention so to do and will, in the event he is required so to do by Grantor, in writing, prior to the end of said thirty-day period, [illegible] to Grantor all of the interest in the property which Grantee has so proposed to surrender or to permit to lapse. All receipts, profit or benefit which Grantor may thereafter receive or become entitled to on account of so acquired any such non-producing property shall be applied to the satisfaction of the First Reserved Interest or be taken into consideration in determining when said Interset has been satisfied.

(d) Nothing contained in this Article II or elsewhere hereinshall be construed [illegible] to Grantee the right to use equipment salvaged from any property, or interest, described in Schedule A hereto annexed, in developing or operating any other such property or interest to which the First Reserved Interest then applies; and if this is done, the value of the salvaged property so used shall not be considered as Salvage Receipts within the purview of Article V hereof.

ARTICLE III.

(a) The provisions of this Article III shall apply to the Overriding Royalty Interest hereinabove reserved by Grantor.

(b) The share of the oil and gas to which Grantor may become entitled by virtue of said Overriding Royalty Interest shall be delivered to Grantor (for sale or disposition by Grantor)

as is provided in Article II (c) hereof with respect to oil and gas applicable to the First Reserved Interest and all of the provisions of Article II (e) and (f) relating to the costs, liabilities and expenses to be borne by Grantor, and the protection or indemnity to be given by Grantee with respect thereto, shall apply to said Overriding Royalty Interest.

(e) If ownership of said Overriding Royalty Interest or any part thereof should become vested in an owner or owners other than the owner or owners of the First Reserved Interest, or when, without such divergence in ownership, the First Reserved Interest is satisfied; then the owner or owners of said Overriding Royalty Interest shall not be entitled to notice of intent to abandon any producing property, or of intent to surrender a leasehold or similar interest or to permit the same to lapse, but Grantee may proceed with any such abandonment or surrender, or may permit any such interest to lapse without notice to or consent by the owner or owners of such Overriding Royalty Interest, or any of them. Any such lapsation, surrender or abandonment by Grantee shall effectively and finally terminate the Overriding Royalty Interest as to the property or interest so abandoned, surrendered or permitted to lapse.

(f) Grantee agrees hereby to operate each property or interest to which said Overriding Royalty Interest applies with reasonable diligence and in accordance with good industry practices, for so long as such property or interest produces oil or gas in paying quantities; or to cause same to be so operated to the extent he has the legally enforceable right so to do as to properties or interests as to which he does not have the operating rights.

(g) Grantee may sell or dispose of any fee land, royalty or mineral interest, oil and gas leasehold or similar interest, or any part thereof, which is not presently producing oil or gas and which has not become productive of oil or gas prior to such sale or disposition free of this Overriding Royalty Interest, and this, without the joinder of Grantor or anyone else and with no further evidence of this consent than this provision. But if, in any such disposition, an interest in future production of oil or gas is reserved (such as a royalty, overriding royalty or oil-payment interest), the Overriding Royalty Interest shall attach to such reserved interest, so that, during its existence, Grantor shall be entitled by reason thereof to receive one-sixteenth (1/16th) of the oil and gas applicable to such reserved interest.

(h) Said one-sixteenth (1/16th) Overriding Royalty Interest shall always be calculated as follows: If when it attaches to an property (i.e., after the First Reserved Interest has been satisfied) the interest of Grantee in a property is a seven-eighths (7/8th) working interest, the Overriding Royalty Interest shall be one-sixteenth (1/16th) of seven-eighths (7/8th); if Grantee's interest is a one-sixteenth (1/16th) royalty interest, the Overriding Royalty Interest shall be one-sixteenth (1/16th) of such one-sixteenth (1/16th); and if Grantee's interest is an oil-payment interest to come from one-fourth (1/4th) of seven-eighths (7/8th), the Overriding Royalty Interest shall be one-sixteenth (1/16th) of one-fourth (1/4th) of seven-eighths (7/8th), and so on. When, in a permitted disposition of a property or interest thereof by Grantee, an interest is reserved by him, the interest disposed of shall be disregarded and this one sixteenth (1/16th) Overriding Royalty Interest calculated as to the retained interest only in the manner heretofore set forth. In each and all of these calculations, it shall be assumed, but solely for the purpose of each such calculation, that Grantee owns the Second Reserved Interest, and no reduction shall be made in the Overriding Royalty Interest because the Second Reserved Interest is not actually so owned.

ARTICLE IV.

(a) The provisions of this Article IV shall apply to the Second Reserved Interest hereinabove reserved by Grantor.

(b) The Second Reserved Interest shall not apply to any property or interest therein described in Schedule A hereto annexed which is designated in said Schedule A as a royalty interest. It shall not be effective as to any property until the First Reserved Interest

been completely satisfied; but thereafter and until it, too, has been completely satisfied, said Second Reserved Interest shall contest with the aforesaid Overriding Royalty Interest as to all property interests except those specifically excepted in this paragraph (i).

(e) Grantor, by virtue of said Second Reserved Interest, shall be entitled to fifty per cent (50%) of all oil and gas produced and saved, or run or delivered from the properties to which the Second Reserved Interest applies, beginning at 7:00 A.M. on the day following the complete satisfaction of the First Reserved Interest which but for the reservation of the Second Reserved Interest would have gone to Grantee hereunder, until there have been produced and saved, or run or delivered, oil and gas applicable to said Second Reserved Interest on the value of One Million Four Hundred Ninety-Eight Thousand One Hundred Thirty Dollars ($1,498,130); subject to the exceptions contained in Article VII hereof. Said share of the oil and gas shall be delivered and its value shall be calculated as is provided in Article II hereof with respect to the First Reserved Interest. Further, all other terms and provisions of said Article II shall apply with respect to the Second Reserved Interest except that same shall be applicable only with respect to the properties to which the Second Reserved Interest attaches and except that, until but only until, the First Reserved Interest is completely satisfied, the existence of the Second Reserved Interest shall be completely disregarded, and the terms or owners of the First Reserved Interest, hereinbefore defined, treated for all purposes as the only provided or interest hereunder.

ARTICLE.

(a) Grantor reconveys that, immediately after the delivery hereof, Grantee will record in First National Bank in Dallas (a National Banking Association) a first deed of trust and lien mortgage lien (with the assignment of oil and gas runs customarily used by said bank in oil loan transactions) on all of the property, rights, titles and interests conveyed to the Grantee, to secure said bank in the payment, with interest, of Grantee's indebtedness to said bank of the sum of $2,000,000, and all renewals and extensions thereof (which debt sometimes hereinafter be styled "said Debt"). Neither the granting nor the continued existence of such first lien mortgage shall in anywise diminish Grantee's rights hereunder; but said first lien mortgage shall and shall be and remain superior, by virtue of said first lien mortgage or subordination, the properties, rights, titles or interests (or any part thereof) hereby conveyed to Grantee, shall not be subject to, and without limitation of, any of Grantee's other rights hereunder.

(b) Grantee shall establish and maintain at one of their banks in Texas by Grantee, or by his duly authorized agent, accounts in which the receipts and disbursements attributable to the properties conveyed to Grantee by this instrument are to be recorded by him, and from which only the disbursements and withdrawals shall be made; and with respect to such accounts, receipts and disbursements, maintain records from which each day to day determinations hereinafter provided for can be made. Such accounts shall show:

i. Grantee's gross receipts (and accounting hereinafter styled "Gross Receipts") from all effective date hereof from the oil and gas applicable to the interest conveyed to Grantee hereunder, subject to the provisions of Article VII hereof, as well as from all other sources paid by or accruing to Grantee as the operator of the property.

ii. All expenditures made or incurred by Grantee in operating and developing (as hereinafter in this subparagraph ii defined) said properties, subject to said Article VII hereof. (These accounts are sometimes hereinafter styled "operating Expenditures.") This shall include overhead charges and direct charges; provided, however, in the event Grantee furnishes drilling services, Grantee shall be entitled to charge only such portion of Grantee's overhead expenses reasonably allocable to operations which

[illegible] by Grantee to the operation of any property described in Schedule A hereto, [illegible] by royalty, whether such operation be [illegible] or [illegible] basis. Also to be included [illegible] taxes, including [illegible] which accrue to the interests reserved to Grantor herein, [illegible] and severance taxes to the extent not [illegible] and insurance premiums to the extent that Grantee is required to carry insurance [illegible] hereof. Such expenditures shall also include amounts expended for capital items such as (but not limited to) machinery, equipment and appliances, [illegible] trucks, transportation equipment (used in hauling or operating) office equipment (subject to allocation with other overhead expenditures) and similar items, as well as repair items; but the same shall not include any amount expended [illegible] equipping or maintaining drilling or well-over rigs. In case Grantee uses his own rigs in drilling or well-over operations (or in any of the cases) [illegible] treated as an expenditure pursuant, the amount customarily charged in the area where operation is being conducted at that time for similar services by responsible drilling or well-over contractors, in lieu of Grantee's actual expenditures. Materials owned by Grantee prior to the time used by him upon the properties described in Schedule A hereto annexed shall, at the option of their fair market value or their cost to Grantee (whichever is less) be charged and treated as an operating expenditure. Expenditures made by Grantee in constructing, operating or maintaining extraction plants or extraction and reprocessing plants referred to in Article X (a) hereof shall not be considered as operating expenditures within the purview of this subparagraph ii of this Article V (b); but amounts paid by Grantee to others for gas used to reprocure any property described in Schedule A hereto annexed shall be considered as such an operating expenditure. In no case shall any non-cash item, such as depletion or depreciation, be considered. The costs incurred by Grantee in drilling or equipping wells on any property described in Schedule A hereto annexed to which any interest herein reserved by Grantor then applies shall be paid from said account or treated as an operating expenditure hereunder, except that Grantee may pay from said account, amounts expended by him in drilling wells which are either obligation wells, offset wells or wells drilled to fulfill an express or implied obligation reasonably to develop an interest in a property conveyed hereby.

iii. All amounts (sometimes hereinafter styled Salvage Receipts) received from salvaging any operating equipment conveyed hereby to Grantee or hereafter placed on any of the properties described in Schedule A hereto annexed, by Grantee. (All expenditures made by Grantee in salvaging such equipment and in marketing the same shall be treated as an expenditure under Article V (b) ii above.)

iv. All amounts received by Grantee as the consideration for the disposition (with or without a reserved interest) of any property described in Schedule A hereto annexed, or interest therein, of which, in accordance with the terms hereof, Grantee can dispose. (These are sometimes hereinafter styled Sale Proceeds.)

v. Amounts paid by Grantee to apply on the principal or interest of the Bank Debt.

vi. The amount, if any, by which, at a particular time the accumulated disbursements under Article V (b) ii above exceed the accumulated receipts under subparagraph i, iii and iv of Article V (b) hereof. Such amount shall be Excess Operating Expenditures as of that time for all of the purposes hereof.

(c) All Sale Proceeds and all Salvage Receipts shall be promptly applied by Grantee as received, to the interest or principal of Bank Debt as originally created or as the same may be renewed or extended, until the same is fully satisfied. Thereafter, all such receipts shall

be applied to reduce the then existing Excess Operating Expenditures, if any, and if any such amount so to be applied exceeds the then existing Excess Operating Expenditures, the excess (but not more than the Salvage Receipts) shall, in instances where there existed Excess Operating Expenditures, first be applied to repay to the Grantee costs, if any, incurred by him in drilling wells which were not obligation wells, offset wells or wells drilled to fulfill an express or implied obligation reasonably to develop an interest in a property conveyed hereby and second, be paid over to Grantor to apply in reduction and satisfaction of the First Reserved Interest. This shall be done as often as and to the extent that a Salvage Receipt exceeds the then existing Excess Operating Expenditures. Put/in/nterest shall Sale Proceeds or any part thereof be applied to the satisfaction of the First Reserved Interest.

(d) Grantee's Gross Receipts and Sales Proceeds shall not be used for any purpose other than paying principal and interest on Bank Debt, defraying Operating Expenditures and creating a reserve with which to pay future Operating Expenditures, until the First Reserved Interest is fully satisfied, without Grantor's written permission first obtained.

(e) Beginning with the calendar month immediately following the month in which falls the effective date of this instrument, and continuing each month thereafter until the First Reserved Interest is fully satisfied, Grantee shall, on or before the close of each calendar month, furnish to Grantor a statement (certified by him as correct according to his best information and belief) showing, as to the preceding calendar month, with cumulative totals brought forward from preceding statements:

i. Gross Receipts;
ii. Operating Expenditures;
iii. Salvage Receipts;
iv. Sale proceeds;
v. Amounts paid on principal and interest of Bank Debt;
vi. Excess Operating Expenses as of the close of such month;

all in such detail and with such additional information as Grantor may from time to time reasonably require to the end that Grantor be kept fully advised as to all operations and matters hereunder which might affect the value of the First Reserved Interest, the date or probability of its complete satisfaction or disclose whether or not Grantee was faithfully performing the covenants and agreements herein made by him.

(f) Before April 1st of each year beginning with 1953, or at some other date to be agreed upon in each such year, Grantee, at his own expense, will furnish to Grantor an audit made by Certified Public Accountants satisfactory to Grantor showing, as to the preceding calendar or fiscal year, all operations and receipts covered by the monthly statements to be made under the foregoing Article 7 (e) and such additional information as may be pertinent to establish the correctness or incorrectness of such monthly statements. Grantee's books and records with respect to all operations having an effect upon the rights under this instrument shall be maintained in Tenth Fort, Texas, for so long as the First Reserved Interest is outstanding; and shall, for this period, be open to inspection by Grantor or its representative duly designated in writing at all reasonable times. If Grantor should desire that such books and records be audited by Certified Public Accountants more often than once each year, Grantor shall have the right to have such an audit made at any time and as often as desired, but shall defray all costs incurred in making such audits. Grantor, Grantee, or its representative duly designated in writing shall at all times have access to all property (and operations thereon), to which the First Reserved Interest applies, for the purpose of investigating and observing all matters to which it may be necessary hereunder.

ARTICLE VI.

(a) Grantee shall be considered in default in the performance of the agreements and

omission upon which such claim of default is based. If Grantee agrees that the provisions of

Exhibit D
Castex Development - Title and Lease History - 000258

satisfaction of the First Reserved Interest; and provided further, that in the event [illegible] receipts for any calendar year be not sufficient to defray the total of said costs, Grantor shall have the right to make up the deficit out of any subsequently accumulated excess of such receipts over expenditures or out of any funds then in the account maintained in accordance with Article V hereof. Then and if such full satisfaction occurs, the properties then in Grantor's hands shall be returned to Grantee, but subject to the Overriding Royalty Interest and the Second Reserved Interest. The rights to be exercised by Grantor in the contingency here dealt with shall include the right to abandon a property, salvage the equipment thereon, and apply the proceeds thereof as receipts from operating the property would be applied.

ii. If such uncorrected default relates solely to properties then producing less than ten (10) per centum of the total oil or gas then being produced and applicable to the First Reserved Interest, Grantor may enter upon each and all of the properties to which said default relates, take possession of same and of all equipment thereon and take over all of Grantee's operating and other rights as to the property or properties as to which such continuing default relates and all other interests in properties described in Schedule A hereto annexed to which the First Reserved Interest then applies which are located in the field or fields in which the property or properties as to which the default has occurred are located,--and operate, develop and manage same as if Grantor owned all of Grantee's interest therein; and this without any liability to Grantee for methods employed or results obtained. In this event, all proceeds received by Grantor during each calendar year of its operations from the property or properties so taken over which would otherwise have gone to Grantee, plus all proceeds therefrom which would otherwise have been applied to the satisfaction of the First Reserved Interest, shall be applied by Grantor, first, to defray all costs reasonably incurred by Grantor in such operation and then, to the satisfaction of the First Reserved Interest until the same has been fully satisfied from this source and from the other properties to which the First Reserved Interest applies. Not more than sixty per cent (60%) of such total receipts during any calendar year shall be applied to the satisfaction of the First Reserved Interest; and any excess remaining after such application and the payment of all of said costs shall be paid over to Grantee and by him placed in Trust Receipts as provided in Article V hereof. If the costs so to be paid by Grantor exceed in any calendar year of Grantor's operations hereunder, forty per cent (40%) of Grantor's total receipts therefrom, then Grantor shall have the right to recoup such excess from the account to be maintained by Grantee as provided in Article V hereof, when and to the extent there are funds in said accounts; provided, however, that in no event shall there be applied to the satisfaction of the First Reserved Interest more than 60% of such total receipts less the unrecouped excess costs so paid by Grantor in excess of 40% of the total receipts therefrom. Then and if such full satisfaction occurs, or when Grantor otherwise determines that it would be advisable so to do, the properties then in Grantor's hands shall be returned to Grantee, but subject to the Overriding Royalty Interest and the Second Reserved Interest, as well as the First Reserved Interest to the extent that the same has not been fully satisfied. A "Field" as used in this paragraph (b) ii shall mean the area designated by the appropriate governmental agency (such as, for example, the Railroad Commission of Texas) as comprising the oil or gas field in which is embraced the property or properties as to which the default has occurred or, in the absence of such designation by a governmental agency, the oil or gas field in which such property or properties are located as then commonly accepted and understood by oil and gas operators operating in that area.

(c) If Grantee commits a default of the kind described in the foregoing Article VI (a) ii and such default is not corrected within the time specified in Article VI (c) hereof, or, if Grantee commits one or more of thedefaults described in Article VI (a) iii or iv hereof, then, subject to the provision of paragraph (b) of this Article VI, Grantor may enter upon each and

Castex Development - Title and Lease History - 000259

all of the properties to which the First Reserved Interest then applies, take possession of same and of all equipment thereon, and take over all of Grantee's operating and other rights in all of said properties, and operate, develop and manage the same, as provided in Article VI (d) hereof.

(f) The rights given Grantor by paragraphs (d) and (e) of this Article VI shall be cumulative of all of Grantor's rights at law or in equity, including but not limited to Grantor's right to assert, and collect, damages against and from Grantee from any breach of any of the covenants herein contained; or to enforce the performance of each or all of said covenants in any lawful way not inconsistent with the terms hereof; but nothing contained in this instrument shall ever be construed as affording Grantor the right to look to any source other than oil and gas, when, as and if produced, and the proceeds of salvaged equipment, for the satisfaction of any interest herein reserved by Grantor.

(g) During the period in which, because of Grantee's default, Grantor is entitled hereunder to possession, control and management of the properties to which the reserved interests then attach, Grantor shall have the exclusive right to exercise all of the rights, powers and privileges with respect to each and all of said properties which Grantee under the terms hereof could have exercised but for such default.

(h) Until Grantee's indebtedness to First National Bank in Dallas referredto in Article 4 hereof (Bank Debt) has been fully discharged and satisfied, Grantor will mail to said Bank at Dallas a copy of each notice of default given by it to Grantee as provided for in this Article VI, at the same time such notice of default is given Grantee. If the default so asserted exists and is one which comes within the purview of either subparagraph (i) or subparagraph (ii) of paragraph (a) of this Article VI, and Grantee does not correct the same within the time specified in paragraph (b) or (c) hereof (which ever is applicable), then, before exercising the right to take possession and management given it in paragraphs (d) and (e) hereof (whichever is applicable) Grantor will allow First National Bank in Dallas an Additional thirty (30) day period in which to remedy the said default. If said default is so remedied by said Bank within that period, the effect thereof shall be the same as if Grantee had remedied said default within the time allowed him by the terms of this Article VI. In addition to the foregoing, when ever Grantor is entitled to take over possession, management and control of all of the properties described in Schedule A hereto annexed to which the First Reserved Interest then applies, Grantor shall give additional written notice to First National Bank in Dallas of the pertinent facts; whereupon, said Bank may at its option, but without being required so to do, take over the possession, management and control of all of the properties described in Schedule A hereto annexed to which said First Reserved Interest then applies, and if said Bank then proceeds with reasonable diligence to correct all then existing defaults it shall have the right to continue its possession, management and control of said properties, subject to all of the covenants and agreements herein contained and with the same rights, powers, immunities and duties as Grantee had before the occurrence of the default.

(i) Whenever Grantor takes over possession and management of one or more properties described in Schedule A hereto annexed because of a default committed by Grantee, as well as when the taking-over occurs under the provisions of Article II (i) hereof, Grantor shall have the exclusive right to sell and collect for all oil and gas which Grantor could otherwise have sold and collected for; and Grantee shall execute all such transfer and division orders and similar instruments as may be appropriate to facilitate such sales and collections by Grantor. Grantor shall not be in anywise liable for failure, for any reason, to collect for oil or gas sold by it during its period of possession. Whenever, because of Grantee's default, Grantor takes over possession and management of all of the properties to which the First Reserved Interest then applies, Grantor may also take over all funds then in the account held

[illegible] required to use the same but for such length of time as [illegible] to which Grantee may look for the satisfaction of any of the duties [illegible]

ARTICLE VII.

(a) [illegible] and if Grantee drills, or causes to be drilled, on any tract [illegible] which a tract embraced, a well productive of oil or gas, then Grantee shall be entitled to receive all of the proceeds of the oil and gas thereafter produced from said well [illegible] but for this provision be applicable either to the First Deferred Interest or to the Second Deferred Interest, but not both (which could be applicable [illegible] proceeds are received, plus all amounts advanced by Grantee with respect to [illegible] property [illegible] to him, equal Grantee's total cost of drilling and equipping said well and placing the same in production and of operating the same to that time, [illegible] amounts properly paid by Grantee from the account provided for in Article V hereof [illegible] any of said wells. After Grantee has so received his specified expenditures, full [illegible] and rights [illegible] said well shall be divided between Grantor and Grantee as follows: [illegible] Grantor's fractional royalty [illegible] shall not be taken into consideration [illegible] calculation called for in Article V hereof, nor shall Grantee's [illegible] any of such wells be considered in such calculation.

(b) It shall be considered for purposes of Article VII (a) [illegible] a well is completed on existing well, whether or not this [illegible] entirely different formation or horizon. Any [illegible] which such well has been completed or may be productive, but the re-drilling [illegible] shortest or horizon from which said well has theretofore produced shall not be within the purview of said Article VII (a).

(c) If Grantee pays from funds other than the account provided for in Article V hereof, the costs of drilling and equipping a well drilled for oil or gas and if said well is productive, the costs of which could have been paid from said account in accordance with the applicable terms hereof, then, to the extent that Grantee does not recoup from the production of such well during the period of its productivity all of his costs of drilling, equipping and operating the same, he may recoup the same from the said account.

ARTICLE VIII.

Grantee shall, for so long as either the First Reserved Interest or the Second Reserved Interest is outstanding, keep in force at his own cost and expense, insurance against fire, [illegible], windstorm and other like casualty, upon all insurable property, upon or pertaining to any property described in Schedule A hereto annexed. Such insurance shall be for such amounts as conform to Grantor's previous insurance practice. All amounts received by Grantee as insurance proceeds from such insurance shall be treated as Gross Receipts under Article V (b) hereof, and shall be used to the extent appropriate to fulfill Grantee's obligation to maintain and equip the properties described in Schedule A hereto annexed. Further, Grantee shall maintain in force for the same length of time and at its own expense, such public liability, Workmen's Compensation and Employers' Liability insurance policies as conform to Grantee's previous policy in this respect, limited however, to operations with respect to properties described in Schedule A hereto annexed. All premiums on each and all of such insurance policies shall be considered an Operating Expenditure under Article V (b) hereof.

ARTICLE IX.

(a) To provide for the possibility that hereafter the First Reserved Interest, the Overriding Royalty Interest and the Second Reserved Interest may be owned separately, as well as the possibility that parts of each of such interest may be owned separately, as well as to facilitate all operations and transactions hereunder, Grantor and Grantee agree each and

all of the provisions of this instrument shall extend to and be binding upon the respective heirs, executors, administrators, successors and assigns of Grantor and Grantee, but that Grantee's right to assign, sell, transfer, convey or in anywise encumber any interest or property hereby conveyed to him shall be limited, for so long as either the First or Second Reserved Interest is outstanding, (i) to the disposition of oil and gas as produced from the properties described in Schedule A hereto annexed; (ii) to the disposition of Salvage as hereinbefore provided; (iii) to the disposition of properties or interests therein which are presently not producing oil or gas in paying quantities, and under the conditions, herein provided, and (iv) to the sale by or at the instance of First National Bank in Dallas (or other holder of the Bank Debt) of the interests and properties hereby conveyed to Grantee, or any part thereof, to satisfy the said Bank Debt.

(b) Each and all of the terms, agreements and covenants contained in this instrument shall be, and shall always be construed as, covenants running with the lands, and each and every parcel thereof, described in Schedule A hereto annexed. As such, the same shall bind and inure to the benefit of everyone who in any manner acquires any interest of any kind in any of said properties.

(c) Until the First Reserved Interest is completely satisfied, it shall be considered for all of the purposes of this instrument as if the First Reserved Interest were the only interest in the properties described in Schedule A hereto annexed reserved by Grantor herein and as if the Overriding Royalty Interest and the Second Reserved Interest had not been so reserved but had been conveyed to Grantee hereby. Under this provision, but without limiting the generality of the foregoing sentence by the particularizations which follow, the holder or holders of the First Reserved Interest shall alone, for so long as any part thereof remains unsatisfied, be entitled to the notices and information to which Grantor is entitled hereunder, to declare defaults, to take over and operate properties and otherwise to exercise all of the rights herein given Grantor for the protection of the interests herein reserved, including the right to waive, from time to time, in whole or in part, any right or remedy herein given Grantor. Those rights include, but without limitation by enumeration, (i) the right to waive the performance of any covenant or agreement made by Grantee herein, (ii) the right to amend or supplement this instrument in any that does not diminish Grantee's rights and interest hereunder, (iii) the right to permit Grantee to assign and convey the rights and interests hereby conveyed to him, and (iv) the right to decrease as to any oil or gas well the percentage of the production applicable to the First Reserved Interest when and if but for such reduction Grantee could abandon such well. The said rights do not include the right to reduce the amount of the reserved interests or to impose any personal liability upon any holder of any interest in any of said reserved interests. But, after the First Reserved Interest has been completely satisfied, the holder or holders of the Second Reserved Interest shall succeed to all of the rights theretofore exercisable by the holder or holders of the First Reserved Interest with respect to all of the properties described in Schedule A hereto annexed to which said Second Reserved Interest then attaches; except that such holder or holders shall have no right to diminish or alter the Overriding Royalty Interest or to affect adversely the holder or holders or holders of said Overriding Royalty Interest. This shall continue until the Second Reserved Interest is completely satisfied.

(d) Grantee may treat Grantor as the sole owner of the First Reserved Interest and the Second Reserved Interest until he is given written notice (with reasonable supporting evidence) of a change in such ownership and the due recordation of the instruments effecting such change. If the ownership of the First Reserved Interest is at any time so vested in undivided interests in more than two persons, firms, corporations, associations, trusts or estates, and Grantee is notified, as above provided, of such change in ownership, all notices, reports and other information herein provided for to be given by Grantee shall be deemed properly given if given

Fraser & Pendleton, Inc., Grantor herein, does hereby bind itself and its successors, to warrant and forever defend all and singular the property, premises and estates above conveyed (subject to the exceptions and limitations above enumerated), unto the said Marshall L. Young, his heirs and assigns, against the lawful claim or claims of any and all persons whomsoever claiming or to claim the same, or any part thereof, by, through or under Grantor, but not otherwise.

Further, BUT ALL THE BY THESE PRESENTS:

That Grantor herein, acting herein by and through officers who have been duly authorized by the aforesaid resolutions of its stockholders and of its Board of Directors, for and in consideration of $100 and other good and valuable considerations paid to it (Grantor) by the Continental National Bank of Fort Worth (a National Banking Association), full receipt of same being hereby acknowledged and confessed, has Bargained, Granted, Sold, Transferred, Assigned, Conveyed, Set over and Delivered, and does hereby Bargain, Grant, Sell, Transfer, Assign, Convey, Set over and Deliver unto Continental National Bank of Fort Worth aforesaid, an undivided 954,206/960, 1486ths interest in the First Reserved Interest reserved to Grantor under Article I, paragraph (a) hereof and in and to the Overriding Royalty Interest of Grantor under Article I, paragraph (b) hereof, together with the same undivided interests in all of the rights, benefits, covenants and agreements relating to said First Reserved Interest and said Overriding Royalty Interest as hereinbefore set forth in this instrument.

This assignment and conveyance to Continental National Bank of Fort Worth shall become effective as of 7:00 A. M. on November 1, 1956, and shall be effective to assign to said bank the specified interests in oil and gas run and delivered from all properties described in Schedule A hereto annexed, from and after said date and hour.

TO HAVE AND TO HOLD the property, premises and estates herein conveyed to Continental National Bank of Fort Worth aforesaid, together with all and singular the rights, members and appurtenances thereto in anywise appertaining unto it, the said bank, its successors and assigns forever, and Grantor herein does hereby bind itself and its successors to warrant and forever defend, all and singular, the property, premises and estates hereby conveyed to said bank unto it and its successors and assigns, against the lawful claim or claims of any and all persons whomsoever claiming or to claim the same or any part thereof by, through or under Grantor, but not otherwise.

A sufficient amount of United States revenue stamps is attached to the original hereof cancelling complete descriptions of all properties conveyed hereunder.

IN WITNESS WHEREOF, Grantor and Grantee have executed this instrument in several counterparts, each of which shall be considered an original and each of which is identical with all others except that, to avoid unnecessary encumbrance of records, the counterparts hereof to be filed of record in the respective counties and parishes where the lands affected are situated omit descriptions of the lands and leaseholds in other counties and parishes specified herein, as of the 31st day of October, 1956.

ATTEST: /s/ PHILLIP R. WALKER, Secretary

/s/ MARSHALL L. YOUNG, Grantee

WITNESSES TO ALL SIGNATURES: /s/ F. C. YOUNG, JR. L. QUINN

STATE OF TEXAS

COUNTY OF TARRANT

BEFORE ME, THE UNDERSIGNED, a duly qualified and commissioned Notary Public in and for said County and State, on this day personally appeared A. M. Prachett, Vice-President and Philip R. Walker, Secretary of Fraser & Pendleton, Inc., known to me to be the persons and

to buy of such record owners (other than Grantee) who, in the aggregate, own of record not less than one-half (1/2) of the First Deferred Interest; provided that if both of the interests, the record owners of which may be required such notices, are beneficially owned by members of the same family (defined for this purpose to mean father, father, sons, daughters and grandchildren), each notice shall be given to at least one (but record owner who is not an individual. Those to whom such notices are, or may be given, may take any action hereunder which Grantee could take if it had continued to be the sole and absolute owner of the First Deferred Interest and they shall never be or become in anywise liable to anyone for any good-faith action or non-action hereunder. Everyone dealing in any way with the ownership of this instrument shall be fully protected in dealing with the recipients of such notices in all such matters and in completely relying on all actions and representations taken or made by them. Any and all actions taken by the recipients of such notices shall inure equally and ratably to the benefit of all holders of interests in the First Deferred Interest. When the First Deferred Interest is completely satisfied, all of the provisions of this Article IV (1) shall apply to the Second Deferred Interest and its owners.

(2) Until and unless Grantee has committed a default as herein below and has failed to prevent such default within the time hereinafter provided for and until Grantee (or its successors in interest as hereinafter provided) has caused notice of such default to be placed of record in the County in which the property affected by such default is located, any and all rights which Grantee may have in any such property, or interest therein, or to all or any part of the proceeds to be derived therefrom, may peaceably pursue such default, possess and deal with Grantee hereinafter as if without liability to anyone therefor. Included in the actions which may be so taken without liability, but without limitation by reason enumeration, are: (i) Paying or entering into all or any part of any prior lien, encumbrance or charge upon the property affected by such default, and any payments so made; and (ii) paying taxes or assessments and any other charges, fines or impositions which may be or become a lien upon the property affected by such default, and any payments so made; and (iii) paying, buying or otherwise acquiring any interest in or title to the property affected by such default, or any part thereof, at any sale, public or private, had or made pursuant to any mortgage, deed of trust, lien, encumbrance, charge or judgment, and any payments so made; and (iv) doing any other act with respect to the property affected by such default which Grantee may deem necessary or desirable to protect any lien, charge or encumbrance on the property affected by such default or the interest of Grantee therein, or any other interest in the property affected by such default, and any payments so made.

ARTICLE V.

The provisions of Article IV hereof may be modified or amended in any manner by a written agreement executed by Grantee and Grantor, their successors and assigns, or by the owners of the Second Deferred Interest, but no such modification or amendment shall be binding upon any person or entity who is not a party to such agreement or who has not consented thereto in writing.

ARTICLE VI.

All notices or other writings required to be given hereunder shall be deemed so given if delivered personally to the party to whom it is to be given (or to an officer of such party if such party is a corporation) or if mailed to the last address of such party known to the person giving the notice, postage prepaid, and addressed to such party at such address. All notices or other writings required to be given by Grantee hereunder shall be deemed so given if delivered personally to Grantor or if mailed to Grantor, postage prepaid, and addressed to Grantor at 6500 Trinity Building, Fort Worth, Texas. Each party shall have the right from time to time to change the address to which notices shall be given to it by giving to the other party notice thereof in the manner hereinabove provided for the giving of notice. Any notice or other writing required to be given hereunder shall be deemed given when delivered personally or when deposited in the United States mail in the manner provided above, whichever shall first occur.

TO HAVE AND TO HOLD the property, premises and estates herein conveyed, together with all and singular the rights, hereditaments and appurtenances thereunto belonging or in anywise appertaining, to the use of the Grantee, successors and assigns forever, subject, however, to all valid and subsisting restrictions, conditions, reservations, easements, rights-of-way, encumbrances of record, if any, and to the rights, obligations and duties of the public utility companies now or hereafter serving the property, and to all zoning laws, regulations and ordinances of municipal and other governmental authorities now or hereafter in effect relating to the property, and to all taxes and assessments for the year 1971 and subsequent years, which Grantee assumes and agrees to pay as a part of the consideration for this deed, and to the terms and provisions of the Declaration of Easements, Covenants and Restrictions dated as of even date herewith executed by Grantor and Grantee, and to all of the terms and provisions of the Deed of Trust, Assignment of Rents and Security Agreement dated as of even date herewith executed by Grantee to Marshall A. Young, Trustee for the benefit of Grantor, covering all of the property described in Exhibit "A" attached hereto and made a part hereof for all purposes.

I, Philip D. Walker, the duly elected, qualified and acting Secretary of Roeser & Pendleton, Inc., a Delaware corporation, do hereby certify that the following resolutions were duly adopted at regular meetings of the Board of Directors of Roeser & Pendleton, Inc. and of the stockholders of Roeser & Pendleton, Inc., and that said resolutions have not been rescinded or in anywise modified:

DIRECTORS' RESOLUTION:

BE IT RESOLVED by the Board of Directors of Roeser & Pendleton, Inc., a Delaware corporation, that A. H. Trachsel Vice President, and Philip D. Walker, Secretary of Roeser & Pendleton, Inc., are hereby authorized and instructed to execute, as such, and on behalf of Roeser & Pendleton, Inc. a conveyance in the form presented to this meeting, dated as of October 31, 1952, conveying to Marshall T. Young, of Fort Worth, Texas, the oil and gas properties owned by Roeser & Pendleton, Inc. in the States of Texas, Louisiana, Mississippi, Oklahoma, Georgia, Tennessee, Nebraska, North Dakota, South Dakota and Kansas, but reserving to Roeser & Pendleton, Inc. interests therein in the nature of limited overriding royalty or oil-payment interests and overriding royalty interests,and further conveying to Continental National Bank of Fort Worth (a National Banking Association) fractions of the interests so reserved from the properties so conveyed to the said Marshall T. Young; and Philip D. Walker, Secretary of Roeser & Pendleton, Inc., is authorized and instructed to cause a certified copy of this resolution to be attached to said instrument.

STOCKHOLDERS' RESOLUTION:

BE IT RESOLVED by the stockholders of Roeser & Pendleton, Inc., a Delaware corporation that the action of the Board of Directors of Roeser & Pendleton, Inc. in authorizing and instructing A. H. Trachsel, Vice-President, and Philip D. Walker, Secretary of Roeser & Pendleton, Inc., to execute, as such, and on behalf of Roeser & Pendleton, Inc.

in the form presented to this meeting, dated as of October 31, 1952, conveying to Marshall T. Young, of Fort Worth, Texas, the oil and gas properties owned by Lesser F. Pendleton, Inc. in the States of Texas, Louisiana, Mississippi, Oklahoma, Georgia, Tennessee, Wyoming, North Dakota, South Dakota and Kansas, but reserving to Lesser F. Pendleton, Inc. interests therein in the nature of limited overriding royalty or oil-payment interests and overriding royalty interests, and further conveying to Continental National Bank of Fort Worth (a National Banking Association) fractions of the interests so reserved from the properties so conveyed to the said Marshall T. Young; and authorizing Philip N. Walker, Secretary of Lesser F. Pendleton, Inc., to cause a certified copy of such resolution to be attached to said instrument, be ratified, approved and confirmed.

I, the said Philip N. Walker, further certify that the instrument to which this certificate is attached is the instrument presented and approved by the Directors and stockholders of Lesser F. Pendleton, Inc. as shown in the foregoing resolutions.

WITNESS my hand officially and the seal of Lesser F. Pendleton, Inc., this 5th day of November, 1952.

/s/ PHILIP N. WALKER,

Secretary Lesser F. Pendleton, Inc.

TENNESSEE PRODUCTION COMPANY, A Texas Corporation

to

TENNESSEE PRODUCTION COMPANY, A Delaware Corporation

ASSIGNMENT

THE STATE OF TEXAS)
: KNOW ALL MEN BY THESE PRESENTS, That,
COUNTY OF HARRIS)

TENNESSEE PRODUCTION COMPANY, a Texas Corporation, hereinafter called "Grantor", for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable considerations to it paid by TENNESSEE PRODUCTION COMPANY, a Corporation organized and existing under and by virtue of the laws of the State of Delaware, hereinafter called "Grantee", the adequacy of which consideration is hereby acknowledged, has GRANTED, BARGAINED, SOLD, ASSIGNED and CONVEYED and by these presents does GRANT, BARGAIN, SELL, ASSIGN and CONVEY unto the said Grantee all of the following described property, to-wit:

1. Grantor's undivided one-fourth (1/4) interest in and ot its Johnson-Boudreaux Lease situated in Jefferson Davis Parish, Louisiana, covering 1145.35 acres, a portion of Sections 29 and 13, Township 10 South, Range 3 West; and a portion of Sections 17 and 18, Township 10 South, Range 2 West, Louisiana Meridian, and

Grantor's undivided one-fourth (1/4) interest (except as to the 9200' sand wherein said Grantor's interest is one-third (1/3), in and to its Trimble Lease, contained in the Shoesmith Unit, situated in Jefferson Davis Parish, Louisiana, covering 40.00 acres, being the Southeast Quarter Northeast Quarter (SE/4 NE/4), Section 2, Township 8 South, Range 4 West, Louisiana Meridian, and

Grantor's interest in and to, any other real property, or any interest therein, situated in the State of Louisiana, including, but not by way of limitation, land and interest in land owned by Grantor, in fee, or otherwise, the mineral leasehold estates, royalty interests, overriding royalty interests, interests in production of oil, gas and other minerals, as well as all reversions and rights of reverter, and interests in lands and leases which will vest or shall become effective upon the termination of any overriding royalty or production payment presently affecting any such lands and leases.

Grantor's interest in all of the oil, gas and other wells (whether such wells are producing wells, or non-producing wells, or are shut-in, or plugged, or abandoned, or plugged and abandoned, or are input wells, or otherwise), located in land included, or purported to be included, in the properties hereby conveyed, and all fixtures, equipment and personal property now existing in any and each such well and all fixtures, equipment and personal property of every kind and character now existing on or above the surface of any of the said land, and used, procured for use, or appertaining to the said wells, or the processing, operation, storage or transportation of oil, gas or other hydrocarbons produced, or that may be produced from said properties, including, but in no wise limited to, buildings, derricks, tanks, casing, tubing, Christmas trees on or attached to wells, connections, sucker rods, pump rods, pumps, valves, fittings, pits, compressors, pipes, flow lines and similar equipment, warehouses, stocks in warehouses, trucks, cars, rolling stock and surplus equipment, drilling equipment, pipelines, gathering lines, lateral lines, water lines, waterwells, storage tanks, separators, plants, interests in plants, and all and any other material or equipment not herein specifically listed and including, but in no wise limited to all wells, plants, material, pipe and equipment incident to repressuring and pressure maintenance and the processing of oil or gas, and

All of Grantor's interest in easements, right of ways or easement agreements, construction rights, licenses, permits, immunities, grants and consents and servitudes of whatever nature, for and in connection with the development, maintenance, operation and/or improvement of any land, zones or leases covered by, or included in, or purported to be covered by, or included in, the properties herein conveyed, or for ingress or egress thereto or therefrom and/or the laying, construction, maintenance, operation, repair and/or removal of pipelines, gathering lines, connections, lateral lines, equipment, compressors, tanks, pits and/or any appurten

Exhibit D

facilities of any and every description.

2. All the personal property of every name, nature and description owned by Grantor, a including all machinery, equipment and fixtures, fixed or movable, all oil, gas or other hy carbons in storage tanks, or in transit, and all supplies, stores and furniture, files, map logs and records, hwerever located, and whether in the hands of Grantor or any of its agent or employees, or in the hands of others.

3. All contracts, contract rights, rights of action, pertaining to its business in t State of Louisiana, and also all other property and rights of every name and description of whatsoever nature of Grantor, except its corporate franchises.

It is the intention of Grantor and of this instrument to convey and grant and Grantor does hereby convey and grant unto the Grantee, all of Grantor's assets and property, real, personal or mixed, tangible or intangible, of record or not of record, and wheresoever sit

The properties hereinabove described are conveyed by Grantor and accepted by Grantee, subject to:

(a) With respect to the particular items of properties affected thereby, all existing easements and right of ways owned by persons other than Grantor, in, across or under the pr erties hereinbefore described, for the laying, erection or maintenance of public roads, pipe lines, railroads, telephone lines or other facilities;

(b) With respect to the particular items of property affected thereby, all valid and sisting oil, gas or mineral leases, unitization agreements, pooling agreements, operating agreements, contracts for the sale of oil, gas, liquid hydrocarbons or other mineral substa

TO HAVE AND TO HOLD the properties, estates and interests hereby conveyed unto the said Gr its successors and assigns, forever, subject, nevertheless, to all of the foregoing.

This conveyance is made with full substitution and subrogation of Grantee in and to al covenants of warranty by others heretofore given or made in respect to the properties hereb conveyed.

This instrument shall be effect as of February 26, 1952 at 8;00 o'clock A.M., and all chasers of production are directed to make payment of the proceeds of runs for the month of February, 1952, to Grantor; and Grantor agrees to account to Grantee out of the proceeds fr said properties received by it for four-twenty-ninths (4/29ths) of the February runs after deducting four-twenty-ninths (4/29ths) of the February operating expenses with respect to s properties, and four-twenty-ninths (4/29ths) of the February production and severance taxes applicable thereto.

This instrument has been executed in multiple counterparts and all such counterparts e ecuted and delivered shall each be considered as an original and shall constitute but one and the same instrument.

Grantee joins in the execution of this instrument of conveyance to evidence its assump and agreement to pay and discharge all of the debts, liabilities and obligations of Grantor an to further evidence its acceptance of the properties, interests and estates hereby conveyed

IN WITNESS WHEREOF, Grantor and Grantee have executed this instrument on this the 26th day of November, A. D. 1952.

LUMA BOURGEOIS

TO

THE TEXAS PIPE LINE COMPANY

RIGHT OF WAY

A

Know all Men by These Presents: That LUMA BOURGEOIS, married to Aimea Bourgeois, born Pusson, hereinafter called grantor, of the postoffice of Lacassine, in the State of Louisiana, for and in consideration of THREE HUNDRED FOUR AND NO/100 ($304.00) ($304.00) Dollars, cash in hand paid, receipt of which is hereby acknowledged, do hereby grant, convey and warrant unto THE TEXAS PIPE LINE COMPANY, a corporation of Texas, its successors and assigns, hereinafter called grantee, the right to lay, construct, operate, maintain, inspect, repair, replace, change in the size of, and removea pipe line, in whole, or in part, for the transportation of gas, oil, petroleum, or any of its products, water, and other substances, and such other underground equipment and appurtenances as may be necessary or incidental for such operations, the grantee selecting theroute upon, over, and through the following described land, situated in the Parish of Jefferson Davis, in the State of Louisiana, to wit:

All of Section Thirty-three (33) Township Nine (9) South, Range Six (6) West Louisiana Meridian lying East (E) of Missouri Pacific Railroad less and except 26.93 acres prevoously sold for Canl Right of Way.

Also the right to lay, construct, operate, maintain, inspect, repair, replace, change the size of, and remove, in whole or in part, a second pipe line, subject to the payment to the grantor of the samd consideration expressed above; said second line to be laid adjacent to and parallel with the first.

The grantee, at any and all reasonable times, shall have the right of ingress to and egress from such pipe lines for all purposes of this grant.

TO HAVE AND TO HOLD the rights and privileges hereunder granted unto said THE TEXAS PIPE LINE COMPANY, its successors and assigns, so long as such pipe lines, underground equipment and appurtenances or any thereof, are maintained.

And by the acceptance hereof, the grantee agrees to bury such pipe lines so that they will not interfere with the cultivation of the land ans alos to pay any and all damages tocrops, fences and land which may be suffered from the construction, operation, or maintenance of such pipe lines.

It is understood and acknowledged by the grantor or grantors that the person securing this grant is without authority to make any agreement in regard to the subject matter hereof which is not expressed herein and that any such agreement will not be binding on the grantee.

IN WITNESS WHEREOF this instrument is signed in duplicate original on this the 14th day of October, 1952.

PARTIAL RELEASE.

PARTIAL RELEASE OF OIL, GAS AND MINERAL LEASE.

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS.

REFERENCE is here made to that certain oil, gas and mineral lease dated May 12, 1945, and recorded in the Conveyance Records of Jefferson Davis Parish in Book 110 at page 522 et seq., File No. 149166; and all amendments, extensions and assignments of said hereinabove referred to oil, gas and mineral lease. Said lease was granted by Albert Sidney Johnson and Adolphe C. Boudreaux, joined by his wife, Mrs. Rosa Castex Boudreaux, as Lessors, in favor of M. N. Stafford, as Lessee, covering the following described property, situated in Jefferson Davis Parish, Louisiana, to-wit:

1145.35 acres, more or less, being (a) Section 39 in Township 10South of Range 3 West, Lo isiana Meridian, except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of Swamp Timberland lying in the Eastern portion thereof, which was sold by Jean Castex and others to A.S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C.E., dated in 1921, it being inderstood, however, that there is included in this lease two tracts of prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not inclueed in the aforesaid sale to A.Alston & Co., and (d) Section 18 in Township 10 South ofRange 2 West of the Louisiana Meridian, lying between the southeast corner of the aforedescribed Section 39 on the west and the Mermentau River on the east, all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. THERE IS EXCEPTED from the above description and from this lease that certain tract of land comprising 10 acres,

more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, La., and more particularly described in said deed.

AND WHEREAS, said lease and the rights thereto are now owned by the undersigned, MARSHALL R. YOUNG, CLYDE ALEXANDER, FRED W. BATES, TENNESSEE PRODUCTION COMPANY, S. N. VAN WERT, J. MORT WALKER, JR., JOSEPH M. JONES, ELMER D. FLANDERS, MRS. MARTHA MANNING FLANDERS and her minor children, MARY CATHERINE FLANDERS, MARTHA ANNE FLANDERS and BERT FLANDERS, III.

NOW THEREFORE, we, the undersigned present owners of said lease, or portion thereof, as hereinabove described, for good and valuable considerations, the receipt and adequacy whereof is hereby acknowledged do hereby release, relinquish and surrender all of the undersigned's rights, title and interest in and to the aforesaid lease, unto the present Lessor, being heirs, successors or assigns of the said Albert Sidney Johnson and Adolphe C. Boudreaux, SAVE AND EXCEPT the hereinafter described 160 acres taken from said lease. The 160 acres reserved by Lessee herein may sometimes be described as follows, to-eit:

BEGINNING at a corner established by E. J. Mead, C.E., in a survey made in connection with the sale by Jean Castex and others to A.S.Alston & Co., on February 14, 1922, said corner being on the north line of Irregular Section 17, T 10S, R 2 W on no name slough, THENCE northwest along the north line of said Section 17 to the most northerly corner, THENCE continuing northwest along the north line of Irregular Section 39, T10S, R3W, to the most northerly northwest corner of said Section 39, THENCE southwest along the west line of Section 39 to a corner established by this 160 acre reservation, THENCE southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner on the aforesaid no name slough, THENCE northerly meandering along said slough to the point of beginning; the distances along the east and west lines of this reserved tract being sufficient so that the whole of the tract shall contain 160 acres. Bounded northerly by Acadia Development Company, Inc., southerly by the other lands of said lessors, easterly by the Texas Company, westerly by A. H. Hebert, now or formerly.

IN FAITH WHEREOF, this instrument is executed in multiple original copies effective as of the 5th day of March, 1954, in the presence of the undersigned, competent witnesses. MARSHALL R. YOUNG, BY (SIGNED) A. M. BRACKETT, Agent & Attorney-in-Fact.

PARTIAL RELEASE.

PARTIAL RELEASE OF OIL, GAS AND MINERAL LEASE.

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS.

REFERENCE is here made to that certain oil, gas and mineral lease dated May 12, 1945, and recorded in the Conveyance Records of Jefferson Davis Parish in Book 110 at page 622 et seq., File NO. 149166; and all amendments, extensions and assignments of said hereinabove referred to oil, gas and mineral lease. Said lease was granted by ALBERT SIDNEY JOHNSON and ADOLPHE C.BOUDREAUX, joined by his wife, MRS. ROSA CASTEX BOUDREAUX, as Lessors, in favor of M. N. Stafford, as Lessee, covering the following described property, situated in Jefferson Davis Parish, Louisiana, to-wit:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South, of Range 3 West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of Swamp Timberland lying in the Eastern portion thereof, which was sold by Jean Castex and others to A.S.Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C.E., dated in 1921, it being understood, however, that there is included in this lease two tracts of prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A.Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the southeast corner of the aforedescribed Section 39 on the west and the Mermentau River on the east, all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. THERE IS EXCEPTED from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1 936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, La., and more particularly described in said deed.

AND WHEREAS, said lease and the rights thereto are now owned by the undersigned, Marshall R. Young, Clyde Alexander, Fred W. Bates, Tennessee Production Company, S. N. Van Wert, J. Mort Walker, Jr., Joseph M. Jones, Elmer D. Flanders, Mrs. Martha Manning Flanders and her minor children, Mary Catherine Flanders, Martha Anne Flanders and Bert Flanders, III.

NOW THEREFORE, we, the undersigned present owners of said lease, or portion thereof, as hereinabove described, for good and valuable considerztions, the receipt and adequacy whereof is hereby acknowledged do hereby release, relinquish and surrender all of the undersigned's rights, title and interest in and to the aforesaid lease, unto the present Lessor, being heirs, successors or assigns of the said Albert Sidney Johnson and Adolphe C. Boudreaux, SAVE AND EXCEPT the hereinafter described 160 acres taken from said lease. The 160 acres reserved by Lessee herein may sometimes be described as follows, to-wit:

BEGINNING at a corner established by E. J. Mead, C. E., in a survey made in connection with the sale by Jean Castex and others to A.S.Alston & Co., on

February 14, 1922,said corner being on the north line of Irregular Section 17, T10S, R2W on no name slough, THENCE northwest along the north line of Said Section 17nto the most northerly corner, THENCE CONTINUING NORTHWEST along the north line of Irregular Section 39 T10S, R3W, to the most northerly northwest corner of said Section 39, THENCE southwest along the west line of Section 39 to a corner established by this 160 acre reservation, THENCE southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner on the aforesaid no name slough, THENCE northerly meandering along said slough to the point of beginning; the distances along the east and west lines of this reserved tract being sufficient so that the whole of the tract shall contain 160 acres. Bounded northerly by Acadia Development Company, Inc., southerly by the other lands of said Lessor, easterly by the Texas Company, westerly by A. H. Hebert, now or formerly.

WITNESSETH:

1. Lessor, in consideration of Twelve Thousand Dollars($12,000.00) in hand paid, of the royalties herein provided and the agreements of Lessee herein contained, hereby Grants and Lease exclusively unto Lessee, for the purpose of investigating, exploring, prospecting, drilling mining for, producing and owning oil, gas, and all other minerals, laying pipe lines, construct ing and maintaining tanks, roads, canals, power stations, telephone lines and other structures and facilities thereon necessary or convenient to produce, save, take care of, trest, store, transport, manufacture and dispose of said minerals and salt water, housing its employees, and to carry out the purposes and exercise the rights above set forth in operations on this land and other lands, the following described land, including any and all battures, accretions,and réparì rights thereto belonging, situated in Jefferson Davis Parish, Louisiana,to-wit:

TRACT NO . 1:

A certain tract of land containing 1103.35 acres, more or less, and being situated as follows:

BEGINNING at a point 3068.0' S62° 29' E from the NW/corner Irrègular Section 17, T10S,R2W Thence N62° 29' W along the North line of Section 17,3068.0' to the NW/corner , Thence continuing along the north line of Irregular Section 39, T10S,R2W, 482.0' to the most nort ly NW/corner of s aid Section, Thence S 52° 32-1/2' W 7349.7' along the west line of said Section 39 to a corner on the east line of Section 14, Thence S 0° 04' E 3395.0' to the southwest corner of Lot 2 of Irregular Section 13, T10S,R3W, Thence S 89° 48' E 3262.6' along the south line of said Lot 2 to the southeast corner, Thence S 62° 41' E4120.0' to a corner on the right descending bank of the Mermentau River. Thence northerly with the meander of said river along the right bank to a point 235.0' east of the most southerly corner of Irregular Section 17, T10S,R2W, Thence northerly as the meander line of the no-name coulee meanders to the point of beginning. BOUNDED Northerly by Acadia Develop- ment Co.Inc., the Mermentau River, and Texas Company, Northwesterly by Annie H.Hebert and Frank C.Perl, West by Louise C.Mileler, and Brosius, East by Texas Company, and Mermentau

River, South By D.C.Ritchie, G.T.Golden, Bryan Harbert, Mermentau River and the Texas Company.

SAVE AND EXCEPT from above tract:

A. The most northerly 160 acres, being a rectangular shaped tract in the northern part of Irregular Section 39, T10S,R3W, and northwest portion of Irregular Section 17, T10S, R2W, and more specifically described in a Partial Release of Oil,Gas and Mineral Lease dated March 5, 1954, as same exists between the party Lessor herein and M.W.Stafford and/or assigns.

B. 10 acres in the northwest corner of Section 18, T10S,R2W, and partly in Section 39, T10S R3W, being property purchased by Fred Shutts and in a deed dated March 6, 1936, (CB 66,Page 101, Conveyance Records of Jefferson Davis Parish, Louisiana)

TRACT NO. 2

A tract containing 16.5 acres, more or less, and located along the north line of irregular Section 17,T10S,R2W, and being in said Section 17, T10S,R2W, bounded: NOrth by Acadia Development Co. Inc., South, East and West, by Texas Company fee lands.

TRACT NO. 3

A tract containing 5.5 acres, more or less, and located along the North line of Irregular Section 17, T10S, R2W, and being in said Section 17, T10S,R2W, BOUNDED: NORTH by G.B.Zigler and Acadia Development Co.Inc., SOUTH EAST and WEST by the Texas Company fee lands.

For the purpose of calculating the rental payments hereinafter provided for, said land is considered to comprise 955.35 acres, whether it actually comprises more or less.

2. Subject to the other provisions herein contained, this lease shall be for a term of five (5) years from this date(called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or acreage pooledtherewith hereunder or operations are conducted or this lease is otherwise maintained as hereinafter provided.

3. If operations for the drilling of a well shall not be commenced on said land or on ac acreage pooled therewith on or before the expiration of twelve (12) months from the date hereof, this lease shall terminate as to all parties unless on or before such date Lessee shall pay or tender to Lessors, Rosa Castex Boudreaux, Mark A.Boudreaux, Worrell B.Johnson, Al Albert Sidney Johnson, Grace Johnson Miller and Ora Johnson Miguez, or to said Lessor's credit in the Calcasieu Marine National Bank of Lake Charles, Jennings Branch,Jennings, Louisiana and to Lessor Ogden W.Johnson, or to said Lessor's credit in the Calcasieu Marine National Bank of Lake Charles, Welsh Branch, Welsh, Louisiana, and to Lessors Beulah Blanche Bourdier, James L. Boudreaux, and Castex M. Boudreaux, or to said Lessors' credit in the Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana,and to Lessor Ozella McCain Johnson or to said Lessor'scredit in the Jefferson Davis Bank & Trust Co.,at Jennings,Louisiana, (which banks and their successors are Lessors' agents, and shall continue as depository for rentals payable hereunder, regardless of changes in ownership of said lands and rentals,) the sum of:

NAME	AMOUNT	ADDRESS
Rosa Castec Boudreaux	$2,500.00	Mermentau, Louisiana
Matk A. Boudreaux	625.00	Mermentau, Louisiana
Beulah Blanche Bourdier	625.00	816 Lyons St.Lake Charles,La.
Castex M.Boudreaux	625.00	1313 Tenth St.Lake Charles, La.
James L. Boudreaux	625.00	3319 Patrick St.,Lake Charles,La.
Ozella McCain Johnson	2,500.00	1002 ChurchSt.Jennings,La.
Worrell B.Johnson	500.00	P.O.Box 111 Mermentau, La.
Albert Sidney Johnson	500.00	606 Morton St.Jennings,La.
Grace Johnson Miller	500.00	P.O.Box 782, Jennings,La.
Ogden W.Johnson	500.00	P.O.Box 162,Welsh, La.
Ora Johnson Miguez	500.00	P.O.Box 782 Jennings, La.

which shall extend for twelve months the time within which such operations may be commenced.

for successive periods of twelve months each during the remainder of the primary term. All payments hereinabove provided for are herein-called "rental". It is further agreed that if while this lease is being maintained in force by production of oil, gas, or other minerals from the lands covered hereby or lands pooled therewith as herein provided, the royalties paid to Lessor under paragraph numbered 4 hereof(excluding any royalties paid by reason of outstanding royalties interests to which Lessor's interest may be subject on the date hereof, as reflected by the record of Jefferson Davis Parish, Louisiana) do not equal the sum of $5,000.00 for any year, Lessee agrees within sicty (60) days after the close of such year to pay to Lessor, as rental, the difference between the royalties received and $5,000/00 . The yearly periods provided for herein shall commence the first day of the month in which production is first obtained. It is understood that such guaranteed income royalty shall be payable only after and while this lease is being maintained in force by production and shall not be payable for any period when the lease is being maintained in force by delay rental payments, operations or shut in gas payments provided for in Paragraph 4 below. All payments or tenders under this lease may be made by Lessee's check or draft, mailed to Lessor or delivered to Lessor, or mailed or delivered to said bank on or before lsuchdate of payment; all exchange, collection or other service charges made by the bank or the check or draft or in giving Lessor credit on its books to be borne by Lessor. If said bank (or any successor bank) should cease to exist, suspend business, liquidate, fail or be succeeded by another bank, or, for any reason, fail or refuse to accept rental, Lessee shall not be held in default for failure to make such payment or tender of rental until thirty days after Lessor shall deliver to Lessee, by registered mail at its principal place of business in the state where said land is situated, a proper recordable instrument naming another bank as agent to receive such payments or tenders. The down cash payment is consideration for this lease according to its terms and shall not be allocated as a mere rental for a period. Operations under this lease shall be deemed to be commenced when the first material is placed on the ground, or other necessary operations (except surveying or staking location) are commenced on said land, and same are thereafter prosecuted with reasonable diligence.

4. Royalties to be paid by Lessee are:(a) on oil, one-eighth (1/8th) of that produced and saved from said land, to be delivered at the wells or to the credit of Lessor into the pipe line to which the wells may be connected; Lessee may from time to time purchase any royalty oil, paying therefor the market price at the well prevailing for the field where produced on the day it is run to the pipe line or storage tanks; (b) on gas, including casinghead gas or other gaseous substance produced from said land and sold or used off the premises, or used in the extraction of gasoline or other product therefrom by Lessee, the market value at the well of one-eighth(1/8th) of the gas so sold or used, provided that on gas sold at the well the royalty shall be one-eighth(1/8th) of the amount realized from such sale; (c) on all other minerals, mined and marketed, one-eighth(1/8th) either in kind or value at the well or mine at Lessee's election, except on sulphur the royalty shall be Three Dollars($3.00) per long ton; if, at any time, either during or afterthe primary term, there is a well capable of producing gas on said land or on acreage pooled therewith, but gas is not being produced, and this lease isnot then being maintained by production, operations or otherwise, Lessee at its election may pay or tender as a rental to the Lessor, or deposit to its credit in the banks named herein, in the same manner and subject to all of the provisions relating to rental as herein provided, on or before the first day of the month after the expiration of ninety (90) days from the date this lease ceases to be maintained by production, operations or otherwise, a sum equal to one-twelfth (1/12th) of the rental provided for herein on the number of acres covered by this lease on the date of payment, which payment shall maintain this lease in force and effect for a period of one(1) month from the date of payment and relieve Lessee of any obligation to

develop or market gas during such month. In like manner, with like effect and upon like payments, tenders or deposits on or beforethe expiration of tje last preceding month for which such payjent, tender or deposits has been made, this lease may be maintained in force and effect for successive periods of one (1) month each, (but not continuously for a period in excess of five consecutive years) until such time as this lease is maintained by production, operations or ptherwise under the terms hereof; Lessee shal have free use of oil, gas, and water from said land, except water from Lessor's wells for all operations hereunder and for repressuring the oil and gas formation in the field and the royalty on oil and gas shall be computed after deducting any so used.

5. Lessee is hereby granted the right and authority, at its option, at any time or times, to pool into units all or any part of the land covered by this lease and the lease mineral royalty and other rights therein as to oil and gas, or either of them in any stratum or strata, with other lands and the lease, mineral, royalty and other rights therein, regardless of ownership thereof. Such unit or units may embrace not more than forty (40) acres each, as to oil, plus a tolerance of ten per cent, and not more than one hundred and sixty (160) acres each, as to ga,s plus a tolerance of ten per cent, provided that if governmental authority, State or Federal, prescribed, requires, or permits larger units as a spacing pattern for the orderly development of the field, or for any other purpose, or shall allocate a producing allowable based in whole or in part on acreage per well, any unit may be formed or reformed to embract up to the maxium surface acreage content so prescribed or allocated. Any unit hereunder need not conform in size or area to any otherunit. Pooling in one or more instances shall not exhaust the right to pool other units hereunder. Any unit may include, but is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed, or operations for drilling a well have theretofore been commenced. Lessee shall execute the record in the parish where the unit is situated a written designation and description of each unit formed or reformed hereunder. All drilling, reworking, or other operations on, or production from any unit shall be considered as though such operations were carried on or production secured from land embraced in this lease whether or not the well or wells be located on this lease with certain conditions as shown in Paragraph 5B. There shall be allocated to this lease that proportion of the pooled production from any unit formed hereunder, whether or not from land covered by this lease, that the number of surface acres, divided or undivided, covered and leased by this lease and included in such unit, bears to the total number of surface acres pooled in such unit, and Lessor shall receive the royalties and other payments provided for herein, if any(other than rental and shut-in gas royalties), only upon that portion of such production, and such royalties and payments as to such pooled production shall be in lieu of royalties and payments, if any, elsewhere herein provided. The production from an oil well shall be considered as production from the lease or oil unitfrom which it is producing and not as production from a gas unit; and production from a gas well shall be considered as production from the lease or gas unit from which it is producing and not from an oil unit. Should title to any interest, divided or undivided, in any unit fail in whole or in part, Lessee shall have the right at its option to cancel said unit, and thereafter may form a new unit subject to the provisions hereof. No royalties shall be payable on production.title to which has failed, and, without impairment of warranties herein contained,there shall be no retroactive apportion ment of royalties.

5B. Notwithstanding anything to the contrary herein contained, it is understood and agreed that in the event during the primary term a portion or portions of the land covered by this lease are included with other lands in a uanit or units established under the provisions of this lease, by other voluntary agreement or adopted by the Commissioner of Conservation for the State of Louisiana, then operations on or production from a well or the completion of a well

a unit, but shall not so maintain the lease on the remainder of the leased premises not embrace in such a unit and not otherwise maintained under the terms hereof beyond the next rental paying date, unless on or before such rental date Lessee shall pay or tender to Lessor, or to Lessor's credit in the manner provided in this lease, the amount of rental provided herein to be paid upon the area then covered hereby, reduced in the proportion that the acreage covered hereby, reduced in the proportion that the acreage covered by this lease and contained in such unit or units bears to the total acreage then covered by this lease and further reduced by the amount of any shut-in gas well royalty payments made by Lessee during the rental payment date. By similar tender or payments on each succeeding annual rental date this lease may so be maintained in force during the remainder of the primary term as to the portion thereof not included in such unit or units. In the event the date of commencement of drilling operations or production on a unit is less than thirty (30) days prior to such next ensuing rental paying date, Lessee shall be privileged to make such rental payment on or before thirty (30) days after such rental paying date and thereby maintain its rights hereunder. In the event, at the end of the primary term, this lease is not being otherwise maintained under its terms than by operations on or production from the portion or portions thereof included in a pooled or integrated unit or units including other lands, then the primary term hereof shall be extended as to such unit or units in accordance with the terms and provisions of this lease, but shall not be extended for more than five (5) additional years as to the remainder thereof not so included in such unit or units and not otherwise maintained under the provisions of this lease, unless, on or before each anniversary of the annual rental paying date, during such limited period of extension, Lessee pays or tenders annually in the manner provided above the proportionate part of the original rental applicable to the acreage not included in such unit or units. Nothing herein is intended nor shall have the effect to create several or separate leases, or in any manner to extend or increase the obligations of Lessee with respect to offset, reasonable development or otherwise than as expressly stated herein. If, at any time, either during the original primary term or the limited extension thereof provided in this paragraph as to the portions of the leasenot included in pooled unit s and not otherwise held under the terms hereof, Lessee prosecutes operations on or obtains production from the leased premises, not forming a part of a pooled or combined unit embracing a portion of the leased premises and other lands, then the provisions of this paragraph shall not thereafter apply. Bythe term "operations" is meant operations for the drilling or reworking of a well with no cessation between operations, or between operations and production , long er than as permitted under the terms of this lease, and by the term "production" is meant production of oil, gas or other minerals with no cessationbetween production periods or between production and operations, other than as permitted under the terms of this lease.

6. If, during the primary term, Lessee abandons a well as a dry hole on saidland or acreage pooled therewith, or, if after production has been obtained therefrom the same should cease from any cause and in either case this lease is not otherwise maintained, this lease shall not terminate if operations for drilling or reworking are commenced or resumed on any well, or payment or tender of rentals are commenced or resumed, on or before the rental paying date next ensuing after the expiration of sicty (60) days from the date of abandonment of the well as a dry hole or cessation of production; provided that no rentals or operations shall be necessary to maintain this lease for the remainder of the primary term if such abandonment of the well a dry hole or cessation of production occurs within sixty (60) days prior to or during the last year of the primary term. If such abandonment of a well as a dry hole or cessation of production occurs within sixty (60) days prior to or at any time after the expiration of the primary term and this lease is not otherwise maintained, this lease shall not terminate if such operations for drilling or reworking are commenced or resumed within sixty (60) days

after abandonment of the well as a dry hole or cessation of production. Upon the expiration of the primary term or at any time thereafter when this lease is not otherwise maintained, this lease shall remain in force so long as any such operations for drilling or reworking are prosecuted with no cessation of more than sixty (60) consecutive days, between the abandonment of one well and the commencement of drilling operations on another,and, if they result in production of oil, gas, or other mineral, so long as the same is produced."Produced" or "production" within the meaning of this paragraph and paragraph 2 hereof shall mean produced or production in any quantity so that royalties may be payable thereon to Lessor as herein provided.

7, In the event a well or wells producing oil or gas in paying quantities should be trought in on adjacent land not owned by Lessor and not more than three hundred thirty feet(330') from and draining the leased premises or acreage pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances, provided Lessee shall not be required to offset any such gas well on adjacent land unless the gas therefrom ismarketed; and provided further in lieu of drilling an offset to such gas well, Lessee shall have the option of paying Lessor, as rental, a sum equal to the roualties which would be payable under this lease on theproduction from said well had same been produced hereunder, and as long as Lessee may elect to pay such rental in lieu of drilling an offset well, it will be considered that gas is being produced within the meaning of Paragraph 2 hereof. When required by Lessor, Lessee will bury pipe lines below ordinary plow depth and pay damage caused by Lessee's operations to growing crops, as well as damages to the land that may be directly affected by operations of Lessee due to saltwater, waste oil or the like, rendering same unusable for its normal use as farm land; and Lessee shall have the right to inject gar, water, brine or other fluids into subsurface strata. Lessee shall have the right at any time during or within one year after the expiration of this lease to remove all properties and fixtures placed by Lesseeon said land or on acreage pooled therewith, including the right to draw and remove all casing whether from producing or nonproducing wells.

8. The rights of eitherparty hereto may be assigned in whole or in part and as to any mineral and to any extent, and the provisions hereof shall extend to their heirs, successors and assigns, but no change or division in the ownership of the land or rentals or royalties or other payment hereunder or the right to receive same, however accomplished, shall operate to enlarge the obligations or diminish the rights of the Lessee. If the ownership of the royalties or other payments hereunder becomes changed into separate divided protions of said land, Lessee shall not be required to offset wells on such separate tracts orportions, or to furnish upon or as to any such tract or portion separate measuring or receiving tanks; Notwithstanding any other actual or constructive knowledge of or notice to Lessee thereof,no change or division in ownership or right to receive shall be binding upon Lessee for any purpose until sixty(60) days after the receipt by Lessee, by registered mail at its principal place of business in the state where said land is situated, from the party acquiring an interest or right, of the duly recorded instrument or instruments or certified copies thereof, or other legally authenticated written evidence constituting the chain of title of such change. Where such change is the result of death, disability from any cause, or emancipation from disability, of any person, or the new owner is for any reason not judicially competent, no such change in ownership or right to receive shall be binding on Lessee until sixty (60) days after Lessor shall have furnished Lessee, as above provided, proof satisfactory to Lessee that an appropriate representative has been appointed by a court of competent jurisdiction, or Lessee is furnished other evidence satisfactory to him of the parti entitled to receive such payments; and in the case of rentals, it shall in the meantime be sufficient to pay or tender same to the credit of the person previously

been given a period of sixty (60) days follwwing judicial ascertainment in which to prevent such loss or forfeiture by complying with and discharging its obligation as to which Lessee has been judicially determined to be in default; provided, however, thatin the event Lessee has been judicially determined to be in default, then and in such event Lessor's remedy shall be limited to the recovery of such damages as Lessor has sustained between the date of default and final judicial ascertainment thereof by reason of Lessee's failure properly to discharge its obligations hereunder. In case of cancellation or termination of this lease for any cause, Lessee shall have the right to designate and retain under the terms hereof forty (40) acres,plus a tolerance not to exceed ten per cent thereof, around each well producing oil, being worked on or drilling for oil hereunder, and one hundred and sixty (160) acre, plus an acreage tolerance not to exceed ten per cent thereof, around each welll producing gas, being worked on or drilling for gas here under, unless under a governmental spacing order, or, in the absence of such order, under the well spacing in this area, a larger or smaller tract has been allotted to each well, in which case Lessee may retain around each such well the tract so allotted to such well; provided that the acreage that Lessee may retain hereunder around any such well which is situated in a pooled unit is that portion of the land covered hereby which is included in such pooled unit. This lease shall be binding on all who execute it whether or not named in the body hereof as Lessors and without regard to whether this instrument shalll be executed by any of the other Lessors named herein.

11. Should Lessee be prevented from complying with any expressed or implied covenant of this lease, from conducting drilling or reworking operations thereon, or from producing oil gas or other mineral therefrom by reason of scarcity or inability, after effort made in good faith, to obtain equipment or material or authority to use same, or by failure of carriers to transport or furnish facilities for transpornation, or by operation of force majeure, any federal or state law, or any order, rule or regulation of governmental authority, or other cause beyond Lessee's control then while so prevented, Lessee's obligation to comply with such covenant shall be suspended and Lessee shall not be liable for damages for failure to comply therewith; and this lease shall be extended while and solong as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil, gas or other mineral from the leased premises and the time while Lessee is so prevented shall not be counted against Lessee Provided, however, that such extension shall not be for a period of more than two (2) years, and rental payments will be made during the extension of the lease being held by rental payment at the start of such extension.

12. Lessor's warranty under paragraph 9 herein shall not include the obligation to produce the partial release of an oil, gas and mineral lease affecting the subject lands, such release having been executed in part by M.N.Stafford and/or assigns, but not fully exec uted as to all parties at the time of the granting of this lease, as a result of this release, in the event same is not completely executed

IN TESTIMONY WHEREOF, this instrument is executedin duplicate on the date first above written, in the presenceof the undersigned competent witnesses.

PARTIAL RELEASE

3

PARTIAL RELEASE OF OIL, GAS AND MINERAL LEASE

STATE OF LOUISIANA :

PARISH OF JEFFERSON DAVIS :

REFERENCE IS HERE made to that certain oil, gas and mineral lease dated May 12, 1945, and recorded in the conveyance records of Jefferson Davis Parish in Book 110 at page 522 et seq., File No. 149166; and all amendments, extensions and assigns of said hereinabove referred to oil, gas and mineral lease. Said lease was granted by ALBERT SIDNEY JOHNSON and ADOLPHE C. BOUDREAUX, joined by his wife, Mrs. ROSA CASTEX BOUDREAUX, as lessors, in favor of M. M.Stafford, as lessee, covering the following described property, situated in Jefferson Davis Parish, Louisiana, to wit:

1145.35 acres, more or less, being (a) Section39 in Township 10 South of Range 3 West, Louisiana Meridian, exceptthat portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South, of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of Swamp Timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, it being understood, however, that there is included in this lease two tracts of prairie land along the north line of said Swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tract were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 south of Range 2 West of the Louisiana Meridian, lying between the southeast corne of the aforedescribed section 39 on the West and the Mermentau River on the East, all as per plat showing the property herein leased, attached to the Act No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. THERE IS EXCEPTED from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in conveyance Book 66, page 101, of the records of Jefferson Davis Parish, La., and more particularly described in said deed.

AND, WHEREAS, said lease and the rights thereto are now owned by the undersigned, Marshal R. Young, Clyde Alexander, Fred W. Bates, Tennessee Production Company, S. M. Van Wert, J. Mort Walker, Jr., Joseph M. Jones, Elmer D. Flanders, Mrs. Martha Manning Flanders and her minor childern, Mary Catherine Flanders, Martha Anne Flanders and Bert Flanders, III.

NOW, THEREFORE, we, the undersigned present owners of said lease, or portion thereof, as hereinabove described, for good and valuable considerations, the receipt and adequacy whereof is hereby acknowledged do hereby release, relinquish and surrender all of theundersigned's rights, title and interest in and to the aforesaid lease, unto the present lessor, being heirs,successors or assigns of the said Albert Sidney Johnson and Adolphe C. Boudreaux, SAVE AND EXCEPT the hereinafter described 160 acres taken from said lease. The 160 acres reserved by lessee herein may sometimes be described as follows, to wit:

BEGINNING at a corner establishedby E. J. Mead, C. E., in a survey made in connection with the sale by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, said corner being on the north line of Irregular Section 17, T10S, R2W, on no name slough, THENCE northwest along the north line of said section 17 to the most northerly corner THENCE continuing northwest along the north line of Irregular section 39, T10S,R 3W, to the most northerly northwest corner of said section 39, thence Southwest along the

west 1 ne of Section 39 to a corner established by this 160 acre reservation, THENCE Southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner on the aforesaid no nam slough, THENCE northerly meandering along said slough to the point of beginning; the distances along the east and west lines of this reserved tract being sufficient so thatthe whole of the tract shall contain 160 acres. Bounded northerly by Acadia Development Company, Inc., southerly by the other lands of said lessors, easterly by the Texas Company, westerly by A. H. Hebert, now or formerly.

IN FAITH WHEREOF, this instrument is executed in multiple original copies effective as of the 5th day of March, 1954, in the presence of the undersigned, competent witnesses

WHEREAS, by instrument dated September 10, 1954, Lyle Cummins assigned said lease to Waterford Oil Company, a North Dakota corporation, with a permit to do business in the State of Louisiana, which assignment was filed and recorded in the conveyance records of Jefferson Davis Parish, Louisiana in conveyance Book 188, at page 499, under Entry No. 219194; and

WHEREAS, by instrument dated September 14, 1954, filed and recorded in Conveyance Book 189, page 69, et seq., under File No. 219573, of the conveyance Records of Jefferson Davis Parish, Louisiana, Waterford Oil Company assigned to Sam E. Dunnam of Houston, Texas and Lyle cummins of Lafayette, Louisiana, jointly and in equal shares, an overriding royalty of one sixteenth (1/16th) of eight eighths (8/8ths) of all oil, gas and other minerals, except sulphur (as to which the overriding royalty is fifty cents (50¢ per long ton) that may be produced and marketed from the land covered by, and by virtue of the above described lease.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: THAT WATERFORD OIL COMPANY, a North Dakota corporation with a permit to do business in the State of Louisiana, whose address is 408 Whitney Building , New Orleans, Louisiana, hereinafterstyled "Assignor," for and in consideration of the sum of One thousand and no/100 Dollars ($1,000.00) and other good and valuable considerations paid by TIDE WATER ASSOCIATED OIL COMPANY, a Delaware corporation with a permit to do business in the State of Louisiana, the receipt and adequacy of which is hereby acknowledged, has granted bargained, sold and conveyed and does by these presents grant, bargain, sell and convey unto TIDE WATER ASSOCIATED OIL COMPANY, hereinafter styled "Assignee", its successors and assigns, all right, title and interest in and to the hereinabove referred to oil, gas and mineral lease, subject to the overriding royalties conveyed to Sam E. Dunnam and Lyle Cummins.

And for the same consideration, the Assignor does hereby covenant with Assignee, its successors and assigns, that it is the lawful owner of said lease and the rights and interest thereunder, and that said lease is valid and subsisting; that said rights and interest are free and clear from all liens and encumbrances; that rentals now due and payable thereunder have been paid, and assignor warrants title to the same, by, through and under it.

IN WITNESS WHEREOF, this instrument has been executed by both parties as of the 25th day of March, 1955.

&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&&

PARTIAL RELEASE OF OIL, GAS AND MINERAL LEASE

STATE OF LOUISIANA :

PARISH OF JEFFERSON DAVIS :

REFERENCE is here made to that certain oil, gas and mineral lease dated May 12, 1945, and recorded in the conveyanceRecords of Jefferson Davis Parish in Book 110 at page 522 et seq., File No. 149166; and all amendments, extensions and assignments of said hereinabove referred to oil, gas and mineral lease. Said lease was granted by ALBERT SIDNEY JOHNSON and ADOLPHE C. BOUDREAUX, joined by his wife, Mrs. Rosa Castex Boudreaux, as lessors, in favor of M. N. Stafford, as lessee, covering the following described property, situated in Jefferson Davis Parish, Louisiana, to wit:

1145.35 acres, more or less, being (a) Section 39 in Township 10 South of Range 3 West, Louisiana Meridian, except that portion lying in triangular from west of the East boundary line of Section 14 if extended through said Section 39, (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of Swamp Timberland lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921, it being understood however, that thereis included in this lease two tracts of prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West of the Louisiana Meridian, lying between the southeast corner of the aforedescribed Section 39 on the west and the Mermentau River on the east, all as per plat showing the property herein leased, attached to the act No. 81795 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. THERE IS EXCEPTED from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West which was conveyed by lessors herein to Fred Shutts by deed dated March 5, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, La., and more particularly described in said deed.

AND, WHEREAS, said lease and the rights thereto are now owned by the undersigned, Marshall R. Young, Clyde Alexander, Fred W. Bates, Tennessee Production Company, S. N. Van Wert, J. Mort Walker, Jr., Joseph M. Jones, Elmer D. Flanders, Mrs. Martha Manning Flanders and her minor childern, Mary Catherine Flanders, Martha Anne Flanders and Bert Flanders, III.

NOW, THEREFORE, we, the undersigned present owners of said lease, or portion thereof, as hereinabove described, for good and valuable considerations, the receipt and adequacy whereof is hereby acknowledged do hereby release, relinquish and surrender all of the undersigned's rights, title and interest in and to the aforesaid lease, unto the present lessor, being heirs, successors or assigns of the said AlbertSidney Johnson and Addphe C. Boudreaux, SAVE AND EXCEPT the hereinafter described 160 acres taken from said lease. The 160 acres reserved by lessee herein may sometimes be described as follows, to wit:

BEGINNING at a corner established by E. J. Mead, C. E., in a survey made in connection with the sale by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, said corner being on the north line of Irregular Section 17, T10S, R2W on no name slough thence northwest along the north line of said Section 17 to the most northerly corner,

THENCE continuing northwest along the north line of irregular Section 39, T10S, R3W. to the most northerly northwest corner of said Section 39, THENCE southwest along the west line of Section 39 to a corner established by this 160 acre reservation, THENCE southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner on the aforesaid no name slough, THENCE northerly meandering along said slough to the point of beginning; the distances along the east and west lines of this reserved tract being sufficient so that the whole of the tract shall contain 160 acres. Bounded northerly by Acadia Development Company, Inc., Southerly by the other lands of said lessors, easterly by the Texas Company, westerly by A. H. Hebert, now or formerly.

IN FAITH WHEREOF, this instrument is executed in multiple original copies effective as of the 5th day of March, 1954, in the presence of the undersigned, competent witnesses.

ROSA BOUDREAUX ET AL

T O

AMERICAN LA. PIPELINE CO.

RIGHT OF WAY

STATE OF LOUISIANA :
: A GRANT OF EASEMENT
PARISH OF JEFFERSON DAVIS :

THIS AGREEMENT made and entered into by and between ROSA BOUDREAUX, born Castex, widow of Adolph C. Boudreaux deceased; MARK A. BOUDREAUX, married to and abiding with Berniece Foreman; both residents of the Parish of Acadia Parish, Louisiana, BEULAH BLANCHE BOUDIER, born Boudreaux, married to and abiding with Floyd J. Boudier; CASTEX M. BOUDREAUX, married to and abiding with Lydia Boudreaux, born McBride; JAMES L. BOUDREAUX, married to and abiding with Adeline Boudreaux, born Cormier; all residents of Calcasieu Parish, Louisiana, MRS. OZELLA JOHNSON, born McCain, widow of Albert Sidney Johnson, Sr., deceased, herein represented by her duly appointed and authorized agent and Attorney in Fact, Raymond Bruce, as will appear by reference to original instrument or appointment dated February 23, 1955, filed under No. 222026, and recorded in Book 191 at page 513, of the Conveyance Records of Jefferson Davis Parish, Louisiana; MRS. GRACE MILLER, born Johnson, widow by divorce of Ralph M. Miller; MRS. ORA MIGUEZ, born Johnson, wife of Adam Miguez; ALBERT SIDNEY JOHNSON, JR., married to and abiding with Marvel Andrus; OGDEN W. JOHNSON, married to and abiding with Mamie Clark; all residents of Jefferson Davis Parish, Louisiana, and WORRDLL B. JOHNSON married to and abiding with Dora Cary; a resident of the Parish of Acadia, Louisiana; all together hereinafter referred to as "Grantor", and AMERICAN LOUISIANA PIPE LINE COMPANY, a Delaware corporation, herein represented by and acting though Robert D. McClintock, its duly authorized Vice President, said corporation being hereinafter referred to as "Grantee", as follows, to-wit:

WHEREAS, grantor is the owner of the following described property, situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to wit:

All Section 39, Township 10 South, Range 3 West; less that part lying West of the East line of Section 14, Township 10 South, Range 3 West, and less parts previously sold.

WHEREAS, grantee desires to acquire of grantor the right to lay, maintain, inspect, alter repair, operate and remove a pipe line for the transportation of oil, gas, water or other fluids and substances, under and across the hereinabove described land, and grantor desires to grant such easement to grantee on the terms and conditions hereinafter expressed:

NOW THEREFORE, for and in consideration of the sum of Four Hundred Seventy three and 28/10

($473.28) Dollars, cash in hand paid, receipt of which is acknowledged, Grantor does hereby grant unto Grantee the right to lay, maintain, inspect, alter, repair, operate and remove a pipe line for the transportation of oil, gas, water or other fluids and substances under and across the said land hereinabove described. The route and course of the said pipe line across the said land is shown on the plat attached hereto, made a part hereof, and marked "Exhibit A".

There is included in this transfer the rights of ingress, egress and regress to and from said line for the purposes aforesaid, but limited to the right of way herein granted. Grantor retains and shall have the right fully to use and enjoy the above described land except as to the right of easement heretofore granted unto Grantee, including the right to farm the surface of the land along the route of said pipe line; and grantee agrees to pay grantor for any damages that may arise to land, crops, pasture, timber, canals, levee system, private roadways, fencing animals, or buildings of grantor/or otherwise to grantor from the exercise by grantee of the rights herein granted.

As additional consideration for the grant of this easement, grantee agrees:

(1) That said pipe line shall be buried at least twenty four (24) inches below the surface of the ground, measured from the surface of the ground to the top of the pipe.

(2) No. Valves, fittings, meters and other equipment shall be installed on or in connection with the said pipe line without the written consent of the grantor; and no installations whatsoever shall be made above ground.

(3) Whenever the said pipe line shall run under or below any large drainage ditch, whether natural or artificial, said pipe line shall be buried at least five (5) feet below the bottom of said drainage ditch.

(4) It is contemplated that if drainage ditches, irrigation canals or navigation canals are constructed on an easement that might be granted to any individual, corporation or political subdivision of the State of Louisiana, Parish of Jefferson Davis, or to the United States Government across the tract of land hereinabove described, and that such easement shall encounter and cross the easement herein granted to grantee, then and in that case, the grantee agrees that it will bury its pipe line at least five (5) feet below the bottom of said drainage ditch, irrigation canal or navigation canal.

(5) In the event there should be built a barge canal, the pipe line company will comply with Federal and State regulations, as well as ownership regulations.

(6) Grantee agrees and binds itself not to lay the said pipe line closer than 200 feet to any dwelling; and immediately after the laying of said line to level said land to the same topographical condition as existed at the time of the granting of this easement.

(7) In case of the abandonment and/or the expiration of this grant of easement for any cause or reason whatsoever, grantee or its assigns agrees to recondition the surface of the grant of easement similar to its original condition before use, such reconditioning must meet the approval of grantor herein.

(8) The easement herein granted is limited to a width of 75 feet.

(9) That this grant is limited to one pipe line as herein described, and for the use herein provided.

(10) That grantee, before severing or cutting grantor's fence or fences at each point where the same is to be severed or cut, will first staunchly cross brace the two panels, the one immediately on either side to the point of severance, so as to prevent unnecessary sag to the remaining portion of grantor's fence or fences.

(11) This grant is made subject to any and all previous rights of way and/or servitudes, oil, gas, mineral lease or leases and mortgage or mortgages, if any, prevently affecting said above described property, and grantee agrees that the exercise by it of this [illegible]

(12) Grantee will bore under Grantor's irrigation canal at the points of intersection of the said pipe line with said canal on the right of way herein granted so that at least 5 ft. clearance will exist between the top side of the pipe or casing and the bottom of Grantor's canal, and will conduct such boring and installation endeavors so as not to interrupt or interfere with grantor's use of said canal in grantor's irrigation program.

(13) In the event of the non use of this pipe line after construction by grantee, its successors or assigns, for a period of twenty four (24) months, this easement shall be considered as being abandoned, and grantee shall have ninety (90) days in which to remove from the land all pipe and other equipment placed thereon.

It is well understood and agreed by and between the parties hereto that grantee is fully liable for all legally assessable injury to persons or property, including public liability, resulting from the construction, maintenance and operation of the pipe line over and across the hereinabove described land, which liability is in addition to that already assumed hereinabove.

Public liability as defined herein applies but not with limitations to any/all public and private claims. To be included herein are any claims whatsoever as a result of death/deaths and/or personal injury to any person/persons attributed directly or indirectly by operations of grantee or his assigns or his/their contractors on the property described herein under the rights of this grant of easement.

This is the grant of an easement and not the grant of the fee title to any land. Consequently, no oil, gas or other minerals and no oil, gas or mineral rights are involved in this transaction, and grantee well understands that it has no right to explore or develop the mineral possibilities on the land occupied by its pipe line or the right to grant such privile to others.

The provisions hereof shall enure to the benefit of and be binding upon the parties hereto and their respective successors, heirs and assigns.

It is understood that the person securing this grant is without authority from Grantee to make any agreements with respect to the subject matter hereof which are not expressed herein, and this instrument contains the entire contract between the parties.

A portion of the land covered by this agreement is presently planted in rice which will not mature and be harvested before fall, therefore the grantee shall not commence the construction of its pipe line on the property before October 1, 1955, unless the current rice crop thereon shall have been harvested prior to said date.

It is acknowledged, understood and agreed by all parties hereto that this grant and easement shall be fully effective as to the interest owned by each of grantors who executes this instrument whether or not the same is signed by all of the parties herein named as grantors, each party signing acknowledging that he has received his or her respective share of the consideration herein provided for the whole grant.

ALBERT SIDNEY JOHNSON ET AL

RELEASE

RELEASE OF OIL, GAS AND MINERAL LEASE

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

REFERENCE is hereby made to that certain oil, gas and mineral lease, dated May 12, 1945, recorded in the conveyance records of Jefferson Davis Parish in Book 110 at page 522, et seq., File No. 149166; and all amendments, extensions, assignments and partial releases of said hereinabove referred to oil, gas and mineral lease. Said lease was granted by Albert Sidney Johnson and Adolphe J. Boudreaux, joined by his wife, Mrs. Rosa Castex Boudreaux, as lessors, in favor of M. N. Stafford, as lessee, covering the following described lands, situated in Jefferson Davis Parish, Louisiana, to wit:

1145.35 acres, more or less, being (a) section 39 in Township 10 South of Range 3 West, Louisiana Meridian, except that portion lying in triangular form west of the East boundary line of section 14 if extended through said section 39, (b) Lot 2 of Fractional Section 13 in township 10 South, of Range 3 West, Louisiana Meridian, (c) Section 17 in Township 10 South of Range 2 West, Louisiana Meridian, except the 328 acres, more or less of Swamp Timberland lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of

survey made by E. J. Mead, C. E., dated in 1921, it being understood, however, that there is included in this lease two tracts of prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres more or less, which two tracts were not included in the aforesaid sale to A. Alston & Co., and (d) section 18 in Township 10 South, of Range 2 West of the Louisiana Meridian, lying between the southeast corner of the aforedescribed Section 39 on the west and the Mermentau River on the east, all as per plat showing the property herein leased, attached to the act. No. 81759 by which the lessors purchased the said property from Jean Castex, Jr., and which is recorded in Jefferson Davis Parish, Louisiana. THERE IS EXCEPTED from the above description and from this lease that certain tract of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by lessors herein to Fred Shutts by deed dated March 6, 1936, recorded in conveyance Book 66, page 101, of the records of Jefferson Davis Parish, La., and more particularly described in said deed.

AND WHEREAS, under date of March 5, 1954, the undersigned owners did execute a partial release of the said lease saving and excepting therefrom a parcel of land hereinbelow described and containing 160 acres, which instrument of release was delivered to the then owner of the land and by them duly recorded in the conveyance records of Jefferson Davis Parish, Louisiana, and

WHEREAS, the said lease and the rights thereto, insofar as said lease covers the lands hereinbelow described, are now owned by the undersigned interest owners;

NOW, THEREFORE, we, the undersigned present owners of said lease, or portion thereof, for good and valuable considerations, the receipt and adequacy whereof is hereby acknowledge do hereby release,relinquish and surrender all of our remaining right, title and interest in and to the aforesaid lease, unto the present owner or owners, being heirs, successors or assigns of the said Albert Sidney Johnson and Adolphe C. Boudreaux, releasing and surrendering by these presents the following described tract, to wit:

BEGINNING at a corner established by E. J. Mead, C. E., in a survey made in connection with the sale by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, said corner being on the north line of Irregular Section 17. T10S, R2W on no name slough, THENCE northwest along the north line of said section 17 to the most northerly corner, thence continuing northwest along the north lineof Irregular section 39, T10S, R3W, to the most northerly northwest corner of said section 39, thence Southwest along the west line of section 39 to a corner established by this 160 acre reservation, thence southeasterly on a line parallel with the north lines of sections 39 and 17, to a corner on the aforesaid no name slough, thence northerly meandering along said slough to the point of beginning; the distances along the east and west lines of this reserved tract being sufficient so that the whole of the tract shall contain 160 acres. Bounded northerly by Acadia Development Company, Inc., southerly by the other lands of said lessors, easterly by the Texas Company, westerly by A. H. Hebert, now or formerly.

It is the intention of the undersigned releasors, and they do by these presents, release all of their remaining right, title and interest in and to the above described lease whether or not the remaining tract is accurately hereinabove described.

IN FAITH WHEREOF, this instrument is executed by the undersigned owners this 16th day of September, 1957, in the presence of the undersigned competent witnesses.

Louis St. Lafayette, Louisiana. hereinafter called "Lessee", witnesseth,that:

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of XXX 19XXX by and between XX

hereinafter called "Lessor" (whether one or more) and

hereinafter called "Lessee", witnesseth: XXX SIXTEEN THOUSAND AND NO/100------

Lessor, in consideration of the sum of ($ 16000.00),
hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder or in connection with similar operations on adjoining land, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in

JEFFERSON DAVIS Parish, Louisiana, and described as follows, to-wit:

160.00 acres of land, more or less, lying and being situated in Section 39, Township 10 South, Range 3 West and Section 17, Township 10 South, Range 2 West, Jefferson Davis Parish, State of Louisiana, and being more fully described as follows, to-wit:

Beginning at a corner established by E. J. Mead, C.E. in a survey made in connection with the sale by Jean Castex and others to A. S. Alston & Co. on February 16, 1922, saidcorner being on the north line of Irregular Section 17, Township 10 South, Range 2 West on No Name Slough, Tence northwest along the north line of said section 17 to the more northerly corner, Thence continuing northwest along the north line of Irregular Section 39, Township 10 South, Range 3 West to the most northerly northwest corner of said Section 39, Thence southwest along the west line of Section 39 to a corner established by this 160 acre reservation, Teence southeasterly on a line parallel with the North lines of Sections 39 and 17, to a corner on the aforesaid No Name Slough., Thence northerly meandering abng said alough to the point of beginning; the distances along the east and west lines of this reserved tract being sufficient so that the whole of the tract shall contain 160.00 acres. Bounded now or formerly as follows: On the North by Acadia Development Company, Inc., On the South by other lands of the Lessors; On the East by The Texas Company; and on the west by A. B. Hebert. This being the same lands released by Marshall R. Young, et al, by Act of RElease dated September 16, 1927, recorded in Book 221, at page 224, of the Conveyance Records of Jefferson Davis Parish, Louisiana.

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise acres, whether it actually comprises more or less.

This lease shall be for a term of Five (5) years and No (00) months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on March 5th, 19 59, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of Fifty and N /100 ---------- Dollars ($ 50.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods Fifty and No/100 ---------- Dollars ($ 50.00) per acre for all or that part of the land held hereunder. Payments may be made to the Lessor or may be mailed or delivered for deposit to Lessor's credit in the Calcasieu Marine National Bank of Lake Charles, Jennings Br. Jennings, Louisiana Bank at Jennings, Louisiana which Bank or its successor shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall be reduced proportionately, according to acreage. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each well then producing or being drilled or worked on, such forty acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary term such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rentals shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages to crops caused by Lessee's operations. and at termination of lease restore premises to as good condition as possible

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

OZELLA McCAIN JOHNSON / T O / JAMES C. RUFFIN / RATIFICATION

STATE OF LOUISIANA

PARISHOF JEFFERSON DAVIS

KNOW ALL MEN HEREBY: That:

Reference is made to that certain oil, gas and mineral lease of March 5, 1958, executed by Ozella McCain Johnson, et al, as lessor, in favor of James C. Ruffin, as lessee, covering the following described lands in Jefferson Davis Parish, Louisiana, to-wit:

160.00 acres of land, more or less, lying and being situated in Section 39, Township 10 South, Range 3 West and Section 17, Township 10 South, Range 2 West, Jefferson Davis Parish, State of Louisiana, and being more fully described as follows, to-wit: Beginning at a corner established by E. J. Mead, C. E. in a survey made in connection with the sale by Jean Castex and others to A. S. Alston & Co. on February 14, 1922, said corner being on the north line of Irregular Section 17, Township 10 South, Range 2 West on No Name Slough, Thence Northwest along the north line of said section 17 to the most northerly corner, Thence continuing northwest along the north line of irregular Section 39, Township 10 South, Range 3 West to the most northerly northwest corner of said Section 39, THence southwest along the west line of Section 39 to a corner established by this 160 acre reservation, Thence southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner on the aforesaid No Name Slough, Thence northerly meandering along said slough to the point of beginning; the distances along the eastand west lines ofthis reserved tract being sufficient so that the whole of the tract shall contain 160.00 acres, Bounded now orformerly as follows: On the North by Acadia Development Company, Inc., ; On the EAst by The Texas Company; and on the West by A. H. Hebert. This being the same lands released by Marshall R. Young, et al, by Act of Release dated September 16, 1957, recorded in Book 221, at page 334, of the conveyance Records of Jefferson Davis Parish, Louisiana.

WHEREAS, Ozella McCain Johnson was represented therein by her agent and attorney-in-fa Raymond Bruce; and,

WGEREAS, some question has raised about the legal sufficiency of the power of attorney under which the said Raymond Bruce actedin signing and executing the above lease for and on behalf of the said Ozella McCain Johnson;

NOW, THEREFORE, in order to remove any and all questions concerning the legal sufficie of said power ofattorney, the said Ozella McCain Johnson does hereby ratify, adopt and confirm the said actions of the said Raymond Bruce in executing said lease for and on her behalf and does hereby ratify, adopt and confirm the said lease in all its terms and provisions to thesame extent as though the said Ozella McCain Johnson had executed said lease in proper person.

Signed this 12th day of March, 1958.

A S S I G N M E N T

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS: That, James C. Ruffin, married t Dorothy Petrus Ruffin, a resident of Lafayette Parish, Louisiana, here after sometimes called Assignor, for a good and valuable consideratic the receipt and adquacy of which is hereby acknowledged, doesby these presents hereby transfer, set-over, assign and convey unto T. M. Evan husband of Josephine Evans, a resident of Pittsburg, Pennsylvania, with offices at 236 Atlan Building, Dallas, Texas, and Delta Drilling Company, a corporation organized under the laws of the State of Texas, with offices at P.O. Box 2012, Tyler, Texas, hereinafter sometimes ca ed Assignee, in the proportions of a undivided one-half (1/2) to each, and subject to the reservations hereinafter set forth, all rights, titles, and interestin and to that certain oil gas and mineral lease dated March 5, 1958, executed by Rosa Castex Boudreaux, et al, as less to James C. Ruffin, lessee, recorded at Book _____,page _____, Entry No. _____, Conveyance Records, Jefferson Davis Parish, Louisiana, covering and affecting the following described lands in Jefferson Davis Parish, Louisiana, to-wit:

160.00 acres of land more or less, lying and being situated in Section 39, Township 10 South, Range 3 West and section 17, Township 10South, Range 2 West, Jefferson Davis Parish, State of Louisiana, and being more fully described as follows, to-wit:

Beginning at a corner estalbished by E. J. Mead, C. E. in a survey made in conneption with the sale by Jean Castex and others to A. S. Alston & Co. on February 14, 1922, sai corner being on the north line of Irregular Section 17, Township 10 South, Range 2 West on No Name Slough, Thence northwest along the north line of said section 17 to the most northerly corner, Thence conitnuing northwest along the north line of Irregular Section 39, Township10 South, Range 3 West to the most northerly northwest corner of said secti 39, Thence southwest along the west line of Section 39 to a corner established by this 160 acre reservation, Thence southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner on the aforesaid No Name Slough, Thence northerly meandering along said alough to the point of beginning; the distances along the east and west lines ofthis reserved tract being sufficient so that the whole of the tract shall contain 160.00 acres. Bounded now or formerly as follows: On the North by Acadia Devel opment company, Inc.; On the South by other lands of the Lessors' On the East by the Texas Company; and on the West by A. H. Hebert, This being the same lands released by Marshall R. Young, et al, by Act of Release dated September 16, 1957, recorded inBook 221, page 334, of the Conveyance Records of Jefferson Davis Parish, Louisiana.

This transfer and assignment is made expressly subject to the following:

There is reserved from this transfer and assignment in favor of the said James C. Ruffin his heirs and assigns, the following overriding royalty interest with respect to the above oi gas and mineral lease, to-wit:

(a) One-forty-eight (1/48th) of the whole [illegible] of other liquid

hydrocarbons produced and saved from said lands after deducting from the whole thereof that portions of the oil, distillate or other liquid hydrocarbons used as fuel in conducting operations on the leased premises or in treating any mineral prouced to render it marketable
(b) One-forth-eighth (1/48th) of themarket value at the well of the gas produced, saved or sold or produced and used off the leased premises.
(c) Proportionate part of sale, sulphur and other minerals.

This reservation of overriding royalty is made and accepted subject to all of the terms and provisions of the hereinabove described leases and shall constitute a covenant and burden running with the leases hereinabove described and any ratification, renewal or extension thereof. Assignee herein shall have the right to pool or unitize all or any portion of the lands or leases affected by the overriding royalty hereby conveyed, without the consent of Assignor, with other lands or leases. Should any portion of the land or lease affected by the overriding royalty interestconveyed hereby be pooled or unitized with other lands or leases pursuant to an order of the Commissioner of Conservation, or otherwise, the overriding royalty of Assignor shall be reduced that portion of the fraction stated above as the amount of acerage affected by said overriding royalty interest bears to the total number of acres included in any such unit.

If the Lessor in said lease owns interest in the premises covered thereby less than the entire and undivided fee interest, the overriding royalty herein conveyed shall be payable to Assignor only in the proportion which the interest of the Lessor in said lease bears to the entire and undivided fee simple title.

The overriding royalty conveyed hereby shall be free of drilling and operating expenses, but shallbear its proportionate share of severance and gathering taxes. Said overriding royalty shall be calculated and paid or delivered in the same manner as provided for in the above referred to lease for thecalculation, payment and delivery of the royalties reserved therein to the Lessor.

This Conveyance of overriding royalty shall not be construed as imposing any obligation on Assignee, their successors or assigns, to maintain the lease in force andeffect by the payment of rentals, the drilling of wells or otherwise, but the overriding royalty shall be paid to Assignor when and if production is secured from the lands above described or on acreage pooled therewith as a result of operations conducted under the sole discretion of Assignee, their successors or assigns.

This transfer and assignment is made without warranty or recourse of any kind or character whatsoever, except as to the acts and deeds of Assignor.

Said overriding royalty interest to be borne equally by Assignee.

THUS DONE AND SIGNED this 17th day of March, 1958.

BOUDREAUX, married to and abiding with Adeline Boudreaux, born Cormier, all residents of Calcasieu parish, Louisiana, MRS. OZELLA JOHNSON, born McCain, widow of Albert Sidney Johnson, Sr., deceased herein represented by her duly appointed and authorized agent and attorney-in-fact, Raymond Bruce, as will appear by reference to original instrument of appointment dated February 23, 1955, filed under No. 222026, and recorded in Book 191 at page 512 of the Conveyance Records of Jefferson Davis Parish, Louisiana, MRS. GRACE MILLER, born Johnson, widow by divorce of Ralph M. Miller, MRS. ORA MIGUEZ, born Johnson, wife of Adam Miguez, ALBERT SIDNEY JOHNSON, JR.

married to and abiding with Marvel Andrus, OGDEN W. JOHNSON, married to and abiding with Mamie Clark, all residents of Jefferson Davis Parish, Louisiana, and WORRELL B. JOHNSON, married to and abiding with Dora Cary, a resident of Acadia Parish, Louisiana, hereinafter called Grantors for and in consideration of FIVE HUNDRED NINETY-SIX & NO/100 DOLLARS, cash in hand paid, receipt of which is hereby acknowledged does hereby grant, bargain, sell and convey unto TRANS-CONTINENTAL GAS PIPE LINE CORPORATION, a Delaware corporation, its successors and assigns, hereinafter called Grantee, a right of way and easement (servitude only), to construct, lay, maintain, operate, repair and remove one pipe line and appurtenances thereto for the transportation of oil, gas, petroleum products or any other liquids, gases or substances which can be transported through a pipe line, upon, over and through the property situated in the Parish of Jefferson Davis, State of Louisiana, described as follows:

Said right of way shall be 35 and 15 feet respectively on each side of the line marked on the Plat annexed hereto and made a part hereof upon which said pipe line shall be laid affecting all of Section 17, less and except 328 acres, lying in the East portion thereof, Section 17, Township 10 South, Range 2 West; and Lot Two in Section 13, and all of Section 39 except the extreme triangular part lying West of the East line of Section 14, Section 39, Towaship 10 South, Range 3 West, as shown in deed from Jean Castex, Jr., to Albert Sidney Johnson and Adolph C. Boudreaux, dated April 13, 1934, recorded in Book 52 at page 240, and in Succession of Albert Sidney Johnson, Sr., dated September 20, 1949, recorded in Book 142 at page 436, Records of Jefferson Davis Parish, Louisiana.

The Grantee, its successors and assigns, is hereby expressly given and granted the right to assign the said right of way and easement herein granted and conveyed.

TO HAVE AND TO HOLD unto the Grantee, its successors and assigns, with ingress to and egress from the premises for the purposes herein granted which shall be confined tothe right of way granted herein.

The said Grantors are tofully use and enjoy said premises except for the purpose herein granted to the said grantee and provided the said Grantors shall not construct or permit to be constructed any house or structure on or over or that will interfere with the construction, maintenance or operation of any pipe line or appurtenances constructed hereunder and will not change the grade of such pipe line.

Grantee hereby agrees to bury the pipe line to a sufficient depth so as not to interfere with cultivation of the soil or rice irrigation andagrees to pay for any damage which may arise from the construction, maintenance and operation of said line. In addition thereto Grantee agrees that wherever it is necessary to cut existing fences that a closure will be maintained and that after construction said fences will be restored to as good or better condition than they were prior to said cutting.

It is mutually understood and agreed that this agreement a s written covers all the agreements and stipulations between the parties and that no representations or statements, oral or written, have been made modifying, adding to, or changing the terms hereof.

In addition to all other provisions contained hereinabove, Grantee agrees that all pipe line construction within the right of way above described shall be laid a minimum of three (3) feet under all existing canals and flood levees and Grantee agrees that it will so construct the pipe line as it enters and leaves the property in question which will tolerate Grantors future construction of a reasonable flood or irrigation canal..

In the event the construction of the pipe line occurs during the flooding of the rice fields, Grantee agrees to provide for the fluming of the water across the pipe line ditch, so that the water in the rice field will remain level and levees necessary to keep the waterfrom running off the land will be built.

It is distinctly understood that there exsits two main irrigation canals on the above

described property and Grantee agrees to bore under these canals for the purposes of installing the line thereunder and under no circumstances shall impede the irrigation.

Grantee covenants and agrees that all valves and appurtenances will be installed at or near the property or fence lines in order that the said installations will be to the minimum amount of inconvenience to the Grantor. All ditches, debris, etc., caused by construction operations had in the construction of the pipe line; must be filled and cleasred and leveled in order that the land beleft in as good order as before construction commenced for said right of way.

IN WITNESS WHEREOF, the Grantors, Rosa Boudreaux, Mark A. Boudreaux and Worrell B. Johnson have executed this conveyance on this 10th day of April, 1958.

ROSA CASTEX BOUDREAUX, ET AL

T O

GENERAL CRUDE OIL COMPANY

CORRECTION & ACKNOWLEDGMENT

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

Reference is hereby made to an oil, gas and mineral lease dated August 7, 1954, recorded in the conveyance records of Jefferson Davis Parish, Volume 187, page 391, No. 218425, executed by Rosa Castex Boudreaux, Ozella McCain Johnson, Mark A. Boudreaux, Worrell B. Johnson, Beulah Blanche Bourdier, Albert Sidney Johnson, Castex M. Boudreaux, Grace Johnson Miller, James L. Boudreaux, Ogden W. Johnson and Ora Johnson Miguez, in favor of Lyle Cummins, bearing upon certain land situated in Jefferson Davis Parish, Louisiana, and fully described in said lease.

The above mineral lease is now owned by General Crude Oil Company.

General Crude Oil Company completed and shut in a gas well on the above described land, and, inaccordance with the provision of numerical paragraph 4 of the above mentioned mineral lease, shut in gas rentals, in the amount of 1/12 of the annual rental provided in the lease, fell due on January 1, 1960, and similar shut in gas rentals will fall due monthly thereafter so long as lessee maintains the lease by shut in gas payments.

It is acknowledged by each of the undersigned that General Crude Oil Company timely and properly paid shut in gas rentals for the period January 1, 1960 to February 1, 1960, to the parties and in the depository banks set out opposite their respective names, as follows:

NAME	AMOUNT	DEPOSITORY

Rosa Castex Boudreaux'	$208.34	Calcasieu Marine National Bank of Lake Charles, Jenning Branch, Jennings, Louisiana.

COMMITMENT

APPLICATION

Application of Mrs. Clyde C. Daigle, wife, a resident of Jefferson Davis, Parish, Louisiana, for observation care and treatment of Clyde C. Daigle, a resident of Jefferson Davis, Parish, Louisiana, in the Central Louisiana State Hospital, who appears to be suffering from a mental disease, and I hereby give the following information, set forth on the accompanying form about the patient, required by the Department of Institutions as set out by Act 303 of 1946, section 12.

Signed: Mrs. Clyde C. Dagile

January 15th, 1960.

CERTIFICATE OF CORONER AND PHYSICIAN

This certifies that we have observed and examined Clyde C. Daigle. In view of our finding during observation and examination, and considering the information presented by Mrs. Clyde C. Daigle ,wife of thepatient, we are of the opinion, andhereby certify, that the above patient is in need of observation, care and treatment for a mental illness and hospital or other care.

Signed: Charles Brunt, M. D. January 15, 1960.

/s/ HAROLD J. SABATIER, Coroner of Jefferson Davis Parish. January 15, 1960.

COMMITMENT

Considering the foregoing information, as set forth in the application, accompanying papers, certificate of corner and physician, and by virtue of the authority vested in me by law, I hereby commit Clyde C. Daigle a resident of Jefferson Davis Parish, Louisiana, as being mentally ill to the central louisiana state hospital, Pineville, Louisiana, for observation, care and treatment as provided by law.

Given under my hand at Jennings, Louisiana, on the 15th day of January, 1960.

Signed: M. D. Miller, Jr., Judge

RIGHT OF WAY AGREEMENT.

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS: That the undersigned, OZELLA McCAIN JOHNSON, widow of Albert Sidney Johnson, Sr., a resident of Jefferson Davis Parish, mailing address 1002 Church Street, Jennings, Louisiana, represented herein by her agent and attorney in fact, Raymond R. Bruce, WORRELL B. JOHNSON, married to Dora Cary, a resident of Acadia Parish, mailing Address Box 111, Mermentau Louisiana, ALBERT SIDNEY JOHNSON, JR., married to Marvel Andrus, a resident of Jefferson Davis Parish, mailing address 606 Morton Street, Jennings, Louisiana, GRACE JOHNSON MILLER, divorced from Ralph M. Miller, a resident of Jefferson Davis Parish, mailing address P. O. Box 782, Jennings, Louisiana, ORA JOHNSON MIGUEZ, wife of Adam Miguez, a resident of Jefferson Davis Parish, mailing address P. O. Box 782, Jennings, Louisiana, OGDEN W. JOHNSON, JR., married to Carolyn Leonards, a resident of Welsh, Louisiana, RICHARD W. JOHNSON, a single man, a resident of Welsh, Louisiana, MARK W. BOUDREAUX, husand of Bernice Foreman, a resident of Mermentau, Acadia Parish, Louisiana, individually and as agent and attorney in fact for: ROSA CASTEX BOUDREAUX, widow of Adolph C. Boudreaux, a resident of Mermentau, Acadia Parish, Louisiana; BEULAH BLANCHE BOURDIER, married to Floyd J. Bourdier, mailing Address: 816 Lyons Street, Lake Charles, Louisiana, JAMES L. BOUDREAUX, married to Adeline Cormier, mailing address 301 Deaton Street, Lake Charles, Louisiana, and CASTEX M. BOUDREAUX, married to Lydia McBride, mailing address 1313, 10th Street, Lake Charles, Louisiana, (hereinafter called grantors, whether one or more), for and in consideration of the sum of Ten and no/100 ($10.00) & OVC Dollars, in handpaid, the receipt of which is hereby acknowledged, does hereby grant, bargain sell and convey unto DELTA DRILLING COMPANY, W. W. F. OIL CORPORATION and T. M. EVANS, its successors and assigns (hereinafter called Grantee), a right of way and easement for the purpose of laying, constructing, maintaining, operating, altering, replacing, and removing one pipe line (with necessary fittings and appliances) for the transportation of oil, gas, petroleum products or any other liquids, gases or substances which can be transported through a pipe line, the grantee to have the right to select the route under, upon, over and through the lands of grantor, situated in the Parish of Jefferson Davis, State of Louisiana, described as follows:

160.00 acres of land, more or less, lying and being situated in Section 39, Township 10 South Range 3 West and Section 17, Township 10 South, Range 2 West, Jefferson Davis Parish, State of Louisiana, and being more fully described as follows, to wit:

Beginning at a corner established by E. J. Mead, C. E., in a survey made with the sale by Jean Castex and others to A. S. Alston & Co. on February 14, 1922, said corner being on the North line of Irregular Section 17, Township 10 South, Range 2 West on No name Slough, thence northwest along the north line of said section 17 to the most northerly corner, thence continuing northwest along the north line of irregular section 39, Township 10 South, Range 3 West, to the most northerly northwest corner of said section 39, thence Southwest along the West line of Section 39 to a corner established by this 160 acre reservation, thence southeasterly on a line parallel with the north lines of Sections 39 and 17, to a corner of the aforesaid No Name Slough, thence northerly meandering along said slough to the point of beginning the distances along the east and west lines of this reserved tract being sufficient so that the whole of the tract shall contain 160.00 acres. Bounded now or formerly as follows: On the North by Acadia Development Company, Inc.: On the

South by other lands of the lessors: On the East by the Texas Company; and on the West by A. R. Hebert. This being the same lands released by Marshall R. Young, et al, by Act of Release dated September 16, 1957, recorded in Book 221, at page 334, of the conveyance records of Jefferson Davis Parish, Louisiana.

It is agreed and understood that the servitude or rightofway hereby conveyed and transferred shall be limited to and confined to an area of land thirty (30) feet in width, being fifteen (15) feet on each side of the center line of the pipe line as laid in the ground.

Notwithstanding anything to the contrary herein contained, the two and one half inch (2-1/2") pipe line is to be laid as shown on the plat hereto attached and made a part hereof, and it is further provided that the premises after completion of construction will be restored by the Grantee to their present condition as nearly as practicable, with specific reference to replacing of topsoil.

There shall be no surface installation on theright of way herein granted without written consent of grantor.

The Grantee, its successors and assigns are hereby expressly given and granted the right to assign this right of way andeasement, or any part thereof, or interest therein, and the same shall be divisible among two or more owners, as to any rightor rights created hereunder.

The Grantee shall have all other rights and benefits necessary or convenient for the full enjoyment ofuse of the rights herein granted, including, but without limiting the same to, the free right of ingress and egress over and across said lands to and from said right of way and easement.

TO HAVE AND TO HOLD said right of way and easement, unto said Grantee, its sucessors and assigns, until such pipe line be constructed and so long thereafter as a pipe line is maintained thereon; and the undersigned hereby binds himself, his heirs, executors, and administrators (and successors and assigns) to warrant and forever defend all and singular said premises unto the grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim the sameor any part thereof; and subrogates grantee, its successors and assigns, to all rights and actions in warranty against all former owners and proprietors.

The undersigned grantor, his successors, heirs or assigns, reserves the right to fully use and enjoy said premses except as the same may be necessary for the purposes herein granted providing, however that the grantee shall have the right from time to time to to cut and keep clear all trees, undergrowth and other obstructions, whether on said right of way and easement or not, that may injure, endanger or interfere with the use of said pipe line or fittings and appliances appurtenant to any of said line.

The Grantee, by the acceptance hereof, agrees to bury all pipe line so that it will not interfere with the cultivation of the land, and also to pay for any damages to crops, fences, timber and other improvements, which may arise from laying, constructing, maintaining, operating, altering, repairing, removing, chaging the size of, and replacing such pipe line. Said damage, if not mutually agreed upon, to be ascertained and determined by three disinterested persons; one to beappointed by the undersigned grantor, his successors, heirs or assigns; one by the grantee, its successors or assigns, or in case of more than one ownership of said right of way and easement such appointment shall be made by the Grantee, its successors or assigns against whom damages are claimed and the third by the two persons aforesaid, and the award of such three persons, or any two of them, shall be final and conclusive.

It is mutually understood and agreed that this right of way grant as originally written covers all the agreements and stipulations between the parties and that no representations or statements verbal or written have been made modifying, adding to, or changing the terms of

EASEMENT

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESE

That the undersigned, ROSA BOUDREAUX, born Castex, widow of Adolph C. Boudreaux, deceased, MARK A. BOUDREAU married to and abiding with Berniece Foreman, both resid ents of Acadia Parish, Louisiana, BEULAH BLANCHE BOUDIER born Boudreaux, married to and abiding with Floyd J. Bou ier, CASTEX M. BOUDREAUX, married to and abiding with Lydia Boudreaux, born McBride, JAMES L. BOUDREAUX, married to and abiding with Adeline Boudreaux, born Cormier, all residents of Cal casieu Parish, Louisiana; MRS. OZELLA JOHNSON, born McCain, widow of Albert Sidney Johnson, Sr., deceased, herein represented by her duly appointed and authorized agent and attorney in fact, Raymond Bruce, as will appear by reference to original instrument of appointment dated February 23, 1955, filed Under No. 222026, and recorded in Book 191 atpage 512, of the con- veyance records of Jefferson Davis Parish, Louisiana, MRS. GRACE MILLER, born Johnson, widow by divorce of Ralph M. Miller, MRS. ORA MIGUEZ, born Johnson, wife of Adam Miguez, ALBERT SIDNEY JOHNSON, JR., married to and abiding with Marvel Andrus, MAMIE CLARK JOHNSON, widow o Ogden W. Johnson, RICHARD W. JOHNSON and O. W. JOHNSON, JR., all residents of the Parish of Jefferson Davis, Louisiana, and WORRELL B. JOHNSON, married to and abiding with Dora Car , a resident of Acadia Parish, Louisiana, hereinafter called Grantors, and CONTINENTAL OIL COMPANY, hereinafter referred to as Grantee, agree as follows, to wit:

WHEREAS, Grantors are the owners of a farm situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to wit:

All of Section Seventeen (17), Township Ten (10) South, Range Two (2) West, less and except 328 acres lying in the East portion:

All of Section Thirty nine (39), less and except that portion lying East, North and South of a part of Section Fourteen (14), in the form of a triangle, Township Ten (10) South, Range Three(3) West,

Lot Two (2) of Section Thirteen (13), Township Ten (10) South, Range Three (3) West, Louisiana Meridian.

WHEREAS, Grantee desires to acquire of grantors the right to lay, maintain, inspect, alt repair, operate and remove one pipe line for the transportation of gas, distillate and/or by products thereof, together with the right to install such valves, fittings, meters, and othe equipment as will be necessary or convenient for such operations under and across the herein above described land, and grantors desire to grant such easement to grantee on the terms and conditions hereinafter expended;

NOW, THEREFORE, for and in consideration of the sum of Five Hundred forty six and 06/10 (546.06) dollars, cash in hand paid, receipt of which is acknowledged, Grantors do hereby grant unto grantee the right to lay, maintain, inspect, alter, repair, operate and remove on pipeline for the transportation of distillate and/or by products, thereof, together with the right to install such valves, fittings, meters and other equipment as will be necessary or convenient for the such operations under and across the said land hereinabove described. The approximate route and course of the said pipeline across the said land is shown on the plat attached hereto, made a part hereof, and marked "Exhibit A."

There is included in this transfer the rights of ingress, egress and regress to and from said line for the purposes aforesaid, but said rights will be limited to the right of way herein granted. Grantors retain and shall have the full rights to use and enjoy the above described land except as to the right of easement heretofore granted unto Grantee, including the right to farm the surface of the land along the route of said pipe line; and grantee agrees to pay Grantors for any damages that may arise to land, crops, pasturage, timber, canals, levee system, private roadways, fencing, or buildings and other damages to

grantors from the exercise by grantee of the rights herein granted.

As additional consideration for the grant of this easement, grantee agrees:

(1) that said pipe line shall be buried at least thirty (30) inches below the surface of the ground, measured from the surface of the ground to the top of the pipe.

Valves, fittings, meters and other equipment permitted to be installed on the hereinabove described land in connection with the said pipeline shall be installed at least thirty (30) inches below the surface of the ground, measuring from the surface of the ground to the top of the said valve, fittings, meter or other equipment, to the end that said equipment will not interfere in any way with any of the operations of Grantors on said land and shall be installed as near a fence line as possible.

(2) Whenever the said pipeline shall run under or below any large drainage ditch or irrigation canal, whether natural or artificial, said pipeline shall be buried at least four (4) feet below the bottom of said drainage ditch.

(3) It is contemplated that if drainage ditches, irrigation canals or navigation canals are constructed on the above property by grantors or on an easement granted to any individual corporation or political subdivision of the State of Louisiana, Parish of Jefferson Davis, or the United States Government across the tract of land hereinabove described, and that such easement or construction shall encounter and cross the easement herein granted to Grantee, then and in that case, the Grantee agrees that it will bury its pipeline at least four (4) feet below the bottom of said drainage ditch, irrigation canal or navigation canal.

In the event there should be built a barge canal, the pipeline company will comply with Federal and State regulations, as well as ownership regulations.

(4) Grantee agrees and binds itself not to lay the said pipe line closer than two hundred (200) feet to any existing dwelling, barn or outbuilding on any of the hereinabove described land.

(5) In the event of the non use of this pipeline by grantee, its successors or assigns, for a period of twenty four (24) months, this easement shall be considered as being abandoned, and grantee shall have ninety (90) days in which to remove from the land all pipe and other equipment placed thereon.

(6) The right of way herein conveyed shall be 15 and 35 feet respectively on each side of the pipeline marked on Exhibit "A", for construction width only,. After construction the right of way will revert to a permanent width of 20 feet, 10 feet on each side of line. Said right of way shall be constructed as located on the plat annexed hereto and made a part hereof.

(7) Grantee agrees that the rice levees that are cut will be carefully restored by Grantee at its own costs and expense,and that grantee shall clear up the right of way, leaving the same in as nearly as possible the same condition as it was when construction was begun.

(8) That Grantee, before severing or cutting Grantors' fence or fences at each point where the same is to be severed or cut, will first staunchly cross brace the two panals, the one immediately on either side to the point of severance, so as to prevent unnecessary sag to the remaining portion of grantors' fence or fences. Grantee also agrees that when construction work on the pipeline is not under way such fences as it has cut will be closed.

(9) Grantee agrees that in the event the construction of a pipeline occurs during the flooding of the rice fields, grantee agrees to provide for the fluming of the water across the pipeline ditch and/or right of way so that the water in the rice fields will remain level, and levees necessary to keep the water from running off the land will be built along the right of way.

(10) Grantee agrees to clear and remove all timber and brush caused by the construction from the property hereinabove described.

It is well understood and agreed by and between the parties hereto that grantee is fully liable for all legally assessable injury to persons or property, including public liability resulting from the construction, maintenance and operation of the pipeline over and across the

hereinabove described land, which liability is in addition to that already assumed hereinabov

This is the grant of an easement and not the grant of the feet title to any land. Consquently no oil, gas or other minerals and no oil, gas or mineral rights are involved in this transaction, and grantee well understands that it has no right to explore or develop the mineral possibilities on the land occupied by its pipeline or the right to grant such privilege to others.

The provisions hereof shall enure to the benefit of and be binding upon the parties her to and their respective successors, heirs and assigns.

Grantee agrees to bury its pipeline six (6') feet below the surface of the land for a distance of one hundred fifty (150') feet at the approximate location on said right of way designated on Engineer's drawing attached hereto. Said one hundred fifty (150') feet to be staked on right of way by grantors or their agent prior to construction of said pipeline.

This grant of easement is made and signed as of this 31st day of October, 1960.

IN WITNESS WHEREOF the grantors, Rosa Boudreaux, Mark A. Boudreaux and Worrell B. Johns have executed this instrument on this 31st day of October, 1960, in the presence of the under signed competent witnesses.

MIDWEST OIL CORPORATION

RECEIPT & RELEASE.

RECEIPT AND RELEASE.

STATE OF LOUISIANA |

PARISH OF JEFFERSON DAVIS |

WE, the undersigned, do hereby acknowledge the payment and receipt of the total sum of Four Thousand, Two hundred and no/100 ($4,200.00) Dollars, cash in hand paid, by Midwest oil Corporation, a Nevada Corperation, for all damages in connection with operations on, over and across the following described lands, to wit:

A certain tract of land containing 1103.35 acres, more or less, and being situated as follows:

Beginning at a point 3068.0' S. 62° E, from the NW corner Irregular Section 17, T.10S. R.2W. thence N. 62°29' w along the N line of Section 17 3068.0' to the NW corner; thence continuing along the N line of Irregular Section 39, T.10S., R.3W, 482.0' to the most northerly NW corner of said section; thence S 52° 32½' W 7349.7' along the W 7349.7' along the W line of said section 39 to a corner on the E line of Section 14; thence S 0° 04' E 3395.0' to the SW corner of Lot 2 of Irregular Section 13, T.10S., R.3W.; thence S 89°48' E 3262.6' along the S line of said Lot 2 to the SE corner; thence S 62° 41' E 4120.0' to a corner on the right descending bank of the Mermentau River; thence northerly with the meander of said River along the right bank to a point 235.0' east of the most southerly corner of the Irregular Section 17, T.10S, R.2W; thence northerly as the meander line of the no name coulee meanders to the point of beginning, Bounded northerly by Acadia Development Co., Inc., the Mermentau River and Texas Company, Northwesterly by Annie H. Hebert and Frank C. Perl, West by Louise C. Miller and Albert Brosius, East by Texas Company, and Mermentau River, South by D. C. Ritchie, G. T. Golden Bryan Harbert, Mermentau River and the Texas Company.

LESS AND EXCEPT from above tract:

1. The most northerly 160 acres being a rectangular shaped tract in the northern part of Irregular Section 39, T.10S., R. 3W., and NW portion of Irregular Section 17, T.10S., R.2W, and more specifically described in a Partial release of oil, gas and mineral lease dated March 5, 1954, recorded under Entry No. 218422, in conveyance Book 187, page 379.

2. 10 acres in the NW corner of Section 18, T.10S., R.2w., and partly in Section 39, T.10S., R.3W., being property purchased by Fred Shutts in a deed dated March 6, 1936, (CB 66, page 101, conveyance records of Jefferson Davis Parish, Louisiana).

3. 10 acres situated in Section 18, T.10S., R.2W., conveyed to Pelican Oil Purchasers, Inc., by deed dated March 3, 1949, recorded under file No. 173883 in conveyance Book 139, page 3.

This receipt evidences full and complete payment by Midwest oil Corporation for any and all damages whatsoever, including but not limited to, damages to the surface, fences, crops, timber and any and all other damages of any kind in connection with the drilling of the Midwest Oil Corporation's #1 - Johnson Boudreaux and the Midwest Oil Corporation's #2 - Johnson Boudreaux wells.

In consideration of the aforesaid payment, the undersigned hereby release and relinquish any and all claims against Midwest oil Corporation, its successors, agents or employees by reason of any and all operations in connection with the drilling of the above mentioned wells.

The aforesaid consideration is hereby accepted as full payment of any obligation or liability on the part of Midwest to fill in, level or to otherwise improve, repair or work on the mut pits or other excavations, levees or fills constructed in connection with the wells hereinabove mentioned or to do any other work or thing to restore the land to the condition which it was prior to the commencement of operations. The undersigned further agree to hold Midwest oil corporation harmless as against liability for any injruy which may hereafter result to them or to third parties as a

result of the condition of the land.

THUS DONE AND SIGNED on this 31st day of August, 1961, in the presence of the undersigned competent witnesses.

TO

DELTA DRILLING COMPANY.

AGREEMENT.

SALT WATER DISPOSAL AGREEMENT.

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

KNOWN ALL MEN BY THESE PRESENTS, THAT:

ROSA CASTEX BOUDREAUX, widow of Adolph C. Boudreaux MARK A. BOUDREAUX, husband ofBernice Foreman, BEULAH BLANCHE BOURDIER, wife of Floyd J. Bourdier, CASTEX M. BOUDREAUX, husband of Lydia McBride, JAMES L. BOUDREAUX, husband of Adelina Cormier, REUBEN RAYMOND BRUCE, husband of Mary Simeaux, WORRELL B. JOHNSON, husband of Dora Cary, MRS. GRACE JOHNSON MILLER, divorced from Ralph M. Miller, ALBERT SIDNEY JOHNSON, JR., husband of Marvel Andrus, MRS. ORA JOHNSON MIGUEZ, wife of Adam Miguez, O. W. JOHNSON, JR., husband of Carolyn Leonard Johnson, and RICHARD W. JOHNSON, huband of Nancy Watkins Johnson, herein after collectively referred to as "lessor", have effective May 15, 1963, agreed with DELTA DRILLING COMPANY, a Texas Corporati authorized to do and doing business in the State of Louisiana, with offices in Tyler, Texas whose address is P.O. Box 2012, Tyler, Texas hereinafter called "Delta" as follows:

1.

Lessor, during the term and for the purposes hereinafter set forth, does hereby lease, let, demise and rent exclusively unto Delta the wellformerly known as Continental oil CompanyNo. 1 Johnson Boudreaux Well, together with all equipment, pipe and casing, therein and thereon, said well being shown more particularly on the attached plat of survey as the Delta drilling Company- T M. Evans J. & B Salt Water Disposal Well no. 1 .

2.

Delta is hereby granted the full and exclusive right and authority to conduct operations on the above well, and to complete and/or recomplete said well, and to equip, maintain, use and operate said well, the equipment therein and thereon, as a salt water disposal well for the salt water and its products produced by and in connection with Delta's operations under and pursuant to the Oil and Gas Lease referred to and described in Paragraph 3. hereof.

3.

This lease is for a term, commencing on the effective date hereof, and ending or expiring upon the day of expiration or termination of that certain oil, gas and mineral lease executed by Rosa CastexBoudreaux, et al, as lessor to James C.Ruffin, as lessee dated March 5, 1958, and recorded in the conveyance records of Jefferson Davis Parish, Louisiana, in book 222 page 318, under entry no. 245110, which lease covers and affects a 160 acre tract of land therein described, reference being herey made to said lease for purposes of identification herewith.

4.

Delta has paid to lessor the sum of Six Hundred Dollars ($600.oo) cash, which sum is accepted by lessor as the rental due hereunder for the first year of this lease, commencing from and after May 15, 1963. Thereafter through out the term of this lease, Delta Shall pay the lessor, as rental hereunder, the sum of Six Hundred Dollars ($600.oo) per year, payable on or before the anniversary date of the effective date hereof during the term of this lease, or shall deposit such sum to the account of lessor in the Jeff Davis Bank & Trust Company, Bank at Jennings, Louisiana.

5.

Delta is authorized and shall have the fullright and authority to assign and/or grant to as many as four other oil operators the right to use the above described well jointly and/or simultaneously with Delta as a salt water disposal well for the deposition of salt water and its products produced by and in connection with and under other oil and gas leases covering land

considerations for a right of way as lesor and such operator may agree on. The first annual rental of six hundred dollars ($600.oo) is to be made on ore before the 1st day of the month preceding the first use of said facility by such operator, and each succeeding annual payment be made or tendered thereafter by such operator on or before the expiration of twelve (12) months from the date of thelast annual rental payment.

6.

At any time within three (3) months after the termination of thislease, or at any time during the continuance thereof, Delta shall have the right to remove any and all pipes, materials and equipment of whatsoever nature that may be placed on , and , under or upon the premises, toyit, all of which shall belong to and remain the p roperty of Delta and shall in no event be considered or construed as fixtures upon the leased premises. Upon the termination of this lease, Delta shall be obliged to fill and level any earthen pits and ot otherwise restore the leased premises to its usual and normal condition, less normal use and wear and tear.

7.

This lease and all the terms and provisions hereof shall be binding upom and shall inure the benefit of the heirs, successors and their assigns to the respective parties hereto.

8.

Regardless of any actual or constructive notice thereof, no change in the ownership of the Leased premises or any interest therein or change in the capacity or status of lessor whether resultingnfrom sale, or other transfer, inheritance, interdiction, emancipation or otherwise, shall impose any additional burdenon Delta,or be binding on Delta for making any payments hereunder unless at least thirty (30) days before any such payment is due, the record owner of this lease shall have been furnished with evidence of such sale, transfer or inheritance or change in the status or capacity of lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance.

THUS DONE AND SIGNED effective May 15, 1963.

ROSA CASTEX BOUDREAUX, ET AL.

TO

GENERAL AMERICAN OIL CO. OF TEXAS

SALT WATER DISPOSAL AGREEMENT

SALT WATER DISPOSAL AGREEMENT

STATE OF LOUISIANA

PARISH OF JEFFERSON DAVIS

Reference is hereby made to a certain Salt Water I
posal Agreement executed by ROSA CASTEX BOUDREAUX, widc
Adolph C. Boudreaux, MARK A. BOUDREAUX, husband of Berr
Foreman, BEULAH BLANCHE BOURDIER, wife of Floyd J. Bour
CASTEX M. BOUDREAUX, husband of Lydia McBride, JAMES L. BOUDREAUX, husband of Adelina Cormie
REUBEN RAYMOND BRUCE, husband of Mary Simoneaux, WORRELL P. JOHNSON, husband of Dora Cary,
MRS. GRACE JOHNSON MILLER, divorced from Ralph M. Miller, ALBERT SIDNEY JOHNSON, JR., husbar
of Marvel Andrus, MRS. ORA JOHNSON MIGUEZ, wife of Adam Miguez, O. W. JOHNSON, JR., husband
Carolyn Leonard Johnson, and RICHARD W. JOHNSON, husband of Nancy Watkins Johnson, hereinaft
collectively referred to in this instrument as "Lessor", and Delta Drilling Company, a Texas
corporation, hereinafter referred to as "Delta", recorded in the Conveyance records of Jeffe
Davis Parish in Sol. 265, page 223, Entry No. 283447.

Under the provisions of numerical paragraph 5 of the above mentioned agreement, Delta d
by these presents grant and assign unto General American Oil Company of Texas, hereinafter
referred to as "General American", the right to use the salt water disposal well described i
said agreement jointly and/or simultaneously with Delta, as a salt water disposal well for t
depositing of salt water and its products, produced by and in connection with its operations
on and production from other lands and leases.

The above salt water disposal well shall be operated by Delta and General American,
and any other party hereafter joining in the use thereof, on a joint basis, and the costs of
such operations shall be borne by said parties in equal proportions.

Delta and General American will each, at its own cost and expense (including supervisi
lay the necessary pipe line to convey its individual water production to the well and provid
such other equipment as is necessary for the injection.

The water shall be delivered into the well as clean as is mechanically possible, to
prevent injuring the formation and plugging up the well. Each company shall take care for
shall be solely responsible for its own operation and shall furnish its own labor and suppli

Delta, if requested by General American, will supply its with the necessary natural ga
to operate its pump engine, for which General American will pay to Delta reasonable charges
based on the price of gas in that area for resale purposes, after General American has insta
the engine and its gas requirements are known.

Delta will charge General American and any other party or parties who may hereafter use
the salt water disposal well the sum of $25.00 per month to cover such expense as it
might incur to supervise the operation of the well, itself, and do such work as may become
necessary to maintain the well operating properly on behalf of the Joint Account. However, a

expenses for maintenance, repair or workover shall be borne by the parties in equal proportions, and shall only be undertaken after approval is obtained from General American.

The salt water disposal well referred to in the above agreement, can at the present time take more salt water than is being produced by either Delta or General American. It is agreed that as long as the well operates under its capacity, there shall be no objection by either party if the water delivered to the well does not correspond exactly to the percentage of ownership of the well, regardless of the source from which the water comes. However, after said well reaches maximum capacity of receiving water without undue high injection pressure, each party shall always have full right to inject its pro-rata of the amount of water that the well is capable of recieving, based on its proportionate interest in the well and share of the operating expenses.

In the event either Delta or General American should terminate its rights under the sale water disposal agreement, the other company shall have the right to continue injection of salt water into the salt water disposal well, by paying to Lessor the amount of rental chargeable to such party under the terms of said agreement, and as provided in this agreement. The company ceasing to inject salt water under the terms of the above mentioned agreement shall transfer to the other company all its rights in the salt water disposal well, and the surface equipment attached to or used in connection with the operation of said well and, in return therefor, the company continuing to inject salt water shall pay to the discontinuing company, its proportionate part of the residual value which said salt water disposable well and its surface equipment may have at the time.

To these presents join the parties hereinabove named as Lessor, who hereby consent to the foregoing agreement.

In order to enable General American to exercise the salt water disposal rights herein granted, Lessor does by these presents lease and let unto General American, the following surface rights and servitudes:

(a) The right of using for the installation and use by General American of such storage tanks or other structures or equipment as may be needed by General American, for injection of salt water and its products as herein authorized, the surface of the tract of land containing 2 acres, in the shape of a square, with the center of said square marked by the location of the salt water disposable well herein described.

(b) A right of way or servitude of passage, for ingress and and egress of General American, its employees, agents and privies in contract, over an existing road on the land of Lessor, indicated and shown on a plat which is attached thereto as "Road to Salt Water Disposal Well." The parties hereto recognize that the above road is actually in existence on the ground at the present time, and that the servitude herein granted includes use of said road as it now exists. This servitude shall be used by General American jointly with Delta.

(c) A right of way or servitude 12 feet in width, for the installation and maintenance of a pipeline for the transportation and injection of salt water and its products from the well or wells of General American into the salt water disposal well referred to in this agreemtn. Said right of way commences at the location of said salt water disposal well, and thence runs parallel with the road referred to under subparagraph (b) hereinabove a distance of approximately 930 feet; and thence rund in a northerly direction to the north line of the land of Lessor. The location of said right of way is indicated in red on the attached plat.

In consideration of the rights herein granted to and acquired by General American hereunder, including two acre surface lease and the servitudes herein leases, as well a the rightto inject salt water and its products into the sale water disposal well, General American binds and obligates itself to pay to Lessor, or to deposit to the credit of Lessor in the depository

bank designated in the original salt water disposal agreement, and in the manner provided in said agreement, rental in the sum of $900.00 per annum commencing with the first day of t month that General American injects salt water into the salt water disposal well herein desc and annually thereafter so long as General American continues to inject salt water. The fir annual rental payable by General American shall be paid on or before the first day of the mc in which it first injects salt water into the salt water disposal well, and each such succes rental shall be paid or tendered on or before expiration of the twelve-month period for whi preceding payment is made.

The provisions of numerical paragraph 8 of the salt water disposal agreement of May 15 1963, shall apply to the payments provided for in the preceding paragraph.

General American shall have the right to inject salt water under the salt water dispos agreement hereinabove described and to use the servitudes herein granted unto it so long as continues to pay rentals on the manner herein provided, and said agreement shall terminate to General American, when it ceases to pay such rentals.

In the event General American should continue to inject salt water after the discontin by Delta, General American shall have the same rights and obligations as Delta under the provisions of numerical paragraph six of the salt water disposal agreemtnt of May 15, 1963.

This instrument may be executed in one or more separate counterparts, and will be bind on each party who signs any counterpart hereof, regardless of whether or not the same or any other counterpart is signed by any of the others.

THUS DONE AND SIGNED as of the 10th day of October, 1963, in the presence of the under competent witnesses;

THE T. M. EVANS FOUNDATION INC

ASSIGNMENT

ASSIGNMENT OF OIL, GAS AND MINERAL LEASEHOLD INTERESTS

STATE OF LOUISIANA)
PARISH OF JEFFERSON DAVIS)

KNOW ALL MEN BY THESE PRESENTS: That T. M. EVANS (hereinafter called "Donor"), husband of Josephine Evans whose marital status has not changed since acquiring the hereinafter described property, having an office at 850 Mercantile Dallas Building, Dallas, Texas, for philanthropic purposes, does hereby give grant, convey, assign and set over unto THE T. M. EVANS FOUNDATION (Incorporated) (hereinafter called "Donee"), all of his rights, titles, interests, powers, privileges and estates in and to the following described property situated in Jefferson Parish, Louisiana:

A. Oil, gas and mineral leasehold Interests.

1. All of Donor's rights, titles, interests, powers, privileges and estates, in to and under that certain oil, gas and mineral lease dated October 13, 1959, executed by Fred B. Zigler, as lessor, to Delta Drilling Company, W. W. F. Oil Corporation and T. M. Evans, as lessees, which lease is recorded in conveyance Book 236, page 495, under File No. 257228 of the records of Jefferson Davis Parish, Louisiana, as corrected and amended by act of amendment dated November 19, 1959, and recorded in conveyance Book 239, page 337, under File No. 259665 of the records of Jefferson Davis Parish, Louisiana, and subject to that certain partial release of said oil, gas and mineral lease by Delta Drilling Company, W. W. F. Oil Corporation and T. M. Evans, recorded in conveyance Book 260, page____, under File No. 278786 of the records of Jefferson Davis Parish, Louisiana, reference to all of said instruments and the records thereof being here made for all purposes.

2. All of Donor's rights, title, interests, powers, privileges and estates in, to and under that certain oil, gas and mineral lease dated August 7, 1954, executed by Rosa Castex Boudreaux, et al, as lessor, to Lyle Cummins, as lessee, recorded in conveyance book 187, page 391, under File No. 218425 of the records of Jefferson Davis Parish, Louisiana, assigned to Donor by that certain instrument executed by Midwest Oil Corporation, Samedan Oil Corporation, Samedan Associates, Inc., and Sam Noble, as assignors, to Delta Drilling Company, W. W. F. Oil Corporation and T. M. Evans, as assignees, dated December 14, 1962, and recorded in conveyance Book 263, page 597, under File No. 282190, reference to said lease and the assignment of interests therein and the records thereof being here made for all purposes.

3. All of Donor's rights, titles, interests, powers, privileges and estates in, to and under that certain oil, gas and mineral lease dated March 5, 1958, executed by Rosa Castex Boudreaux, et al, as lessor, to James C. Ruffin, as lessee, recorded in conveyance Book 222, page 318, under File No. 245110 of the records of Jefferson Davis Parish, Louisiana, assigned to him by that certain assignment from James C.Ruffin dated March 17, 1958 to T. M. Evans, recorded in conveyance Book 222, page 325, under File No. 245112, of the records of Jefferson Davis Parish, Louisiana, reference to said lease and the assignment of interests therein and the records thereof being here made for all purposes.

B. Chattels and personal property.

All of Donor's rights, titles, interests, powers, privileges and estates in and to all chattels and personal property located upon the lands covered by the oil, gas and mineral leases described in Paragraph A above and on lands unitized therewith and all other such chattels and personal property owned, used or obtained by donor in connection with his ownership of the interests described in paragraph A above including oil, gas and other minerals in tanks or storage.

C. Interests in Unitized properties

All rights, titles, interests, powers, privileges and estates in, to and under all proper of every nature situated in Jefferson Davis Parish, Louisiana, which donor may have or be entitled to by reason of the property described in Paragraphs A and B above, or any part thereof having been unitized by order of the Louisiana Department of conservation and the laws of the State of Louisiana, including, but not limited to, Louisiana Department of Conservation Order No. 26-E of December 18, 1962, No. 101-B of March 7, 1962, No. 101-C of March 7, 1962, and No. 101-D of October 4, 1962.

D. Claims, causes of Action and other Intangibles

All claims, demands, causes of action, rights, powers and privileges of every nature and description which Donor may now have arising out of Donor's ownership of the property described in Paragraphs A, B and C, or any part thereof, excepting and reserving unto Donor any claims Donor may have for refund of taxes levied on income or the right to receive income from said property.

All the aforesaid property is hereby assigned and conveyed subject to all valid and subsisting operating agreements, if any, and unitization orders affecting such property or any part thereof.

By acceptance of this assignment and conveyance, donee does hereby assume and agree to and perform all obligations which Donor may have, if any, to owners, operators and developers of lands and interests unitized with the property hereby assigned and conveyed with reference to development and operating costs and expenses of such unitized properties.

TO HAVE AND TO HOLD the above described property and all appurtenances thereto belonging unto Donee, its successors and assigns forever, and donor does hereby bind himself, his heirs executors, administrators, and legal representatives, to warrant and forever defend title to said property unto donee, its successors and assigns, against every person whomsoever lawfully claiming, or to claim the same, or any part thereof.

THUS DONE and signed this 30th day of December, 1963, to be effective for all purposes as of the close of business December 31, 1963.

WARREN B. PINNEY, JR. ET AL.

ASSIGNMENT

ASSIGNMENT OF OIL, GAS AND MINERAL LEASEHOLD INTE
WITH RESERVATION OF PRODUCTION PAYMENT INTEREST.

STATE OF LOUISIANA)
PARISH OF JEFFERSON DAVIS)

KNOW ALL MEN BY THESE PRESENTS: That THE T. EVANS FOUNDATION (INCORPORATED), a Delaware corp ation, (hereinafter called "Grantor") for and in consideration of Ten Dollars ($10.00) and other good and valuable consideration to it paid b WARREN B. PINNEY, JR., and PATRICK B. GIBBONS, III, both of Dallas County, Texas (hereinaft called "Grantees"), does hereby, subject to the exception and reservation hereinafter made, grant, bargain, sell, transfer, assign and convey unto Grantees, in the proportions of an un divided two thirds (2/3) to Warren B. Pinney, Jr., and an undivided one third (1/3) to Patr B. Gibbons III, all of Grantor's rights, titles, interests, powers, privileges and estates in and to the following described property.situated in Jefferson Davis Parish, Louisiana:

A. Oil, Gas and mineral leasehold Interests

1. All of Grantor's rights, titles, interests, powers, privileges and estates in, to a under that certain oil, gas and mineral lease dated October 13, 1959, executed by Fred B. Z as lessor, to Delta Drilling Company, W. W. F. Oil Corporation and T. M. Evans, as lessees, which lease is recorded in conveyance Book 236, page 495, under Fil No. 257228 of the recor of Jefferson Davis Parish, Louisiana, as corrected and amended by act of amendment dated No 19, 1959, and recorded in conveyance Book 239, page 337, under File No. 259665 of the recor of Jefferson Davis Parish, Louisiana, and subject to that certain partial release of said o gas and mineral lease by Delta Drilling Company, W. W. F. Oil Corporation and T. M. Evans, corded in conveyance Book 260, page , under File No. 278786 of the records of Jefferson Parish, Louisiana, reference to all of said instruments and the records thereof being here for all purposes.

2. All of Grantor's rights, titles, interests, powers and privileges and estates in, t and under that certain oil, gas and mineral lease dated August 7, 1954, executed by Rosa Ca Boudreaux, et al, as lessor, to Lyle Cummins, as lessee, recorded in conveyance Book 187, pa 391, under File No. 218425 of the records of Jefferson Davis Parish, Louisiana, reference t said lease and the record thereof being here made for all purposes.

3. All of Grantor's rights, titles, interests, powers, privileges and estates in, to a under that certain oil, gas and mineral lease dated March 5, 1958, executed by Rosa Castex Boudreaux, et al, as lessor, to James Ruffin, as lessee, recorded in conveyance Book 222, p 318, under File NO. 245110 of the records of Jefferson Davis Parish, Louisiana, reference t said lease and the records thereof being here made for all purposes.

B. Chattels and personal property

All of Grantor's rights, titles, interests, powers, privileges and estates in and to al chattels and personal property located upon the lands covered by the oil, gas and mineral l described in Paragraph A above and on lands unitized therewith and all other such chattels and personal property owned, used or obtained in connection with the interests described in Paragraph A above including oil, gas and other minerals in tanks or storage.

C. Interests in Unitized properties

All rights, titles, interests, powers, privileges and estates in,to and under all propert of every nature situated in Jefferson Davis Parish, Louisiana, which grantor may have or be entitled to by reason of the property described in Paragraphs A and B above, or any part the of, having been unitized by order of the Louisiana Department of Conservation and the laws c the State of Louisiana, including but not limited to, Louisiana Department of Conservation Orders No 26-E, of December 18, 1962, No. 101 B of March 7, 1962, No. 101 C of March 7, 196 and No. 101 D of October 4. 1962.

D. Claims, causes of Action and other Intangibles

All claims, demands, causes of action, rights, powers and privileges of every nature and description which grantor may now have arising out of ownership of the property described in Paragraphs A. B and C, or any part thereof.

All the aforesaid property is hereby assigned and conveyed subject to all valid and subsisting operating agreements, if any, and unitization orders affecting such property or any part thereof.

This assignment and conveyance covers and includes all property, rights and interests of every nature and description assigned and conveyed to Grantor by T. M. Evans by instrument dated December 30, 1963, recorded in conveyance Book 272, page 518, under File No. 288711 of the records of Jefferson Davis Parish, Louisiana.

There is expressly excepted from this assignment and conveyance and reserved unto Grantor as a production payment an undivided sixty per cent (60%) of all oil, gas and other minerals in under and that may be produced, saved and sold from and after 7:00 A. m. Central Standard Time on March 1, 1964 from the lands covered by, and that acc ue to, the interests in oil, gas and other minerals hereby assigned and conveyed until there shall have been received from the proceeds of sale thereof ree and clear of all costs and expenses of development and operation and free and clear of ad valorem, gross production and severance taxes the full net sum of One Hundred Ten Dollars ($110,000.00) (hereinafter refered to as "said primary sum"), plus an amount equivalent to interest from the effective date of this instrument at the rate of six per cent (6%) per annum calculated monthly on the diminishing unpaid balances of said primary sum. The interest hereby excepted and reserved is herein referred to as "this production payment."

The proceeds of the saleof the oil, gas and other minerals accruing or attributable to thiss production payment shall be deemed to have been applied on the date of actual receipt of the proceeds of the sale thereof by grantor first to the amount equivalent to interest, as above provided, accrued to such date and then to the unliquidated balance of the primary sum. All gross production, severance and other taxes and assessments imposed (in accordance with statutory or governmental regulatory requirements) with respect to, or measured by, or charged against the oil, gas and other minerals production accruing to this production payment shall be deducted from such proceeds in compliance with such requirements and only the net proceeds remaining shall be applied in accordance with the foregoing provisions.

If Grantor elects to take any of such oil, gas and other minerals production in kind, this production payment shall be credited with the fairmarket value thereof when taken. Subject to such right of grantor to sell or dispose of, or to take in kind such production of grantor, grantees shall market the same on the same basis as Grantees market their share of the production from the property to others.

Except the percentage of oil, gas and other minerals in place above described, no interest in, or title to, any of the other properties or rights is hereby excepted and reserved by Grantor and all of Grantor's rights, titles, interests and estates in and to all such other property is hereby conveyed and assigned to Grantees without reservation.

Grantees shall not be personally liable for the discharge of this production payment and for the discharge thereof grantor shall look exclusively to the oil, gas and other minerals hereby excepted and reserved on account of this production payment as set out above.

No pipeline company or other person purchasing or taking or processing oil, gas and other minerals shall be required to take notice of, or keep informed as to, the termination of this production payment until the actual receipt by it of written notice advising such company or person ofsuch termination or change.

Upon the full and final liquidation of said primary sum with an amount equivalent to interest thereon as herein stipulated, this production payment shall case, terminate and be extinguished and shall ipso facto vest in grantees, their heirs, legal representatives and assigns.

Notwithstanding the foregoing, Grantor, upon such termination of this production payment, co
ants to promptly execute and deliver in recordable form all such written evidences of the ter
ation of this production payment as Grantees may from time to time request.

By acceptance of this assignment and conveyance, Grantees hereby assume and agree to pa
and perform all obligations which Grantor assumed and agreed to pay and perform under and by
virtue of the assignment to it by T. M. Evans by instrument dated December 30, 1963, recorde
in conveyance Book 272, page 518, under File No. 288711 of the records of Jefferson Davis Pa
Louisiana, hereinabove referred to, provided, howe ver, grantor hereby agrees to pay all oper
expenses incurred between December 31, 1963, and March 1, 1964.

TO HAVEAND TO HOLD all the property of every nature and description herein assigned and
conveyed unto Grantees, their heirs, legal representatives and assigns, subject, however, to
excepted and reserved production payment, forever; and Grantor does hereby bind itself, and
successors, to warrant and forever defend title to the property hereby assigned and conveyed u
Grantees, their heirs, legal representatives and assigns against every person whomsoever lawf
claiming or to claim the same, or any part thereof, by, through or under Grantor, but not ot
wise.

IN WITNESS WHEREOF, Grantor has caused this instrument to be duly executed by its offic
hereunto duly authorized this 27th day of February, 1964, in the City of Pittsburgh, State o
Pennsylvania, to be effective for all purposes as of 7:00 A. M. on the first day of March, 1

SUCCESSION OF

ROSA CASTEX BOUDREAUX

JUDGMENT

SUCCESSION OF ROSA CASTEX BOUDREAUX — NO. 5979 PROBATE DOCKET — 15TH JUDICIAL DISTRICT COURT — ACADIA PARISH, LOUISIANA

JUDGMENT

This is an application by the children and sole and only heirs of the decedent praying to be recognized as such, and, as such, to be recognized as the owners and to be placed inpossession of all property belonging to her estate, and it appearing that the Sheriff and Ex officio inheritance Tax collector of Acadia Parish, Louisiana, has acknowledged that the inheritance tax as set forth in the petition filed herein is the true and correct amount of inheritance tax due and t the law and the evidence being infavor thereof, it is therefore,

ORDERED, ADJUDGED AND DECREED THAT THE INERHITANCE TAX DUE BY MARK A. BOUDREAUX, BEULAH BLANCH BOUDREAUX BOUDIER, CASTEX M. BOUDREAUX AND JAMES L. BOUDREAUX be and the same is hereby fixed at the sum of $247.72 each, or a total inheritance tax due herein of Nine Hundred Ninety and 88/loo ($990.88) dollars, and there having been submitted to the court a receipt from the Sheriff and Ex officio inheritance tax collector of Acadia Parish, Louisiana, showing the payment to him of said amount,

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that MARK A. BOUDREAUX , BEULAH BLANCHE BOUDREAUX BOUDIER, CASTEX M. BOUDREAUX AND JAMES L. BOUDREAUX be and they are hereby recognized as the children and sole and only heirs of the decedent, Rosa Castex Boudreaux, and, as such, they ar hereby recognized as the owners and are placedin possession, in equal proportions, of all property belonging to her estate and particularly but not limited to , the following described property, towit;

* * *

9. An undivided one half (1/2) interest in and to the following described property situated in Jefferson Davis Parish, Louisiana, to wit:

Lots ten (1) and eleven (11) of Block six (6) of Richard subdivision of lot three (3) of section fourteen (14), township ten (10) south, range two (2) West, La. mer., situated in Jefferson Davis Parish, Louisiana, together with the improvements thereon situated. Said property having been acquired by Adolph C.Boudreaux from John Campbell by deed bearing file no.78142, recorded in conveyance book no. 48 at page 522, records of Jefferson Davis Parish, Louisiana.

10. A. An undivided on e fourth interest in and to the following: That tract of property in Jefferson Davis Parish, Louisiana, with all improvements thereon located and situated together with all of the oil, gas and minerals underlying, or which may be produced therefrom, together with that oil, gas and other mineral royalty right equal to three thirty seconds (3/32nd) or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres, more or less, the whole of said tract of land is described as follows, to wit:

(a) Section thirty nine (39), township ten (10) south, ofrange three (3) West, La.mer., except that portion lying in triangular form west of the east boundary line of section fourteen (14), if extended through said section thirty-nine (39); (b) lot two (2) of Fractional section thirteen (13) in township ten (10) south of range three (3) west, La. Mer., (c) section seventeen (17) in township ten (10) south, range two (2) west, La. mer. except the 328 acres, more or less, of swamp timber land lying in the eastern portion thereof which was sold by Jean Castex and others to A.S.Alston & Co., on February 14th, 1922 by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey r by E.J.Mead, C.E., dated in (1921); including the two tracts of prairie land along the north line of said swamp land, one of said tracts containing 16.5 acres, more or less,

and the other 5.5 acres, more or less , which two tracts were not included in the aforesaid sale to A.S. Alston & Co., and (d) Section eighteen(18), in township ten (10) south, of Range two (2) West, La. mer., lying between the southeast corner of the aforedescribed section thirty nine (39(on the west, and the Mermentau river on the east, all as per plat showing the above described property attached to act no. 81759, by which Albert Sidney Johnson and Adolph C.Boudreaux acquired thesaid property from Jean Castex,Jr., and which act is recorded in Jefferson Davis,Parish,Louisiana, LESS AND EXCEPT AND NOT INCLUDED in the aforedescribed tract are those ten acres parcels of property described as follows and designated as "firs" and "Second" to wit:

First.That ten acre parcel of land situated in section eighteen(18), township ten (10) south, range two (2) west, upon which are situated the terminal facilities of Pelican Oil Purchasers Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolph C.Boudreaux to Pelican Oil Purchasers, Inc., by deed dated March 3rd, 1949, and which ten (10) acre parcel is more particularly described to wit: STARTING at the northwest corner of section eighteen(18) township ten (10) south, range two (2) west, at a one and a quarter (1 1/4") inch galvanized iron pipe on the right descending bank of the Mermentau river, on the line between township ten (10) south, range two (2) and three (3) west; thence south 51° 13' east 276.5 feet; thence south 53° 00' east 600 feet to a one-and-a -quarter (1 ¼") inch galvanized pipe, the lower front corner of the Robira Ten (10) acre tract for a point of beginning; thence following the right bank of the Mermentau River south 65° 30' East 450 feet; thence south 84° 00' east 250 feet; thence leaving the river and running south 37° 00' west 693.5 feet; thence north 72° 06' west 691.5 feet to lower side line of the Robira Ten acre tract; thence following said line North 37° 00' East 693.5 feet to place of beginning and containing ten acres; as per plat of F. Shutts Sons, Civil Engineers, attached to said deed, said tract of land is bounded on the north by ten acres tract owned by John J.Robira, his widow, heirs and assigns, on the west by other land of Albert Sidney Johnson and Adolph C.Boudreaux .

SECOND, That certain parcel of land comprising ten acres (10) , more or less, situated in section eighteen (18), township ten (10) south, range two (2) West, and in section thirty nine (39), township ten (10) south, range three (3) West, which was conveyed by Albert Sidney Johnson and Adolph C.Boudreaux to Fred Shutts by deed dated March 6th,1936, recorded, in conveyance book 66, page 101 of the records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to wit: Beginning at a point 459 feet south of the corner between section eighteen(18) township ten(10) south, range three (3) west, said corner being the right descending bank of Mermentau River; thence south 37° west 368 feet to a one and a quarter (1 1/4") inch galvanized pipe; thence south 53° East 272.4 feet to the line between section eighteen(18), township ten (10) south, Range two (2) west, and section thirty nine (39), township ten (10) south, range three (3) west, 921 feet south of the corner between the two said sections; thence south 53° east 327.6 feet to a one and a quarter (1 1/4")inch galvanized iron pipe; thence north 37° east 726 feet to a one and a quarter (1/ 1/4")inch galvanized pipe on the right descending bank of the Mermentau river, 600 to a one and a quarter (1 1/4") inch galvanized pipe; thence south 37° West 358 feet to the point of beginning and containing ten (10) acres;

10. B.An undivided one eighth of all of the oil, gas and other minerals underlying or which may be produced from that tract of propertylocated and situated in the parish of Jefferson Davis, State of Louisiana, described as follows, to wit:

Beginning at a point 459 feet south of the corner between section eight een (18), township ten (10) south, range two (2)West, and section thirty nine (39) township ten (10) south,

Range three (3)West; said corner being on the right of descending bank of the Mermentau river; thence south 37° west 368 feet to a one and a quarter (1 1/4") inch galvanized pipe; thence south 53° east 272.4 feet to the line between Section eighteen (18), township ten (10) south, range two (2) West, and section thirty nine (39) township ten (10) south, Range three (3)West, 921 feet south of the corner between the two said sections; thence south 53° east 327.6 feet to a one and a quarter (1 1/4") inch galvanized iron pipe; then north 37° east 726 feet; to a one and a quarter (1 1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence north 53° West upothe right descend bank of the Mermentau River 600 feet to a one and a quarter (1 1/4") inch galvanized pip thence south 37°Wes 358 feet to the point of beginning and containing ten (10) acres.

10.C. An undivided one fourth of the oil, gas and other minerals underlying or which may be produced from that ten acre tract of land located and situated in the parish of Jefferson Davis, State of Louisiana, hereinafter described, together with that oil, gas and other minerals which may be produced therefrom, the whole of which said ten acre tra described as follows, to wit:

Ten acres of land situated in section eighteen (18),township ten (10) south, range two (2) West, upon which are situated the terminal facilities of Pelican Oil purchasers, and which ten (10) acres are further described, to wit:

Starting at the northwest corner of section eight een (18), township ten (10) south, ran two (2)west, at a one anda quarter (1 1/4") inch galvanized iro n pipe on the right descending bank of the Mermentau River, on the line between township ten (10) suth, Range two (2) and three (3)West; thence south 51° 13' East 276.5 feet; thence south 53° east 600 feet to a one and a quarter (1 1/4") inch galvanized pipe, the lower front corn of the Robira ten acre tract for a point beginning; thence following the right bank ofth MermentauRiver 65° 30' east 450 feet; thence south 84°00' east 250 feet; thence leaving river and running south 37°00'west 693.5 feet; thence north 72° 06' west 691.5 feet to lower side line of the Robira ten acre tract, thence following said line north 37° 00' e 693.5 feet to place of beginning and containing ten acres, as per plat by F.Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the north by a ten acre tract owned by John J.Robira, his widow, hiers or assigns ; on the east by the Mermentau River and or the south and west by other land of Albert Sidney Johnson and Adolph C.Boudreaux.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that all banks, persons, firms or corporati having in their possession or under their control any money, stocks, bonds,or other things of value owned by the decedent or in which she had any interest be and they are hereby autho and directed to deliver same to Mark A.Boudreaux, Beulah Blanche Boudreaux Boudier, Castex M. Boudreaux and James L.Boudreaux, in equal proportions, and thiswill be their authority fo so doing.

XXXX

Midwest Oil Corporation and Samedan Oil Corporation have paid to lessors the sum of Seven
housand Eight Hundred fifty three and 40/100 ($7853.40) dollars in cash, the receipt and
fficiency of which sum lessors do hereby acknowledge. In consideration thereof, lessors do
reby withdraw any and all demands and requests heretofore made by them on lessees (or any
y individual party hereto named as a member of those referred to as "Lessees") for the
illing of additional wells on the landscovered by the above mineral lease, to the same
tend and as through said requests and demands had not been made. Lessors do hereby
gree that they will make no further or additional requests or demands for the drilling of any
rther or additional wells on the leased premises prior to January 1, 1965. Lessors fuether
gree that until January 1, 1965, the lands covered by the above mineral lease are and shall be
emed to be fully developed and lessors do hereby expressly relieve and release lessees from
y obligation to condutt any further or additional drilling operations on the leased lands, on
before January 1, 1965.

. Promptly after January 1, 1965, lessees, agree to execute anddeliver to lessors(or to lessor's
torney) a release aof the above mineral lease as to all or any portion of theoutside lands, which
s of January 1, 1965 are not included within the geographic limits of a unit or units on which
here is then being conducted drilling, reworking or deepending operations, or on which there is
hen located a well capable of producing in paying quantities. Provided, however, that if on or before
anuary 1, 1965,Midwest Oil Corporation, and Samedan Oil Corporation (1) complete on the leased
remises a non unit well capable of producing, or (2) commence or cause to be commenced operations
or the drilling of a non unit well located on the leased premises, the above mineral lease and
essees' rights thereunder as to all lands covered thereby shall remain and continue in force and
ffect, in accordance with its terms subject to lessee's obligations as prudent operators to
hereafter reasonably develop the leased premises, in accordance with the terms and provisions of
aid lease.

V. The feference herein to the parties collectively desginated as Lessees' is for convenience only,
ach such party being interest in the above mineral lease, and being a necessary party to this
greement. It is recognized , however, that the interests and ownership of such parties, as
ell as the obligations andduties under the above lease, as among themselves and as respects the
essors, varies, and except as is hereby expressly and specifcially set forth,nothing herein shall
n any manner alter, change, increase or diminish the rights and obligations of any such party,
ith respect to each other, or with respect to the lessors.

. This instrument may be executed in one or more separate counterpartes, and shall be binding upon
he parties hereto, their heirs, successors and assigns.

THUS DONE AND EXECUTED effective as of the date hereinabove first set forth.

conduct additional drilling operations on the lands covered by the above mineral lease, and lessors contend that additional drilling operations are necessary for the reasonable developm of the leased premises. Midwest OilCorporation and Samedan OilCorporation contend that they h fully complied with all obligations of the above mineral lease and have fully developed the leased premises, consistent with their obligations under the lease and as reasonably prudent operators.

TO Avoid the expense and nuisance of litigation, the parties hereto have reached an agreement in compromise and full settelement of their various claims and contentions, as foll

A. Midwest Oil Corporation and Samedan Oil Corporation have paid to lessors the sum of Seven Thousand Eight Hundred fifty three and 40/100 ($7853.40) dollars in cash, the receipt & sufficiney of which sum lessors do hereby acknowledged. In consideration thereof, lessors do hereby withdraw any and all demands and requests heretofore made by them on lessees (or a on any individual party hereto named as a member of those referrec to as "lessees), for the crilling of additional wells onthe lands covered by the above mineral lease, to the same exter and asthough said requests and demand had not been made. Lessors do hereby agree that they wil make no further or additional requests or demands for the drilling of any further or additior wells onthe leased premises prior to January 1, 1965. Lessors further agree that until Janua 1965, the lands coverec by the above mineral lease are and shall be deemed to be fully developed and lessors do hereby expressly relieve and release lessees from any obligation to conduct any further or additional drilling operations on the leased lands, on c before January 1, 1965.

B. Promptly after January 1, 1965, lessee agree to execute anddeliver to lessors (or to less attorney) a release of the above mineral lease as to all or any portion of the outside lands, which as of January 1, 1965 are not included within the geographic limits of a unit or units which there is then being conducted drilling, reworking or deepening operations, on on whicht is then located a well capable of producing in paying quantities, Provided, however, that if c or before January 1, 1965, Midwest Oil Corporationand Samedan OilCorporation (1) complete on leased premises a non unit well capable of producing, or (2) commence or cause to be commenced operations for the drilling of a non unit well located on the leased premises, the mineral lease and lessees' rights thereunder as to all lands covered thereby shallremain and continue in force and effect, in accordance with its terms, subject to lessees' obligation as prudent operators as thereafter reasonably develop the leased premises, in accordance with th terms and provisions of said lease.

IV. The reference herein to the parties collectively designated as "lessees" is for convenie only, each such party being interests in the above mineral lease, and being a necessary party to this agreement. It is recognized, however, that the interests and ownership of such partie as well as the obligations and duties under the above lease, as among themselves and as respects the lessors, varies, and expept as is hereby expressly and specifically set forth, nothing herein shall in any manner alter, change, increase or diminish the rights and obligations of any such party, with respect to each other, or with respect to the lessors.

V. This instrumnt may be executed in one or more separate counterparts, and shal be binding upon the parties thereto, their heirs, successors and asigns.

Thus done and executed effective as of the date hereinabove/first set forth.

MIDWEST OIL CORPORATION

TO

CASTEX M. BOUDREAUX ET AL

PARTIAL RELEASE

STATE OF LOUISIANA PARTIAL RELEASE AND LEASE AMENDMENT

PARISH OF JEFFERSON DAVIS

THIS AGREEMENT, made and entered into be and amon CASTEX M. BOUDREAUX, JAMES L. BOUDREAUX, BEULAH BLANCHE BOURDIER, all residents of Calcasieu Parish, Louisiana, MA A. BOUDREAUX, MRS. NAMIE C. JOHNSON, R. W. JOHNSON, O. W. JOHNSON, JR., REUBEN RAYMOND BRUCE, WORRELL B. JOHNSON, ALB SIDNEY JOHNSON, JR., MRS. ORA JOHNSON MIGUEZ and MRS. GRACE JOHNSON MILLER, all residents of Jefferson Davis Parish, Louisiana, hereinafter referred to as "Lessors", and MIDWEST OIL CORPO TION, SAMEDAN OIL CORPORATION, SAMEDAN ASSOCIATES, INC., TIDEWATER OIL COMPANY, SAM NOBLE, a resident of Carter County, Oklahoma, LYLE CUMMINS, a resident of Lafayette Parish, Louisiana, a SAM E. DUNNAM, a resident of Harris County, Texas, hereinafter referred to as "Lessees", effec from and after January 1, 1965;

W I T N E S S E T H, That:

I.

Reference is hereby made to that certainmineral lease dated August 7, 1954, executed by Rosa Castex Boudreaux, et al, as Lessor, to Lyle Cummins, as Lessee, covering and affecting a tract of land comprising 955.35 acres, specifically described in said lease, and which lease is recorded in the Conveyance Records of Jefferson Davis Parish, Louisiana, in Book 187, page under File No. 218425.

II.

The Lessees, for and in consideration of Ten Dollars ($10.00), and other valuable consi erations, receipt of which is acknowledged, hereby release, relinquish and forever quit-claim and all rights held under the above referred Oil, gas and Mineral lease, INSOFAR BUT ONLY INSOF as to that portion of said lease lying outside of the following units established by the Commi ioner of Conservation:

10,600' SU A, established by Conservation Department Order No. 101-D, dated Novemberl,1
10,200' SU B,established by Conservation Department Order No. 101-C, dated April 1, 196
9100' SU A, established by Conseration Department Order No. 101-B, dated April 1, 1962.
Het SU A, established by Conservation Department Order No. 101-E, dated December 1,1962
7750' SU B, established by Conservation Department Order No. 26-F, dated June 1, 1964.
8600' SU C, established by Conservation Depatment Order No.26-A-5,dated June 1, 1964.

It is clearly understood and agreed that this release affects only that portion of said lease included within the above referred units and that the retained acreage is herein specifically maintained in full force and effect.

III.

It is further understood and agreed that Paragraph 3 of the above referred to Oil, Gas a Mineral Lease is hereby amended so as to adjust the annual minimum royalty requirement in the proportion that the acreage retained under the lease bears to the total number of acres origin covered by said lease.

IV.

The reference herein to the parties collectively designated as "Lessees" is for conveni only, each such party being interested in the above mineral lease, and being a necessary paty this agreement. It is recognized,however, that the interests and ownership of such parties, as well as the obligations and duties under the above lease, as among themselves and as respects the Lessors, varies, and except as is herein expressly and specifically set forth, nothing her shall in any manner alter, change, increase or diminish the rights and obligations of any such

V.

This instrument may be executed in one or more separate counterparts and shall be binding upon the parties hereto, their heirs, successors and assigns.

Thus Done and Executed effective January 1, 1965.

14TH JUDICIAL DISTRICT COURT

PARISH OF CALCASIEU

STATE OF LOUISIANA

JUDGMENT

Considering the petition of Yvette Marie Boudreaux Miller, wife of Walter M. Miller, the sole surviving heir of James L. Boudreaux, Sr., Adeline Cormier Boudreaux, James L. Boudreaux, Jr., Debrah Ann Boudreaux and Cynthia Blanche Boudreaux, to be placed in possession of decedents' estates; the certificate of the attorney for the tax collector accepting the values placed on the estates and appearing from the receipt filed herein that the inheritance taxes due the State of Louisiana have been paid, and the law and evidence being in favor thereof,

300394

IT IS ORDERED, ADJUDGED AND DECREED that YVETTE MARIE BOUDREAUX MILLER be and she is hereby recognized as the sole heir of James L. Boudreaux, Sr., Adeline Cormier Boudreaux, James L. Boudreaux, Jr., Debrah Ann Boudreaux and Cynthia Blanche Boudreaux, and, as such, she is hereby sent and placed in possession of all the property belonging to decedents and more particularly the following property, to-wit:

COMMUNITY PROPERTY

IMMOVABLE PROPERTY:

Situated in Calcasieu Parish, Louisiana:

Commencing at a point located 309.3 feet South and 524.2 feet West of the Northeast corner of Lot 1, the Arthur Meade 5 acre tract of the boundary agreement and plat of survey filed March 15, 1915, under File No. 30212, recorded in Conveyance Book 149, pages 98-100, inclusive, and from said point running West 150 feet to the East side of Deaton or Fisk Street, thence North along the East side of Deaton or Fisk Street 60 feet, thence East 150 feet, thence South 60 feet to point of commencement, together with all improvements thereon situated

MOVABLE PROPERTY:

1. Proceeds of Guaranty Income Life Insurance Company, Policy No. 3811-2947 (Original Policy No. 12947) on the life of James Louis Boudreaux, Sr. in the sum of $1,000.00

2. Proceeds of Great Southern Life Insurance Company, Policy No. 749781 on the life of James Louis Boudreaux, Jr. in the sum of $2,000.00

3. An undivided one-eighth (1/8) interest in and to the Johnson-Boudreaux Farm Co. account in the Jeff Davis Bank & Trust Company, Jennings, Louisiana, in the sum of $2,631.38

4. An undivided one-fourth (1/4) interest in and to the account of "Boudreaux's" in the Calcasieu-Marine National Bank, Jennings Branch, Jennings, Louisiana in the sum of $708.45

5. Checking account in the Calcasieu-Marine National Bank, South City Branch, in the name of Mr. or Mrs. James L. Boudreaux in the sum of $243.65

6. Household furniture and effects located in the family home at 3015 Deaton Street, Lake Charles, Louisiana

7. Insurance proceeds on the life of James L. Boudreaux, Sr. with Firestone Tire and Rubber Company in the sum of $9,000.00

8. Check payable to the Estate of James L. Boudreaux from Aetna Life Insurance Company in the sum of $10,000.00

9. Guaranty Bond and Finance Company, Inc., Stock Certificates Nos:

3073	for 5 shares; par value $10.00

6364	for 40/100 shares; par value $1.00
9917	for 48/100 shares; par value $1.00
13552	for 58/100 shares; par value $1.00
17160	for 54/100 shares; par value $1.00

SEPARATE PROPERTY OF JAMES L. BOUDREAUX, SR.

OVABLE PROPERTY:

Situated in Jefferson Davis Parish, Louisiana:

1. An undivided one-fourth (1/4) interest in and to:

Lots Ten (10) and Eleven (11) of Block Six (6) of Richard Subdivision of Lot Three (3) of Section Fourteen (14), Township Ten (10) South, Range Two (2) West, Louisiana Meridian, situated in Jefferson Davis Parish, Louisiana, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from John Campbell by deed bearing File No. 78142, recorded in Conveyance Book No. 48, at page No. 522, records of Jefferson Davis Parish, Louisiana

2. An undivided one-eighth (1/8) interest in and to:

That tract of property in Jefferson Davis Parish, Louisiana, with all improvements thereon located and situated; together with all of the oil, gas and minerals underlying, or which may be produced therefrom, subject, however, to that oil, gas and mineral lease dated May 12, 1945, granted by Albert Sidney Johnson and Adolph C. Boudreaux, joined by his wife, Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, records of the Parish of Jefferson Davis, Louisiana, and later assigned; and together with that oil, gas and other mineral royalty right equal to three-thirty-seconds (3/32nds) or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres, more or less, the whole of which tract of land is described as follows, to-wit:

(a) Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section Thirty-nine (39); (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, except the 328 acres, more or less, of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921; including two tracts of prarie land along the North line of said swamp land, one of

said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolph C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS EXCEPT AND NOT INCLUDED in the aforedescribed tract are those ten acre parcels of property described as follows and designated as "First" and "Second", to-wit:

First. That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolph C. Boudreaux to Pelican Oil Purchasers, Inc., by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence, South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira ten acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65° 30' East 450 feet; thence, South 84° 00' East 250 feet; thence leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira ten acre tract; thence following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by ten acre tract owned by John J. Robira, his widow, heirs and assigns, on the West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

Second. That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolph C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37°, West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence, North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

3. An undivided one-sixteenth (1/16) interest of all the oil, gas and other minerals underlying or which may be produced from that tract of property located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch

galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence, North 53°, West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence, South 37° West 358 feet to the point of beginning and containing ten (10) acres.

4. An undivided one-sixteenth (1/16) interest of all the oil, gas and other minerals underlying or which may be produced from that ten acre tract of land located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows; subject to that oil, gas and mineral lease dated May 12, 1945, granted by Albert Sidney Johnson and Adolph C. Boudreaux, joined by his wife, Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, records of Jefferson Davis Parish, Louisiana, and later assigned; and together with that oil, gas and mineral royalty right equal to three-sixty-fourths (3/64ths) or .046875 of the whole of all oil, gas and other minerals which may be produced therefrom, the whole of which said ten acre tract is described as follows, to-wit:

Ten acres of land situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten (10) acres are further described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence, South 51° 13' East 276.5 feet; thence, South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira ten acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence North 72° 06' West 691.5 feet to lower side line of the Robira ten acre tract, thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten acres, as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten acre tract owned by John J. Robira, his widow, heirs or assigns; on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

Property situated in Calcasieu Parish, Louisiana:

1. An undivided one-fourth (1/4) interest in and to:

   Lot 621 in the Subdivision of the North Half of Southeast Quarter of Southwest Quarter (N 1/2 of SE 1/4 of SW 1/4), Section Thirty (30), Township Nine (9) South, Range Ten (10) West, Louisiana Meridian, acquired by Adolph C. Boudreaux from Mutual Sulphur & Oil Co., by deed bearing File No. 32606, recorded in Conveyance Book 151, page 437, records of Calcasieu Parish, Louisiana.

Property situated in Acadia Parish, Louisiana:

1. An undivided one-sixth (1/6) interest in and to:

   Lot Six (6) of Block Eleven (11); Lots Nine (9), Ten (10), and Eleven (11) of Block Thirty-four (34); Lots Four (4), Five (5), Six (6), and Seven (7) of Block Thirty-five (35); and a portion of Lot One (1) of Block Forty (40); all in the Town of Mermentau, Acadia Parish, Louisiana, as per plat of said Town on file in the office of the Clerk of Court and Ex-Officio Recorder of Acadia Parish, Louisiana; together with all the improvements thereon situated. It being part of the property acquired by Adolph C. Boudreaux from Euclide D. Conner by deed bearing File No. 26370, recorded in Conveyance Book J-2, page 142, records of Acadia Parish, Louisiana.

2. An undivided one-fourth (1/4) interest in and to:

   That certain tract of land containing Eighty-four (84) acres, more or less, situated in Acadia Parish, Louisiana, and located in Section Twenty-five (25), Township Ten (10) South, Range Two (2) West, Louisiana Meridian, and bounded Northeast by the Latrielle Estate, Inc., Southeast by Rosa Belle Duhon, Southwest by Mrs. Rosa Boudreaux, Gus Godeaux and Frank R. Burris, et als, and Northwest by the Mermentau River, together with all the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from Albert Green by deed bearing File No. 34274 and recorded in Conveyance Book S-2, page 274, records of Acadia Parish, Louisiana.

3. An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing Fifty-four (54) acres, more or less, situated in Acadia Parish, Louisiana, and located in the Northwest Quarter (NW 1/4) of Section Five (5), Township Eleven (11) South, Range Two (2) West, Louisiana Meridian, and bounded North by Oneal Legros Estate, East by Alphee LeBlanc estate, South by Jules S. Mauboules Estate, and West by Jerry S. Ashley, Joseph Jeanise and Lula H. Jeanise, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing File No. 97203, recorded in Conveyance Book Q-4, page 159, records of Acadia Parish, Louisiana.

4. An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing five (5) acres, more or less, situated in Acadia Parish, Louisiana, and located in Section Seven (7), Township Eleven (11) South, Range Two (2) West, Louisiana Meridian, and bounded North by Romain and Oday LeBlanc and August Benoit and P.C. Smith Estate, and Mrs. Prevost LeBlanc, East by Pierre Trahan, South by Texas Company and West by Romain and Oday LeBlanc and August Benoit and P. C. Smith Estate. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing File No. 97203, recorded in Conveyance Book Q-4, page 159, records of Acadia Parish, Louisiana.

5. An undivided one-fourth (1/4) interest in and to:

A certain tract or parcel of land containing Forty (40) acres, more or less, situated in Irregular Section 25, Township Ten (10) South, Range 2 West, more fully described and bounded now or formerly as follows, to-wit: Bounded on the Northeast by lands of A. C. Boudreaux Estate; Southwest by lands of Ray Richard, formerly Martin Richard and/or West line of said Section 25; Northwest by lands of F. Gotreaux, and Southeast by lands of Charles T. Duhon Estate.

6. An undivided one-fourth (1/4) interest in and to:

A certain tract or parcel of land containing 7.5 acres, more or less, situated in Irregular Section 24, Township Ten (10) South, Range Two (2) West, and more fully described and bounded now or formerly as follows, to-wit: Bounded on the Northeast by East line of said Section 24, Southwest by lands of the Texas Company; Southeast by lands of Ray Richard, formerly Martin Richard, and Northwest by lands of the Texas Company.

7. An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing Twenty (20) acres, more or less, situated in the Southeast Quarter of Section Seventy-two (72), Township Ten (10) South, Range Two (2) West, Louisiana Meridian, bounded now or formerly as follows: North by Arthur Crawford and the Estate of Thomas W. Crawford; East by Alphee Simon; South by Mrs. Arthur Crawford and the Estate of Thomas W. Crawford.

8. An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing 18.75 acres, more or less, situated in Section One (1), Township Eleven (11) South, Range Two (2) West, Louisiana Meridian, bounded now or formerly as follows: North by F. P. Breaux and Arthur Crawford and Estate of Thomas W. Crawford; East by Clemile Trahan, and West by the Estate of J. S. Mamoules.

9. An undivided one-fourth (1/4) interest in and to:

Lots Five (5), Seven (7), Eight (8) and Eleven (11) of Block Thirty-eight (38) of the Village of Mermentau, Acadia Parish, Louisiana, together with all improvements thereon.

10. An undivided one-fourth (1/4) interest in and to:

Those certain tracts or parcels of land situated in Section Thirty-two (32), Township Ten (10) South, Range Two (2) West, in the Village of Mermentau, Acadia Parish, Louisiana, as follows:

(a) A lot fronting 400 feet on the South line of the right of way of U. S. Highway 90 and 400 feet on the right of way of the Louisiana Western Railroad with its East line running in and along the East line of Section 32, and its West line running parallel to said East line so as to form a tract 400 feet from East to West and approximately 45 feet running in a Northwesterly direction, and

(b) A lot West of and adjoining the above tract fronting 440 feet on the South line of said Highway right of way and 445 feet on the North line of the right of way for the Switch track of said railroad so as to form a triangular parcel of

ground with its South line running in a Northwesterly direction to a point in the South line of said Highway right of way and its East line extending in a Northwesterly direction from the North line of the railroad right of way first above mentioned to the South line of said railroad right of way.

Being the same property acquired by Rosa C. Boudreaux from Albert Sidney Johnson by act of exchange dated May 22, 1939, and recorded in Conveyance Book K-6, at page 393.

11. An undivided one-twelfth (1/12) interest in and to:

That certain tract of land containing Twenty (20) acres, more or less, situated in Section Sixty-one (61), Township Ten (10) South, Range Two (2) West, in Acadia Parish, Louisiana, bounded North, East, South and West by Lovic C. Desormeaux.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that all banks, insurance companies, trust companies, labor organizations, corporations, or individuals having on deposit or in their possession, any money, bonds, notes, stocks, proceeds from insurance policies, sale of assets, or anything of value formerly belonging to the decedents' estates and which property includes the property described above, deliver such property to Yvette Marie Boudreaux Miller.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that Yvette Marie Boudreaux Miller, this estate and all property constituting the same be and they are adjudged to be free from further payment of Louisiana inheritance taxes.

JUDGMENT RENDERED, READ AND SIGNED in Chambers at Lake Charles, Louisiana, on this 11th day of February, 1966.

South and East by the Texas Company Fee.

LESS AND EXCEPT all that portion of Tracts #2 and #3 located within the unit established by the Commissioner of Conservation as follows:

9100' SU A established by Conservation Department Order No. 101-B, dated April 1, 1962.

MB That the contrary notwithstanding, it is understood that this lease does not cover any casing, pipes, tubing, etc., in any well previously drilled on the property.

All land owned by the Lessor lying above-mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 760.92 acres, whether it actually comprises more or less.

This lease shall be for a term of Five (5) years and No (0) months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on April 19, 1967, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to Lessors or to Lessors' credit in the respective depository banks shown opposite their names below, a rental in the sum of:

NAME	DEPOSITORY	AMOUNT	ADDRESS
Mark A. Boudreaux	Calcasieu-Marine Natl Bank of Lake Charles, Jennings Branch, Jennings, La.	$2,377.88	Mermentau Louisiana
Beulah Blanche Bourdier	Calcasieu-Marine Natl Bank of Lake Charles Lake Charles, La.	2,377.88	Lake Charles, Louisiana
Castex M. Boudreaux	Calcasieu-Marine Natl Bank of Lake Charles Lake Charles, La.	2,377.88	1313 Tenth Street Lake Charles Louisiana
Reuben Raymond Bruce	Calcasieu-Marine Natl Bank of Lake Charles, Jennings Branch, Jennings, La.	4,755.75	439 East Academy Jennings Louisiana
Worrell B. Johnson	Calcasieu-Marine Natl Bank of Lake Charles, Jennings Branch, Jennings, La.	951.15	Mermentau Louisiana
Mrs. Grace Johnson Miller	Jeff Davis Bank & Trust Co., Jennings, La.	951.15	Jennings Louisiana

Albert Sidney Johnson, Jr.	Calcasieu-Marine Natl Bank of Lake Charles Jennings Branch, Jennings, La.	951.15	606 Morton Jennings Louisiana
Mrs. Ora Johnson Miguez	Jeff Davis Bank & Trust Co. Jennings, La.	951.15	114 Davis Street Jennings Louisiana
O. W. Johnson, Jr.	Calcasieu-Marine Natl Bank of Lake Charles, Welsh Branch, Welsh, La.	475.58	Welsh Louisiana
Richard W. Johnson	Calcasieu-Marine Natl Bank of Lake Charles, Welsh Branch Welsh, Louisiana	475.58	Welsh Louisiana
Mark A. Boudreaux As Agent and Attorney-in-fact for Yvette Marie Boudreaux Miller	Calcasieu-Marine Natl Bank of Lake Charles, Jennings Branch, Jennings, La.	2,377.88	Mermentau Louisiana

which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods like payments or tenders. Payments may be made to the Lessor or may be mailed or delivered for deposit to Lessor's credit in the said banks, which banks or their successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository banks or their successors. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the addresses set forth above or to the said banks on or before the rental payment date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said banks fail or liquidate, or if they should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be held in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall be reduced proportionately, according to acreage. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 250 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than five consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages to timber and growing crops of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

_____, hereinafter referred to as "Grantor"

and MICHIGAN WISCONSIN PIPE LINE COMPANY, a Delaware Corporation

_____, hereinafter referred to as "Grantee", as

follows, to-wit:

WHEREAS, Grantor is the owner of the following described property, situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to-wit:

1145.35 acres, more or less, located in Section 38 and Lot No. 2 of Section 13, Township 10 South, Range 3 West, Section 17, except 328 acres of swamp timber lands lying in the Eastern portion thereof; and in Section 18, Township 10 South, Range 2 West, La. Mer in Jefferson Davis Parish, being out of the lands confirmed to Andre Martin by Commissioner's Certificate No. A-500.

WHEREAS, Grantee desires to acquire of Grantor the right to lay, maintain, inspect, alter, repair, replace, operate and remove a pipe line for the transportation of oil, gas, water or other fluids and substances, under and across the hereinabove described land, and Grantor desires to grant such servitude to Grantee on the terms and conditions hereinafter expressed:

NOW, THEREFORE, for and in consideration of the sum of Three Hundred Thirty-six and No/100 ($336.00) Dollars, the receipt and sufficiency of which is hereby acknowledged, Grantor does hereby grant unto Grantee the right to lay, maintain, inspect, alter, repair, replace, operate and remove a pipe line for the transportation of oil, gas, water or other fluids and substances under and across the said land hereinabove described. The route and course of the said pipe line right-of-way across the said land is shown on the plat attached hereto, made a part hereof, and marked "Exhibit A", the width of which is seventy-five (75) feet, being fifteen (15) feet on either side of the pipe line location as shown on said plat. Following installation of said pipe line, the right-of-way will revert to a width of 30 feet, being 15 feet on either side of the pipe line location as shown on said plat.

There is included in this transfer the rights of ingress, egress and regress to and from said line for the purposes aforesaid, but limited to the right-of-way herein granted, unless by prior written consent of Grantor. Subject to the rights and purposes herein granted, and subsequent to the completion and the installation of said pipe line in accordance with the terms and conditions hereof, the Grantor shall have the right to fully use and enjoy said premises, including the right to farm and graze the surface of the land along the route of said pipe line, and Grantee agrees to pay Grantor for all damages from the exercise by Grantee of the rights herein granted. It being understood, however, that Grantor may not construct or permit to be constructed any permanent structure or obstructions on or over or that will interfere with the construc tion, maintenance or operation of said pipe line.

As additional consideration for the grant of this servitude, Grantee agrees:

1. That said pipe line shall be buried at least thirty inches (30) ~~twenty-four (24)~~ inches below the surface of the ground, measured from the surface of the ground to the top of the pipe after land is levelled.

2. No valves, fittings, meters and other equipment shall be installed on or in connection with the said pipe line without the written consent of the Grantor; and no installations whatsoever shall be made above ground, except that cathodic control may be installed at outside line fence lines.

3. Grantee agrees to bury said pipe line ~~five (5) feet~~ 30 inches below the surface of the land at the point of entry and the point of exit, and whenever the said pipe line shall run under or below any large drainage ditch or irrigation canal, whether natural or artificial, said pipe line shall be buried at least five (5) feet below the bottom of said drainage ditch.

4. Grantee agrees and binds itself not to lay the said pipe line closer than 200 feet to any dwelling; and immediately after the laying of said line to level said land to the same topographical condition as existed at the time of the granting of this servitude.

5. After the installation of said pipe line and in case of the abandonment and/or the expiration of this grant of servitude for any cause or reason, Grantee agrees that all ditches and debris caused by the construction or removal operation must be filled, cleared and the land restored as near as possible to its original condition.

6. That this grant is limited to one pipe line as herein described, and for the use herein provided; and there shall be no other use such as pole lines or cables.

7. That Grantee, before severing or cutting Grantor's fence or fences at each point where the same is to be severed or cut, will first staunchly cross-brace the two panels, the one immediately on either side to the point of severance, so as to prevent unnecessary sag to the remaining portion of Grantor's fence or fences, providing that at point of ingress and egress sufficient closure will be maintained to prevent the escape of livestock.

8. This grant is made subject to any and all previous rights-of-way and/or servitudes, oil, gas, mineral lease or leases and mortgage or mortgages, and rights of Grantor's tenants, if any, presently affecting said above described property, and Grantee agrees that the exercise by it of this servitude will not interfere with any exploration, mining or development of oil, gas or other mineral on said property.

9. The construction or installation of said pipe line shall be completed not later than one year from date hereof or this grant shall become void and in the event of the non-use of this pipe line after construction by Grantee, its successors or assigns, for a period of twenty-four (24) months, this servitude shall be considered as being abandoned, and Grantee shall have ninety (90) days in which to remove from the land all pipe and other equipment placed thereon.

10. It is well understood and agreed by and between the parties hereto that Grantee is fully liable for all legally assessable injury to persons or property, including public liability, resulting from the construction, maintenance and operation of the pipe line over and across the hereinabove described land, which liability is in addition to that already assumed hereinabove. Public liability as defined herein applies but not with limitations to any/all public and private claims. To be included herein are any claims whatsoever as a result of death/deaths and/or personal injury to any person/persons attributed directly or indirectly by operations of Grantee or his assigns or his/their contractors on the property described herein under the rights of this grant of servitude.

11. This is the grant of a servitude and not the grant of the fee title to any land. Consequently, no oil, gas or other minerals and no oil, gas or mineral rights are involved in this transaction, and Grantee well understands that it has no right to explore or develop the mineral possibilities on the landoccupied by its pipe line or the right to grant privilege to others.

12. Grantee agrees to replace all canals, drain ditches, and flood levees as they were, should they for any reason be destroyed.

13. Grantee agrees that in the event the construction of a pipeline occurs during the flooding of the rice fields, Grantee agrees to provide for the fluming of the water across the pipe line ditch and/or right-of-way so that the water in the rice fields will remain level, and levees necessary to keep the water from running off the land will be built along the right-of-way.

It is understood that the person securing this grant is without authority from Grantee to make any agreements with respect to the subject matter hereof which are not expressed herein, and this instrument contains the entire contract between the parties.

The provisions hereof shall inure to the benefit of and be binding upon the parties hereto and their respective successors, heirs and assigns.

IN TESTIMONY WHEREOF Grantor has executed this grant of servitude in Jefferson Davis Parish, Louisiana, in the presence of the undersigned competent witnesses, on this 14 day of July, A.D. 1966.

ASSIGNMENT OF OIL, GAS AND MINERAL LEASE

STATE OF LOUISIANA)
) KNOW ALL MEN BY THESE PRESENTS:
PARISH OF JEFFERSON DAVIS)

That, RUFFIN T. LOWRY, a resident of Lafayette Parish, Louisiana, hereinafter called "Assignor", for and in consideration of the sum of One Thousand Dollars ($1,000.00) cash and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby bargain, sell, assign, transfer and convey unto GENERAL CRUDE OIL COMPANY, a Delaware corporation having a permit to do business in the State of Louisiana and whose address is P. O. Box 2252, Houston, Texas, the following oil, gas and mineral lease affecting lands situated in the Parish of Jefferson Davis, State of Louisiana, and described as follows, to-wit:

RECEIVED AND FILED
DEC 7 11 33 AM
CLERK OF COURT
JEFFERSON DAVIS PARISH, LA.

Oil, Gas and Mineral Lease dated April 19, 1966, recorded in the office of the Clerk of Court in and for Jefferson Davis Parish, Louisiana in Conveyance Book 295 at Page 523, et seq., bearing File No. 308008, granted and executed by Mark A. Boudreaux, Beulah Blanche Bourdier, Castex M. Boudreaux, Reuben Raymond Bruce, Worrell B. Johnson, Mrs. Grace Johnson Miller, Albert Sidney Johnson, Jr., Mrs. Ora Johnson Miguez, O. W. Johnson, Jr., Richard W. Johnson, and Yvette Marie Boudreaux Miller, as LESSORS, to and in favor of Ruffin T. Lowry, as LESSEE, and covering and affecting 760.92 acres of land, more or less, situated in Sections 13 and 39, Township 10 South, Range 3 West, and Sections 17 and 18, Township 10 South, Range 2 West, Jefferson Davis Parish, Louisiana.

83963

Reference being made to the record of said lease for the terms and conditions thereof and the properties affected thereby to the same extent as though copied in full herein.

This assignment is made without warranty of title but is made with full subrogation and substitution of all rights and actions in warranty which Assignor has against any former owner.

IN WITNESS WHEREOF, this instrument is signed on the 12th day of November, 1966, in the presence of the undersigned competent witnesses.

COMPROMISE AGREEMENT

STATE OF LOUISIANA
PARISH OF JEFFERSON DAVIS

THIS AGREEMENT, made and entered into by and among CASTEX M. BOUDREAUX, husband of Lydia McBridge, YVETTE MARIE BOUDREAUX, wife of Walter M. Miller, BEULAH BLANCHE BOURDIER, wife of Floyd J. Bourdier, all residents of Calcasieu Parish, Louisiana, MARK A. BOUDREAUX, husband of Bernice Foreman, RICHARD W. JOHNSON, husband of Nancy Watkins, O. W. JOHNSON, JR., husband of Carolyn Leonard, REUBEN RAYMOND BRUCE, husband of Mary Simoneaux, WORRELL B. JOHNSON, husband of Dora Cary, ALBERT SIDNEY JOHNSON, JR., husband of Marvelle Andrus, ORA JOHNSON MIGUEZ, wife of Adam Miguez, and GRACE JOHNSON MILLER, divorced from Ralph M. Miller, all residents of Jefferson Davis Parish, Louisiana, hereinafter referred to as "Lessors", and DELTA DRILLING COMPANY, a Texas corporation, authorized to do and doing business in Louisiana, herein represented by CHRIS ZERVA , its duly authorized , PATRICK B. GIBBONS, III, and WARREN B. PINNEY, JR., both residents of Dallas County, Texas, hereinafter referred to as "Lessees", effective from and after July 1, 1966;

#132285

W I T N E S S E T H, That:

I.

Reference is made for all purposes to oil, gas and mineral lease granted by Rosa Castex Boudreaux, et al., to James C. Ruffin, dated March 5, 1956, recorded in Book 222, page 418, under Original Act No. 245110 of the records of Jefferson Davis Parish, Louisiana, covering and affecting 160 acres of land located in Section 39, Township 10 South, Range 3 West, and Section 17, Township 10 South, Range 2 West, Jefferson Davis Parish, Louisiana, which lands are more particularly described in said lease.

II.

Lessors have demanded that Lessees undertake the drilling of additional wells on the lands covered by the mineral lease described in Paragraph I hereof, contending that the Lessees are in default thereunder for having failed to properly and adequately develop the leased premises for its mineral

potential. Lessees deny all and singular such contentions of Lessors, contending that they have fully and completely developed the leased premises as would a reasonably prudent operator have done in the same circumstances, that they have fully and completely met, fulfilled and discharged all of their obligations under said mineral lease, and that said mineral lease is in full force and effect as to all of the lands covered thereby, and denying that any such release is due to Lessors, and denying that Lessees are in default thereunder in any manner.

III.

Lessors and Lessees have decided to compromise their differences, and accordingly, have agreed and do hereby agree as follows:

(a) Lessees have paid to Lessors the sum of Three Thousand Five Hundred and No/100 Dollars ($3,500.00), the receipt and adequacy of which are hereby acknowledged, as follows:

Reuben Raymond Bruce	$ 875.00
Mark A. Boudreaux	437.50
Yvette Marie Boudreaux Miller	437.50
Castex M. Boudreaux	437.50
Beulah Blanche Bourdier	437.50
Worrell B. Johnson	175.00
Albert Sidney Johnson, Jr.	175.00
Grace Johnson Miller	175.00
Ora Johnson Miguez	175.00
O. W. Johnson, Jr.	87.50
Richard W. Johnson	87.50
	$ 3,500.00

(b) Lessees hereby release, relinquish and surrender unto Lessors all of the rights, title and interest of Lessees in and to the oil, gas and mineral lease described in Paragraph I hereof, insofar, and only insofar, as said mineral lease relates to and affects all lands covered by and described in said lease and located outside of the geographic limits of the HET Sand Unit A, established by Department of Conservation Order No. 101-E, dated December 1, 1962, the 10,600 Foot Sand Unit A, established by Department of Conservation Order No. 101-D, dated November 1, 1962, and the 10,200 Foot Sand Unit B, established by Department of Conservation Order No. 101-C, dated March 7, 1962, effective April 1, 1962. The lands hereby released are shown colored in red on that certain plat of survey

prepared by John E. Chance & Associates, dated October 18, 1966, a copy of which is attached hereto and made a part hereof, which lands hereby released are estimated to comprise a total of 52.78 acres.

(c) Except as to the lands as to which said mineral lease is released under subparagraph (b) above, and particularly, as to all lands described in said lease and situated within the geographic limits of HET Sand Unit A, established by Department of Conservation Order No. 101-E, dated December 1, 1962, the 10,600 Foot Sand Unit A, established by Department of Conservation Order No. 101-D, dated November 1, 1962, and the 10,200 Foot Sand Unit B, established by Department of Conservation Order No. 101-C, dated March 7, 1962, effective April 1, 1962, Lessees retain and reserve for themselves all rights in said mineral lease as to all lands covered thereby and not hereinabove specifically released.

(d) Lessors hereby withdraw the demands for release of the above described oil, gas and mineral lease made on their behalf by Herschel N. Knight, of the law firm of Knight & Knight, attorneys at law, Jennings, Louisiana, and any and all other demands of any kind under said mineral lease, to the same extent and as fully as though said demands had never been made, and do hereby fully ratify and confirm the mineral lease described in Paragraph I hereof, and acknowledge it to be in full force and effect as to the interest therein of Lessees, and acknowledge and agree that Lessees are not in default thereunder in any manner for any cause. Lessors agree and covenant that until July 1, 1967, the lands covered by the above referred to oil, gas and mineral lease are and shall be deemed to be fully and completely developed for their mineral potential, and Lessors do hereby expressly relieve and release Lessees from any obligations to conduct any further or additional drilling operations on the lands covered by said mineral lease until July 1, 1967.

(e) Beginning July 1, 1967, and for four (4) consecutive twelve (12) months' periods thereafter, or until July 1, 1971, Lessee may, at its option, and in lieu of conducting any further or additional drilling or reworking operations on the lands covered by the above described mineral lease or on lands pooled therewith, pay to Lessors or deposit to Lessors' credit in the appropriate depository bank hereinafter set forth, the sum of Two Thousand and No/100 Dollars ($2,000.00) per annum during said five (5) year period. For any twelve (12) months'

period for which such annual payment is made by Lessees, the lands covered by the above described mineral lease shall be deemed by the parties to be fully and completely developed for its mineral potential, and during said twelve (12) months' period Lessees shall be relieved and released of any and all obligations under said mineral lease to conduct any further or additional drilling or reworking operations on the leased premises or on lands pooled therewith, save such as are required to protect the leased premises from damage. The first such annual rental payment which Lessees may make shall be due on or before July 1, 1967, and each annual payment thereafter shall be due on or before the first day of July during the remainder of the four (4) year period.

(f) Lessee may make the Two Thousand and No/100 Dollars ($2,000.00) annual payment provided for in subparagraph (e) hereof to Lessors, or said payments may be mailed or delivered for deposit to Lessors' credit in the amounts and in the depository banks named below:

Name	Depository	Amount
Reuben Raymond Bruce	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	$ 500.00
Mark A. Boudreaux	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Lake Charles, Louisiana	250.00
Yvette Marie Boudreaux Miller	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	250.00
Castex M. Boudreaux	Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana	250.00
Beulah Blanche Bourdier	Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana	250.00
Worrell B. Johnson	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	100.00
Albert Sidney Johnson, Jr.	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	100.00

Grace Johnson Miller	Jeff Davis Bank & Trust Company, Jennings, Louisiana	100.00
Ora Johnson Miguez	Jeff Davis Bank & Trust Company, Jennings, Louisiana	100.00
O. W. Johnson, Jr.	Calcasieu Marine National Bank of Lake Charles, Welsh Branch, Welsh, Louisiana	50.00
Richard W. Johnson	Calcasieu Marine National Bank of Lake Charles, Welsh Branch, Welsh, Louisiana	50.00

Payments may be made to the Lessors, or may be mailed or delivered for deposit to Lessors' credit in the above banks, which banks or their successors shall continue to be the depository for such parties as representatives of Lessors and Lessors' successors and assigns; and the death or incapacity of any Lessor shall not terminate or affect Lessees' right to continue to deposit all payments in said depository banks or their successors. The mailing of the check or draft of Lessees or Lessees' successors to Lessors, to the depository banks set forth above, or to Lessors on or before the date when such payment is due shall be considered as payment and shall operate to relieve and release Lessees from any and all obligations to conduct any drilling operations on the leased premises for the twelve (12) months' period for which said payment is made. Should said banks fail or liquidate, or if they should for any reason fail or refuse to accept Lessees' checks or drafts, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessees shall not be held in default for failure to make said payment until thirty (30) days after Lessors shall have furnished Lessees with a recordable instrument naming a new depository bank; and this provision shall apply to all such new and subsequently named depository banks.

(g) Failure of Lessees to pay any of the annual payments provided for in subparagraph (e) hereof shall not be construed or interpreted adversely to the rights and/or obligations of any party hereto under the mineral lease described in Paragraph I hereof. There is expressly reserved to the parties hereto at any time after July 1, 1967 and during any twelve (12) months' period for which Lessees fail to make the

Exhibit D
Castex Development - Title and Lease History - 000415

payment provided for in subparagraph (e) hereof, all rights to assert and make such claims, demands, pretensions and defenses relative to the matter of development of the leased premises as may be justified by the circumstances and the law.

(h) All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessors and Lessees; but regardless of any actual or constructive notice on the part of Lessees, no change in the ownership of the land covered by the mineral lease described in Paragraph I, or any interest therein or changing the capacity or status of Lessors, whether resulting from sale, inheritance, interdiction, emancipation, attainment of majority, or otherwise, shall impose any additional upon Lessees, nor shall any change in ownership or in the status or capacity of Lessors impair the effectiveness of payments made to Lessors herein named unless Lessees shall have been furnished, forty-five (45) days before payment is due, a certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessors. The furnishing of such evidence shall not affect the validity of any payment theretofore made in advance. Any record owner of a divided or undivided interest in the lease described in Paragraph I hereof may pay the entire annual payment provided for in subparagraph (e) hereof, and such payment shall be for the benefit of those holding leasehold rights in said mineral lease. If at any time two or more persons are entitled to participate in the payment provided for in subparagraph (e) hereunder, Lessees may pay or tender said payment jointly to such persons or to their joint credit in the depository bank named herein; or, at Lessees' election, the proportionate part of said payment to which each participant is entitled may be paid or tendered to him separately or to his separate credit in said depository and payment or tender to any participant of his portion of said annual payment hereunder shall serve for the purposes herein provided.

IV.

This agreement may be executed in counterparts with the same effect as though all of the parties had executed one document.

V.

This agreement, regardless of the date or dates of

Exhibit D
Castex Development - Title and Lease History - 000416

the signing thereof, shall be effective as of July 1, 1966.

IN WITNESS WHEREOF, this instrument is executed as of the first day of July, 1966, in the presence of the undersigned competent witnesses.

FORM 42 CPM—NEW SOUTH LOUISIANA REVISED FOUR (4)—POOLING REVISED "B"

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of July 1, 19 66,
by and between CASTEX M. BOUDREAUX, husband of Lydia McBridge, YVETTE MARIE BOUDREAUX, wife of Walter M. Miller, BEULAH BLANCHE BOURDIER, wife of Floyd J. Bourdier, all residents of Calcasieu Parish, Louisiana, MARK A. BOUDREAUX, husband of Bernice Foreman, RICHARD W. JOHNSON, husband of Nancy Watkins, O. W. JOHNSON JR., husband of Carolyn Leonard, REUBEN RAYMOND BRUCE, husband of Mary Simoneaux, WORRELL B. JOHNSON, husband of Dora Cary, ALBERT SIDNEY JOHNSON, JR., husband of Marvelle Andrus, ORA JOHNSON MIGUEZ, wife of Adam Miguez, and GRACE JOHNSON MILLER, divorced from Ralph M. Miller, all residents of Jefferson Davis Parish, Louisiana,

herein called "Lessor" (whether one or more) and DELTA DRILLING COMPANY, a Texas corporation whose address is P. O. Box 2012, Tyler, Smith County, Texas,

hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of One Hundred and No/100----DOLLARS--------($100.00 /) and other valuable consideration hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder ---------- and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

A tract of land located in Section 39, Township 10 South, Range 3 West, and Section 17, Township 10 South, Range 2 West, containing 52.78 acres, more or less, and being the identical portion of the 160 acre tract of land originally covered and affected by that certain mineral lease dated July 1, 1958, granted by Rosa Castex Boudreaux, et al., Lessor, to James C. Ruffin, Lessee, and recorded in the Jefferson Davis Parish Conveyance Records in Book 222, page 318, under Original Act No. 245110, which was released by that certain instrument executed by Delta Drilling Company, et al., effective July 1, 1966, and recorded in the Jefferson Davis Parish, conveyance records in Book 303, page _____, under Entry No. 313285, said 52.78 acre tract of land being shown more particularly outlined in red on that certain plat of survey by John E. Chance & Associates, C. E., dated October 18, 1966, which plat of survey is attached hereto and made a part hereof for all purposes.

It is distinctly understood herein by and between Lessor and Lessee that at the conclusion of this oil, gas and mineral lease that the lands leased hereinabove shall be restored to the original condition as when received as reasonably possible. That, any roads, pathways, bridges, culverts, etc. currently in existence on the farm which may be used by the Lessee herein, must be maintained by it in suitable condition to travel at all times throughout the term of this lease or any extension thereof in accordance with its terms and conditions or during such time as actual use is made of said passageways, etc., whichever is sooner.

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 52.78 acres, whether it actually comprises more or less.

This lease shall be for a term of five (5) years and no months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on July 1, 19 67, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of Twenty-five & No/100 Dollars ($25.00) per acre ---------- which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods Twenty-five and No/100--------Dollars ($25.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the depository banks named in attached ~~[illegible]~~ rental division order, which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause, this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than 3 consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-sixth (1/6) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-sixth (1/6) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-sixth (1/6) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-sixth (1/6) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located on the land.

8. The Lessee shall be responsible for all damages of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance, or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants ---------- title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

WITNESSES:

14. Lessee may pay to Lessor or deposit to Lessor's credit in the respective depository banks shown opposite their names below, the delay rentals as provided for in Paragraph 1 hereof, in the following sums, to-wit:

Name	Depository Bank	Interest	Amount
Reuben Raymond Bruce 439 East Academy Jennings, Louisiana	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	1/4	$ 329.88
Mark A. Boudreaux P. O. Box 207 Mermentau, Louisiana	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	1/8	164.93
Yvette Marie Boudreaux Miller 4023 Cappy Drive Lake Charles, Louisiana	Calcasieu Marine National Bank of Lake Charles, Jennings Branch, Jennings, Louisiana	1/8	164.93
Castex M. Boudreaux 1313 Tenth Street Lake Charles, Louisiana	Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana	1/8	164.93
Beulah Blanche Bourdier 816 North Lyons Street Lake Charles, Louisiana	Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana	1/8	164.93
Worrell B. Johnson P. O. Box 111 Mermentau, Louisiana	Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana	1/20	65.98
Albert Sidney Johnson, Jr. 606 Morton Street Jennings, Louisiana	Calcasieu Marine National Bank of Lake Charles, Lake Charles, Louisiana	1/20	65.98
Grace Johnson Miller P. O. Box 434 Jennings, Louisiana	Jeff Davis Bank & Trust Company, Jennings, Louisiana	1/20	65.98
Ora Johnson Miguez Box 782 Jennings, Louisiana	Jeff Davis Bank & Trust Company, Jennings, Louisiana	1/20	65.98
O. W. Johnson, Jr. P. O. Box 162 Welsh, Louisiana	Calcasieu Marine National Bank of Lake Charles, Welsh Branch, Welsh, Louisiana	1/40	32.99
Richard W. Johnson P. O. Box 162 Welsh, Louisiana	Calcasieu Marine National Bank of Lake Charles, Welsh Branch, Welsh, Louisiana	1/40	32.99

Lessor agrees that delay rental payments made in the manner above set forth shall maintain Lessee's rights in effect as to the leased premises without drilling operations in the manner and for the period of time herein provided in Paragraph 1, and Lessee may continue to maintain the rights herein granted without drilling operations for successive twelve (12) months' periods during the primary term, as herein elsewhere provided for, by paying Lessor, on or before the beginning of such respective periods, like payments or tenders. Payments may be made to Lessor or may be mailed or delivered for deposit to

Lessor's credit in the said bank[illegible] successors shall continue to be the depository for such rentals as a representative of Lessor and Lessor's successors and assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository banks or their successors. The mailing of the check or draft of Lessee, or Lessee's successors, to Lessor or to the said banks on or before the rental payment date shall be considered as payment of rental and operate to maintain Lessee's rights hereunder in force and effect. Should said banks fail or liquidate, or if they should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner hereinabove provided shall not be thereby rendered ineffective and Lessee shall not be held in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

DECLARATION

TIDEWATER OIL COMPANY, a Delaware corporation, represented herein by Jack D. Jones, Vice President, and GETTY OIL COMPANY, also a Delaware corporation, represented herein by Charles F. Krug, Vice President, by this instrument declare and acknowledge that as of the effective date hereof and contemporaneously therewith, TIDEWATER OIL COMPANY is being merged with GETTY OIL COMPANY, with GETTY OIL COMPANY being the surviving corporation, all pursuant to the laws of the State of Delaware providing for such mergers; and that as a result of the merger of said corporation, and by operation of law, all properties owned in the name of TIDEWATER OIL COMPANY at the time of said merger thereby become vested in, owned by and held in the name of GETTY OIL COMPANY.

320110

It is further hereby declared that as a result of said merger, GETTY OIL COMPANY, as the surviving corporation, by virtue of said merger becomes the owner of and holds title in its name to all property and rights of TIDEWATER OIL COMPANY, including the oil, gas and mineral leases and other properties described on the list of property which is attached hereto as "Exhibit A".

It is further declared that GETTY OIL COMPANY, as the owner of all properties of TIDEWATER OIL COMPANY by virtue of the said merger, and in order that the public records may properly reflect this ownership, is hereby authorized at any time to amend this instrument so as to correct any omissions

from or errors in "Exhibit A" by including or properly describing any property of TIDEWATER OIL COMPANY owned by it at the time of said merger and to record such amendment in the public records. Any such amendment shall have the same effect as though the property described therein had been described in "Exhibit A" attached hereto.

IN WITNESS WHEREOF, this instrument has been executed on this the 25th day of September, 1967, each of said parties signing in the presence of the witnesses whose names appear opposite their respective signatures, said instrument to be effective as of the effective date of the aforesaid merger, same being Midnight, eastern daylight saving time, on September 30, 1967.

I, Leo J. Dugan, Jr., Recorder of Deeds for New Castle County, Delaware, do hereby certify that Certified Copy of

Plan and Agreement of Merger and Exhibits A (Certificate of Incorporation of Getty Oil Company, as amended), and B (Getty Oil Company By-Laws) attached thereto, dated as of July 24, 1967 among Getty Oil Company and Mission Development Company and Tidewater Oil Company, providing for the merger of Mission Development Company and Tidewater Oil Company with and into Getty Oil Company, under the name of "Getty Oil Company",

was received for record in this office on September 20, 1967

and the same appears of record in the Recorder's Office for said County in

Incorporation Record D Volume 92 Page 1 &c.

360111

Witness my hand and Official Seal, this twenty-first day of

September, A. D. 1967.

Leo J. Dugan Jr.
Recorder.

State of Delaware

Office of Secretary of State

I, ELISHA C. DUKES, Secretary of State of the State of Delaware, do hereby certify that a Plan and Agreement of Merger, dated as of July 24, 1967, among "GETTY OIL COMPANY", "MISSION DEVELOPMENT COMPANY" and "TIDEWATER OIL COMPANY", all corporations organized and existing under the laws of the State of Delaware, providing for the merger of "MISSION DEVELOPMENT COMPANY" and "TIDEWATER OIL COMPANY" with and into "GETTY OIL COMPANY", under the name of "GETTY OIL COMPANY", was received and filed in this office on the twentieth day of September, A.D. 1967, at 1:45 o'clock P.M.;

And I do hereby further certify that the Plan and Agreement of Merger provides as follows:

"Development and Tidewater shall be merged with and into Getty Oil at midnight, local time, Wilmington, Delaware, on the later of (a) September 30, 1967, or (b) the date on which the filing of this Agreement shall have been completed, and such later date, herein referred to as the "Effective Date", shall be the time at which the merger shall be deemed to have occurred";

And I do hereby further certify that, effective as at midnight, local time, Wilmington, Delaware, September 30, 1967, the separate corporate existences of "MISSION DEVELOPMENT COMPANY" and "TIDEWATER OIL COMPANY" shall terminate;

And I do hereby further certify that attached hereto is a Certificate of Leo J. Dugan, Jr., Recorder of Deeds for New Castle County, State of Delaware, certifying that a certified copy of said Plan and Agreement of Merger was received for record in his office and recorded in Incorporation Record D, Volume 92, page 1, on the 20th day of September, 1967;

And I do hereby further certify that Leo J. Dugan, Jr., whose genuine signature appears on said Certificate, was at the time of making the same and is now the Recorder of Deeds for New Castle County, Delaware, duly elected, commissioned and qualified, and that full faith and credit are, and ought to be, given to all his official acts as such;

And I do hereby further certify that said "GETTY OIL COMPANY" is duly incorporated under the laws of the State of Delaware, is in good standing and has a legal corporate existence, so far as the records of this office show, and is duly authorized to transact business.

IN TESTIMONY WHEREOF, I have hereunto set my hand and official seal at Dover this twenty-first day of September in the year of our Lord one thousand nine hundred and sixty-seven.

Elisha C. Dukes
Secretary of State

RECEIPT AND RELEASE

STATE OF LOUISIANA
PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS, That:

Reference is hereby made to that certain oil, gas and mineral lease, dated March 5, 1958, executed by Rosa Castex Boudreaux, et al., as Lessor, and James C. Ruffin, as Lessee, covering 160 acres, more or less, in Jefferson Davis Parish, Louisiana, said lease being of record in Book 222, page 318, Original Act No. 245110 of the records of said Parish, which lease, as amended, is now owned by DELTA DRILLING COMPANY, PATRICK B. GIBBONS, III and WARREN B. PINNEY, JR., hereinafter referred to as Lease Owners.

WHEREAS, it is contended that in connection with Lease Owners' operations in connection with the drilling, completing, producing and operating the Delta Drilling Company--No. 1 Johnson-Boudreaux Well, the lands covered by said lease sustained and incurred damages;

NOW, THEREFORE, CASTEX M. BOUDREAUX, husband of Lydia McBridge, YVETTE MARIE BOUDREAUX, wife of Walter M. Miller, BEULAH BLANCHE BOURDIER, wife of Floyd J. Bourdier, all residents of Calcasieu Parish, Louisiana, MARK A. BOUDREAUX, husband of Bernice Foreman, RICHARD W. JOHNSON, husband of Nancy Watkins, O. W. JOHNSON, JR., husband of Carolyn Leonard, REUBEN RAYMOND BRUCE, husband of Mary Simoneaux, WORRELL B. JOHNSON, husband of Dora Cary, ALBERT SIDNEY JOHNSON, JR., husband of Marvelle Andrus, ORA JOHNSON MIGUEZ, wife of Adam Miguez, and GRACE JOHNSON MILLER, divorced from Ralph M. Miller, all residents of Jefferson Davis Parish, Louisiana, for and in consideration of the payment of the sum of Five Thousand Five Hundred and No/100 Dollars ($5,500.00) by Lease Owners, the receipt and adequacy of which is hereby acknowledged, do by these presents hereby release, acquit and forever discharge Lease Owners, their successors, assignees and transferees, from any and all detriment, injuries, damages, actions and causes of action arising out of, connected with, incident to or growing out of the drilling, maintenance and operation of the above named well and incident to and growing out of all of Lease Owners' operations and activities in and on the above described lands, it being understood that this is a full, final and complete re-

lease and discharge of any and all injuries or damages sustained to the said lands described above, and to the personal property of the lessor thereon, as a result of or in connection with Lease Owners' operations and/or activities on the leased land, including, specifically, damages and injuries to the lands, surface, trees, crops and fences, however caused.

Further, the said Castex M. Boudreaux, Yvette Marie Boudreaux, Beulah Blanche Bourdier, Mark A. Boudreaux, Richard W. Johnson, O. W. Johnson, Jr., Reuben Raymond Bruce, Worrell B. Johnson, Albert Sidney Johnson, Jr., Ora Johnson Miguez and Grace Johnson Miller do hereby agree that Lease Owners are hereby released from and relieved of any and all further duty, obligation and responsibility of filling the earthen pit or pits located on the leased premises, of removing any pipe lines and of levelling and restoring the surface of any of the leased lands, save and except (upon the termination of said lease) the restoration of the surface of the area presently occupied by the shell road which services the salt water disposal well.

It is the intention of Castex M. Boudreaux, Yvette Marie Boudreaux, Beulah Blanche Bourdier, Mark A. Boudreaux, Richard W. Johnson, O. W. Johnson, Jr., Reuben Raymond Bruce, Worrell B. Johnson, Albert Sidney Johnson, Jr., Ora Johnson Miguez and Grace Johnson Miller by the execution hereof for the sum of money paid to them by Lease Owners, as above set forth, to release and relieve Lease Owners of any and all past and present damages incurred by or occasioned to the lands covered by the above mineral lease, arising out of, connected with or related to the use of said land by Lease Owners, their successors and assigns, under the above mineral lease, and to release and relieve Lease Owners, their heirs, successors and assigns, of any and all duty, obligation and responsibility to pay any further monetary sums or amounts or any other damages therefor, and to release and relieve Lease Owners, their heirs, successors and assigns, from any duty, obligation and responsibility under the terms of the above lease, or otherwise, to level the pit or pits and to level and restore the surface of the leased land (except as to the area occupied by the shell road), the consideration being paid herefor being in complete payment, settlement and discharge for all claims of damages, whether past or present, resulting from, occasioned to or sustained by or which may be occasioned to or sustained by the leased premises as a result of the activities and operations

of Lease Owners, their heirs, successors and assigns.

Thus Done and Signed this 1st day of March, 1968.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of JULY 2nd 19 69
by and between CASTEX M. BOUDREAUX, husband of Lydia McBridge, YVETTE MARIE BOUDREAUX, wife of Walter M. Miller, BEULAH BLANCHE BOURDIER, wife of Floyd J. Bourdier, all residents of Calcasieu Parish, Louisiana, MARK A BOUDREAUX, husband of Bernice Foreman, RICHARD W. JOHNSON, husband of Nancy Watkins, O. W. JOHNSON, JR., husband of Carolyn Leonard, REUBEN RAYMOND BRUCE, husband of Mary Simoneaux, WORRELL B. JOHNSON, husband of Dora Cary, ALBERT SIDNEY JOHNSON, JR., husband of Marvelle Andrus, ORA JOHNSON MIGUEZ, wife of Adam Miguez, and GRACE JOHNSON MILLER, divorced from Ralph M. Miller, all residents of Jefferson Davis Parish, Louisiana,

herein called "Lessor" (whether one or more) and VALOR LAND AND EXPLORATION COMPANY, 309 Gulf Building, Houston, Texas
hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of One Hundred and No/100 Dollars & other valuable consideration ($ 100.00 & O/C), hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder ~~on in connection with similar operations on adjoining land~~, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

Two tracts of land located in Section 39, Township 10 South, Range 3 West, and Section 17, Township 10 South, Range 2 West, containing 52.78 acres, more or less, said 52.78 acres of land being shown more particularly outlined in red on that certain plat of survey by John E. Chance & Associates, C.E. dated October 18,1966, which plat of survey is attached hereto and made a part hereof for all purposes.

It is distinctly understood herein by and between Lessor and Lessee that at the conclusion of this oil, gas and mineral lease that the lands leased hereinabove shall be restored to the original condition as when received as reasonably possible. That, any roads, pathways, bridges, culverts, etc. currently in existence on the farm which may be used by the Lessee herein, must be maintained by it in suitable condition to travel at all times throughout the term of this lease or any extension thereof in accordance with its terms and conditions or during such time as actual use is made of said passageways, etc., whichever is sooner.

RECEIVED AND FILED
1969 JUL 24 PM 3:42
CLERK OF COURT
JEFFERSON DAVIS PARISH

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 52.78 acres, whether it actually comprises more or less.

This lease shall be for a term of Five (5) years and No months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

206

1. This lease shall terminate on July 2nd, 1970, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to Lessors or to Lessors' credit in the respective depository banks shown opposite their names below, a rental in the sum of:

NAME	DEPOSITORY	AMOUNT	ADDRESS
Reuben Raymond Bruce	Calcasieu Marine National Bank of Lake Chas., Jennings Branch, Jennings, La.	329.88	439 East Academy Jennings, Louisiana

which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods like payments or tenders. Payments may be made to the Lessor or may be mailed or delivered for deposit to Lessor's credit in the said banks, which banks or their successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository banks or their successors. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the addresses set forth above or to the said banks on or before the rental payment date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said banks fail or liquidate, or if they should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be held in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

~~assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depositary~~ bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be ~~thereby rendered ineffective~~ and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall ~~have furnished~~ Lessee with a recordable instrument naming a new depository; and this provision shall apply to all ~~such new and subsequently named depositories.~~

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, ~~and, if during the primary term, the rental shall be reduced proportionately, according to acreage.~~ In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within ~~330~~ 500 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than ~~five~~ three consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-~~eighth (1/8th)~~ sixth (1/6th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-~~eighth (1/8th)~~ sixth (1/6th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-~~eighth (1/8th)~~ sixth (1/6th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-~~eighth (1/8th)~~ sixth (1/6th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located ~~either~~ on the land ~~or on a unit comprising a portion of the land.~~

8. The Lessee shall be responsible for all damages ~~to timber and growing crops~~ of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants ~~and agrees to defend~~ the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

ASSIGNMENT OF OIL, GAS AND MINERAL LEASES

STATE OF LOUISIANA *
*
PARISH OF JEFFERSON DAVIS *

KNOW ALL MEN BY THESE PRESENTS:

THAT, VALOR LAND AND EXPLORATION COMPANY, hereinafter called "ASSIGNOR", for good and valuable consideration, the receipt of which is hereby acknowledged, hereby bargains, sells, transfers, assigns, and conveys to NEWMONT OIL COMPANY, hereinafter called "ASSIGNEE", an undivided two-thirds (2/3rds) interest in and to those certain oil, gas and mineral leases which are fully listed and described on the schedule annexed hereto as "Exhibit A" which is incorporated herein and made a part hereof as fully as though set forth in extenso.

349412

Assignor warrants that it is the sole holder of the above referred to oil, gas and mineral leases, and that same are now in full force and effect and that it has full right and authority to make this assignment. The royalty on said leases plus outstanding overrides are such that Assignor's working interest in said leases is 75%.

This assignment is made with full subrogation of all rights and actions of warranty and shall be effective between the parties hereto, their heirs, successors and assigns.

IN TESTIMONY WHEREOF, this assignment is executed as of the 19th day of November, 1970, in the presence of the undersigned competent witnesses.

COUNTY OF HARRIS *

ON THIS 19th day of NOVEMBER 1970, before me appeared G. DEAN SOAPE to me personally known, who, being by me duly sworn, did say that he is the PRESIDENT of the VALOR LAND AND EXPLORATION COMPANY and that said instrument was signed in behalf of said corporation by authority of its Board of Directors and said G. DEAN SOAPE acknowledged said instrument to be the free act and deed of said corporation.

Ruth Lauderdale
Notary Public

EXHIBIT "A"

1. Oil, gas and mineral lease from Nolan Lacour to Harry C. Schultz, dated June 17, 1969, and covering the following described lands in Jefferson Davis Parish, Louisiana, to-wit:

> All that portion of the Northeast Quarter of Northeast Quarter (NE/4 of NE/4) of Section 11, T10S, R3W., lying outside the Het 1 SU B-Henneberry No. 1, W. Mermentau Field, Jefferson Davis Parish, said unit created by order No. 101-E of Dept. of Conservation from State of Louisiana effective December 1, 1962, and filed under Entry No. 283194, COB 265, Page 41, Records of Jefferson Davis Parish, Louisiana.

Said lease being recorded June 24, 1969, in Conveyance Book 338, Page 159, Entry No. 335999 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

2. Oil, gas and mineral lease from Nolan Broussard and Emma LeJeune Broussard to Harry C. Schultz, dated June 17, 1969, and covering the following described lands in Jefferson Davis Parish, Louisiana, to-wit:

> All that part of NE/4 of NE/4 of Section 11, T10S, R3W., lying outside of the surface outlines of Het 1 SU B-Henneberry No. 1, W. Mermentau Field, Jefferson Davis Parish, said unit created by order no. 101-E (26-E) of Dept. of Conservation effective December 1, 1962, and filed under entry no. 283194, COB 265, Page 41, records of Jefferson Davis Parish, Louisiana.

Said lease being recorded June 24, 1969, in Conveyance Book 338, Page 155, Entry No. 335988 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

3. Oil, gas and mineral lease from Castex M. Boudreaux, et al, to Valor Land and Exploration Company, dated July 2, 1969, and covering the following described lands in Jefferson Davis Parish, Louisiana, to-wit:

> Two tracts of land located in Section 39, Township 10 South, Range 3 West, and Section 17, Township 10 South, Range 2 West, containing 52.78 acres of land being shown more particularly outlined in red on that certain plat of survey by John E. Chance and Associates, C.E. dated October 18, 1966, which plat of survey is attached to lease and made a part thereof for all purposes.

Said lease being recorded July 24, 1969, in Conveyance Book 339, at page _____, under Entry Number 336658.

CLERK OF COURT

herein called "Lessor" (whether one or more) and RUFFIN T. LOWRY, whose mailing address is P. O. Box 51673, Lafayette, Louisiana 70501 hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of ONE THOUSAND DOLLARS & other valuable considerations ($ 1,000.00 & ovc), hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder or in connection with similar operations on adjoining land, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

That certain tract of land located in Section 39, Township 10 South, Range 3 West, comprising 70.51 acres, as shown on the annexed plat outlined in red. Said lease shall only be effective down to but not inclusive of the 10,600 foot SUA Sand as described in and established by the Conservation Department Order No. 101 D, dated November 1, 1962, Lessors reserve said sand and all depth below thereof.

At the conclusion of this lease the land shall be returned to the original condition as when received as reasonably practicable.

XXXX XXXXXX XX XXXXXX XX XXX XXXXX XXXXXXX XXXXXXX XX XXXXXX XX XXXXX, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise _____ acres, whether it actually comprises more or less.

This lease shall be for a term of One (1) years and ---- months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

XXXXXX

[redacted]

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which ovent the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall be reduced proportionately, according to acreage. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on properly pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than 3 consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-sixth (1/6) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-sixth (1/6) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-sixth (1/6) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-sixth (1/6) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located on the land except to sub-surface of the land.

8. The Lessee shall be responsible for all damages to strata or stratum of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants ---------- the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

CLERK OF COURT
JEFFERSON DAVIS PARISH

RELEASE OF OIL, GAS, AND MINERAL LEASE

STATE OF LOUISIANA)
)
PARISH OF JEFFERSON DAVIS)

KNOW ALL MEN BY THESE PRESENTS, THAT,

WHEREAS, reference is made to that certain Oil, Gas, and Mineral Lease dated April 19, 1966, by and between MARK A. BOUDREAUX, husband of Bernice Foreman; BEULAH BLANCHE BOURDIER, wife of Floyd J. Bourdier; CASTEX M. BOUDREAUX, husbandof Lydia McBridge; REUBEN RAYMOND BRUCE, husband of Mary Simoneaux; WORRELL B. JOHNSON, husband of Dora Cary; MRS. GRACE JOHNSON MILLER, divorced from Ralph M. Miller; ALBERT SIDNEY JOHNSON, JR., husband of Marvel Andrus; MRS. ORA JOHNSON MIGUEZ, wife of Adam Miguez; O. W. JOHNSON, JR., husband of Carolyn Leonard Johnson; RICHARD W. JOHNSON, husband of Nancy Watkins Johnson; YVETTE MARIE BOUDREAUX MILLER, wife of Walter M. Miller, as Lessor, and RUFFIN T. LOWRY, as Lessee, covering and affecting the following described lands:

Tract #1 - That certain tract of land containing 1148.44 acres, more or less, situated in Sections 13 and 39, Township 10 South, Range 2 West, being bounded now or formerly as follows:

West and Northwesterly by Albert Brosius, H. O. Lestage, Jr., et al, Anne H. Hebert, Frank Perl, Jr., et al, and Anne H. Hebert;

North and Northeasterly by Acadia Development Co.;

East by The Texas Company Fee and the Mermentau River;

South by The Texas Fee, The Mermentau River, Byron Hebert et al, David C. Ritchie Estate et al, G. I. Golden, and David C. Ritchie Estate et al;

LESS AND EXCEPT 160 acres situated in the northern portion of the tract in rectangular form and being that portion of the land under lease to Delta Drilling Company,

ALSO LESS AND EXCEPT 20 acres in the Southeast portion of the acreage, bounded North by the Mermentau River and West, South, andEast by lands of the lessors herein leased,

AND LESS AND EXCEPT all that portion of the 1148.44 acres described above which is included in the following units established by the Commissioner of Conservation of the State of Louisiana:

10,600' SU A, established by Conservation Department Order No. 101-D dated November 1, 1962.

10,200' SU B, established by Conservation Department Order No. 101-C, dated April 1, 1962.

Het SU A, established by Conservation Department Order No. 101-E, dated December 1, 1962.

7750' SU B, established by Conservation Department Order No. 26-F, dated June 1, 1964.

8600' SU C, established by Conservation Department Order No. 26-A-5, dated June 1, 1964.

Tract #2 - That certain tract of land containing 16.5 acres, more or less, situated in Section 17, Township 10 South, Range 2 West, and being bounded now or formerly as follows:

North and Northeasterly by the north line of aforesaid Section 17,

West, by The Texas Company Fee,

South, by The Texas Company Fee,

East, by The Texas Company Fee and Tract #3 described below.

Tract #3 - That certain tract of land containing 5.5 acres, more or less, situated in Section 17, Township 10 South, Range 2 West, and being bounded now or formerly as follows:

North and Northeasterly by the north line of aforesaid Section 17; West, by The Texas Company Fee and Tract #2 described above; South and East by The Texas Company Fee.

LESS AND EXCEPT all that portion of Tracts #2 and #3 located within the unit established by the Commissioner of Conservation as follows:

9100' SU A established by Conservation Department Order No. 101-B, dated April 1, 1962.

Said lease being recorded April 27, 1966, in Book 295, Page 523, File No. 308008, Records of Jefferson Davis Parish, Louisiana.

NOW, THEREFORE the undersigned, do hereby RELEASE, RELINQUISH, AND SURRENDER to the above named Lessor, their heirs or assigns, any and all rights whatsoever acquired or held by it in and to the above described Oil, Gas, and Mineral Lease.

IN WITNESS WHEREOF, this release is executed this 21st day of October, 1971.

UNIT AGREEMENT

10,200 FOOT SAND

WEST MERMENTAU FIELD

JEFFERSON DAVIS PARISH, LOUISIANA

THIS AGREEMENT, entered into as of the 1st day of September, 1971, by and between the Royalty Owners and Working Interest Owners who execute or ratify this agreement;

W I T N E S S E T H :

WHEREAS, for their mutual benefit as well as for the purpose of preventing surface and underground waste, obtaining an increased recovery of Unitized Substances, (as hereinafter defined), and promoting maximum conservation, including pressure maintenance or other secondary recovery program if later determined by the Working Interest Owners to be feasible and approved by the Commissioner of Conservation, and insuring allocation to each of the interested parties its fair and equitable share of the Unitized Substances as produced and saved, it is deemed necessary and advisable that the 10,200 Foot Sand in the West Mermentau Field, Jefferson Davis Parish, Louisiana, be developed, operated and produced as a single unit, all as hereinafter provided.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements herein contained, it is agreed as follows:

ARTICLE I

DEFINITIONS

As used in this agreement, the terms hereinafter set forth shall have the following meaning:

1.1 Unit Area, shall mean the lands underlain by the Unitized Formation situated within the West Mermentau Field, Jefferson Davis Parish, Louisiana, and listed by Tracts in Exhibit A and shown on Exhibit B. The Unit Area is subject to revision in accordance with the provisions hereof.

1.2 Unitized Formation, shall mean that subsurface portion or portions of the Unit Area commonly known or described as follows:

> The 10,200 Foot Sand in the Mermentau Field, Jefferson Davis Parish, Louisiana, is that gas and condensate bearing sand occurring between the electric log depths of 10,315 feet and 10,358 feet in General Crude Oil Company's Johnson Boudreaux Well No. 1 located in Section 39, Township 10 South, Range 3 West, West Mermentau Field, Jefferson Davis Parish, Louisiana.

1.3 Unitized Substances, shall mean and include all hydrocarbons existing in the Unitized Formation.

1.4 Working Interest Owner, shall mean any party hereto, including a carried working interest owner, holding an interest in Unitized Substances by virtue of an oil, gas and mineral lease, operating agreement, fee title or otherwise, which interest is chargeable with and obligated to pay or bear, either in cash or out of production or otherwise, all or a portion of the cost of drilling, developing, producing and operating the Unitized Formation.

1.5 Royalty Owner, shall mean any party hereto other than a Working Interest Owner who owns a right to or interest in any portion of the Unitized Substances or proceeds thereof. If the right to search for and produce Unitized Substances from any part of the Unit Area is held free of an oil, gas and mineral lease by a party who executes this agreement, such party shall be deemed to be a Working Interest Owner as to 7/8ths of the interest and a Royalty Owner as to 1/8th of the interest.

1.6 Tract, shall mean a parcel of land within the Unit Area with respect to which the Working Interest ownership, as well as the Royalty ownership, is the same throughout the entire tract. Where only a part of the land covered by any lease, assignment or conveyance is within the Unit Area, only the part thereof within the Unit Area shall be considered as a Tract. Each Tract is listed and its participation stated in Exhibit A.

1.7 Unit Operating Agreement, shall mean the agreement which shall be entered into by the Working Interest Owners who are parties to this agreement, and any amendment thereof. The rights and obligations of the Working Interest Owners as among themselves shall be goverened by the Unit Operating Agreement.

1.8 Unit Operator, shall mean the Working Interest Owner designated by this instrument to develop, operate and produce the Unitized Formation.

1.9 Tract Participation, shall mean that percentage of Unitized Substances produced from the Unitized Formation which is allocated to a Tract under this agreement as calculated in accordance with the provisions of Section 5.1 and as set forth in Exhibit A.

1.10 Unit Participation, of each Working Interest Owner shall mean the sum of the percentages obtained by multiplying such Working Interest Owner's fractional working interest in each tract by the Tract Participation of such Tract.

1.11 Outside Substances, shall mean all substances obtained from any source other than the Unitized Formation, and which are injected into the Unitized Formation.

1.12 Unitized Leases, shall mean the oil, gas and mineral leases which are unitized hereby and which are listed and described in Exhibit C.

ARTICLE 2

EXHIBITS

2.1 Exhibits. Attached hereto are the following exhibits which are expressly made a part hereof:

2.1.1 Exhibit A, is a schedule listing each Tract in the Unit Area as shown on Exhibit B and showing its surface area and Tract Participation.

2.1.2 Exhibit B, is a survey map of the West Mermentau Field, showing the boundary lines of the Unit Area and also showing the boundary lines of the Tracts thereon.

2.1.3 Exhibit C, is a schedule describing each Unitized Lease.

2.2 Reference to Exhibits. Whenever in this agreement reference is made to any of said exhibits, such reference shall mean said exhibits as originally attached hereto, or if the same have been revised, it shall mean the latest revision thereof.

Exhibit D
Castex Development - Title and Lease History - 000468

600

2.3 Exhibits Considered Correct. Said Exhibits for all purposes of this agreement shall be considered as true and correct unless and until they are revised or corrected as herein provided.

2.4 Correcting Errors. The shapes and descriptions of the respective Tracts have been established using the best information possible. In the event it subsequently appears that any Tract should, because of diverse royalty or working interest ownership on the effective date hereof, be divided into more than one Tract, or that any arithmetic, planimeterming, surveying, or typographical errors have been made, Unit Operator shall correct such mistake by revising the exhibits to conform to the facts. Such corrections shall not include any re-evaluation of previously established engineering or geological interpretations used in establishing Tract Participation. Each such revision of exhibits, if made after this agreement becomes effective, shall be effective at 7:00 o'clock A. M. on the first day of the calendar month next following the filing of the exhibits relating thereto. Any such revision made prior to the effective date hereof shall be effective on the effective date.

2.5 Filing Revised Exhibits. If and when the exhibits, or any revision thereof, are revised pursuant to this agreement, Unit Operator shall certify and file the revised exhibits for record in the Parish in which this agreement is filed.

ARTICLE 3

CREATION AND EFFECT OF UNIT

3.1 Leases and Other Rights Unitized. Subject to the terms and conditions of this agreement, and for developing, operating and producing purposes, the Unitized Leases listed in Exhibit C, all of the rights of the Royalty Owners in and to the lands described in Exhibit A, and all of the rights of the Working Interest Owners in and to said leases and lands are hereby pooled and unitized insofar as said respective Unitized Leases and rights pertain to the Unitized Formation and the production of Unitized Substances therefrom, all to the same extent as if the Unitized Formation had been included in a single oil, gas and mineral lease executed by all the Royalty Owners, as lessors, in favor of all the Working Interest Owners, as lessees, and as if said lease had been subject to all of the terms and conditions of this agreement.

3.2 Amendment of Unitized Leases. The terms and provisions of the various Unitized Leases, agreements of other instruments covering the respective Tracts are hereby amended to the extent necessary to make them conform to the terms and provisions of this agreement, but otherwise are to remain in full force and effect.

3.3 Continuation of Unitized Leases and Other Agreements. Operations, including drilling or reworking operations, conducted with respect to the Unitized Formation on any part of the Unit Area, or production of Unitized Substances from any part of the Unit Area, shall, except for the purpose of determining payments to Royalty Owners, be considered as operations upon or production from each Tract and such operations or production shall continue in force and effect each Unitized Lease or other agreement relating to mineral operations and participation in mineral production just as if such operation had been conducted and a well had been drilled on and was producing from each such tract. Each such Unitized Lease and other agreement shall remain in force and effect so long as this agreement remains in force and effect and as long thereafter as same are kept in effect by the terms and provisions thereof. It is further provided that, as to any Unitized Lease or other agreement affecting lands partly within and partly without the Unit Area and in the absence of a specific agreement to the contrary, unit operations or production shall serve to maintain each Unitized Lease or other agreement in force both as to that portion of the land situated within the geographical boundaries of the Unit

Exhibit D
Castex Development - Title and Lease History - 000469

Area and as to the land lying outside of said Unit Area; but the rights and obligations of the parties to each Unitized Lease or other agreement, as to such outside acreage, shall in all other respects be governed by the provisions of said Unitized Lease or other agreement, or in the absence of any pertinent provisions, by the law of Louisiana.

3.4 Titles Unaffected by Unitization. Nothing herein shall be construed to result in the transfer of title to Oil and Gas Rights covered hereby by any party hereto to any other party or to Unit Operator. The intention is to provide for the cooperative development and operation of the Tracts and for the sharing of Unitized Substances as herein provided. Each Royalty Owner shall have the right to sell, alienate or encumber all or any part of his interest in any portion of the lands within the Unit Area without the joinder of the others, subject, however, to the provisions of this agreement.

3.5 Secondary Recovery. In the event Working Interest Owners should determine that a program of pressure maintenance or other secondary recovery program is desirable, all parties hereto agree that the same may be initiated, including the injection of Outside Substances, upon application by Unit Operator to the Commissioner of Conservation, legal notice and public hearing, and after approval by the Commissioner of Conservation. Royalties, overriding royalties, payments on production and other payments on Outside Substances shall be paid under the applicable lease or leases to the parties lawfully entitled thereto at the time such Outside Substances are initially produced. No royalties, overriding royalties, payments on production or other payments shall be due or payable on injected Outside Substances at the time such injected Outside Substances are ultimately produced and sold or used, except that any liquid hydrocarbons which may be separated, extracted or otherwise recovered and saved shall be deemed to be Unitized Substances hereunder, and royalties, overriding royalties, payments on production and other payments shall be paid thereon as and when such liquid hydrocarbons are so separated, extracted, or otherwise recovered and saved. In the event such injected Outside Substances, when produced and sold or used, cannot be distinguished from Unitized Substances, then until such time as the volume of such injected Outside Substances produced and sold or used from the Unitized Formation equals the total volume of such injected Outside Substances theretofore injected, one hundred percent (100%) of the substances produced from the Unitized Formation comparable in nature to such injected Outside Substances shall be deemed to be Outside Substances.

ARTICLE 4

UNIT OPERATOR AND OPERATIONS

4.1 Unit Operator. Midwest Oil Corporation is hereby designated as the Unit Operator. Unit Operator shall have, subject to the terms, provisions and limitations expressed in the Unit Operating Agreement, the exclusive right to develop and operate the Unit Area for the production of Unitized Substances. Such development and operations shall be conducted in conformity with the provisions of this agreement and the Unit Operating Agreement and all applicable State and Federal laws, rules and regulations. In the event of any conflict between the two agreements, this agreement shall govern. Nothing contained in said Unit Operating Agreement shall affect or modify the rights of Royalty Owners under this Unit Agreement or under the pertinent Unitized Leases affecting the rights of such Royalty Owners.

4.2 Operating Methods. To the end that the quantity of Unitized Substances ultimately recoverable may be increased and waste prevented, Unit Operator shall conduct unit operations with diligence and in accordance with good engineering and production practices.

Exhibit D
Castex Development - Title and Lease History - 000470

4.3 Protection from Drainage. Unit Operator shall, to the extent required by the Unitized Leases, protect the Unitized Formation underlying the Unit Area from actual drainage by any well or wells located upon adjacent or nearby property outside of the Unit Area, whether owned by any Royalty Owner or not, as would a reasonable and prudent operator under the same or similar circumstances.

ARTICLE 5

TRACT PARTICIPATION

5.1 Tract Participation. All unit production of Unitized Substances produced from Unit Area will be apportioned among and allocated to each tract in the Unit Area in the proportion that the surface area of each tract in the Unit Area bears to the entire surface area of the entire Unit Area, the participation of each tract heing shown on Exhibit A hereof. For all purposes hereof, and in connection with the acreage participation and the allocation of Unitized Substances from the Unit Area to the separate tracts in the Unit Area, the acreage participation shown on Exhibit A is accepted and approved and is binding on all parties hereto. The names used for the various tracts are used for purposes of identification only and do not attempt to set forth the names of all owners of interests in said tracts.

ARTICLE 6

ALLOCATION OF UNITIZED SUBSTANCES

6.1 Allocation to Tracts. All Unitized Substances produced and saved shall be apportioned among and allocated to the several Tracts within the Unit Area in accordance with the respective Tract Participation effective hereunder during the respective periods such Unitized Substances were produced, as set forth in Exhibit A. The amount of Unitized Substances so allocated to each Tract, and only that amount, regardless of whether it be more or less than the amount of the actual production of Unitized Substances from the well or wells, if any, on such Tract shall, for all intents, uses and purposes, be deemed to have been produced from such Tract.

6.2 Distribution Within Tracts. The Unitized Substances allocated to each Tract shall be distributed among, or accounted for to, the parties entitled to share in the production from such Tract in the same manner, in the same proportions, and upon the same conditions as they would have participated and shared in the production from such Tract, or in the proceeds thereof, had this agreement not been entered into and with the same legal force and effect.

6.3 Payment of Royalty. Royalties payable to the Royalty Owners shall be paid on the basis set forth in the Unitized Lease and contract or contracts covering the Tract in which each Royalty Owner owns an interest and said interest shall be paid and satisfied out of the proceeds of Unitized Substances allocated to the particular Tract involved.

For example, if a Unitized Lease provides for a 1/8th royalty, the Royalty Owner under such lease shall be entitled to 1/8th of the proceeds of Unitized Substances allocated to the Tract in question on the basis set forth in the lease.

In the event the ownership of the royalty, overriding royalty or production payment in any Tract should become divided in such manner that one or more portions of such Tract are subject to different ownerships from one or more of the other portions of the same Tract, all royalty, overriding royalties or production payments on Unitized Substances shall, in the absence of a recorded agreement among all Royalty Owners fixing the division of Ownership

Exhibit D
Castex Development - Title and Lease History - 000471

thereof, a certified copy of which has been furnished to the Working Interest Owner, be divided among such respective portions in the proportion that the number of surface acres in any such portion bears to the total number of surface acres in such Tract.

ARTICLE 7

USE OF UNITIZED SUBSTANCES

7.1 Use of Unitized Substances. Unit Operator may use as much, but only as much, of the Unitized Substances as it deems reasonably necessary for the operation and development of the Unitized Formation.

ARTICLE 8

TITLES

8.1 Working Interest Titles. If title to a working interest fails, the rights and obligations as between the Working Interest Owners in respect thereto shall be governed by the Unit Operating Agreement.

8.2 Royalty Owner Titles. If title to a royalty interest fails, the party whose title failed shall not be entitled to share hereunder, in respect to such interest.

ARTICLE 9

USE OF SURFACE

9.1 Grant of Surface Rights. The parties hereto, to the extent of their rights and interests, hereby grant to Unit Operator the right to use as much of the surface of the land within the Unit Area as may be reasonably necessary for the operation and development of the Unitized Formation hereunder; provided that nothing herein shall be construed as leasing or otherwise conveying to Unit Operator a site for a processing plant or camp site; and provided further that nothing herein shall be construed as granting to Unit Operator any greater rights as to the use of the surface of any Tract than are provided for in the lease or leases covering such Tract.

9.2 Use of Water. Unit Operator shall have free use of water from the Unit Area for operations hereunder except water from Royalty Owners' fresh water wells, private lakes, ponds, or irrigation ditches.

9.3 Surface Damages. Working Interest Owner through the Unit Operator shall pay the rightful owners for damages to any Tract in the Unit Area resulting from operations hereunder as may be provided for in the lease or leases covering such Tract.

ARTICLE 10

REVISIONS

10.1 Revisions of Unit Area and Tract Participations. In the event additional engineering and geological data become available from the drilling of a new well, which in the good faith opinion of any interested party, based on good engineering and geological parctices, justifies a revision of the Unit Area and/or the Tract Participations, said interested party shall have the right to effect such a revision through the proper application and orders issued pursuant therewith by the Commissioner of Conservation after proper legal notice and public hearing; provided, however, no Tract or Tracts or portion or portions thereof shall be thereby excluded from participation hereunder on account of depletion of Unitized Substances.

Exhibit D
Castex Development - Title and Lease History - 000472

10.2 Effect of Revisions. There shall never be any retroactive allocation of interests in the Unitized Substances produced, or proceeds thereof, by reason of any revision.

10.3 Revision of Exhibits. In the event of any revision of the Unit Area or of the Tract Participations, Unit Operator shall revise Exhibits A, B accordingly and record such revised exhibits in the Parish records.

10.4 Effective Date of Revisions. The effective date of any revision shall be as specified in the order or orders issued by the Commissioner of Conservation.

10.5 Permission to Correct Errors. It is specifically agreed that nothing contained in this Article 10 shall ever be construed to prohibit or prevent the correction of errors in the manner provided for in Article 2.4 hereof.

ARTICLE 11

TRANSFER OF INTEREST

11.1 Agreement is a Covenant. All of the terms and provisions of this agreement shall extend to, be binding upon and inure to the benefit of the respective heirs, devisees, legal representatives, successors and assigns of the parties hereto, and shall constitute a covenant running with the lands, leases and interests covered hereby.

11.2 Effect of Transfers. Any transfer, assignment or conveyance of all or any part of any interest owned by any party hereto with respect to any Tract shall be made expressly subject to this agreement. No such transfer, assignment or conveyance shall be binding for any purpose upon any party hereto other than the party so conveying the same, until the first day of the calendar month next succeeding the date of receipt by Unit Operator of a certified copy of the recorded instrument evidencing such change in ownership.

11.3 Waiver of Rights to Partition. Each party hereto covenants that, during the existence of this agreement, such party shall not resort to any action at law or inequity to partition the Unit Area or the facilities used in the development or operation threrof and to that extent waives the benefits of all laws authorizing such partition.

ARTICLE 12

RELATIONSHIP OF PARTIES

12.1 No Partnership. The duties, obligations and liabilities of the parties hereto are intended to be several and not joint or collective, and nothing herein contained shall ever be construed to create an association, trust, or impose a partnership duty, obligation or liability with regard to any one or more of the parties hereto. Each party hereto shall be individually responsible for its own obligations as herein provided.

12.2 Royalty Owners Free of Costs. It is understood and agreed that this agreement shall never be construed as imposing upon any Royalty Owner any obligation to pay for any development, operating or producing expense unless such Royalty Owner is obligated to pay for same by the terms of agreements existing before the execution of this agreement.

12.3 Tract Boundaries. The execution of this agreement by any Royalty Owner shall not have the effect of recognizing the ownership or boundary of any other Royalty Owner who may execute this agreement.

ARTICLE 13

LAWS AND REGULATIONS

13.1 Laws and Regulations. This agreement shall be subject to the conservation laws of the State of Louisiana, to the valid rules, regulations and orders of the Commissioner of Conservation of the State of Louisiana and to all other applicable federal, state and municipal laws, rules, regulations, and orders. It is not the intention of this agreement to limit, restrict or prorate unit production, it being recognized that such powers are exclusively exercised by governmental authority.

ARTICLE 14

FORCE MAJEURE

14.1 Force Majeure. All obligations of each party hereto as to the Unitized Formation, except for the payment of money, shall be suspended while said party is prevented from complying therewith in whole or in part, by strikes, fire, war, civil distrubances, acts of God, federal, state or municipal laws, orders or regulations, inability to secure materials or other causes beyond the reasonable control of said party; provided, however, that performance shall be resumed within a reasonable time after such cause has been removed; and provided further that no party shall be required against its will to adjust or settle any labor dispute.

ARTICLE 15

EFFECTIVE DATE

15.1 Effective Date. This agreement shall be immediately binding on each party upon execution of the original or a counterpart thereof, but shall become effective as of the effective date of the order issued by the Conservation Commissioner of the State of Louisiana establishing the Unit Area.

ARTICLE 16

TERM

16.1 Term. The term of this agreement shall be for and during the time that Unitized Substances are produced in paying quantities or Unit Area drilling, reworking or other operations are prosecuted without cessation for more than ninety (90) consecutive days and until termination is ordered by the Commissioner of Conservation after proper legal notice and public hearing.

16.2 Effect of Termination. Upon termination of this agreement, the further development and operation of the Unit Area as a unit shall be abandoned, unit operations shall cease, and thereafter the parties hereto shall be governed by the terms and provisions of the leases and contracts affecting the separate Tracts just as if this agreement had never been entered into.

16.3 Salvaging Equipment upon Termination. If not otherwise covered by the leases unitized under this agreement, Royalty Owners hereby grant Working Interest Owners a period of six (6) months after termination of this agreement in which to salvage, sell, distribute or otherwise dispose of the personal property and facilities used in connection with unit operations.

ARTICLE 17

COMMISSIONER OF CONSERVATION

17.1 Commissioner of Conservation of the State of Louisiana. Upon execution of this agreement by a minimum of 75% in interest of the Royalty Owners

Exhibit D
Castex Development - Title and Lease History - 000474

and 75% in interest of the Working Interest Owners, based on the Tract Participations set forth in Exhibit A, the Unit Operator, pursuant to the provisions of Act 441 of 1960, by the Legislature of the State of Louisiana, and any amendments thereto hereinbefore or hereinafter enacted, shall apply to the Commissioner of Conservation for issuance of a formal order, after public hearing, based on legal notice, establishing the Unit Area shown on Exhibit B as a single unit for the exploration for and production of Unitized Substances from the Unitized Formation, unitizing and integrating all interests therein, and approving and adopting this agreement and the Tract Participations as set forth in Exhibit A.

If the aforementioned hearing results in an order by the Commissioner of Conservation denying the application of the Unit Operator, then the Unit Operator thereafter shall have a period of ninety (90) days after the date of such order within which to make reapplication to the Commissioner, if in the opinion of the Working Interest Owners there is sufficient different or additional information or data available to warrant the reapplication. Such reapplication for hearing shall be made for the same purposes and in the same manner as heretofore prescribed for the first hearing. If such reapplication is not made within the said ninety (90) day period, or if the reapplication is denied, then this agreement shall thereupon be null and void at the end of said ninety (90) day period, or the effective date of the denial, whichever date comes first, thus placing the parties hereto in their former status.

17.2 Revision by Commissioner. The Commissioner of Conservation may not alter or revise the Unit Area and/or the Tract Participations in the absence of additional geological or engineering data from the drilling of a new well which require that such changes be made, and then only after public hearing based upon legal notice and subject always to the limitations set forth in Article 10.1 hereof.

ARTICLE 18

COUNTERPART

18.1 Separate Counterparts or Ratifications. This Agreement may be executed in any number of counterparts and each counterpart shall have the same force and effect as an original instrument and as if all of the parties to the aggregate counterparts had signed the same instrument. Unit Operator is hereby authorized to assemble and combine, for recordation purposes, all signature pages so as to make up one completely executed agreement effective as set out in Article 15.1 above. This agreement may be ratified by a separate instrument in writing referring to this agreement. Each such ratification shall have the force and effect of an executed counterpart hereof and of adopting by reference all of the provisions herof.

18.2 Binding Effect. This agreement shall be binding upon each party executing the same even though not executed by all Royalty Owners in the Unit Area.

ARTICLE 19

AMENDMENTS

19.1 Amendments Affecting Working Interest Owners. Amendments hereto relating wholly to Working Interest Owners may be made if signed by all Working Interest Owners.

CLERK OF COURT
JEFFERSON DAVIS PARISH

PARTIAL ASSIGNMENT OF OIL, GAS AND MINERAL LEASE

STATE OF LOUISIANA
PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS, THAT:

WHEREAS, by Assignment dated November 8, 1971, Newmont Oil Company, a Delaware corporation, has conveyed to Sam Dunnam, et al a 1/12th of 8/8ths overriding royalty covering and affecting the oil, gas and other hydrocarbons produced and saved from the following described lease, to-wit:

> That certain oil, gas and mineral lease dated July 6, 1971, between Mark A. Boudreaux, et al, as lessor, and Ruffin T. Lowry, as lessee, covering 70.51 acres, more or less, in Jefferson Davis Parish, Louisiana, recorded in Volume 358, page 846, under Entry No. 352892 of the Conveyance Records of Jefferson Davis Parish, Louisiana,

hereinafter referred to as the "subject lease"; and

355908

WHEREAS, Newmont Oil Company by assignment dated November 9, 1971, has conveyed to General Crude Oil Company an overriding royalty interest in the subject lease equal to 1/100th of 8/8ths of the oil, gas and other hydrocarbons produced and saved therefrom, together with the right for General Crude Oil Company to convert its overriding royalty interest to a 33-1/3% working interest; and

WHEREAS, Newmont Oil Company desires to convey to each of the Assignees named hereinbelow its proportionate interest in the subject lease.

NOW, THEREFORE, Newmont Oil Company (hereinafter referred to as "Assignor"), does by these presents grant, bargain, sell, assign, transfer and convey unto the following named parties (hereinafter collectively referred to as "Assignees") in the proportions set forth hereinbelow, an undivided 50% interest in the subject lease, to-wit:

Martin Yates, III 207 South Fourth Street Artesia, New Mexico	1/4th of 50%
Yates Drilling Company, a New Mexico corporation 207 South Fourth Street Artesia, New Mexico	1/4th of 50%
Mar-Low Corporation, a Louisiana corporation P. O. Box 51673, O.C.S. Lafayette, Louisiana	1/2 of 50%

710

As a result of this conveyance, the subject lease shall be owned by the Assignees and the Assignor in the following proportions:

Assignor	1/2
Martin Yates, III	1/8th
Yates Drilling Company	1/8th
Mar-Low Corporation	1/4th

Each of the Assignees hereto shall bear his or its proportionate share of each of the overriding royalty interests referred to hereinabove.

In the event that General Crude Oil Company elects to exchange its 1% of 8/8ths overriding royalty interest for a 33-1/3% interest in the subject lease, as provided for in certain agreements between General Crude Oil Company and Newmont Oil Company, et al, the Assignees hereto agree to join in a conveyance to General Crude Oil Company, which conveyance shall have the result of vesting title to the subject lease as follows:

Newmont Oil Company	1/3rd
General Crude Oil Company	1/3rd
Martin Yates, III	1/12th
Yates Drilling Company	1/12th
Mar-Low Corporation	1/6th

This assignment is made by Assignor and accepted by Assignees without warranty or recourse of any kind either express or implied, except as against the acts of the Assignor in which case warranty is limited to return of the purchase price.

IN WITNESS WHEREOF, this instrument is executed this 10th day of November, 1971.

CLERK OF COURT
JEFFERSON DAVIS PARISH

SUCCESSION OF : 31ST JUDICIAL DISTRICT COURT

NO. P-141-72 : PARISH OF JEFFERSON DAVIS

ALBERT SIDNEY JOHNSON, JR. : STATE OF LOUISIANA

JUDGMENT OF POSSESSION 364821

Considering the petition of the widow and children of the decedent, ALBERT SIDNEY JOHNSON, JR., to be placed in possession of the decedent's estate, the affidavits annexed, the computation of the Inheritance Tax, and the approval of the Inheritance Tax Collector, it appearing that the Inheritance Tax due to the State of Louisiana has been paid, and no additional Inheritance Tax is due, and the law and evidence being in favor of petitioners for the reasons this day orally assigned,

IT IS ORDERED, ADJUDGED AND DECREED that MRS. MARVEL ANDRUS JOHNSON, widow of Albert Sidney Johnson, Jr., be and she is hereby recognized as the surviving spouse in community of her late husband, Albert Sidney Johnson, Jr., and, as such, entitled to the ownership and possession of an undivided one-half of all of the community property left by the said decedent and his widow, together with the usufruct of the other one-half thereof, and that ALBERT SIDNEY JOHNSON, III and SANDRA LYNN JOHNSON TRAHAN, wife of Markham Trahan, be and they are hereby recognized as the children and sole heirs of the decedent, and, as such, entitled to the ownership of an undivided one-half interest each of the decedent's share of the said community property, subject to the usufruct of their mother, Mrs. Marvel Andrus Johnson, and more particularly to the following described property:

364821

Checking account in the Calcasieu Marine National Bank of Lake Charles, Jennings, Louisiana Branch, in the name of A. S. Johnson, Jr.

Checking account in the Calcasieu Marine National Bank of Lake Charles, Jennings, Louisiana Branch, in the name of Mrs. Marvel A. Johnson.

Savings Certificate No. 6194 and No. 6196, dated April 6, 1970, in the name of Mrs. Marvel A. Johnson, Account #6138, issued by Jennings Federal Savings & Loan Association.

Savings Certificate Number 6195, dated April 6, 1970, in the name of A. S. Johnson, Jr., Account No. 6139, issued by Jennings Federal Savings & Loan Association.

1964 4 door Pontiac automobile, Motor No. 834A33985.

Miscellaneous household furniture and fixtures.

That certain parcel of land described as the North 73.5 feet of land beginning at the Northwest corner of Lot 5, G. H. Morse Addition to the City of Jennings, Jefferson Davis Parish, Louisiana, thence South 73.5 feet along Morton Street, thence East 172 feet, parallel with First Street, thence North 73.5 feet to the North line of said Lot 5, thence West along said line to point of beginning, together with all improvements situated thereon, and being same property acquired by Albert S. Johnson, Jr. from Theodore Biessenberger by deed dated June 15, 1944.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that Albert Sidney Johnson, III, and Sandra Lynn Johnson Trahan, wife of Markham Trahan, be and they are recognized as the children and sole heirs of the decedent, and, as such, entitled to the ownership of an undivided one-half interest each of decedent's separate property, and more particularly to the following described property:

1.(a) An undivided 1/20 interest in and to the following described property located in Jefferson Davis Parish, Louisiana, to-wit:

Section Thirty-nine (39) in Township Ten (10) South of Range Thee (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section 39; (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South, Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C. E., dated in 1921); including the two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2)

West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First Exception" and Second Exception", to-wit:

First Exception: That ten acre parcel of land situated in Section Eighteen (18) Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence South 51°13' East 276.5 feet; thence South 53°00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65°30' East 450 feet; thence South 84°00' East 250 feet; thence, leaving the River and running South 37°00' West 693.5 feet; thence, North 72°06' West 691.5 feet to lower side line of the Robira 10-acres; thence, following said line North 37°00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acres tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

Second Exception: That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10), South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit:

Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence, South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53°, East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53°, West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres,

for a total of 1,125.35 acres.

.0067709 royalty interest in 10,200 foot S.U. West Mermentau Field, Jefferson Davis Parish, La., established by Conservation Dept. Order No. 101-C-1 dated Dec. 16, 1971, recorded in C. B. 363, Page 480, records of Jefferson Davis Parish, Louisiana - Tracts 3 & 7.

.0067709 royalty interest in 92.84 acres more or less being Tract 4 of Unit Agreement covering 10,200' S.U. as defined in Conservation Order No. 101-C-1.

.0019643 royalty interest covering 10,200' S.U. as defined in Conservation Order No. 101-C-1, and covering that portion of said unit leased to Midwest Oil Corporation.

.0046875 royalty interest in Johnson-Boudreaux #1, 10,400 foot sand, West Mermentau Field, Jefferson Davis Parish, Louisiana, produced by Midwest Oil Corporation.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the Calcasieu Marine National Bank of Lake Charles, Jennings, Louisiana, be discharged, acquitted and be granted a quietus from any obligations they have to the surviving spouse and children of the decedent, Albert Sidney Johnson, Jr., as a result of Safety Deposit Box No. 30 in Vault No. 2, located in said bank, and is further ordered to deliver the contents of said Box 30, Vault 2, to the surviving spouse of the decedent.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that all Inheritance Taxes due to the State of Louisiana have been paid, and no further taxes are due.

JUDGMENT READ, RENDERED AND SIGNED in Chambers, at Jennings, Louisiana, on this 14 day of December, 1972.

RIGHT OF WAY GRANT

RECEIVED AND FILED
1973 NOV 14 AM 9:15
CLERK OF COURT
JEFFERSON DAVIS PARISH

STATE OF LOUISIANA
PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS:

That JOHNSON BOUDREAUX FARM, does by these presents grant unto the Parish of JEFFERSON DAVIS, through its Police Jury, the necessary right-of-way for the construction, maintenance, and improvement of drainage facilities through and across my property in: (Mermentau River Lateral No. 1)

Normal bridge maintenance to be by Jefferson Davis Parish Police Jury.
Water discharge to be maintained at river
Irregular Section 39, T10S - R2W
Ditch bottom shall be 16' wide all the way through above mentioned property.

However, the project shall commence at a point where the Grantor's intake canal intersects Lateral No. 1 and the project shall proceed Westerly. The remaining portion of the Lateral on Grantor's property shall be completed when conditions permit.

The Grantee agrees to install floating barracades across the lateral at each end of Grantor's property when the improvements are completed.

It is also agreed that a bridge is to be built of materials as follows:

6 piling 14 ft. - 8 in. bottom, 12 piling 16 ft. - 10 in. bottom, 3 8 X 10 16 ft. sills, 20 3 X 10 10 ft. stringers, 24 3 X 8 16 ft. decking, 24 2 X 8 16 ft. bulkheads, 24 2 X 8 8 ft. bulkheads, 24 2 X 8 4 ft. bulkheads, Bridge 18 ft. wide - 16 ft. long, 3 X 8 18 ft. railing.

373264

According to Parish Wide Drainage Program Map File No. P. W. 1356-A

The consideration for this grant is the expectation of benefits to said property as a result of the drainage improvement program.

In witness whereof this instrument is executed on this 13th day of November, 1973.

380697 CONVEYANCE Jeff Davis Parish Louisiana

THIS CONVEYANCE, dated this 15th day of May, 1974, consisting of two parts,

Part I being a conveyance of oil and gas properties from Midwest Oil Corporation (doing business under that name in all states included in Exhibit A, except Missouri wherein it operates as Nevada Midwest Oil Corporation), a Nevada corporation (hereinafter sometimes referred to as "Midwest"), to Standard Oil Company (Indiana), an Indiana corporation (hereinafter sometimes referred to as "Standard"), and

Part II being a conveyance of oil and gas properties from Standard Oil Company (Indiana), an Indiana corporation, to Amoco Production Company, a Delaware corporation (hereinafter sometimes referred to as "Amoco"),

WITNESSETH:

PART I

CONVEYANCE FROM MIDWEST OIL CORPORATION

TO STANDARD OIL COMPANY (INDIANA)

Midwest Oil Corporation (including Nevada Midwest Oil Corporation), for valuable consideration, by these presents does grant, bargain, sell, convey, assign, transfer, set over and deliver, effective as of 7:00 o'clock A.M. on July 1, 1974, unto Standard Oil Company (Indiana) the following:

A. All of the oil and gas leasehold interests, oil, gas and mineral leasehold interests, working interests, overriding royalty interests, fee interests, mineral interests, royalty interests, net profit interests, production payment interests and all other interests and property of every kind and character described and set forth in Exhibit A attached hereto and made a part hereof;

B. All of Midwest's right, title and interest in, to and under, or derived from, all of the presently existing and valid unitization and pooling agreements and the units created thereby (including all units formed by voluntary agreements and those formed under orders, regulations, rules or other official acts of any Federal, State or other governmental agency having jurisdiction), all contracts, agreements, rights and interests in or under contracts, agreements and leases of any type, all of which relate to any of the properties and interests specifically described in Exhibit A;

C. All of Midwest's right, title and interest in, to and under, or derived from, all of the presently existing and valid oil, casinghead gas and gas sales, purchase, exchange, operating and processing contracts and agreements, and all other contracts, agreements and instruments relating to any of the properties and interests specifically described in Exhibit A;

D. Without limiting the foregoing, all of Midwest's right, title and interest (whether now owned or hereafter acquired by operation of law or otherwise) in and to the lands specifically described or referred to in Exhibit A, even though Midwest's interests in said lands be incorrectly described or referred to in, or a description of such interests be omitted from, Exhibit A; and all of Midwest's right, title and interest (whether now owned or hereafter acquired by operation of law or otherwise) in, to and under, or derived from, all oil and gas leases, oil, gas and mineral leases, and leasehold, fee, mineral, royalty and overriding royalty interests, and all other interests of whatsoever character insofar as the same cover or relate to said lands, even though said oil and gas leases, oil, gas and mineral leases and said leasehold, fee, mineral, royalty and overriding royalty interests, and other interests, be incorrectly or insufficiently described or referred to in, or a description thereof be omitted from, Exhibit A;

E. All of Midwest's right, title and interest in and to all personal property, improvements, easements, permits, licenses, servitudes and rights of way situated upon or used or useful or held for future use in connection with the exploration, development or operation of the lands or interests granted, bargained, sold, conveyed, assigned, transferred, set over and delivered by this Conveyance, or the production, treating, storing or transportation of oil, gas, other hydrocarbons or other minerals, including but not by way of limitation, wells (whether producing, shut-in, injection, or water supply wells), tanks, boilers, buildings, fixtures, machinery and other equipment, pipe lines, power lines, telephone and telegraph lines, roads and other appurtenances situated upon or used or useful or held for future use in connection with the exploration, development or operation of the lands or interests conveyed, assigned and transferred by this Conveyance, or the production, treating, storing or transportation of oil, gas, other hydrocarbons or other minerals;

BUT SUBJECT, HOWEVER, to the restrictions, exceptions, reservations, conditions, limitations, interests and other matters, if any, of record, including the presently existing and valid royalties, overriding royalties, payments out of production, oil and gas sales, purchase, exchange and processing contracts and agreements, and all other contracts, agreements and other instruments and matters and to all existing and valid easements and rights of way of record or occupied on the ground, if any, and further subject to a reservation by Midwest of all its interests in the Light Oil and Tensleep Units, Salt Creek Field, Natrona County, Wyoming, which are not conveyed herein and are hereby reserved in Midwest.

TO HAVE AND TO HOLD the rights, titles and interests hereby conveyed, together with all and singular the rights, privileges, hereditaments, and appurtenances thereto in anywise belonging unto Standard, its successors and assigns, forever. This Conveyance is without warranty, express or implied, but is made with full substitution and subrogation of Standard in and to all covenants and warranties by others heretofore given or made in respect of the interests described and set forth in said Exhibit A.

PART II

CONVEYANCE FROM STANDARD OIL COMPANY (INDIANA)

TO AMOCO PRODUCTION COMPANY

Standard Oil Company (Indiana), for valuable consideration, by these presents does grant, bargain, sell, convey, assign, transfer, set over and deliver, effective as of 7:00 o'clock A.M. on July 1, 1974, unto Amoco Production Company the interests hereinabove conveyed to Standard in Part I, to which reference is made for all purposes.

TO HAVE AND TO HOLD the rights, titles and interests hereby conveyed, together with all and singular the rights, privileges, hereditaments and appurtenances thereto in anywise belonging, unto Amoco, its successors and assigns, forever. This conveyance is without warranty, express or implied, but is made with full substitution and subrogation of Amoco in and to all covenants and warranties by others heretofore given or made in respect of the interests described and set forth in said Exhibit A.

THE FOLLOWING PROVISIONS SHALL BE DEEMED
TO BE INCORPORATED IN BOTH PARTS
OF THIS CONVEYANCE

Each of the parties hereto hereby covenants and agrees to and with each other, its successors and assigns, so long as it is authorized by applicable law so to do, to do, execute, acknowledge and deliver all and every such further acts, conveyances and other instruments as may be necessary more fully to assure to the other parties, their successors and assigns, all of the respective assets, properties and rights hereby granted, bargained, sold, conveyed, assigned, transferred, set over and delivered, or intended so to be.

Each of the parties hereto hereby covenants and agrees that with respect to oil and gas leases and oil, gas and mineral leases and interests therein from the United States of America, or from any State or agency thereof, or from Indian tribes, bands or groups or on lands allotted to Indians in severalty, granted, bargained, sold, conveyed, assigned, transferred, set over and delivered hereby, or intended so to be, it will execute and deliver separate assignments on approved or other acceptable forms in a sufficient number of counterparts to fulfill statutory and regulatory requirements, and that said assignments, although unqualified in form or not specifically containing all the terms and provisions hereof, shall be deemed to contain all of the terms and provisions hereof as though the same were set forth at length in each such separate assignment.

The post office address of Midwest is 1700 Broadway, Denver, Colorado 80202; the post office address of Standard is 200 East Randolph Drive, Chicago, Illinois 60601; and the post office address of the general office of Amoco is 200 East Randolph Drive, Chicago, Illinois 60601.

The effective date, as to each property covered hereby, shall be determined in accordance with the time in effect where such property is located. Without limiting the generality of the foregoing, this Conveyance covers and includes all proceeds of production attributable to the royalty, mineral, leasehold or other interests owned by Midwest and conveyed hereby whether such proceeds are attributable to production obtained before or after the effective date of this instrument; and all present or future parties producing, purchasing or receiving any such production are directed and requested to deliver or pay the proceeds thereof to Amoco, or to Amoco's order, without further documentation or authorization from Midwest or Standard.

IN WITNESS WHEREOF, this Conveyance has been executed on the day and year first above written, in multiple counterparts, each of which shall be deemed an original and all of which shall constitute and have the same force and effect as one and the same instrument. In order to facilitate the recordation of this instrument, the counterpart hereof to be recorded in the records of each county or parish or other governmental jurisdiction in which land described in Exhibit A hereto is located may have annexed thereto as Exhibit A only specific descriptions of the interests covered hereby located in such county or parish or other governmental jurisdiction, but said counterparts are intended to convey and do convey without limitation all Midwest's interests in property of any kind located in the particular recording jurisdiction or elsewhere, except Midwest's interest in the Light Oil and Tensleep Units, Salt Creek Field, Natrona County, Wyoming, which were hereinabove reserved by Midwest.

STATE OF COLORADO

CITY AND COUNTY OF DENVER

Be it remembered that I, Virginia J. Miller, a Notary Public duly qualified, sworn and acting in and for the County and State aforesaid, hereby certify that, on this 15th day of May, 1974:

(Alabama) R. W. Collins, whose name as a Vice President of Midwest Oil Corporation, a corporation, is signed to the foregoing conveyance and who is known to me, acknowledged before me on this day that, being informed of the contents of the conveyance, he, as such officer and with full authority, executed the same voluntarily for and as the act of said corporation.

(Alaska) (Pennsylvania) (South Dakota) Before me personally appeared R. W. Collins, who acknowledged himself to be a Vice President of Midwest Oil Corporation, and that he, as such Vice President, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing the name of the corporation by himself as a Vice President.

(Arkansas) Before me appeared in person the within named R. W. Collins and D. C. Hollifield, to me personally well known, who stated that they were a Vice President and an Assistant Secretary of Midwest Oil Corporation, a corporation, and were duly authorized in their respective capacities to execute the foregoing instrument for and in the name and behalf of said corporation, and further stated and acknowledged that they had so signed, executed and delivered said foregoing instrument for the consideration, uses and purposes therein mentioned and set forth.

(Colorado) (Wyoming) The foregoing instrument was acknowledged before me this day by R. W. Collins as a Vice President of Midwest Oil Corporation.

(Florida) (Kentucky) The foregoing instrument was acknowledged before me this date by R. W. Collins as a Vice President of Midwest Oil Corporation, a Nevada corporation, on behalf of the corporation.

(Idaho) Before me this date personally appeared R. W. Collins, known to me to be a Vice President of the corporation that executed the above instrument or the person who executed the instrument on behalf of said corporation and acknowledged to me that such corporation executed the same.

(Illinois) I do hereby certify that R. W. Collins, personally known to me to be a Vice President of Midwest Oil Corporation, a Nevada corporation, and D. C. Hollifield, personally known to me to be an Assistant Secretary of said corporation, and personally known to me to be the same persons whose names are subscribed to the foregoing instrument, appeared before me this day in person and severally acknowledged that as such Vice President and Assistant Secretary they signed and delivered the said instrument as Vice President and Assistant Secretary of said corporation, and caused the corporate seal of said corporation to be affixed thereto, pursuant to authority, given by the Board of Directors of said corporation, as their free and voluntary act, and as the free and voluntary act and deed of said corporation, for the uses and purposes therein set forth.

(Indiana) Before me this date personally appeared Midwest Oil Corporation by R. W. Collins and D. C. Hollifield, a Vice President and an Assistant Secretary, respectively, and acknowledged the execution of the foregoing instrument.

(Kansas) Before me personally appeared R. W. Collins, a Vice President of Midwest Oil Corporation, a Nevada corporation, who is personally known to me and known to me to be the Vice President of said corporation and the same person who executed the foregoing instrument, and he duly acknowledged the execution of the same for and on behalf of and as the act and deed of said corporation.

(Louisiana) Before me on this date appeared R. W. Collins, to me personally known, who being by me duly sworn, did say that he is a Vice President of Midwest Oil Corporation, a Nevada corporation, and that the seal affixed to said instrument is the corporate seal of said corporation and that the instrument was signed and sealed in behalf of the corporation by authority of its board of directors, and he acknowledged the instrument to be the free act and deed of said corporation.

(Michigan) Before me appeared R. W. Collins, to me personally known, who being by me duly sworn did say that he is a Vice President of Midwest Oil Corporation, a Nevada corporation, and that the seal affixed to said instrument is the corporate seal of said corporation, and that said instrument was signed and sealed in behalf of said corporation by authority of its board of directors, and the said R. W. Collins acknowledged the execution of the said instrument as the free act and deed of said corporation.

(Mississippi) Personally appeared before me R. W. Collins, a Vice President of Midwest Oil Corporation, a Nevada corporation, who acknowledged to me that he signed and delivered the foregoing instrument on the day and year therein mentioned.

(Missouri) Before me appeared R. W. Collins, to me personally known, who being by me duly sworn, did say that he is a Vice President of Midwest Oil Corporation, a Nevada corporation doing business in Missouri as Nevada Midwest Oil Corporation and that the seal affixed to the foregoing instrument is the corporate seal of said corporation, and that said instrument was signed and sealed in behalf of said corporation by authority of its board of directors, and said R. W. Collins acknowledged said instrument to be the free act and deed of said corporation.

(Montana) Before me personally appeared R. W. Collins, known to me to be a Vice President of the corporation that executed the within instrument, and acknowledged to me that such corporation executed the same.

(Nebraska) (New Mexico) The foregoing instrument was acknowledged before me this date by R. W. Collins, a Vice President of Midwest Oil Corporation, a Nevada corporation, on behalf of said corporation.

(North Dakota) Before me personally appeared R. W. Collins, a Vice President of the corporation described in and that executed the within instrument and acknowledged to me that such corporation executed the same.

(Ohio) Before me personally appeared R. W. Collins and D. C. Hollifield, known to me to be the persons who, as a Vice President and Assistant Secretary, respectively, of Midwest Oil Corporation, the corporation which executed the foregoing instrument, signed the same, and acknowledged to me that they did so sign said instrument in the name and upon behalf of said corporation as such officers, respectively; that the same is their free act and deed as such officers, respectively, and the free and corporate act and deed of said corporation; that they were duly authorized thereunto by its board of directors; and that the seal affixed to said instrument is the corporate seal of said corporation.

(Oklahoma) Before me personally appeared R. W. Collins, to me known to be the identical person who subscribed the name of the maker thereof to the foregoing instrument as its Vice President, and acknowledged to me that he executed the same as his free and voluntary act and deed, and as the free and voluntary act and deed of such corporation for the uses and purposes therein set forth.

(Texas) Before me personally appeared R. W. Collins, known to me to be the person whose name is subscribed to the foregoing instrument, and known to me to be a Vice President of Midwest Oil Corporation, a corporation, and acknowledged to me that he executed said instrument for the purposes and consideration therein expressed, and as the act of said corporation.

(Utah) Personally appeared before me R. W. Collins, who, being by me duly sworn, did say that he is a Vice President of Midwest Oil Corporation, and that said instrument was signed in behalf of said corporation by resolution of its board of directors and said R. W. Collins acknowledged to me that said corporation executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and official notarial seal, in the City and County of Denver, State of Colorado, this 15th day of May, 1974.

Virginia J. Miller
Notary Public

My commission expires January 26, 1978.

STATE OF ILLINOIS

COUNTY OF COOK

Be it remembered that I, Nancy Hartman, a Notary Public duly qualified, sworn and acting in and for the County and State aforesaid, hereby certify that, on this 28th day of May, 1974:

(Alabama) R. J. Farrell, whose name as a Vice President of Standard Oil Company (Indiana), a corporation, is signed to the foregoing conveyance and who is known to me, acknowledged before me on this day that, being informed of the contents of the conveyance, he, as such officer and with full authority, executed the same voluntarily for and as the act of said corporation.

(Alaska) (Pennsylvania) (South Dakota) Before me personally appeared R. J. Farrell, who acknowledged himself to be a Vice President of Standard Oil Company (Indiana), and that he, as such Vice President, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing the name of the corporation by himself as a Vice President.

(Arkansas) Before me appeared in person the within named R. J. Farrell and Jola B. Ray, to me personally well known, who stated that they were a Vice President and an Assistant Secretary of Standard Oil Company (Indiana), a corporation, and were duly authorized in their respective capacities to execute the foregoing instrument for and in the name and behalf of said corporation, and further stated and acknowledged that they had so signed, executed and delivered said foregoing instrument for the consideration, uses and purposes therein mentioned and set forth.

(Colorado) (Wyoming) The foregoing instrument was acknowledged before me this day by R. J. Farrell as a Vice President of Standard Oil Company (Indiana).

(Florida) (Kentucky) The foregoing instrument was acknowledged before me this date by R. J. Farrell as a Vice President of Standard Oil Company (Indiana), an Indiana corporation, on behalf of the corporation.

(Idaho) Before me this date personally appeared R. J. Farrell, known to me to be a Vice President of the corporation that executed the above instrument or the person who executed the instrument on behalf of said corporation and acknowledged to me that such corporation executed the same.

(Illinois) I do hereby certify that R. J. Farrell, personally known to me to be a Vice President of Standard Oil Company (Indiana), an Indiana corporation, and Jola B. Ray, personally known to me to be an Assistant Secretary of said corporation, and personally known to me to be the same persons whose names are subscribed to the foregoing instrument, appeared before me this day in person and severally acknowledged that as such Vice President and Assistant Secretary they signed and delivered the said instrument as Vice President and Assistant Secretary of said corporation, and caused the corporate seal of said corporation to be affixed thereto, pursuant to authority, given by the Board of Directors of said corporation, as their free and voluntary act, and as the free and voluntary act and deed of said corporation, for the uses and purposes therein set forth.

(Indiana) Before me this date personally appeared Standard Oil Company (Indiana) by R. J. Farrell and Jola B. Ray, a Vice President and an Assistant Secretary, respectively, and acknowledged the execution of the foregoing instrument.

(Kansas) Before me personally appeared R. J. Farrell, a Vice President of Standard Oil Company (Indiana), an Indiana corporation, who is personally known to me and known to me to be the Vice President of said corporation, and the same person who executed the foregoing instrument, and he duly acknowledged the execution of the same for and on behalf of and as the act and deed of said corporation.

(Louisiana) Before me on this date appeared R. J. Farrell, to me personally known, who being by me duly sworn, did say that he is a Vice President of Standard Oil Company (Indiana), an Indiana corporation, and that the seal affixed to said instrument is the corporate seal of said corporation and that the instrument was signed and sealed in behalf of the corporation by authority of its board of directors, and he acknowledged the instrument to be the free act and deed of said corporation.

(Michigan) Before me appeared R. J. Farrell, to me personally known, who being by me duly sworn did say that he is a Vice President of Standard Oil Company (Indiana), an Indiana corporation, and that the seal affixed to said instrument is the corporate seal of said corporation, and that said instrument was signed and sealed in behalf of said corporation by authority of its board of directors, and the said R. J. Farrell acknowledged the execution of the said instrument as the free act and deed of said corporation.

(Mississippi) Personally appeared before me R. J. Farrell, a Vice President of Standard Oil Company (Indiana), an Indiana corporation, who acknowledged to me that he signed and delivered the foregoing instrument on the day and year therein mentioned.

(Missouri) Before me appeared R. J. Farrell, to me personally known, who being by me duly sworn, did say that he is a Vice President of Standard Oil Company (Indiana), an Indiana corporation, and that the seal affixed to the foregoing instrument is the corporate seal of said corporation, and that said instrument was signed and sealed in behalf of said corporation by authority of its board of directors, and said R. J. Farrell acknowledged said instrument to be the free act and deed of said corporation.

(Montana) Before me personally appeared R. J. Farrell, known to me to be a Vice President of the corporation that executed the within instrument, and acknowledged to me that such corporation executed the same.

(Nebraska)
(New Mexico) The foregoing instrument was acknowledged before me this date by R. J. Farrell, a Vice President of Standard Oil Company (Indiana), an Indiana corporation, on behalf of said corporation.

(North Dakota) Before me personally appeared R. J. Farrell, a Vice President of the corporation described in and that executed the within instrument and acknowledged to me that such corporation executed the same.

(Ohio) Before me personally appeared R. J. Farrell and Jola B. Ray, known to me to be the persons who, as a Vice President and Assistant Secretary, respectively, of Standard Oil Company (Indiana), the corporation which executed the foregoing instrument, signed the same, and acknowledged to me that they did so sign said instrument in the name and upon behalf of said corporation as such officers, respectively; that the same is their free act and deed as such officers, respectively, and the free and corporate act and deed of said corporation; that they were duly authorized thereunto by its board of directors; and that the seal affixed to said instrument is the corporate seal of said corporation.

(Oklahoma) Before me personally appeared R. J. Farrell, to me known to be the identical person who subscribed the name of the maker thereof to the foregoing instrument as its Vice President, and acknowledged to me that he executed the same as his free and voluntary act and deed, and as the free and voluntary act and deed of such corporation for the uses and purposes therein set forth.

(Texas) Before me personally appeared R. J. Farrell, known to me to be the person whose name is subscribed to the foregoing instrument, and known to me to be a Vice President of Standard Oil Company (Indiana), a corporation, and acknowledged to me that he executed said instrument for the purposes and consideration therein expressed, and as the act of said corporation.

(Utah) Personally appeared before me R. J. Farrell, who, being by me duly sworn, did say that he is a Vice President of Standard Oil Company (Indiana), and that said instrument was signed in behalf of said corporation by resolution of its board of directors and said R. J. Farrell acknowledged to me that said corporation executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and official notarial seal, in the County of Cook, State of Illinois, this 28th day of May, 1974.

RECEIVED AND FILED 392931
1975 OCT 20 AM 8:57
CLERK OF COURT

SUCCESSION OF : 14TH JUDICIAL DISTRICT COURT
NO. 17,110 : PARISH OF CALCASIEU
BEULAH BLANCHE BOUDREAUX BOURDIER : STATE OF LOUISIANA

JUDGMENT OF POSSESSION

This matter comes before the Court on the petition of the children who are the sold forced heirs of the decedent, Beulah Blanche Boudreaux Bourdier, to be recognized as such and placed in possession of the decedent's property in the manner and form provided by law; the inheritance taxes having been agreed upon and paid as is evidenced by the receipt for Tax paid and the Inheritance and Estate Transfer Tax return filed in these proceedings, and it appearing that the succession is relatively free from debt as defined by the Louisiana Code of Civil Procedure and the heirs having accepted the succession purely, simply and unconditionally and the law and the evidence being in favor thereof:

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that any further administration of this estate be and the same is hereby concluded and dispensed with.

392931

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that MILTON F. BOURDIER, ALFRED C. BOURDIER, LYNN H. BOURDIER, BERNADINE B. ZIBILICH, born BOURDIER, ROSE MARIE PETITJEAN, born BOURDIER, and DAVID L. BOURDIER, be and they are hereby recognized as the children of the decedent and such, her forced heirs, and placed in possession of all of the movable and immovable property left by the decedent, subject to the payment of charges, said properties being more particularly described as follows, to-wit:

I) IMMOVABLE PROPERTY:

The immovable property is described on the exhibit attached hereto and made part hereof.

II) MOVABLE PROPERTY:

a) Miscellaneous household goods, furniture fixtures and appliances located at 816 North Lyons Street, Lake Charles, La.

b) Check No. R-6971 for delay rental payment on Lease No. 37790 to order of Calcasieu Marine National Bank of Lake Charles.

c) Calcasieu Marine National Bank of Lake Charles:

Checking Account No. 01-104241-20
Regular Passbook Savings No. 01-104241-20
Gold Star Savings No. 01-104241-25

d) Calcasieu Savings and Loan Association Account No. 25-28790

e) Automobile - 1964 Ford F/L 4-door 4K42F 201895

f) One-eighth interest in checking account in the name of Johnson Boudreaux Farm at the Jeff Davis Bank & Trust in Jennings, Louisiana in the amount of $5,677.69.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that all banks, trust companies, insurance companies and all other persons, partnerships, corporations and depositories having on deposit or in their possession under their control, any monies, credits, stocks, dividends or other property or things of value, depending upon or belonging to the succession of the decedent, Beulah Blanche Boudreaux Bourdier, are hereby required to deliver them to the heirs of the decedent as set forth in this said judgment.

THUS DONE AND SIGNED in Chambers at Lake Charles, Louisiana, on this 7 day of October, 1975.

S/ Earl C. Cutrer
DISTRICT JUDGE

EXHIBIT "A"

SUCCESSION OF BEULAH BLANCHE BOUDREAUX BOURDIER

IMMOVABLE PROPERTY:

CALCASIEU PARISH, LOUISIANA:

(1) Commence 66 2/3 feet North of Martha Street on East side of Lyons Street, thence North 66 2/3 feet, thence East 195 feet, thence South 66 2/3 feet, thence West 195 feet to commencement, in Block 7, Nix Addition; and

Commence 133 1/3 feet North of Martha Street on East side of Lyons Street, thence North 66 2/3 feet, thence East 26 2/3 feet, thence South 66 2/3 feet, thence West 26 2/3 feet to commencement, in Block 7, Nix Addition, together with all buildings and improvements thereon located.

(2) An undivided one-fourth (1/4) interest in and to:

Lot 621 in the Subdivision of the North Half of Southeast Quarter of Southwest Quarter (N/2 of SE/4 of SW/4), Section Thirty (30), Township Nine (9) South, Range Ten (10) West, Louisiana Meridian, acquired by Adolph C. Boudreaux from Mutual Sulphur & Oil Co., by deed bearing File No. 32606, recorded in Conveyance Book 151, page 437, Records of Calcasieu Parish, Louisiana.

JEFFERSON DAVIS PARISH, LOUISIANA:

(1) An undivided one-fourth (1/4) interest in and to:

Lots Ten (10) and Eleven (11) of Block Six (6) of Richard Subdivision of Lot Three (3) of Section Fourteen (14), Township Ten (10) South, Range Two (2) West, Louisiana Meridian, situated in Jefferson Davis Parish, Louisiana, together with the improvements thereon situated.

(2) An undivided one-eighth (1/8) interest in and to:

That tract of property in Jefferson Davis Parish, Louisiana, with all improvements thereon located and situated; together with all of the oil, gas and minerals underlying, or which may be produced therefrom, subject, however, to that oil, gas and mineral lease dated May 12, 1945, granted by Albert Sidney Johnson and Adolph C. Boudreaux, joined by his wife, Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, Records of the Parish of Jefferson Davis, Louisiana, and later assigned; and together with that oil, gas and other mineral royalty right equal to three-thirty-seconds (3/32nds) or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres, more or less, the whole of which tract of land is described as follows, to-wit:

(a) Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section Thirty-nine (39); (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, except the 328 acres,

more or less, of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C. E., dated in 1921; including two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolph C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those ten acre parcels of property described as follows and designated as "First" and "Second," to-wit:

> First. That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolph C. Boudreaux to Pelican Oil Purchasers, Inc., by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the

lower front corner of the Robira ten acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence leaving the River and running South 37° 00' West 693.5 feet; thence North 72° 06' West 691.5 feet to lower side line of the Robira ten acre tract; thence following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by ten acre tract owned by John J. Robira, his widow, heirs and assigns, on the West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

Second. That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolph C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37°, West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank

of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

(3) An undivided one-sixteenth (1/16) interest of all the oil, gas and other minerals underlying or which may be produced from that tract of property located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows, to-wit:

Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, 921 feet South of the corner between the two said Sections; thence South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

(4) An undivided one-eighth (1/8) interest of all the oil, gas and other minerals underlying or which may be produced from that ten acre tract of land located and situated in the Parish of Jefferson Davis, State of Louisiana, described as follows; subject to that oil, gas and mineral lease dated May 12, 1945, granted by Albert Sidney Johnson and Adolph C. Boudreaux, joined by his wife, Rosa Castex Boudreaux, in favor of M. N. Stafford, recorded in Book 110, page 522, Records of Jefferson Davis Parish, Louisiana, and later assigned; and together with that oil, gas and mineral royalty right equal to three-sixty-fourths (3/64ths) or .046875 of the whole of all oil, gas and other minerals which may be produced therefrom, the whole of which said ten acre tract is described as follows, to-wit:

> Ten acres of land situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten (10) acres are further described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira ten acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence leaving the River and running South 37° 00' West 693.5 feet; thence North 72° 06' West 691.5 feet to lower side line of the Robira ten acre tract, thence following said line North 37° 00' East 693.5 feet to place of beginning and containing ten acres, as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten acre

tract owned by John J. Robira, his widow, heirs or assigns; on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

ACADIA PARISH, LOUISIANA:

(1) An undivided five-forty-eighths (5/48) interest in and to:

Lot Six (6) of Block Eleven (11); Lots Nine (9), Ten (10), and Eleven (11) of Block Thirty-four (34); Lots Four (4), Five (5), Six (6), and Seven (7) of Block Thirty-five (35); and a portion of Lot One (1) of Block Forty (40); all in the Town of Mermentau, Acadia Parish, Louisiana, as per plat of said Town on file in the office of the Clerk of Court and Ex-Officio Recorder of Acadia Parish, Louisiana; together with all the improvements thereon situated. It being part of the property acquired by Adolph C. Boudreaux from Euclide D. Conner by deed bearing File No. 26370, recorded in Conveyance Book J-2, page 142, Records of Acadia Parish, Louisiana.

(2) An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing Eighty-four (84) acres, more or less, situated in Acadia Parish, Louisiana, and located in Section Twenty-five (25), Township Ten (10) South, Range Two (2) West, Louisiana Meridian, and bounded Northeast by the Latrielle Estate, Inc., Southeast by Rosa Belle Duhon, Southwest by Mrs. Rosa Boudreaux, Gus

Godeaux and Frank R. Burris, et als, and Northwest by the Mermentau River, together with all the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from Albert Green by deed bearing File No. 34274 and recorded in Conveyance Book S-2, page 274, Records of Acadia Parish, Louisiana.

(3) An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing Fifty-four (54) acres, more or less, situated in Acadia Parish, Louisiana, and located in the Northwest Quarter (NW/4) of Section Five (5), Township Eleven (11) South, Range Two (2) West, Louisiana Meridian, and bounded North by Oneal Legros Estate, East by Alphee LeBlanc estate, South by Jules S. Mauboules Estate, and West by Jerry S. Ashley, Joseph Jeanise and Lula H. Jeanise, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing File No. 97203, recorded in Conveyance Book Q-4, page 159, Records of Acadia Parish, Louisiana.

(4) An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing five (5) acres, more or less, situated in Acadia Parish, Louisiana, and located in Section Seven (7), Township Eleven (11) South, Range Two (2) West, Louisiana Meridian, and bounded North by Romain and Oday LeBlanc and August Benoit and P. C. Smith Estate, and Mrs. Prevost LeBlanc, East by Pierre Trahan, South

by Texas Company and West by Romain and Oday LeBlanc and August Benoit and P. C. Smith Estate. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing File No. 97203, recorded in Conveyance Book Q-4, page 159, Records of Acadia Parish, Louisiana.

(5) An undivided one-fourth (1/4) interest in and to:

A certain tract or parcel of land containing Forty (40) acres, more or less, situated in Irregular Section 25, Township Ten (10) South, Range Two (2) West, more fully described and bounded now or formerly as follows, to-wit: Bounded on the Northeast by lands of A. C. Boudreaux Estate; Southwest by lands of Ray Richard, formerly Martin Richard and/or West line of said Section 25; Northwest by lands of F. Gotreaux, and Southeast by lands of Charles T. Duhon Estate.

(6) An undivided one-fourth (1/4) interest in and to:

A certain tract or parcel of land containing 7.5 acres, more or less, situated in Irregular Section 24, Township Ten (10) South, Range Two (2) West, and more fully described and bounded now or formerly as follows, to-wit: Bounded on the Northeast by East line of said Section 24, Southwest by lands of the Texas Company; Southeast by lands of Ray Richard, formerly Martin Richard, and Northwest by lands of the Texas Company.

(7) An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing Twenty (20) acres, more or less, situated in the Southeast Quarter of Section Seventy-two (72), Township Ten (10) South, Range Two (2) West, Louisiana Meridian, bounded now or formerly as follows: North by Arthur Crawford and the Estate of Thomas W. Crawford; East by Alphee Simon; South by Mrs. Arthur Crawford and the Estate of Thomas W. Crawford.

(8) An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing 18.75 acres, more or less, situated in Section One (1), Township Eleven (11) South, Range Two (2) West, Louisiana Meridian, bounded now or formerly as follows: North by F. P. Breaux and Arthur Crawford and Estate of Thomas W. Crawford; East by Clemile Trahan, and West by the Estate of J. S. Mamoules.

(9) An undivided one-fourth (1/4) interest in and to:

Lots Seven (7), Eight (8) and Eleven (11) of Block Thirty-eight (38) of the Village of Mermentau, Acadia Parish, Louisiana, together with all improvements thereon.

(10) An undivided one-fourth (1/4) interest in and to:

Those certain tracts or parcels of land situated in Section Thirty-two (32), Township Ten (10) South, Range Two (2) West, in the Village of Mermentau, Acadia Parish, Louisiana, as follows:

(a) A lot fronting 400 feet on the South line of the right of way of U. S. Highway 90 and 400 feet on the right of way of the Louisiana Western Railroad with its East line running in and along the East line of Section 32, and its West line running parallel to said East line so as to form a tract 400 feet from East to West approximately 45 feet running in a Northwesterly direction, and

(b) A lot West of and adjoining the above tract fronting 440 feet on the South line of said Highway right of way and 445 feet on the North line of the right of way for the switch track of said railroad so as to form a triangular parcel of ground with its South line running in a Northwesterly direction to a point in the South line of said Highway right of way and its East line extending in a Northwesterly direction from the North line of the railroad right of way first above mentioned to the South line of said railroad right of way.

Being the same property acquired by Rosa C. Boudreaux from Albert Sidney Johnson by act of exchange dated May 22, 1939, and recorded in Conveyance Book K-6, at page 393.

(11) An undivided one-twelfth (1/12) interest in and to:

That certain tract of land containing twenty (20) acres, more or less, situated in Section Sixty-one (61), Township Ten (10) South,

Range Two (2) West, in Acadia Parish, Louisiana, bounded North, East, South and West by Lovic C. Desormeaux.

herein called "Lessor" (whether one or more) and PAUL E. BRUMMETT, husband of Patricia Nelson, of P. O. Box 986, Jennings, Louisiana 70546 hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of ONE HUNDREDDOLLARS and other valuable / considerations ($100.00&ovc), hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder or in connection with similar operations on adjoining land, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

(a) All of Lessors' undivided interest in and to the following described property located in Jefferson Davis Parish, Louisiana, to-wit: Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section 39; (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South, Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C. E., dated in 1921); including the two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First Exception" and "Second Exception", to-wit:

First Exception: That ten acre parcel of land situated in Section Eighteen (18) Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 19[illegible] and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acres tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

Second Exception: That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10), South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53°, East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53°, West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres, LESS AND EXCEPT all that portion included in the following Units (1) 8600 foot SU C as per order No. 26-A-10 effective January 12, 1966; (2) Het I Sand Unit A as per order No. 101-E effective December 1, 1962; (3) 10,200 foot Sand Unit as per order No. 101-C and amended by order No. 101-C-1 effective October 9, 1971, LESS AND EXCEPT all depths down to but not inclusive of the 10,600' SU A Sand established by Conservation Order No. 101-D,

[illegible] exception being 70.51 acres in Section 39, Township 10 South, Range 3 West, leased to Ruffin T. [illegible]ry on July 6, 1971 and recorded in Conveyance Book 358, page 846, under file No. 352892, leaving [illegible]ame leased herein of 774.21 acres, more or less.

RECEIVED AND FILED
1976 NOV 10 PM 12: 23
CLERK OF COURT
JEFFERSON DAVIS PARISH

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 774.21 acres, whether it actually comprises more or less.

This lease shall be for a term of five (5) years and no months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on June 16, 19 77, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of Fifty and No/100 ---- Dollars ($ 50.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods Fifty and No/100 ----- Dollars ($ 50.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the depository banks as provided in ____ Y X paragraph 16 hereof ____ which Bank or its successors shall continue to be the depository for such rentals, ne representative of Lessor and Lessor's successors and

assigns, and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository, and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall be reduced proportionately, according to acreage. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than 3 consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-sixth (1/6) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-sixth (1/6) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-sixth (1/6) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-sixth (1/6) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages ---------- of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said land shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of land or as to an undivided interest in the land, contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants ---------- the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties, and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. In the event a portion or portions of the land herein leased is pooled or unitized with other land so as to form a pooled unit or units, operations on or production from such unit or units will maintain this lease in force only as to the land included in such unit or units. This lease may be maintained in force as to any land covered hereby and not included in such unit or units in any manner provided for herein, provided that if it be by rental payments, rentals shall be reduced in the proportion that the acreage covered by this lease and contained in such unit or units bears to the total acreage then covered by this lease. In the event the date of commencement of drilling operations or production on a unit is less than thirty (30) days prior to the next ensuing rental paying date, Lessee shall be privileged to make such rental payment on or before thirty (30) days after such rental paying date and thereby maintain its rights hereunder. If at or after the end of the primary term, this lease is being maintained as to a part of the land by operations on or production from a pooled unit or units embracing lands covered hereby and other land and if at such time there be land covered hereby which is not situated in such unit or units and as to which the lease is not being maintained by operations, production or any other means, Lessee shall have the right to maintain the lease as to such land by rental payments exactly as if it were during the primary term, provided that this lease may not be so maintained in force by rental payments more than Three (3) years beyond the end of the primary term.

15. Notwithstanding anything herein contained to the contrary it is understood and agreed that in the event Lessee elects to maintain this lease by the payment of shut-in gas rental as provided in Paragraph 6, then no rental payment shall be required under Paragraph 14 as long as Lessee is maintaining this lease by such payment of shut-in gas rental. When this lease ceases to be maintained by such payment of shut-in gas rental, the provisions of Paragraph 14 shall be applicable.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

16. This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

herein called "Lessor" (whether one or more) and PAUL E. BRUMMETT, husband of Patricia Nelson, of P. O. Box 986, Jennings, Louisiana 70546

hereinafter called "Lessee", witnesseth, that: considerations

Lessor, in consideration of the sum of ONE HUNDREDDOLLARS and other valuable / ($100.00&ovc), hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder or in connection with similar operations on adjoining land, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

(a) All of Lessors' undivided interest in and to the following described property located in Jefferson Davis Parish, Louisiana, to-wit: Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section 39; (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South, Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C. E., dated in 1921); including the two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, lying between the Southwest corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First Exception" and "Second Exception", to-wit:

First Exception: That ten acre parcel of land situated in Section Eighteen (18) Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acres tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

404468

Second Exception: That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10), South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53°, East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53°, West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres, LESS AND EXCEPT all that portion included in the following Units (1) 8600 foot SU C as per order No. 26-A-10 effective January 12, 1966; (2) Het I Sand Unit A as per order No. 101-E effective December 1, 1962; (3) 10,200 foot Sand Unit as per order No. 101-C and amended by order No. 101-C-1 effective October 9, 1971, LESS AND EXCEPT all depths down to but not inclusive of the 10,600' SU A Sand established by Conservation Order No. 101-D, said exception being 70.51 acres in Section 39, Township 10 South, Range 3 West, leased to Ruffin T. Lowery on July 6, 1971 and recorded in Conveyance Book 358, page 846, under file No. 352892, leaving a balance leased herein of 774.21 acres, more or less.

lease applies and which is affected hereby being situated in [illegible] Parish, Louisiana, and described as follows, to-wit:

417

RECEIVED AND FILED
1978 NOV 10 PM 12: 24
CLERK OF COURT
JEFFERSON DAVIS PARISH

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 774.21 acres, whether it actually comprises more or less.

This lease shall be for a term of five (5) years and no months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on June 16, 19 77, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of Fifty and No/100 ---- Dollars ($ 50.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods, Fifty and No/100 ----- Dollars ($ 50.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the depository banks as provided in ~~Bank~~ paragraph 16 hereof which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

418

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well, and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall be reduced proportionately, according to acreage. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than 3 consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-sixth (1/6) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-sixth (1/6) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-sixth (1/6) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-sixth (1/6) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages ---------- of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants ---------- the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. In the event a portion or portions of the land herein leased is pooled or unitized with other land so as to form a pooled unit or units, operations on or production from such unit or units will maintain this lease in force only as to the land included in such unit or units. This lease may be maintained in force as to any land covered hereby and not included in such unit or units in any manner provided for herein, provided that if it be by rental payments, rentals shall be reduced in the proportion that the acreage covered by this lease and contained in such unit or units bears to the total acreage then covered by this lease. In the event the date of commencement of drilling operations or production on a unit is less than thirty (30) days prior to the next ensuing rental paying date, Lessee shall be privileged to make such rental payment on or before thirty (30) days after such rental paying date and thereby maintain its rights hereunder. If at or after the end of the primary term, this lease is being maintained as to a part of the land by operations on or production from a pooled unit or units embracing lands covered hereby and other land and if at such time there be land covered hereby which is not situated in such unit or units and as to which the lease is not being maintained by operations, production or any other means, Lessee shall have the right to maintain the lease as to such land by rental payments exactly as if it were during the primary term, provided that this lease may not be so maintained in force by rental payments more than Three (3) years beyond the end of the primary term.

15. Notwithstanding anything herein contained to the contrary it is understood and agreed that in the event Lessee elects to maintain this lease by the payment of shut-in gas rental as provided in Paragraph 6, then no rental payment shall be required under Paragraph 14 as long as Lessee is maintaining this lease by such payment of shut-in gas rental. When this lease ceases to be maintained by such payment of shut-in gas rental, the provisions of Paragraph 14 shall be applicable.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

16. This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

herein called "Lessor" (whether one or more) and PAUL E. BRUMMETT, husband of Patricia Nelson, of P. O. Box 986, Jennings, Louisiana 70546

hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of ONE HUNDREDDOLLARS and other valuable / ($100.00&ovc), considerations hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder or in connection with similar operations on adjoining land, and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

(a) All of Lessors' undivided interest in and to the following described property located in Jefferson Davis Parish, Louisiana, to-wit: Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East boundary line of Section Fourteen (14) if extended through said Section 39; (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South, Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C. E., dated in 1921); including the two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, lying between the Southeast corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS, EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First Exception" and "Second Exception", to-wit:

First Exception: That ten acre parcel of land situated in Section Eighteen (18) Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 194[illegible], and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 45[illegible] feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' W[illegible]93.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence [illegible]llowing said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) a[illegible] as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acres tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

Second Exception: That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10), South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53°, East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53°, West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres, LESS AND EXCEPT all that portion included in the following Units (1) 8600 foot SU C[illegible] per order No. 26-A-10 effective January 12, 1966; (2) Het I Sand Unit A as per order No. 101-E effective December 1, 1962; (3) 10,200 foot Sand Unit as per order No. 101-C and amended by order No. 101-C-1 effective October 9, 1971, LESS AND EXCEPT all depths down to but not inclusive of the 10,600' SU A Sand established by Conservation Order No. 101-D, said exception being 70.51 acres in Section 39, Township 10 South, Range 3 West, leased to Ruffin T. Lowery on July 6, 1971 and recorded in Conveyance Book 358, page 846, under file No. 352892, leaving a balance leased herein of 774.21 acres, more or less.

401469

RECEIVED AND FILED
1976 NOV 10 PM 12:24
CLERK OF COURT
JEFFERSON DAVIS PARISH

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 774.21 acres, whether it actually comprises more or less.

This lease shall be for a term of five (5) years and no months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on June 16, 19 77, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of Fifty and No/100 ---- Dollars ($ 50.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods, Fifty and No/100 ----- Dollars ($ 50.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the depository banks as provided in XXXX paragraph 16 hereof which Bank or its successors shall continue to be the depository. such rentals as the representative of Lessor and Lessor's successors and

ceases, and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said bank fail or liquidate, or it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository, and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall be reduced proportionately, according to acreage. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than 3 consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-sixth (1/6) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-sixth (1/6) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-sixth (1/6) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-sixth (1/6) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages ---------- of Lessor caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall not affect the rights of others.

10. Lessor hereby warrants ---------- the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rental and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title, and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14 In the event a portion or portions of the land herein leased is pooled or unitized with other land so as to form a pooled unit or units, operations on or production from such unit or units will maintain this lease in force only as to the land included in such unit or units. This lease may be maintained in force as to any land covered hereby and not included in such unit or units in any manner provided for herein, provided that if it be by rental payments, rentals shall be reduced in the proportion that the acreage covered by this lease and contained in such unit or units bears to the total acreage then covered by this lease. In the event the date of commencement of drilling operations or production on a unit is less than thirty (30) days prior to the next ensuing rental paying date, Lessee shall be privileged to make such rental payment on or before thirty (30) days after such rental paying date and thereby maintain its rights hereunder. If at or after the end of the primary term, this lease is being maintained as to a part of the land by operations on or production from a pooled unit or units embracing lands covered hereby and other land and if at such time there be land covered hereby which is not situated in such unit or units and as to which the lease is not being maintained by operations, production or any other means, Lessee shall have the right to maintain the lease as to such land by rental payments exactly as if it were during the primary term, provided that this lease may not be so maintained in force by rental payments more than Three (3) years beyond the end of the primary term.

15. Notwithstanding anything herein contained to the contrary it is understood and agreed that in the event Lessee elects to maintain this lease by the payment of shut-in gas rental as provided in Paragraph 6, then no rental payment shall be required under Paragraph 14 as long as Lessee is maintaining this lease by such payment of shut-in gas rental. When this lease ceases to be maintained by such payment of shut-in gas rental, the provisions of Paragraph 14 shall be applicable.

The consideration paid by Lessee to Lessor is accepted as full and adequate consideration for all rights, options and privileges herein granted.

16. This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

LAW OFFICES OF
KNIGHT & KNIGHT
JENNINGS, LA.

and

AMOCO PRODUCTION COMPANY, hereinafter referred to as "Lessee"

WITNESSETH:

C-92280

I.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

> A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 150 feet along the river by a depth of two acres, and more particularly described as follows:
>
> Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West. thence 586.0 feet North 62° 48' West, thence 150 feet South 27° 12' West, thence 585.0 feet South 62° 48' East, thence approximately 150 feet North 27° 12' East along the mean low water line on the West bank of the Mermentau River to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to and from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee the right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

III.

The term of this lease shall be for a period of five (5) years, commencing July 28, 1975 and terminating July 28, 1980. The rental due shall be the sum of $2,800.00, payable concurrently herewith, and a like payment of $2,800.00 shall become due and owing on the 28th day of July, 1976, and subsequently thereafter on said day and month of each calendar year throughout the term hereof. Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

IV.

At the conclusion of said lease, Lessee shall remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable.

V.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VI.

That at the present time there is a road maintained by Lessee through Lessors' property which affords Lessee ingress and egress to public roads, and Lessee agrees to maintain said private road in a reasonable state of repair, and should

Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessors' property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VII.

Lessee shall be fully responsible for all of its operations on the hereinabove described property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

VIII.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

IX.

The effective date of this lease shall be July 28, 1975, notwithstanding the dates which each party hereto has executed this lease.

X.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

MARK A. BOUDREAUX	12.5%
CASTEX M. BOUDREAUX	12.5%
REUBEN RAYMOND BRUCE	25%
WORRELL B. JOHNSON	5%
MRS. GRACE JOHNSON MILLER	5%
MRS. ORA JOHNSON MIGEUZ	5%

PARTIAL RELEASE OF
OIL, GAS AND MINERAL LEASE

RECEIVED AND FILED
1997 JAN 27 AM 10: 19
CLERK OF COURT
JEFFERSON DAVIS PARISH

STATE OF LOUISIANA
PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS: THAT

WHEREAS, Newmont Oil Company, Mar-Low Corporation, Valor Land & Exploration Company, Yates Drilling Company and Martin Yates, III, (for convenience sometimes hereinafter collectively referred to as "Joint Lessees") represent that they are the owners of all of the non-unitized portion of that certain Oil, Gas and Mineral Lease described as follows:

> Oil, Gas and Mineral Lease dated July 2, 1969, from Castex M. Boudreaux et al, as Lessor, to Valor Land & Exploration Company, as Lessee, recorded in Book 339, under Entry No. 336658 of the Conveyance Records of Jefferson Davis Parish, Louisiana (L-3067),

reference being here made to the record of said lease for the terms, conditions and lands described therein to the same extent as though copied in full herein which lease for convenience shall hereinafter be referred to as the "Subject Lease".

402737

WHEREAS, the Joint Lessees desire to relinquish their rights as to and only as to the non-unitized lands covered by the Subject Lease.

WHEREAS, the lands which are subject to and covered by this Partial Release are identified as that portion of the lands covered by the Subject Lease, INSOFAR AND ONLY INSOFAR as such lands are situated outside of the surface boundaries of the following described Unit:

> The 10,200 Foot Sand Unit in the West Mermentau Field, Jefferson Davis Parish, Louisiana, established by the Commissioner of Conservation of the State of Louisiana in Order No. 101-C-1 dated December 16, 1971, recorded in Book 363, Page 192 under Entry No. 356360 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

NOW, THEREFORE, the Joint Lessees, for and in consideration of the sum of Ten and No/100 Dollars ($10.00) and other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, have, and by these presents do release and relinquish their right, title and interest in and to

that portion of the lands covered by the Subject Lease INSOFAR AND ONLY INSOFAR as the lands covered thereby are situated outside of the surface boundaries of the said 10,200 Foot Sand Unit.

The Joint Lessees do hereby expressly exclude from this release and unequivocally retain all of their right, title and interest in and to the acreage covered by the Subject Lease and situated and included within the boundaries of the hereinabove described Unit, and all other producing units, if any, not specifically described herein.

This instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the parties join in this agreement.

IN WITNESS WHEREOF, this instrument is executed as of the 7th day of January, 1977, in the presence of the undersigned competent witnesses.

BLACKSTONE, husband of Edith St. Germaine, a resident of the City and Parish of Lafayette, State of Louisiana, whose mailing address is Post Office Box 51603, Oil Center Station, Lafayette, Louisiana, together sometimes hereinafter referred to as GRANTORS, for and in consideration of the sum of ONE HUNDRED AND NO/100 ($100.00) DOLLARS and other good and valuable considerations, the receipt and full sufficiency of which is hereby acknowledged, do hereby grant, bargain, sell, assign, transfer and convey unto CROWN CENTRAL PETROLEUM CORPORATION, a corporation organized under the laws of the State of Maryland, authorized to do and doing business in the State of Louisiana, the mailing address of which is 1400 First City East Building, Houston, Texas 77002, herein represented by its undersigned officer, duly authorized, sometimes hereinafter referred to as GRANTEE, all of the rights, title and interest of GRANTORS in, to and under the following described oil, gas and mineral leases covering and affecting lands situated in Jefferson Davis Parish, Louisiana, to-wit:

403503

1. That certain oil, gas and mineral lease dated June 16, 1976, executed by Castex M. Boudreaux et al., as Lessors, in favor of Paul E. Brummett, as Lessee, covering 774.21 acres, more particularly described therein, which mineral lease is recorded in Book 427, page 415, under Entry No. 401468 of the Conveyance Records of Jefferson Davis Parish, Louisiana; and

2. That certain oil, gas and mineral lease dated June 16, 1976, executed by Mark A. Boudreaux, as Lessor, in favor of Paul E. Brummett, as Lessee, covering 774.21 acres, more particularly described therein, and being a counterpart of Lease 1 described above, which mineral lease is recorded in Book 427, page 407, under Entry No. 401467 of the Conveyance Records of Jefferson Davis Parish; and

3. That certain oil, gas and mineral lease dated June 16, 1976, executed by Albert Sidney Johnson, III, as Lessor, in favor of Paul E. Brummett, as Lessee, covering 774.21 acres more particularly described therein, being a counterpart of Lease 1 described above, which mineral lease is recorded in Book 427, page 423, under Entry No. 401469 of the Conveyance Records of Jefferson Davis Parish, Louisiana;

subject to the overriding royalty interest hereinafter excepted and reserved by GRANTORS from this transfer and conveyance and subject to the terms, provisions and conditions hereof.

GRANTORS hereby except from this transfer and conveyance and reserve unto themselves, their respective heirs, successors, legal representatives and assigns, and GRANTEE does hereby grant, bargain, transfer and convey unto GRANTORS, their respective heirs, successors, legal representatives and assigns, as an overriding royalty interest the difference between the Lessor's royalty interest stipulated in each of the hereinabove described oil, gas and mineral leases and twenty-five per cent (25%) of all of the oil, gas and other minerals if, as and when produced, saved and marketed from the lands covered and affected by said oil, gas and mineral leases to be owned by the GRANTORS in equal proportions. It is the intention of the GRANTORS to transfer and convey unto GRANTEE a net seventy-five per cent (75%) revenue interest in, to and under the said oil, gas and mineral leases.

The delivery of said overriding royalty interest shall be made free of any and all development and production costs to the

credit of the GRANTORS in storage tanks provided by GRANTORS or to the credit of the GRANTORS into the pipeline to which the well or wells located on the said leased premises are connected. The said overriding royalty interest shall also be applicable on gas, including casinghead gas or other gaseous substances produced from the said lands and used or processed by GRANTEE, its successors or assigns, for the recovery, extraction or manufacture of condensate, gasoline or other liquid hydrocarbons, with the GRANTORS to receive the hereinabove stipulated fractional interest of the net proceeds derived from the sale of such gasoline or other plant products plus such fractional share of the net amount received from the sale of the residue gas.

GRANTORS shall pay all severance, production, gathering and ad valorem taxes now or hereafter applicable to the said overriding royalty interest. The said overriding royalty interest shall be calculated, paid and delivered to the owner or owners thereof in the same manner and at the same time as is provided for the calculation, payment and delivery of the Lessor's royalty under the terms, provisions and conditions of the hereinabove described oil, gas and mineral leases.

It is expressly agreed and understood that operations, if any, upon the leased premises and the extent and duration thereof, as well as the preservation of said oil, gas and mineral leases by rental payments or otherwise, shall be solely at the will and discretion of the owner or owners thereof.

It is further expressly agreed and understood that insofar as said overriding royalty interest is concerned, the owner or owners of the hereinabove described oil, gas and mineral leases

Exhibit D
Castex Development - Title and Lease History - 000606

shall have all rights conferred on the Lessee by said mineral leases to form or pool a drilling or production unit or units affecting the lands covered by said oil, gas and mineral leases, and where oil and/or gas is produced from any such drilling or production unit or from any unit designated or established by a governmental authority or agency having jurisdiction affecting the lands covered by said mineral leases, said overriding royalty interest shall be reduced in such manner that the amount of the overriding royalty interest shall be that proportion of the overriding royalty interest herein reserved and retained by GRANTORS that the surface acreage of the tract or tracts of land affected by said overriding royalty interest included in the unit bears to the total surface acreage included in the unit.

If the Lessors under any of the hereinabove described oil, gas and mineral leases own a lesser interest in the premises covered thereby than the entire and undivided leasehold rights, then, in that event, the overriding royalty interest herein reserved and retained by GRANTORS with respect to any such lands shall be reduced proportionately by the loss thus suffered by such failure of title.

GRANTEE assumes and obligates itself to comply with the terms, provisions and obligations of the hereinabove described oil, gas and mineral leases, and agrees to protect the GRANTORS and to hold them harmless against any and all claims, demands and causes of action arising out of or in any way connected with any operations conducted by GRANTEE under the terms and provisions of said mineral leases.

GRANTEE agrees to notify each of the GRANTORS not less than sixty (60) days prior to the date upon which delay rentals or

Exhibit D
Castex Development - Title and Lease History - 000607

shut-in payments are payable under the terms and provisions of any of the hereinabove described oil, gas and mineral leases whether it desires to timely pay said delay rentals or shut-in payments. GRANTEE further agrees to notify each of the GRANTORS not less than six (6) months prior to the expiration of the primary term of any of the said oil, gas and mineral leases whether it desires to allow said oil, gas and mineral leases to terminate. GRANTEE agrees immediately upon the receipt of a request therefor to execute and deliver to GRANTORS a recordable instrument wherein GRANTEE shall reconvey and reassign to GRANTORS all of the rights, title and interest of GRANTEE acquired herein in, to and under any such oil, gas and mineral lease or leases as to which GRANTEE does not desire to timely pay said delay rentals or shut-in payments or which GRANTEE desires to permit to terminate, such reconveyance to be free and clear of all liens, burdens and encumbrances created by, through or under GRANTEE. In the event GRANTEE desires to pay such delay rentals or shut-in payments, GRANTEE shall, after making such payment, furnish GRANTORS with a copy of the delay rental receipt or the shut-in payment receipt.

It is further expressly agreed and understood that the overriding royalty interest herein reserved and retained by GRANTORS shall be applicable and extend to the renewal or extension of any of the hereinabove described oil, gas and mineral leases or to any new oil, gas and mineral lease obtained or acquired, directly or indirectly, by, for or on behalf of GRANTEE, its successors or assigns, covering and affecting any of the lands covered by the hereinabove described oil, gas and mineral

Exhibit D
Castex Development - Title and Lease History - 000608

leases within one (1) year after the expiration and termination of the hereinabove described oil, gas and mineral lease covering and affecting such lands.

This transfer and conveyance is made by GRANTORS and accepted by GRANTEE without warranty of title by GRANTORS, either express or implied, except that GRANTORS warrant title against the lawful claims and demands of all persons claiming by, through or under GRANTORS.

The terms, provisions, stipulations and agreements hereof shall extend to and be binding upon the respective heirs, successors, legal representatives and assigns of the parties hereto.

IN WITNESS WHEREOF, this instrument has been executed in the presence of the undersigned competent witnesses on this 7th day of March, 1977.

PARTIAL RELEASE

KNOW ALL MEN BY THESE PRESENTS: That,

AMOCO PRODUCTION COMPANY, a Delaware corporation, authorized to do business in the State of Louisiana and whose address is P.O. Box 50879, New Orleans, Louisiana 70150, SAMEDAN OIL CORPORATION, and SAM NOBLE do hereby release and relinquish all of their right, title and interest in and to the following described Oil, Gas and Mineral Lease covering lands situated in Jefferson Davis Parish, Louisiana:

404872

That certain Oil, Gas, and Mineral Lease dated August 7, 1954, executed by Rosa Castex Boudreaux, et al, as Lessors, in favor of Lyle E. Cummins, as Lessee, recorded under Entry No. 218425 in C.O.B. 187, Page 371 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

INSOFAR, AND ONLY INSOFAR, as Lease covers and affects acreage lying inside of the surface boundaries of the Unit described as the 9,100' SU A, established by Department of Conservation Order No. 101-B, effective April 1, 1962, and acreage lying within the surface boundaries of the Unit described as the 7,750' SU B, established by Department of Conservation Order No. 26-F, effective June 1, 1964, but outside of the surface boundaries of the Unit described as the 8,600' SU C, established by Department of Conservation Order No. 26A-5, effective June 1, 1964, in the South Jennings and West Mermentau Fields.

The above-described Lease, and all leasehold rights contained therein, shall remain in full force and effect as to the remainder of the lease premises, with the exception of any tracts previously released.

It is understood and agreed that Amoco Production Company, Samedan Oil Corporation, and Sam Noble, or their assigns, shall retain the right to use any presently existing canals and roads, and shall retain the exclusive right to use, maintain, replace and/or remove any presently existing pipeline facilities on the released acreage above-described in accordance with the terms of the above-mentioned Lease.

This instrument is executed this 20th day of April, 1977, in the presence of the undersigned competent witnesses.

JEFFERSON DAVIS PARISH

CONVEYANCE

THE STATE OF LOUISIANA)
) KNOW ALL MEN BY THESE PRESENTS:
County of Jefferson Davis)

I.

THAT Sam Noble, of the City of Ardmore, Oklahoma, herein called "Assignor", in consideration of the sum of One ($1.00) Dollar cash and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does by these presents sell, assign, convey and deliver unto Quien Sabe Corporation, an Oklahoma Corporation, whose address is P. O. Box 1486, Ardmore, Oklahoma 73401 herein called "Assignee", the following described property, hereinafter called "subject property", to-wit:

(a) All of Assignor's right, title and interest in and to that certain oil, gas and mineral lease, hereinafter called "subject lease", dated August 7, 1954, recorded in Conveyance Book 187, page 391 under File No. 218425 of the Records of Jefferson Davis Parish, Louisiana, executed by Rosa Castex Boudreaux, et al, as Lessors, in favor of Lyle Cummins, as Lessee, which lease covers and bears upon 955.35 acres of land, more or less, located in Jefferson Davis Parish, Louisiana, more particularly described in said lease.

(b) All of Assignor's interest in all wells, casing, tubing, derricks, tanks, tank batteries, separators, rods, pumps, fuel lines, water lines, gas lines, equipment, structures and other personal property

405761

and fixtures located upon the property covered by subject lease.

(c) All of Assignor's interest in all permits, licenses, franchises, easements, servitudes and right-of-ways of every character which are useful or appropriate for developing, operating, gatherine, treating, storing or transporting oil, gas and other minerals produced from the lands covered by subject lease or property unitized therewith insofar as such items relate to oil and gas operations on said lands.

(d) All of Assignor's interest in, to and under all pooling orders, pooling agreements, operating agreements, hydrocarbon sales agreements, and other contracts and agreements of every character insofar as they cover or affect subject lease or the production and marketing of oil, gas and other hydrocarbons or other minerals therefrom.

(e) Without limitation of the foregoing, all of Assignor's right, title and interest, including certain rights to receive net profits arising out of and provided in that certain net profits and operating agreement between Tidewater Oil Company and Waterford Oil dated May 3, 1955, insofar only as said net profits agreement applies to subject lease, it being understood that said net profits and operating agreement has been amended by the letter agreement next set forth, so that same shall apply only to that portion of subject lease in which Assignor earned or shall

earn no interest by virtue of the provisions of the letter agreement next described.

(f) Without limitation of the foregoing, all of Assignor's right, title and interest under the provisions of that certain letter agreement dated July 9, 1959, between Tidewater Oil Company, Waterford Oil Company, and General Crude Oil Company, a recording supplement of which was dated July 23, 1959, recorded in Conveyance Book 234, page 541 of the Records of Jefferson Davis Parish, Louisiana, under the provisions of which Assignor has acquired an assignment dated November 11, 1959, filed for record under Entry No. 257936 of the Records of Jefferson Davis Parish, Louisiana, covering the rights under subject lease down to 11,067 feet subject to certain overriding royalty interests reserved by Tidewater Oil Company, and has received an additional assignment, dated January 19, 1961, filed for record under Entry No. _____ of the Records of Jefferson Davis Parish, Louisiana, covering rights under subject lease as to depths between 11,067 feet and 13,901 feet, subject to certain overriding royalty interests reserved by Tidewater Oil Company, and under the provisions of which Assignor has the right to earn additional interests in said lease by

commencing additional drilling operations prior to July 9, 1961, it being the intention hereof to convey Assignor's rights to earn such additional interests.

2.

This conveyance is made without warranty of title, but with full substitution and subrogation of all rights of warranty to which Assignor may be entitled against all former proprietors.

3.

This conveyance shall be effective as to all production runs subsequent to 7:00 o'clock A.M. on the 1st day of August, 1977, and Assignee shall own all production in storage on and after such date.

4.

The provisions hereof shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, successors and assigns.

IN WITNESS WHEREOF, this instrument is executed this 16TH day of August, 1977, to be effective on the 1st day of August, 1977 at 7:00 o'clock A.M.

Gill, Jr., Executive Vice President of Omni-Exploration, Inc., Partnership Manager of OMNI DRILLING PARTNERSHIP 1977-2 & 1977-3, known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and consideration therein expressed, as the act and deed of said corporation, and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this 5TH day of April, 1978.

Kathleen S. Kurtz
Notary Public in and for
Montg. County, Penna.

KATHLEEN S. KURTZ, Notary Public
My Commission Expires Feb. 19, 1980

EXHIBIT "A"

1. OG&M Lease dated June 16, 1976 executed by Castex M. Boudreaux, et al, as Lessors, in favor of Paul E. Brummett, as Lessee, covering 774.21 acres, more particularly described therein, which mineral lease is recorded in Book 427, Page 415 under Entry No. 401468 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

2. OG&M Lease dated June 16, 1976 executed by Mark A. Boudreaux, as Lessor, in favor of Paul E. Brummett, as Lessee, covering 774.21 acres, more particularly described therein and being a counterpart of Lease 1 described above, which mineral lease is recorded in Book 427, Page 407 under Entry No. 401467 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

3. OG&M Lease dated June 16, 1976 executed by Albert Sidney Johnson, III, as Lessor, in favor of Paul E. Brummett, as Lessee, covering 774.21 acres; more particularly described therein, being a counterpart of Lease 1 described above, which mineral lease is recorded in Book 427, Page 423 under Entry No. 401469 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

4. OG&M Lease dated March 8, 1977 executed by David G. Hitt, Trustee as Lessor, in favor of Crown Central Petroleum Corporation, as Lessee, covering 28.22 acres, more particularly described therein, which mineral lease is recorded in Book 431, Page 732 under Entry No. 403582 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

5. OG&M Lease dated March 3, 1977 executed by Anne Houssier Hebert, et vir, as Lessor in favor of Crown Central Petroleum Corporation, as Lessee, covering 29.093 acres more particularly described therein, which mineral lease is recorded in Book 431, Page 631 under Entry No. 403506 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

6. OG&M Lease dated March 3, 1977 executed by Frank C. Perl, as Lessor, in favor of Crown Central Petroleum Corporation, as Lessee, covering 28.22 acres more particularly described therein, which mineral lease is recorded in Book 431, Page 623 under Entry No. 403504 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

7. OG&M Lease dated March 3, 1977 executed by Edwin J. Krielow, as Lessor, in favor of Crown Central Petroleum Corporation, as Lessee, covering 28.22 acres more particularly described therein, which mineral lease is recorded in Book 431, Page 627 under Entry No. 403505 of the Conveyance Records of Jefferson Davis Parish, Louisiana.

JEFFERSON DAVIS PARISH

ASSIGNMENT

STATE OF LOUISIANA
PARISH OF JEFFERSON DAVIS

KNOW ALL MEN BY THESE PRESENTS:

For and in consideration of the sum of One Hundred Dollars ($100.00) and other good and valuable consideration, cash in hand paid to the Assignor by the Assignee herein named the receipt and sufficiency of which are hereby acknowledged, subject to the terms and provisions herein contained, CROWN CENTRAL PETROLEUM CORPORATION, whose address is 6750 West Loop South, Suite 300, Bellaire, Texas 77401 herein referred to as "Assignor" does by this act and these presents, grant, bargain, sell, transfer, assign and convey unto GALAXY OIL COMPANY, whose address is 918 Lamar Street, Wichita Falls, Texas 76301 hereinafter referred to as "Assignee", its heirs, successors and assigns an undivided 25% interest in and to the Oil, Gas, and Mineral Leases described on Exhibit "A" attached hereto.

4106336

This assignment is made subject to the following agreements, to-wit:

1. Letter Agreement dated April 4, 1977 between Thomas W. Blackstone, Ronald C. Shultz and Crown Central Petroleum Corporation.
2. Assignment dated March 7, 1977 between Ronald C. Shultz and Thomas W. Blackstone, as Assignors, and Crown Central Petroleum Corporation, as Assignee, being recorded in Book 431 of the Conveyance Records at Page 615 et seq., File No. 403503, Jefferson Davis Parish, Louisiana.
3. Letter Agreement dated January 26, 1978 between Galaxy Oil Company and Crown Central Petroleum Corporation.
4. Operating Agreement dated January 27, 1978 between Crown Central Petroleum Corporation, as Operator, and Galaxy Oil Company, Omni Drilling Partnership Nos. 1977-2 & 1977-3 and Carpenter Oil & Gas Company as Non-Operators.

and Assignee by acceptance below, hereby assumes and agrees to faithfully carry out its proportionate part of the terms and provisions of these agreements, along with the proportionate part of the obligations imposed by the assigned leases in which Assignee is acquiring an interest.

This assignment is made without warranty of title on the part of Assignor except that Assignor warrants against anyone asserting an adverse claim of title to the leases that arise by, through, or under any act of Assignor; but this Assignment is made with transfer and subrogation of rights and actions of warranty which Assignor may have as to the interest assigned.

IN WITNESS WHEREOF, this instrument is executed in duplicate on the 20th day of March, 1978.

CROSS-ASSIGNMENT

KNOW ALL MEN BY THESE PRESENTS THAT:

WHEREAS, ABACO EXPLORATION, INC. (Abaco) owns 100% interest in that certain mineral lease granted by Pelto Oil Company to Abaco, dated October 13, 1975, recorded in Book 415, Entry No. 392997 of the records of Jefferson Davis Parish, Louisiana, said mineral lease affecting 203 acres as shown on the plat attached hereto as Exhibit "A", and being sometimes referred to herein as the "Pelto/Abaco Lease";

WHEREAS, DELTA DRILLING COMPANY (Delta) owns 50.00009% interest in that certain mineral lease granted by Rosa Castex Boudreaux et al to James C. Ruffin, dated March 5, 1958, recorded in Book 222, Entry No. 245110 of the records of Jefferson Davis Parish, Louisiana, said mineral lease affecting 107.20 acres as shown on the plat attached hereto as Exhibit "B", and being sometimes referred to herein as the "Boudreaux/Delta Lease"; and

411777

WHEREAS, Abaco and Delta in order to facilitate development desire to cross-assign certain interests in the Pelto/Abaco Lease and the Boudreaux/Delta Lease;

NOW THEREFORE, in consideration of the cross-assignment herein effected, and of the mutual obligations of the parties herein assumed, Abaco and Delta agree as follows:

1. Abaco hereby assigns, conveys and transfers to Delta a 17.27917% undivided interest in and to the Pelto/Abaco Lease, being more fully described as that certain mineral lease granted by Pelto Oil Company to Abaco Exploration, Inc., dated October 13, 1975, recorded in Book 415, Entry No. 392997 of the records of Jefferson Davis Parish, Louisiana. Said assignment is made without any warranty whatsoever as to the title to the land covered by the Pelto/Abaco Lease, but Abaco warrants that it owns 100% interest in the Pelto/Abaco Lease and that the Pelto/Abaco Lease is in full force and effect at the date hereof as to the acreage shown on Exhibit "A".

2. Delta hereby assigns, conveys and transfers to Abaco a 32.72083% undivided interest in and to the Boudreaux/Delta Lease, being more fully described as that certain mineral lease granted by Rosa Castex Boudreaux et al to James C. Ruffin, dated March 5,

1958, recorded in Book 222, Entry No. 245110 of the records of Jefferson Davis Parish, Louisiana, excepting, however, and reserving to Delta, all rights and interests under the Boudreaux/Delta Lease in and with respect to the Het. 1 Sand, as to acreage within the Het. 1 SU A, and in and with respect to the 10,200 Ft. Sand, within the 10,200 Ft. Sand Unit. Said assignment is made without warranty whatsoever as to the title to the land covered by the Boudreaux/Delta Lease, but Delta warrants that it owns 50.00000% interest in the Boudreaux/Delta Lease and that the Boudreaux/Delta Lease is in full force and effect at the date hereof as to the acreage shown on Exhibit "B".

THUS EXECUTED the 31st day of March, 1977.

SUCCESSION	/	NO. 9823 'PROBATE DOCKET'
OF	/	15TH JUDICIAL DISTRICT COURT
MARK A. BOUDREAUX	/	ACADIA PARISH, LOUISIANA

J U D G M E N T

This is an application by the surviving widow who is designated as Testamentary Executrix of the decedent's last will and testament, joined by the children and sole and only forced heirs of the decedent, praying that an administration of the decedent's estate in the State of Louisiana be dispensed with, that they be recognized as surviving widow and sole and only heirs and as sole legatees under the last will and testament of the decedent, and, as such, that they be placed in possession of all property belonging to the estate of the decedent situated in the State of Louisiana, in accordance with the provisions of the decedent's will, and it appearing that an administration of this estate in the State of Louisiana is not necessary, that a Louisiana Inheritance Tax Return has been filed and the inheritance taxes due the State of Louisiana have been paid, and the law and the evidence being in favor thereof, it is therefore,

ORDERED, ADJUDGED AND DECREED that BERNICE FOREMAN BOUDREAUX, be and she is hereby recognized as surviving widow in community with the decedent, Mark A. Boudreaux, and, as such, she is recognized as the owner in her own right and is hereby placed in possession of an undivided one-half of all property which belonged to the community formerly existing between her and the decedent situated in the State of Louisiana, and particularly, but not limited to, the following described community property, to-wit:

All of Lot No. 1 of Section 42, Township 10 South, Range 2 West, La. Mer., bounded north by Bayou Plaquemine; East by H. L. Miers, South by H. L. Miers and West by Leon P. Lapleau, containing 150 acres, more or less; together with the improve-

ments thereon situated. Being part of the same property acquired by Rosa Castex Boudreaux by act of partition among the heirs of Jean Castex, Sr., and Alice Landry Castex, dated April 19, 1922, by act bearing No. 59857, records of Acadia Parish, Louisiana.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that BERNICE FOREMAN BOUDREAUX, be and she is hereby recognized as legatee under the decedent's last will and testament, and; as such, and as surviving widow in community, she is recognized as usufructuary of the decedent's one-half interest in and to the community property hereinabove described, together with the usufruct of all property belonging to the separate estate of the decedent, and particularly, but not limited to, the following described property which belonged to the decedent's separate estate, to-wit:

1. (a) An undivided one-fourth (1/4) interest in and to:

A certain tract or parcel of land containing Forty (40) acres, more or less, situated in Irregular Section 25, Township 10 South, Range 2 West, more fully described and bounded now or formerly as follows, to-wit: Bounded on the Northeast by lands of A. C. Boudreaux Estate; Southwest by lands of Ray Richard, formerly Martin Richard and/or West line of said Section 25, Northwest by lands of F. Gotreaux, and Southeast by lands of Charles T. Duhon Estate.

(b) An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing 84 acres, more or less, situated in Acadia Parish, Louisiana, and located in Section 25, Township 10 South, Range 2 West, La. Mer., Acadia Parish, Louisiana, and bounded Northeast by the Latrielle Estate, Inc., Southeast by Rosa Belle Duhon, Southwest by Mrs. Rosa Boudreaux, Gus Godeaux and Frank R. Burris, et als, and Northwest by the Mermentau River, together with all the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from Albert Green by deed bearing file No. 34274 and recorded in Conveyance Book S-2, at page 274, records of Acadia Parish, Louisiana.

CROWLEY, LA. 70526

North by Oneal Legros Estate, East by Alphee LeBlanc Estate; South by Jules S. Mauboules Estate, and West by Jerry S. Ashley, Joseph Jeanise and Lula H. Jeanise, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing file No. 97203, recorded in Conveyance Book Q-4, at page 159, records of Acadia Parish, Louisiana.

7. An undivided one-fourth (1/4) interest in and to:

That certain tract of land containing Five (5) acres, more or less, situated in Acadia Parish, Louisiana, and located in Section 7, Township 11 South, Range 2 West, La. Mer., and bounded North by Romain and Oday LeBlanc and August Benoit, and P. C. Smith Estate and Mrs. Prevost LeBlanc; East by Pierre Trahan; South by Texas Company and West by Romain and Oday LeBlanc and August Benoit and P. C. Smith Estate. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing file No. 97203, recorded in Conveyance Book Q-4, page 159, records of Acadia Parish, Louisiana.

8. An undivided one-twelfth (1/12) interest in and to:

That certain tract of land containing 20 acres, more or less, situated in Section 61, Township 10 South, Range 2 West, in Acadia Parish, Louisiana, bounded North, East, South and West by Lovic C. Desormeaux.

9. An undivided one-fourth (1/4) interest in and to:

Lots 10 and 11 of Block 6 of Richard Subdivision of Lot 3 of Section 14, Township 10 South, Range 2 West, La. Mer., situated in Jefferson Davis Parish, Louisiana, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from John Campbell by deed bearing file No. 78142, recorded in Conveyance Book No. 48, at page 522, records of Jefferson Davis Parish, Louisiana.

10. An undivided one-eighth (1/8) interest in and to the following:

J. W. LANDRY, JR.
LAWYER
CROWLEY, LA. 70526

270

That tract of property in Jefferson Davis Parish, Louisiana, with all improvements thereon located and situated; together with all of the oil, gas and minerals underlying, or which may be produced therefrom, together with that oil, gas and other mineral royalty right equal to 3/32 or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres, more or less, the whole of said tract of land is described as follows, to-wit:

(a) Section 39, in Township 10 South, Range 3 West, La. Mer., except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39; (b) Lot 2 of Fractional Section 13 in Township 10 South, of Range 3 West, La. Mer., (c) Section 17 in Township 10 South, of Range 2 West, La. Mer., except the 328 acres, more or less, of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C.E., dated in (1921); including the two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section 18 in Township 10 South, of Range 2 West, La. Mer., lying between the Southeast corner of the foredescribed Section 39 on the West and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolph C. Boudreaux acquired the said property from Jean Castex, Jr., and which act is recorded in Jefferson Davis Parish, Louisiana, LESS AND EXCEPT AND NOT INCLUDED in the foredescribed tract is the surface only of those 10 acre parcels of property described as follows and designated as "First" and "Second", to-wit:

First. That ten acre parcel of land situated in Section 18, Township 10 South, Range 2 West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolph C. Boudreaux to Pelican Oil Purchasers, Inc., by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit:

CROWLEY, LA. 70526

Starting at the Northwest corner of Section 18, Township 10 South, Range 2 West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River on the line between Township 10 South, Range 2 and 3 West, thence South 51 degrees 13 minutes East, 276.5 feet; thence South 53 degrees 00 minutes East, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira Ten (10) acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65 degrees 30 minutes East, 450 feet; thence South 84 degrees 00 minutes East, 250 feet; thence leaving the River and running South 37 degrees 00 minutes West, 693.5 feet; thence North 72 degrees 06 minutes West, 691.5 feet to lower side line of the Robira ten acre tract; thence following the said line North 37 degrees 00 minutes East, 693.5 feet to place of beginning and containing ten acres; as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by ten acre tract owned by John J. Robira, his widow, hiers and assigns, on the West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

Second. That certain parcel of land comprising ten acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed to Albert Sidney Johnson and Adolph C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the corner between Section 18, Township 10 South, Range 3 West, said corner being on the right descending bank of the Mermentau River; thence South 37 degrees West, 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53 degrees East, 272.4 feet to the line between Section 18, Township 10 South, Range2 West, and Section 39, Township 10 South, Range 3 West, 921 feet South of the corner between the two said Sections; thence South 53 degrees East, 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37 degrees East, 726 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe on the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe;

thence South 37 degrees West, 358 feet to the point of beginning and containing Ten acres.

11. An undivided one-fourth (1/4) interest in and to:

Lot 621 in the Subdivision of the North half of Southeast Quarter of Southwest Quarter of Section 30, Township 9 South, Range 10 West, La. Mer., acquired by Adolph C. Boudreaux from Mutual Sulphur Oil Co. by deed bearing file No. 32606, recorded in Conveyance Book 151, page 437, records of Calcasieu Parish, Louisiana, situated in Calcasieu Parish, Louisiana.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the usufruct herein bequeathed to Bernice Foreman Boudreaux shall include the right to grant oil, gas and mineral leases affecting the property subject to the usufruct and to receive and to retain as her own without the necessity of accounting therefor, all bonuses, rentals, royalties or other consideration paid in connection with any such lease or leases or in connection with any existing lease or leases affecting any of the property subject to the usufruct.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that MARK W. BOUDREAUX and WAYNE F. BOUDREAUX, be and they are hereby recognized as the only children and sole and only heirs of the decedent, and as legatees under the decedent's last will and testament, and, as such, and in accordance with the provisions of the decedent's last will and testament, they are recognized as the owners and are hereby placed in possession, in equal proportions, of all property belonging to the estate of the decedent situated in the State of Louisiana, and particularly, but not limited to, the decedent's one-half interest in and to the community property and the property belonging to the separate estate of the decedent hereinabove described, subject, however, to the usufruct of their mother, Bernice Foreman Boudreaux.

J. W. LANDRY, JR.
LAWYER
CROWLEY, LA. 70526

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that all banks, persons, firms or corporations having in their possession or under their control, any funds, rights, credits or other things of value owned by the decedent or in which he had any interest situated in the State of Louisiana, or any funds attributable to the decedent's interest in the properties hereinabove described, be and they are hereby authorized and directed to deliver same to Bernice Foreman Boudreaux as surviving widow in community and usufructuary, and this will be their authority for so doing.

JUDGMENT RENDERED, READ AND SIGNED at Crowley, Acadia Parish, Louisiana, on this 6th day of September, 1979.

PARISH OF JEFFERSON DAVIS

DONATION INTER VIVOS

BE IT KNOWN, that on this date before me, the undersigned Notary Public, duly commissioned and qualified in and for Jefferson Davis Parish, Louisiana, and in the presence of the undersigned competent witnesses, personally came and appeared:

REUBEN RAYMOND BRUCE and MARIE O'NELIA SIMONEAUX BRUCE, husband and wife, respectively, both of full age of majority and residents of Jefferson Davis Parish, Louisiana,

who declared that in consideration of the love and affection which Appearers bear for their only children, namely,

RAYNELL MARIE BRUCE KIBODEAUX, divorced from Joseph Richard Kibodeaux, not remarried, of full age of majority, a resident of Harris County, Texas, whose mailing address is 7575 Katy Road, Houston, Texas, 77450;

PATRICIA GAY BRUCE HUFF, judicially separated from her husband, Robert Huff, of full age of majority, a resident of Jefferson Davis Parish, Louisiana, whose mailing address is 214 Morton Street, Jennings, LA. 70546;

and,

NELIA KAREN BRUCE GOLDMAN, wife of James O. Goldman, of full age of majority, a resident of Ouachita Parish, Louisiana, whose mailing address is 2410 Pinehurst, Monroe, LA. 71201,

and for the purpose of improving their financial situation, do by this formal act of donation, irrevocably give and donate inter vivos and deliver unto them, in the proportions of an undivided 1/3rd interest to each, the following described property located in Jefferson Davis Parish, Louisiana, to-wit:

An undivided 12/100 interest in the following described property, to-wit:

(a) Section 39 in Township 10 South of Range 3 West, La. Mer., except that portion lying in triangular form West of the East boundary line of Section 14, if extended through said Section 39; (b) Lot 2 of Fractional Section 13 in Township 10 South of Range 3 West, La. Mer.; (c) Section 17 in Township 10 South of Range 2 West, La. Mer., (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A.S. Alston &Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C.E., dated in 1921); including two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which

LAW OFFICES OF
WILLIAM N. KNIGHT

two tracts were not included in the aforesaid sale to A.S. Alston & Co., and (d) Section 18 in Township 10 South of Range 2 West, La. Mer., lying between the Southeast corner of the aforedescribed Section 39 on the West, and the Mermentau River on the East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, La., containing 1145.35 acres more or less, LESS AND EXCEPT:

(1) All mineral rights;

(2) That ten acre parcel of land situated in Section 18, Township 10 South, Range 2 West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section 18, Township 10 South, Range 2 West, at a 1½ inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township 10 South, Range 2 and 3 West; thence South 51°13' East 276.5 feet; thence South 53°00' East 600 feet to a 1½ inch galvanized pipe, the lower front corner of the Robira 10 acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65°30' East 450 feet; thence South 84°00' East 250 feet; thence leaving the River and running South 37°00' West 693.3 feet; thence North 72°06' West 691.5 feet to lower side line of the Robira 10 acres; thence following said line North 37°00' East 693.5 feet to place of beginning and containing 10 acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

(3) That certain parcel of land comprising 10 acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the corner between Section 18, Township 10 South, Range 2 West, and Section 39, Township 10 South, Range 3 West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a 1½ inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section 18, Township 10 South, Range 2 West, and Section 39, Township 10 South, Range 3 West 921 feet South of the corner between the two said sections; thence South 53° East 327.6 feet to a 1½ inch galvanized iron pipe; thence North 37° East 726 feet to a 1½ inch galvanized pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River 600 feet to a 1½ inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing 10 acres.

Donors herein make this donation to Donees as their separate property, for their separate use, administration, benefit, and control and no part of said property shall fall into the community of acquets and gains existing between Donees and their respective spouses.

AND NOW, PATRICIA GAY BRUCE HUFF, does hereby personally appear in the presence of the undersigned witnesses and me, Notary, and accepts the said Donation made to her aforesaid, for herself and her heirs, successors and assigns.

TO HAVE AND TO HOLD the above described property unto the said Donees, respectively, and their respective heirs and assigns, forever.

Said parties estimate the value of the property donated to each Donee to be of a value of $27,006.00.

THUS DONE AND PASSED at Jennings, Louisiana, on this 22 day of October, 1979, in the presence of the undersigned competent witnesses and me, Notary Public.

3. An undivided 1/20 interest in and to the following described property located in Jefferson Davis Parish, Louisiana, to-wit:

   Section Thirty-nine (39) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian, except that portion lying in triangular form West of the East Boundary line of Section Fourteen (14) if extended through said Section 39; (b) Lot Two (2) of Fractional Section Thirteen (13) in Township Ten (10) South of Range Three (3) West, Louisiana Meridian; (c) Section Seventeen (17) in Township Ten (10) South, Range Two (2) West, Louisiana Meridian, (except the 328 acres more or less of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a Plat of Survey made by E. J. Mead, C. E., dated in 1921); including two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section Eighteen (18) in Township Ten (10) South of Range Two (2) West, Louisiana Meridian, lying between the Southeast Corner of the aforedescribed Section Thirty-nine (39) on the West, and the Mermentau River on the East,

all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolphe C. Boudreaux acquired the said property from Jean Castex, Jr., and which Act is recorded in Jefferson Davis Parish, Louisiana; LESS AND EXCEPT AND NOT INCLUDED in the aforedescribed tract are those two ten acre parcels of property described as follows and designated as "First Exception" and Second Exception", to-wit:

First Exception: That ten acre parcel of land situated in Section Eighteen (18) Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10), South, Range Two (2) and Three (3) West; thence South 51°13' East 276.5 feet, thence South 53°00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10 - acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65°30' East 450 feet; thence South 84°00' East 250 feet; thence, leaving the River and running South 37°00' West 693.5 feet; thence, North 72°06' West 691.5 feet to lower side line of the Robira 10 - acres; thence, following said line North 37°00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acres tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

Second Exception: That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10), South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit:

> Beginning at a point 459 feet South of the corner between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence, South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53°, East 272.4 feet to the line between Section

Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipr on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1'1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Total of 1,125.35 acres.

425210

and

AMOCO OIL COMPANY, a Maryland corporation, hereinafter referred to as "Lessee", 6 Executive Park Drive, Atlanta, Georgia 30329

WITNESSETH:

1.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

> A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 300 feet along the river by a depth of 586 feet more or less, and more particularly described as follows:
>
> Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to a point; thence N. 62° 48' W a distance of 586 feet more or less to a point; thence S 27° 12' W a distance of 300 feet to a point; thence S 62° 48' E a distance of 586 feet more or less to a point; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to an from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee the right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

III.

The term of this lease shall be for a period of three (3) months, commencing July 29, 1980 and terminating October 28, 1980. Lessee agrees to pay Lessor as rental for said demised premises the sum of Twenty Thousand Dollars ($20,000) for the three-month period aforesaid, however, if Lessee exercises its option to renew as hereinafter provided, said Twenty Thousand Dollars ($20,000) rent shall apply to one full year tenancy under this lease expiring July 28, 1981.

IV.

Lessee shall have the option of extending this lease for a total of not more than One (1) Nine (9) year and Nine (9) months period and Two (2) Five (5) year periods, upon the same terms and conditions which were in effect during the original term. The rental to be paid during the Nine (9) year Nine (9) months period shall be the sum of Twenty Thousand Dollars ($20,000) per year, payable yearly in advance. The rental during the Two (2) Five (5) year renewal periods shall be negotiated in good faith between the parties hereto, such negotiations to commence six months prior to the expiration of the then current term.

Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

In order to exercise any of said extension options, Lessee shall give to Lessor a written notice at least thirty (30) days prior to the expiration of the then current period, and the sending of such notice shall constitute the renewal and extension of this lease in accordance with the terms of such renewal option so exercised, without the necessity of the execution of a separate renewal lease.

V.

At the conclusion of said lease, Lessee shall within 60 days remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable. Should Lessee not remove the property within 60 days then Lessee shall pay Lessors a pro rata of the rent for each month or a fraction thereof until the property is removed.

VI.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VII.

That at the present time there is a road maintained by Lessee through Lessor's property which affords Lessee ingress and egress to public roads, and Lessee agrees to maintain said private road in a reasonable state of repair, and should Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessor's property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VIII.

Lessee shall be fully responsible for all of its operations on the hereinabove described property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

IX.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

X.

The effective date of this lease shall be July 29, 1980, notwithstanding the dates which each party hereto has executed this lease.

XI.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

MARK W. BOUDREAUX	6.25%
WAYNE BOUDREAUX	6.25%
CASTEX M. BOUDREAUX	12.5%
REUBEN RAYMOND BRUCE	13%
RAYNELL MARIE BRUCE KIBODEAUX	4%

RICHARD W. JOHNSON	2.5%
ALBERT SIDNEY JOHNSON, III	2.5%
SANDRA LYNN TRAHAN	2.5%
MILTON F. BOURDIER	2.0833%
ALFRED C. BOURDIER	2.0833%
LYNN H. BOURDIER	2.0833%
BERNADINE BOURDIER ZIBILICH	2.0833%
ROSE MARIE BOURDIER PETITJEAN	2.0833%
DAVID L. BOURDIER	2.0835%
YVETTE MARIE BOUDREAUX LeFLEUR	12.5%

XII.

All notices given under this lease shall be deemed to be properly served if delivered in writing personally, or sent by certified mail to Lessor at the address shown in the first unnumbered paragraph of this lease or to Lessee at its office at P.O. Box 5077, Atlanta, Georgia 30302. Date of service of a notice served by mail shall be the date on which such notice is deposited in a post office of the United States Post Office Department.

XIII.

This agreement may be executed in as many counterparts as may be deemed necessary and when so executed each counterpart shall have the same effect as if all parties had executed the same document.

WITNESS the hands of all parties hereto in the presence of the undersigned witnesses, effective July 29, 1980.

125211

and

AMOCO OIL COMPANY, a Maryland corporation, hereinafter referred to as "Lessee", 6 Executive Park Drive, Atlanta, Georgia 30329

WITNESSETH:

I.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 300 feet along the river by a depth of 586 feet more or less, and more particularly described as follows:

Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to a point; thence N. 62° 48' W a distance of 586 feet more or less to a point; thence S 27° 12' W a distance of 300 feet to a point; thence S 62° 48' E a distance of 586 feet more or less to a point; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to an from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee the right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

111.

The term of this lease shall be for a period of three (3) months, commencing July 29, 1980 and terminating October 28, 1980. Lessee agrees to pay Lessor as rental for said demised premises the sum of Twenty Thousand Dollars ($20,000) for the three-month period aforesaid, however, if Lessee exercises its option to renew as hereinafter provided, said Twenty Thousand Dollars ($20,000) rent shall apply to one full year tenancy under this lease expiring July 28, 1981.

IV.

Lessee shall have the option of extending this lease for a total of not more than One (1) Nine (9) year and Nine (9) months period and Two (2) Five (5) year periods, upon the same terms and conditions which were in effect during the original term. The rental to be paid during the Nine (9) year Nine (9) months period shall be the sum of Twenty Thousand Dollars ($20,000) per year, payable yearly in advance. The rental during the Two (2) Five (5) year renewal periods shall be negotiated in good faith between the parties hereto, such negotiations to commence six months prior to the expiration of the then current term.

Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

In order to exercise any of said extension options, Lessee shall give to Lessor a written notice at least thirty (30) days prior to the expiration of the then current period, and the sending of such notice shall constitute the renewal and extension of this lease in accordance with the terms of such renewal option so exercised, without the necessity of the execution of a separate renewal lease.

V.

At the conclusion of said lease, Lessee shall within 60 days remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable. Should Lessee not remove the property within 60 days then Lessee shall pay Lessors a pro rata of the rent for each month or a fraction thereof until the property is removed.

VI.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VII.

That at the present time there is a road maintained by Lessee through Lessor's property which affords Lessee ingress and egress to public roads, and Lessee agrees to maintain said private road in a reasonable state of repair, and should Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessor's property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VIII.

Lessee shall be fully responsible for all of its operations on the hereinabove descirbed property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

IX.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

X.

The effective date of this lease shall be July 29, 1980, notwithstanding the dates which each party hereto has executed this lease.

XI.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

Box 762, Patterson, Louisiana 70392; and YVETTE MARIE BOUDREAUX LeFLEUR, wife of Elmer L. LeFleur, P.O. Box 1893, Marshall, Texas 75670, hereinafter referred to as "Lessors"

425212

and

AMOCO OIL COMPANY, a Maryland corporation, hereinafter referred to as "Lessee", 6 Executive Park Drive, Atlanta, Georgia 30329

WITNESSETH:

1.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

> A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 300 feet along the river by a depth of 586 feet more or less, and more particularly described as follows:
>
> Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to a point; thence N. 62° 48' W a distance of 586 feet more or less to a point; thence S 27° 12' W a distance of 300 feet to a point; thence S 62° 48' E a distance of 586 feet more or less to a point; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to an from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee th right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

III.

The term of this lease shall be for a period of three (3) months, commencing July 29, 1980 and terminating October 28, 1980. Lessee agrees to pay Lessor as rental for said demised premises the sum of Twenty Thousand Dollars ($20,000) for the three-month period aforesaid, however, if Lessee exercises its option to renew as hereinafter provided, said Twenty Thousand Dollars ($20,000) rent shall apply to one full year tenancy under this lease expiring July 28, 1981.

IV.

Lessee shall have the option of extending this lease for a total of not more than One (1) Nine (9) year and Nine (9) months period and Two (2) Five (5) year periods, upon the same terms and conditions which were in effect during the original term. The rental to be paid during the Nine (9) year Nine (9) months period shall be the sum of Twenty Thousand Dollars ($20,000) per year, payable yearly in advance. The rental during the Two (2) Five (5) year renewal periods shall be negotiated in good faith between the parties hereto, such negotiations to commence six months prior to the expiration of the then current term.

Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

In order to exercise any of said extension options, Lessee shall give to Lessor a written notice at least thirty (30) days prior to the expiration of the then current period, and the sending of such notice shall constitute the renewal and extension of this lease in accordance with the terms of such renewal option so exercised, without the necessity of the execution of a separate renewal lease.

Exhibit D
Castex Development - Title and Lease History - 000692

V.

At the conclusion of said lease, Lessee shall within 60 days remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable. Should Lessee not remove the property within 60 days then Lessee shall pay Lessors a pro rata of the rent for each month or a fraction thereof until the property is removed.

VI.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VII.

That at the present time there is a road maintained by Lessee through Lessor's property which affords Lessee ingress and egress to public roads, and Lessee agrees to maintain said private road in a reasonable state of repair, and should Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessor's property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VIII.

Lessee shall be fully responsible for all of its operations on the hereinabove described property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

IX.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

X.

The effective date of this lease shall be July 29, 1980, notwithstanding the dates which each party hereto has executed this lease.

XI.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

MARK W. BOUDREAUX	6.25%
WAYNE BOUDREAUX	6.25%
CASTEX M. BOUDREAUX	12.5%

425213

and

AMOCO OIL COMPANY, a Maryland corporation, hereinafter referred to as "Lessee", 6 Executive Park Drive, Atlanta, Georgia 30329

WITNESSETH:

I.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 300 feet along the river by a depth of 586 feet more or less, and more particularly described as follows:

Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to a point; thence N. 62° 48' W a distance of 586 feet more or less to a point; thence S 27° 12' W a distance of 300 feet to a point; thence S 62° 48' E a distance of 586 feet more or less to a point; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to an from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee the right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

III.

The term of this lease shall be for a period of three (3) months, commencing July 29, 1980 and terminating October 28, 1980. Lessee agrees to pay Lessor as rental for said demised premises the sum of Twenty Thousand Dollars ($20,000) for the three-month period aforesaid, however, if Lessee exercises its option to renew as hereinafter provided, said Twenty Thousand Dollars ($20,000) rent shall apply to one full year tenancy under this lease expiring July 28, 1981.

IV.

Lessee shall have the option of extending this lease for a total of not more than One (1) Nine (9) year and Nine (9) months period and Two (2) Five (5) year periods, upon the same terms and conditions which were in effect during the original term. The rental to be paid during the Nine (9) year Nine (9) months period shall be the sum of Twenty Thousand Dollars ($20,000) per year, payable yearly in advance. The rental during the Two (2) Five (5) year renewal periods shall be negotiated in good faith between the parties hereto, such negotiations to commence six months prior to the expiration of the then current term.

Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

In order to exercise any of said extension options, Lessee shall give to Lessor a written notice at least thirty (30) days prior to the expiration of the then current period, and the sending of such notice shall constitute the renewal and extension of this lease in accordance with the terms of such renewal option so exercised, without the necessity of the execution of a separate renewal lease.

V.

At the conclusion of said lease, Lessee shall within 60 days remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable. Should Lessee not remove the property within 60 days then Lessee shall pay Lessors a pro rata of the rent for each month or a fraction thereof until the property is removed.

VI.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VII.

That at the present time there is a road maintained by Lessee through Lessor's property which affords Lessee ingress and egress to public roads. and Lessee agrees to maintain said private road in a reasonable state of repair, and should Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessor's property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VIII.

Lessee shall be fully responsible for all of its operations on the hereinabove described property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

IX.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

X.

The effective date of this lease shall be July 29, 1980, notwithstanding the dates which each party hereto has executed this lease.

XI.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

425214

and

AMOCO OIL COMPANY, a Maryland corporation, hereinafter referred to as "Lessee", 6 Executive Park Drive, Atlanta, Georgia 30329

WITNESSETH:

1.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

> A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 300 feet along the river by a depth of 586 feet more or less, and more particularly described as follows:
>
> Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to a point; thence N. 62° 48' W a distance of 586 feet more or less to a point; thence S 27° 12' W a distance of 300 feet to a point; thence S 62° 48' E a distance of 586 feet more or less to a point; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to an from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee the right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

III.

The term of this lease shall be for a period of three (3) months, commencing July 29, 1980 and terminating October 28, 1980. Lessee agrees to pay Lessor as rental for said demised premises the sum of Twenty Thousand Dollars ($20,000) for the three-month period aforesaid, however, if Lessee exercises its option to renew as hereinafter provided, said Twenty Thousand Dollars ($20,000) rent shall apply to one full year tenancy under this lease expiring July 28, 1981.

IV.

Lessee shall have the option of extending this lease for a total of not more than One (1) Nine (9) year and Nine (9) months period and Two (2) Five (5) year periods, upon the same terms and conditions which were in effect during the original term.. The rental to be paid during the Nine (9) year Nine (9) months period shall be the sum of Twenty Thousand Dollars ($20,000) per year, payable yearly in advance. The rental during the Two (2) Five (5) year renewal periods shall be negotiated in good faith between the parties hereto, such negotiations to commence six months prior to the expiration of the then current term.

Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

In order to exercise any of said extension options, Lessee shall give to Lessor a written notice at least thirty (30) days prior to the expiration of the then current period, and the sending of such notice shall constitute the renewal and extension of this lease in accordance with the terms of such renewal option so exercised, without the necessity of the execution of a separate renewal lease.

V.

At the conclusion of said lease, Lessee shall within 60 days remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable. Should Lessee not remove the property within 60 days then Lessee shall pay Lessors a pro rata of the rent for each month or a fraction thereof until the property is removed.

VI.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VII.

That at the present time there is a road maintained by Lessee through Lessor's property which affords Lessee ingress and egress to public roads, and Lessee agrees to maintain said private road in a reasonable state of repair, and should Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessor's property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VIII.

Lessee shall be fully responsible for all of its operations on the hereinabove described property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

IX.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

X.

The effective date of this lease shall be July 29, 1980, notwithstanding the dates which each party hereto has executed this lease.

XI.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

MARK W. BOUDREAUX	6.25%
WAYNE BOUDREAUX	6.25%
CASTEX M. BOUDREAUX	12.5%
REUBEN RAYMOND BRUCE	13%

ROSE MARIE BOURDIER PETITJEAN	2.0833%
DAVID L. BOURDIER	2.0835%
YVETTE MARIE BOUDREAUX LeFLEUR	12.5%

XII.

All notices given under this lease shall be deemed to be properly served if delivered in writing personally, or sent by certified mail to Lessor at the address shown in the first unnumbered paragraph of this lease or to Lessee at its office at P.O. Box 5077, Atlanta, Georgia 30302. Date of service of a notice served by mail shall be the date on which such notice is depos'ted in a post office of the United States Post Office Department.

XIII.

This agreement may be executed in as many counterparts as may be deemed necessary and when so executed each counterpart shall have the same effect as if all parties had executed the same document.

WITNESS the hands of all parties hereto in the presence of the undersigned witnesses, effective July 29, 1980.

425215

and

AMOCO OIL COMPANY, a Maryland corporation, hereinafter referred to as "Lessee", 6 Executive Park Drive, Atlanta, Georgia 30329

WITNESSETH:

1.

Lessors, for the consideration hereinafter expressed, and on the terms and conditions hereinafter set forth do hereby lease, let and demise unto Lessee, its successors and assigns, the following described property, situated in the Parish of Jefferson Davis, Louisiana, to-wit:

A certain tract of land on the West side of the Mermentau River in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, extending approximately 300 feet along the river by a depth of 586 feet more or less, and more particularly described as follows:

Starting at a point 5771.6 feet East and 3253.8 feet South of the Northwest corner of Section 13, Township 10 South, Range 3 West; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to a point; thence N. 62° 48' W a distance of 586 feet more or less to a point; thence S 27° 12' W a distance of 300 feet to a point; thence S 62° 48' E a distance of 586 feet more or less to a point; thence northeast along the mean low water line on the west bank of the Mermentau River a distance of 150 feet to the point of beginning.

II.

The property herein leased is to be used by Lessee as a site for a loading rack or terminal for the loading or unloading of oil, gasoline, condensates and other petroleum products to an from barges or boats in the Mermentau River, and for the construction, installation and maintenance of storage tanks, fire walls, pipes, pipe lines, buildings, machinery and any other property or equipment necessary or incidental for the said loading rack or terminal, including by way of illustration and not by way of limitation, the right to erect a residence or residences for Lessee's employees if desired, the right to drill a water well or water wells on the leased premises. This is a surface lease only and does not grant to Lessee the right to explore for oil, gas or other minerals - these rights being reserved unto Lessor, provided, however, that Lessor may not use the leased premises for the purpose of conducting operations in search of oil, gas or other minerals.

III.

The term of this lease shall be for a period of three (3) months, commencing July 29, 1980 and terminating October 28, 1980. Lessee agrees to pay Lessor as rental for said demised premises the sum of Twenty Thousand Dollars ($20,000) for the three-month period aforesaid, however, if Lessee exercises its option to renew as hereinafter provided, said Twenty Thousand Dollars ($20,000) rent shall apply to one full year tenancy under this lease expiring July 28, 1981.

IV.

Lessee shall have the option of extending this lease for a total of not more than One (1) Nine (9) year and Nine (9) months period and Two (2) Five (5) year periods, upon the same terms and conditions which were in effect during the original term. The rental to be paid during the Nine (9) year Nine (9) months period shall be the sum of Twenty Thousand Dollars ($20,000) per year, payable yearly in advance. The rental during the Two (2) Five (5) year renewal periods shall be negotiated in good faith between the parties hereto, such negotiations to commence six months prior to the expiration of the then current term.

Lessee's failure to pay punctually any rental installment when due shall give the right to Lessors to terminate said lease or the right to declare all the remaining installments due and exigible.

In order to exercise any of said extension options, Lessee shall give to Lessor a written notice at least thirty (30) days prior to the expiration of the then current period, and the sending of such notice shall constitute the renewal and extension of this lease in accordance with the terms of such renewal option so exercised, without the necessity of the execution of a separate renewal lease.

372

V.

At the conclusion of said lease, Lessee shall within 60 days remove any and all of its property, fixtures, equipment and installations placed by it on said land during the term of this lease or any prior leases to which Lessee succeeded and to restore the premises to the original state as when received, as near as reasonably practicable. Should Lessee not remove the property within 60 days then Lessee shall pay Lessors a pro rata of the rent for each month or a fraction thereof until the property is removed.

VI.

Lessee shall be obligated to obtain all necessary permits from the Government of the United States or any Department thereof, or from the Government of the State of Louisiana, or any Department thereof, should the same be necessary, and Lessors make no warranty to Lessee concerning Lessee's ability or rights to conduct the type of business or operation on the leased premises which it seeks or may seek to do under this lease.

VII.

That at the present time there is a road maintained by Lessee through Lessor's property which affords Lessee ingress and egress to public roads, and Lessee agrees to maintain said private road in a reasonable state of repair, and should Lessee vacate the leased premises, then said road shall be left in its present location in a reasonable state of repair. Lessee shall have the right along the roadway to maintain, repair or remove presently installed telephone or telegraph wire or wires, or electrical wire or wires for the purpose of servicing Lessee's installations. Lessee shall have the right to maintain, repair and remove any pipe lines which it currently has through Lessor's property to Lessee's leased premises hereinabove described, provided, however, no additional pipe lines shall be laid through Lessors' property without Lessors' consent and approval.

VIII.

Lessee shall be fully responsible for all of its operations on the hereinabove described property and agrees to hold Lessors free from any liability which may be caused by Lessee's operations conducted hereunder.

IX.

All provisions hereof shall be binding upon the respective heirs, successors and assigns of Lessors and Lessee.

X.

The effective date of this lease shall be July 29, 1980, notwithstanding the dates which each party hereto has executed this lease.

XI.

That the rentals due hereunder shall be payable to the following named Lessors in the following proportions, to-wit:

MARK W. BOUDREAUX	6.25%

NO. 21,359 : STATE OF LOUISIANA

CASTEX MILTON BOUDREAUX :

FILED: MAR 6 1981 : JERI D. MORIN
DEPUTY CLERK OF COURT

JUDGMENT OF POSSESSION

Considering the petition for possession and the record of this proceeding, satisfactory proof having been submitted to the Court that all inheritance taxes due by the heir and only legatee has been paid, and that there is no necessity for an administration of this succession, the law and evidence entitling petitioner to the relief prayed for, and for the reasons this day orally assigned:

IT IS ORDERED, ADJUDGED AND DECREED that LYDIA M. BOUDREAUX, born McBride, widow of Castex Milton Boudreaux, be and she is hereby recognized as the surviving spouse of the decedent, Castex M. Boudreaux, and as such, she is declared to be the owner of an undivided one-half interest of the property belonging to the community of acquets and gains existing between her and the decedent.

427994

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that Lydia M. Boudreaux, born McBride, widow of Castex Milton Boudreaux, be and she is hereby recognized as the sole and only legatee of the decedent, Castex Milton Boudreaux, and as such, she is hereby declared to be the owner and hereby sent into possession of all of the property and estate belonging to the decedent.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the property belonging to the estate of the decedent includes, but is not limited to, the following described property, to-wit:

I. Separate property

1. (a) An undivided one-fourth (¼) interest in and to:

A certain tract or parcel of land in Acadia Parish, Louisiana, containing 40 acres, more or less, situated in Irregular Section 25, Township 10 South, Range 2 West, more fully described and bounded now or formerly as follows, to-wit: Bounded on the Northeast by lands of A. C. Boudreaux Estate; Southwest by lands of Ray Richard, formerly Martin Richard and/or West line of said Section 25, Northwest by lands of F. Gotreaux, and Southeast by lands of Charles T. Duhon Estate.

(b) An undivided one-fourth (¼) interest in and to:

That certain tract of land containing 84 acres, more or less, situated in Acadia Parish, Louisiana, and located in Section 25, Township 10 South, Range 2 West, La. Mer., Acadia Parish, Louisiana, and bounded Northeast by the Latrielle Estate, Inc., Southeast by Rosa Belle Duhon, Southwest by Mrs. Rosa Boudreaux, Gus Godeaux and Frank R. Burris, et als, and Northwest by the Mermentau River, together with all the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from Albert Green by deed bearing File No. 34274 and recorded in Conveyance Book S-2, at page 274, records of Acadia Parish, Louisiana

2. An undivided one-fourth (¼) interest in and to:

A certain tract or parcel of land containing 7.5 acres, more or less, situated in Irregular Section 24, Township 10 South, Range 2 West, in Acadia Parish, Louisiana and more fully described as bounded now or formerly as follows, to-wit: Bounded on the Northeast by East line of said Section 24, Southwest by lands of the Texas Company; Southeast by lands of Ray Richard, formerly Martin Richard and Northwest by lands of the Texas Company

3. An undivided one-fourth (¼) interest in and to:

That certain tract of land containing 20 acres, more or less, situated in the Southeast Quarter of Section 72, Township 10 South, Range 2 West, La. Mer., Acadia Parish, Louisiana, bounded now or formerly as follows: North by Arthur Crawford and the Estate of Thomas V. Crawford; East by Alphee Simon; South by Mrs. Arthur Crawford and the Estate of Thomas V. Crawford.

4. An undivided one-fourth (¼) interest in and to:

That certain tract of land containing 18.75 acres, more or less, situated in Section 1, Township 11 South, Range 2 West, La. Mer., Acadia Parish, Louisiana, bounded now or formerly as follows: North by F. P. Breaux and Arthur Crawford and Estate of Thomas V. Crawford; East by Clemile Trahan and West by the Estate of J. S. Mauboules

5. An undivided one-sixth (1/6) interest in and to:

Lot 6 of Block 11; Lot 9 of Block 34; Lots 4, 5, 6 and 7 of Block 35; and Lot 1 of Block 40, all in the Village of Mermentau, Acadia Parish, Louisiana

6. An undivided one-fourth (¼) interest in and to:

That certain tract of land containing 54 acres, more or less, situated in Acadia Parish, Louisiana, and located in the Northwest Quarter of Section 5, Township 11 South, Range 2 West, La. Mer., bounded North by Oneal Legros Estate, East by Alphee LeBlanc Estate; South by Jules S. Mauboules Estate, and West by Jerry S. Ashley, Joseph Jeanise and Lula H. Jeanise, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing File No. 97203, recorded in Conveyance Book Q-4, page 159, records of Acadia Parish, Louisiana

7. An undivided one-fourth (¼) interest in and to:

That certain tract of land containing Five (5) acres, more or less, situated in Acadia Parish, Louisiana, and located in Section 7, Township 11 South, Range 2 West, La. Mer., and bounded North by Romain and Oday LeBlanc and August Benoit, and P. C. Smith Estate, and Mrs. Prevost LeBlanc; East by Pierre Trahan; South by Texas Company and West by Romain and Oday LeBlanc and August Benoit and P. C. Smith Estate. Said property having been acquired by Adolph C. Boudreaux from the Succession of Aurelien LeBlanc by deed bearing File No. 97203, recorded in Conveyance Book Q-4, page 159, records of Acadia Parish, Louisiana

8. An undivided one-twelfth (1/12) interest in and to:

That certain tract of land containing 20 acres, more or less, situated in Section 61, Township 10 South, Range 2 West, in Acadia Parish, Louisiana, bounded North, East, South and West by Lovic C. Desormeaux

9. An undivided one-fourth (¼) interest in and to:

Lots 10 and 11 of Block 6 of Richard Subdivision of Lot 3 of Section 14, Township 10 South, Range 2 West, La. Mer., situated in Jefferson Davis Parish, Louisiana, together with the improvements thereon situated. Said property having been acquired by Adolph C. Boudreaux from John Campbell, by deed bearing File No. 78142, recorded in Conveyance Book No. 48, at page 522, records of Jefferson Davis Parish, Louisiana

10. An undivided one-eighth (1/8) interest in and to the following:

That tract of property in Jefferson Davis Parish, Louisiana, with all improvements thereon located and situated; together with all of the oil, gas and minerals underlying, or which may be produced therefrom, together with that oil, gas and other mineral royalty right equal to 3/32 or .093750 of the whole of all oil, gas and other minerals which may be produced from the whole of said tract which contains 1,125.35 acres, more or less, the whole of said tract of land is described as follows, to-wit:

(a) Section 39, Township 10 South, Range 3 West, La. Mer., except that portion lying in triangular form West of the East boundary line of Section 14 if extended through said Section 39; (b) Lot 2 of Fractional Section 13 in Township 10 South, of Range 3 West, La. Mer., (c) Section 17 in Township 10 South, of Range 2 West, La. Mer., except the 328 acres, more or less, of swamp timber land lying in the Eastern portion thereof, which was sold by Jean Castex and others to A. S. Alston & Co., on February 14, 1922, by deed recorded in Jefferson Davis Parish, and which is shown by a plat of survey made by E. J. Mead, C.E., dated in (1921); including the two tracts of prairie land along the North line of said swamp land, one of said tracts containing 16.5 acres, more or less, and the other 5.5 acres, more or less, which two tracts were not included in the aforesaid sale to A. S. Alston & Co., and (d) Section 18 in Township 10 South, of Range 2 West, La. Mer., lying between the Southeast corner of the foredescribed Section 39 on the West and the Mermentau River on the

East, all as per plat showing the above described property attached to Act No. 81759, by which Albert Sidney Johnson and Adolph C. Boudreaux acquired the said property from Jean Castex, Jr., and which act is recorded in Jefferson Davis Parish, Louisiana, LESS AND EXCEPT AND NOT INCLUDED in the aforedescribed tract is the surface only of those 10 acre parcels of property described as follows and designated as "First" and "Second", to-wit:

First. That ten acre parcel of land situated in Section 18, Township 10 South, Range 2 West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolph C. Boudreaux to Pelican Oil Purchasers, Inc., by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit:

Starting at the Northwest corner of Section 18, Township 10 South, Range 2 West, at a one-and-a-quarter (1¼") inch galvanized iron pipe on the right descending bank of the Mermentau River on the line between Township 10 South, Range 2 and 3 West; thence South 51° 13' East, 276.5 feet; thence South 53° 00' East, 600 feet to a one-and-a-quarter (1¼") inch galvanized pipe, the lower front corner of the Robira Ten (10) acre tract for a point of beginning; thence following the right bank of the Mermentau River South 65° 30' East, 450 feet; thence South 84° 00' East, 250 feet; thence leaving the River and running South 37° 00' West, 693.5 feet; thence North 72° 06' West, 691.5 feet to lower side line of the Robira ten acre tract; thence following said line North 37° 00' East, 693.5 feet to place of beginning and containing ten acres; as per plat by F. Shutts Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by ten acre tract owned by John J. Robira, his widow, heirs and assigns, on the West by other land of Albert Sidney Johnson and Adolph C. Boudreaux.

Second. That certain parcel of land comprising ten acres, more or less, situated in Section 18, Township 10 South, Range 2 West, and in Section 39, Township 10 South, Range 3 West, which was conveyed by Albert Sidney Johnson and Adolph C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, page 101, of the records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the corner between Section 18, Township 10 South, Range 3 West, said corner being on the right descending bank of the Mermentau River; thence South 37° West, 368 feet to a one-and-a-quarter (1¼") inch galvanized pipe; thence South 53° East, 272.4 feet to the line between Section 18, Township 10 South, Range 2 West, and Section 39, Township 10 South, Range 3 West, 921 feet South of the corner between the two said Sections; thence South 53° East, 327.6 feet to a one-and-a-quarter (1¼") inch galvanized iron pipe; thence North 37° East, 726 feet to a one-and-a-quarter (1¼") inch galvanized pipe on the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1¼") inch galvanized iron pipe; thence South 37° West, 358 feet to the point of beginning and containing ten acres.

11. An undivided one-fourth (¼) interest in and to:

Lot 621 in the Subdivision of the North half of Southeast Quarter of Southwest Quarter of Section 30, Township 9 South, Range 10 West, La. Mer., acquired by Adolph C. Boudreaux from Mutual Sulphur Oil Co. by deed bearing File No. 32606, recorded in Conveyance Book 151, page 437, records of Calcasieu Parish, Louisiana, situated in Calcasieu Parish, Louisiana

II. Community property

1. The following described property situated in the City of Lake Charles, Parish of Calcasieu, State of Louisiana, to-wit:

Lot Twenty-four (24) of Block Nine (9) of Edgemont, a subdivision in the City of Lake Charles, Louisiana, as per plat recorded, together with all improvements thereon situated

2. 40 shares of stock in Hunter Huddle Company, Inc. valued at $100.00 per share

3. Calcasieu Marine National Bank Savings Time Certificate No. 18444, dated November 4, 1980, in the name of Mrs. Castex Boudreaux

4. First Federal Savings & Loan Association, Lake Charles, Louisiana, 30 months Money Market Certificate No. 910631 dated June 18, 1980, in the name of Mr. or Mrs. Castex Boudreaux

5. Checking Account in Calcasieu Marine National Bank, Lake Charles, Louisiana, in name of Mrs. Castex Boudreaux Special Account, being Customer No. 01205137,

6. Miscellaneous household goods and personal items

IT IS FURTHER ORDERED that all banks, trust companies, insurance companies, savings and loan associations, and all other persons, partnerships, unincorporated associations, or corporations, or anyother person or entity having on deposit or in their possession, under their control, any money credits, stocks, dividends, bonds, or anyother property belonging to the succession of the deceased, CASTEX MILTON BOUDREAUX, is hereby required and ordered to deliver or transfer same to Lydia M. Boudreaux, born McBride.

JUDGMENT READ AND SIGNED in Chambers in Lake Charles, Louisiana, on this 6 day of March, 1981.

YVETTE MARIE BOUDREAUX LEFLEUR TO LYNAL, INC. OGML

370

FORM 42 CPM—NEW SOUTH LOUISIANA REVISED FOUR 141—FOOLING REVISED "A"

431253.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of JULY 21, 1981

by and between YVETTE MARIE BOUDREAUX LEFLEUR, wife of Elmer L. LeFleur, whose address is P. O. Box 1893, Marshal, Texas 75670

herein called "Lessor" (whether one or more) and LYNAL, INC., P. O. Box 52185, Lafayette, Louisiana 70505

hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of ONE HUNDRED DOLLARS AND OTHER VALUABLE ($100.00 & OVO hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

SECTION 39, TOWNSHIP 10 SOUTH, RANGE 3 WEST
SECTIONS 17 and 18, TOWNSHIP 10 SOUTH, RANGE 2 WEST

431253

All of the lands acquired by Albert Sidney Johnson and Adolphe C. Boudreaux from Jean Castex, Jr. by Act of Sale dated April 30, 1934, recorded under File No. 81759 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar, and only insofar, as said lands fall and lie east of a north-south line having a Lambert Coordinate of X = 1,591,150 feet; LESS AND EXCEPT, however, all lands situated within the geographical boundaries of the following described units:

(1) HET 1 SUA created by Louisiana Department of Conservation Order No. 101-E, effective December 1, 1962;

(2) 10,200 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-C, effective April 1, 1962, as amended by Order No. 101-C-1, effective December 9, 1971; LESS AND EXCEPT all rights below the stratigraphic equivalent of the top of the 10,600 foot sand as defined in Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962, insofar and only insofar, as said rights underlie a tract of land containing 70.51 acres situated in Section 39, Township 10 South, Range 3 West, and more fully described in an oil and gas lease dated July 6, 1971, granted to Ruffin T. Lowry and recorded in Conveyance Book 358, at Page 846, under File No. 352892, Records of Jefferson Davis Parish, Louisiana, said rights under said tract being leased herein.

(3) 10,600 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962.

And, also, LESS AND EXCEPT, the following described tracts:

(1) That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by P. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

(2) That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 Feet to a one-and-a-quarter (1¼1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Wherever the designation "one-eighth (1/8)" appears in paragraph 7 below, the designation "one-fifth (1/5)" shall be substituted therefor.

Notwithstanding provisions of paragraph 7 herein to the contrary, the price to be used in computing the market value of gas shall be the price received by Lessee under an arms' length gas sales contract prudently negotiated in the light of the facts and circumstances existing at the time of consummation of such contract; provided, however, should Lessee by virtue of any order by any regulatory body, state or federal, receive less than the price provided for in any gas sales contract entered into by Lessee, such lessee price shall be used in such computation.

The contrary herein notwithstanding, it is distinctly understood that Lessee, his heirs and assigns, will at the conclusion of any and all operations hereunder, return the land hereinabove described to its original condition as reasonably possible; and moreover, prior to any excavation into the surface of the above described property, the top soil shall be first removed or bulldozed and stacked, or bulldozed into a pile on the premises and at the conclusion of the use of the excavation, said excavation shall be backfilled, after removing all chemical mud or drilling mud, and said top soil remaining in this stack or pile shall be spread over said backfill as evenly as prudently possible under the then existing conditions.

RECEIVED AND FILED
1981 AUG 20 PM 1:31
CLERK OF COURT
JEFFERSON DAVIS PARISH

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 450.84 acres, whether it actually comprises more or less.

This lease shall be for a term of Three (3) years and No (0) months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on August 11, 1982, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned, and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods, ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the SEE ATTACHED RENTAL DIVISION ORDER Bank of , which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall affect the rights of others.

10. Lessor hereby warrants the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. Anything to the contrary herein notwithstanding, it is provided that if any portion of the lands held hereunder should be unitized with other lands, then said drilling or reworking operations on or unit production from any unit shall only maintain this lease as to the land included in such unit. It is further provided, however, that when this lease is being maintained as to a unit or units by such unit operations or production, lessee's rights hereunder may also be maintained as to all or any part of the land not included in any such unit by rental payments as to such outside land, or by non-unit drilling or reworking operations or non-unitized production (whether the well is within or without the boundaries of a unit), in the same manner as is herein elsewhere provided for maintaining lessee's rights hereunder; and lessee's rights as to such outside land may be so maintained by rental payments during and for TWO years after the end of the primary term of this lease. In connection with the foregoing, it is also provided that if lessee's rights are not being separately maintained as to the acreage outside of such unit or units on the date of the commencement of the unit operations or of the unit production, whichever occurs first, then such commencement date shall be considered equivalent to a date of cessation of production from such outside lands for the purpose of fixing the delay for the payment of rentals or for beginning operations or production thereon. It is also further provided that utilization of any portion of the lands held hereunder shall not affect lessee's right to maintain this lease by shut-in gas payments as herein elsewhere provided for; but any such shut-in payment so made (whether the shut-in well be within or without a unit) shall be based on and shall maintain lessee's rights in all the land held hereunder except any part of said land or to which this lease is being separately maintained by operations, production or rental payments as heretofore provided for in this paragraph.

The consideration paid by Lessee is accepted as full and adequate consideration for all rights, options and privileges herein granted.

This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective Lessor designates the bank named opposite his or her name as the depositary for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of JULY 21 19 81

by and between

BERNICE FOREMAN BOUDREAUX, widow of Mark A. Boudreaux, whose address is 3823 Fox Run Drive, Apt. 1329, Cincinnati, Ohio 45236.

MARK W. BOUDREAUX, husband of Jennell Guidry, whose address is 260 Petworth Court, Cincinnati, Ohio 45236.

WAYNE BOUDREAUX, husband of Vera Breaux, whose address is 1165 Ivanhoe Drive, N. Muskegan, Michigan 49445.

LYDIA MCBRIDE BOUDREAUX, widow of Castex M. Boudreaux, whose address is 1313 Tenth St., Lake Charles, Louisiana 70601.

REUBEN RAYMOND BRUCE, husband of Marie Simoneaux, whose address is 439 East Academy Ave., Jennings, Louisiana 70546.

WORRELL B. JOHNSON, husband of Dora Gary, whose address is P. O. Box 388, Welsh, Louisiana 70591.

MRS. ORA JOHNSON MIGUEZ, wife of Adam Miguez, whose address is 114 Davies Street, Jennings, Louisiana 70546.

O. W. JOHNSON, JR., divorced from Carolyn Leonard, whose address is P. O. Box 747, Welsh, Louisiana 70591.

RICHARD W. JOHNSON, husband of Nancy Watkins Johnson, whose address is P. O. Box 190, Welsh, Louisiana 70591.

ALBERT SIDNEY JOHNSON, III, husband of Agnes Saulnier, whose address is 7805 Windfron, Parker, Colorado 80134.

SANDRA LYNN TRAHAN, divorced from Markham Trahan, whose address is 230 Village Lane, Lafayette, Louisiana 70506.

MILTON F. BOURDIER, husband of Margaret Badgley, whose address is 13720 Web Lane, Sugarland, Texas 77478.

ALFRED C. BOURDIER, husband of Gayle Hoffpauir, whose address is Route 11, Box 932, Lake Charles, Louisiana 70601.

LYNN H. BOURDIER, husband of Eva Cutright, whose address is 416 Julius St., Lake Charles, Louisiana 70601.

BERNADINE BOURDIER ZIBILICH, widow of William Zibilich, whose address is 125 Valentine Drive, Avondale, Louisiana 70094.

ROSE MARIE BOURDIER PETITJEAN, wife of Lee J. Petitjean, whose address is 1451 Chateau Circle N., Lake Charles, Louisiana 70605.

DAVID L. BOURDIER, husband of Janet Robichaux, whose address is P. O. Box 762, Patterson, Louisiana 70392.

YVETTE MARIE BOUDREAUXLEFLEUR, wife of Elmer L. LeFleur, whose address is P. O. Box 1893, Marshall, Texas 75670

herein called "Lessor" (whether one or more) and LYNAL, INC., P. O. BOX 52185, LAFAYETTE, LOUISIANA 70505 hereinafter called "Lessee", witnesseth, that:

/CONSIDERATION

Lessor, in consideration of the sum of ONE HUNDRED DOLLARS AND OTHER VALUABLE ($100.00 & OVC hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in JEFFERSON DAVIS Parish, Louisiana, and described as follows, to-wit:

In Township 10 South, Range 3 West in Section 39 and Township 10 South, Range 2 West in Sections 17 and 18.

All of the lands acquired by Albert Sidney Johnson and Adolphe C. Boudreaux from Jean Castex, Jr. by Act of Sale dated April 30, 1934, recorded under File No. 81759 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar, and only insofar, as said lands fall and lie east of a north-south line having a Lambert Coordinate of X = 1,591,150 feet; LESS AND EXCEPT, however, all lands situated within the geographical boundaries of the following described units:

(1) HET 1 SUA created by Louisiana Department of Conservation Order No. 101-E, effective December 1, 1962.

(2) 10,200 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-C, effective April 1, 1962, as amended by Order No. 101-C-1, effective December 9, 1971; LESS AND EXCEPT all rights below the stratigraphic equivalent of the top of the 10,600 foot sand as defined in Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962, insofar and only insofar, as said rights underlie a tract of land containing 70.51 acres situated in Section 39, Township 10 South, Range 3 West, and more fully described in an oil and gas lease dated July 6, 1971, granted to Ruffin T. Lowry and recorded in Conveyance Book 358, at Page 846, under File No. 352892, Records of Jefferson Davis Parish, Louisiana, said rights under said tract being leased herein.

(3) 10,600 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962.

And, also, LESS AND EXCEPT, the following described tracts:

(1) That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

431254

(2) That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 Feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Wherever the designation "one-eighth (1/8)" appears in paragraph 7 below, the designation "one-fifth (1/5)" shall be substituted therefor.

Notwithstanding provisions of paragraph 7 herein to the contrary, the price to be used in computing the market value of gas shall be the price received by Lessee under an arms' length gas sales contract prudently negotiated in the light of the facts and circumstances existing at the time of consummation of such contract; provided, however, should Lessee by virtue of any order by any regulatory body, state or federal, receive less than the price provided for in any gas sales contract entered into by Lessee, such lessee price shall be used in such computation.

The contrary herein notwithstanding, it is distinctly understood that Lessee, his heirs and assigns, will at the conclusion of any and all operations hereunder, return the land hereinabove described to its original condition as reasonably possible; and moreover, prior to any excavation into the surface of the above described property, the top soil shall be first removed or bulldozed and stacked, or bulldozed into a pile on the premises and at the conclusion of the use of the excavation, said excavation shall be backfilled, after removing all chemical mud or drilling mud, and said top soil remaining in this stack or pile shall be spread over said backfill as evenly as prudently possible under the then existing conditions.

379

RECEIVED AND FILED
1988 AUG 20 PM 1:34
CLERK OF COURT
JEFFERSON COUNTY, TEXAS

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 450.84 acres, whether it actually comprises more or less.

This lease shall be for a term of THREE (3) years and NO months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on JULY 21 19 82 unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the SEE ATTACHED RENTAL DIVISION ORDER of which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee, at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation the unit or units shall thereby become effective as to any and all tracts embraced therein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another, and during the primary term such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 350 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall affect the rights of others.

10. Lessor hereby warrants the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding to others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title, and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. Anything to the contrary herein notwithstanding, it is provided that if any portion of the lands held hereunder should be unitized with other lands, then unit drilling or reworking operations on or unit production from any unit shall only maintain this lease as to the land included in such unit. It is further provided, however, that when this lease is being maintained as to a unit or units by such unit operations or production, lessee's rights hereunder may also be maintained as to all or any part of the land not included in any such unit by rental payments as to such outside land, or by non-unit drilling or reworking operations or non-unitized production (whether the well is within or without the boundaries of a unit), in the same manner as it herein elsewhere provided for maintaining lessee's rights hereunder, and lessee's rights as to such outside land may be so maintained by rental payments during and for TWO (2) years after the end of the primary term of this lease. In connection with the foregoing, it is also provided that if lessee's rights are not being separately maintained as to the acreage outside of such unit or units on the date of the commencement of the unit operations or of the unit production, whichever occurs first, then such commencement date shall be considered equivalent to a date of cessation of production from such outside lands for the purpose of fixing the delay for the payment of rentals or for beginning operations or production thereon. It is also further provided that cessation of any portion of the lands held hereunder shall not affect lessee's right to maintain this lease by shut-in gas payments as herein elsewhere provided for, but any such shut-in payment so made (whether the shut-in well be within or without a unit) shall be based on and shall maintain lessee's rights in all the land held hereunder except any part of said land as to which this lease is being separately maintained by operations, production or rental payments as heretofore provided for in this paragraph.

The consideration paid by Lessee is accepted as full and adequate consideration for all rights, options and privileges herein granted.

This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective Lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of JULY 21 1981

by and between YVETTE MARIE BOUDREAUX LEFLEUR, wife of Elmer L. LeFleur, whose address is P. O. Box 1893, Marshal, Texas 75670

herein called "Lessor" (whether one or more) and LYNAL, INC., P. O. Box 52185, Lafayette, Louisiana 70505

hereinafter called "Lessee", witnesseth, that: /CONSIDERATION

Lessor, in consideration of the sum of ONE HUNDRED DOLLARS AND OTHER VALUABLE ($100.00 & OVC, hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

SECTION 39, TOWNSHIP 10 SOUTH, RANGE 3 WEST
SECTIONS 17 and 18, TOWNSHIP 10 SOUTH, RANGE 2 WEST

All of the lands acquired by Albert Sidney Johnson and Adolphe C. Boudreaux from Jean Castex, Jr. by Act of Sale dated April 30, 1934, recorded under File No. 81759 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar, and only insofar, as said lands fall and lie east of a north-south line having a Lambert Coordinate of X = 1,591,150 feet; LESS AND EXCEPT, however, all lands situated within the geographical boundaries of the following described units:

(1) HET 1 SUA created by Louisiana Department of Conservation Order No. 101-E, effective December 1, 1962.

(2) 10,200 foot Sand Unit created by Louisiana Department of Conservation Order No.101-C, effective April 1, 1962, as amended by Order No. 101-C-1, effective December 9, 1971; LESS AND EXCEPT all rights below the stratigraphic equivalent of the top of the 10,600 foot sand as defined in Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962, insofar and only insofar, as said rights underlie a tract of land containing 70.51 acres situated in Section 39, Township 10 South, Range 3 West, and more fully described in an oil and gas lease dated July 6, 1971, granted to Ruffin T. Lowry and recorded in Conveyance Book 358, at Page 846, under File No. 352892, Records of Jefferson Davis Parish, Louisiana, said rights under said tract being leased herein.

(3) 10,600 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962.

And, also, LESS AND EXCEPT, the following described tracts:

431253

(1) That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

(2) That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 Feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Wherever the designation "one-eighth (1/8)" appears in paragraph 7 below, the designation "one-fifth (1/5)" shall be substituted therefor.

Notwithstanding provisions of paragraph 7 herein to the contrary, the price to be used in computing the market value of gas shall be the price received by Lessee under an arms' length gas sales contract prudently negotiated in the light of the facts and circumstances existing at the time of consummation of such contract; provided, however, should Lessee by virtue of any order by any regulatory body, state or federal, receive less than the price provided for in any gas sales contract entered into by Lessee, such lessee price shall be used in such computation.

The contrary herein notwithstanding, it is distinctly understood that Lessee, his heirs and assigns, will at the conclusion of any and all operations hereunder, return the land hereinabove described to its original condition as reasonably possible; and moreover, prior to any excavation into the surface of the above described property, the top soil shall be first removed or bulldozed and stacked, or bulldozed into a pile on the premises and at the conclusion of the use of the excavation, said excavation shall be backfilled, after removing all chemical mud or drilling mud, and said top soil remaining in this stack or pile shall be spread over said backfill as evenly as prudently possible under the then existing conditions.

CLERK OF COUNTY COURT
JEFFERSON PARISH

372

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 450.84 acres, whether it actually comprises more or less.

This lease shall be for a term of Three (3) years and No (0) months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on August 11, 1982, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the SEE ATTACHED RENTAL DIVISION ORDER Bank of _____ which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall affect the rights of others.

10. Lessor hereby warrants the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. Anything to the contrary herein notwithstanding, it is provided that if any portion of the lands held hereunder should be unitized with other lands, then unit drilling or reworking operations on or unit production from any unit shall only maintain this lease as to the land included in such unit. It is further provided, however, that when this lease is being maintained as to a unit or units by such unit operations or production, lessee's rights hereunder may also be maintained as to all or any part of the land not included in any such unit by rental payments as to such outside land, or by non-unit drilling or reworking operations or non-unitized production (whether the well is within or without the boundaries of a unit), in the same manner as is herein elsewhere provided for maintaining lessee's rights hereunder; and lessee's rights as to such outside land may be so maintained by rental payments during and for ..... TWO years after the end of the primary term of this lease. In connection with the foregoing, it is also provided that if lessee's rights are not being separately maintained as to the acreage outside of such unit or units on the date of the commencement of the unit operations or of the unit production, whichever occurs first, then such commencement date shall be considered equivalent to a date of cessation of production from such outside lands for the purpose of fixing the delay for the payment of rentals or for beginning operations or production thereon. It is also further provided that unitization of any portion of the lands held hereunder shall not affect lessee's right to maintain this lease by shut-in gas payments as herein elsewhere provided for; but any such shut-in payment so made (whether the shut-in well be within or without a unit) shall be based on and shall maintain lessee's rights in all the land held hereunder except any part of said land as to which this lease is being separately maintained by operations, production or rental payments as heretofore provided for in this paragraph.

The consideration paid by Lessee is accepted as full and adequate consideration for all rights, options and privileges herein granted.

This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective Lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

herein called "Lessor" (whether one or more) and LYNAL, INC., P. O. BOX 52185, LAFAYETTE, LOUISIANA 70505 hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of ONE HUNDRED DOLLARS AND OTHER VALUABLE /CONSIDERATION ($100.00 & OVC) hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in JEFFERSON DAVIS Parish, Louisiana, and described as follows, to-wit:

In Township 10 South, Range 3 West in Section 39 and Township 10 South, Range 2 West in Sections 17 and 18.

All of the lands acquired by Albert Sidney Johnson and Adolphe C. Boudreaux from Jean Castex, Jr. by Act of Sale dated April 30, 1934, recorded under File No. 81759 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar, and only insofar, as said lands fall and lie east of a north-south line having a Lambert Coordinate of X = 1,591,150 feet; LESS AND EXCEPT, however, all lands situated within the geographical boundaries of the following described units:

(1) HET 1 SUA created by Louisiana Department of Conservation Order No. 101-E, effective December 1, 1962.

(2) 10,200 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-C, effective April 1, 1962, as amended by Order No. 101-C-1, effective December 9, 1971; LESS AND EXCEPT all rights below the stratigraphic equivalent of the top of the 10,600 foot sand as defined in Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962, insofar and only insofar, as said rights underlie a tract of land containing 70.51 acres situated in Section 39, Township 10 South, Range 3 West, and more fully described in an oil and gas lease dated July 6, 1971, granted to Ruffin T. Lowry and recorded in Conveyance Book 358, at Page 846, under File No. 352892, Records of Jefferson Davis Parish, Louisiana, said rights under said tract being leased herein.

(3) 10,600 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962.

And, also, LESS AND EXCEPT, the following described tracts:

(1) That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

431254

(2) That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 Feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Wherever the designation "one-eighth (1/8)" appears in paragraph 7 below, the designation "one-fifth (1/5)" shall be substituted therefor.

Notwithstanding provisions of paragraph 7 herein to the contrary, the price to be used in computing the market value of gas shall be the price received by Lessee under an arms' length gas sales contract prudently negotiated in the light of the facts and circumstances existing at the time of consummation of such contract; provided, however, should Lessee by virtue of any order by any regulatory body, state or federal, receive less than the price provided for in any gas sales contract entered into by Lessee, such lessee price shall be used in such computation.

The contrary herein notwithstanding, it is distinctly understood that Lessee, his heirs and assigns, will at the conclusion of any and all operations hereunder, return the land hereinabove described to its original condition as reasonably possible; and moreover, prior to any excavation into the surface of the above described property, the top soil shall be first removed or bulldozed and stacked, or bulldozed into a pile on the premises and at the conclusion of the use of the excavation, said excavation shall be backfilled, after removing all chemical mud or drilling mud, and said top soil remaining in this stack or pile shall be spread over said backfill as evenly as prudently possible under the then existing conditions.

RECEIVED AND FILED
1981 AUG 20 PM 1:34
CLERK OF COURT
JEFFERSON COUNTY, TEXAS

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 450.84 acres, whether it actually comprises more or less.

This lease shall be for a term of THREE (3) years and NO months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on JULY 21, 1982, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the SEE ATTACHED RENTAL DIVISION ORDER of which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within ~~330~~ 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall affect the rights of others.

10. Lessor hereby warrants the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. Anything to the contrary herein notwithstanding, it is provided that if any portion of the lands held hereunder should be unitized with other lands, then unit drilling or reworking operations on or unit production from any unit shall only maintain this lease as to the land included in such unit. It is further provided, however, that when this lease is being maintained as to a unit or units by such unit operations or production, lessee's rights hereunder may also be maintained as to all or any part of the land not included in any such unit by rental payments as to such outside land, or by non-unit drilling or reworking operations or non-unitized production (whether the well is within or without the boundaries of a unit), in the same manner as is herein elsewhere provided for maintaining lessee's rights hereunder; and lessee's rights as to such outside land may be so maintained by rental payments during and for TWO (2) years after the end of the primary term of this lease. In connection with the foregoing, it is also provided that if lessee's rights are not being separately maintained as to the acreage outside of such unit or units on the date of the commencement of the unit operations or of the unit production, whichever occurs first, then such commencement date shall be considered equivalent to a date of cessation of production from such outside lands for the purpose of fixing the delay for the payment of rentals or for beginning operations or production thereon. It is also further provided that unitization of any portion of the lands held hereunder shall not affect lessee's right to maintain this lease by shut-in gas payments as herein elsewhere provided for; but any such shut-in payment so made (whether the shut-in well be within or without a unit) shall be based on and shall maintain lessee's rights in all the land held hereunder except any part of said land as to which this lease is being separately maintained by operations, production or rental payments as heretofore provided for in this paragraph.

The consideration paid by Lessee is accepted as full and adequate consideration for all rights, options and privileges herein granted.

This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective Lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT, entered into effective as of JULY 21 19 81

by and between ALBERT SIDNEY JOHNSON, III, husband of Agnes Saulnier, whose address is 7805 windfron, Parker, Colorado 80134

herein called "Lessor" (whether one or more) and LYNAL, INC., P. O. Box 52185, Lafayette, Louisiana 70505

hereinafter called "Lessee", witnesseth, that:

CONSIDERATION

Lessor, in consideration of the sum of ONE HUNDRED DOLLARS AND OTHER VALUABLE ($100.00 & OVC hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

431824

SECTION 39, TOWNSHIP 10 SOUTH, RANGE 3 WEST
SECTIONS 17 and 18, TOWNSHIP 10 SOUTH, RANGE 2 WEST

All of the lands acquired by Albert Sidney Johnson and Adolphe C. Boudreaux from Jean Castex, Jr. by Act of Sale dated April 30, 1934, recorded under File No. 81759 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar, and only insofar, as said lands fall and lie east of a north-south line having a Lambert Coordinate of X = 1,591,150 feet; LESS AND EXCEPT, however, all lands situated within the geographical boundaries of the following described units:

(1) HET 1 SUA created by Louisiana Department of Conservation Order No. 101-E, effective December ', 1962.

(2) 10,200 foot Sand Unit created by Louisiana Department of Conservation Order No.101-C, effective April 1, 1962, as amended by Order No. 101-C-1, effective December 9, 1971; LESS AND EXCEPT all rights below the stratigraphic equivalent of the top of the 10,600 foot sand as defined in Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962, insofar and only insofar, as said rights underlie a tract of land containing 70.51 acres situated in Section 39, Township 10 South, Range 3 West, and more fully described in an oil and gas lease dated July 6, 1971, granted to Ruffin T. Lowry and recorded in Conveyance Book 358, at Page 846, under File No. 352892, Records of Jefferson Davis Parish, Louisiana, said rights under said tract being leased herein.

(3) 10,600 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962.

And, also, LESS AND EXCEPT, the following described tracts:

(1) That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

(2) That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 Feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Wherever the designation "one-eighth (1/8)" appears in paragraph 7 below, the designation "one-fifth (1/5)" shall be substituted therefor.

Notwithstanding provisions of paragraph 7 herein to the contrary, the price to be used in computing the market value of gas shall be the price received by Lessee under an arms' length gas sales contract prudently negotiated in the light of the facts and circumstances existing at the time of consummation of such contract; provided, however, should Lessee by virtue of any order by any regulatory body, state or federal, receive less than the price provided for in any gas sales contract entered into by Lessee, such lessee price shall be used in such computation.

The contrary herein notwithstanding, it is distinctly understood that Lessee, his heirs and assigns, will at the conclusion of any and all operations hereunder, return the land hereinabove described to its original condition as reasonably possible; and moreover, prior to any excavation into the surface of the above described property, the top soil shall be first removed or bulldozed and stacked, or bulldozed into a pile on the premises and at the conclusion of the use of the excavation, said excavation shall be backfilled, after removing all chemical mud or drilling mud, and said top soil remaining in this stack or pile shall be spread over said backfill as evenly as prudently possible under the then existing conditions.

RECEIVED AND FILED
1981 SEP 21 AM 9:03
CLERK OF COURT
HARRIS COUNTY, TEXAS

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 450.84 acres, whether it actually comprises more or less.

This lease shall be for a term of Three (3) years and No (0) months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on August 11, 1982, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the SEE ATTACHED RENTAL DIVISION ORDER Bank of _____ which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall affect the rights of others.

10. Lessor hereby warrants the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. Anything to the contrary herein notwithstanding, it is provided that if any portion of the lands held hereunder should be unitized with other lands, then unit drilling or reworking operations on or unit production from any unit shall only maintain this lease as to the land included in such unit. It is further provided, however, that when this lease is being maintained as to a unit or units by such unit operations or production, lessee's rights hereunder may also be maintained as to all or any part of the land not included in any such unit by rental payments as to such outside land, or by non-unit drilling or reworking operations or non-unitized production (whether the well is within or without the boundaries of a unit), in the same manner as is herein elsewhere provided for maintaining lessee's rights hereunder; and lessee's rights as to such outside land may be so maintained by rental payments during and for TWO (2) years after the end of the primary term of this lease. In connection with the foregoing, it is also provided that if lessee's rights are not being separately maintained as to the acreage outside of such unit or units on the date of the commencement of the unit operations or of the unit production, whichever occurs first, then such commencement date shall be considered equivalent to a date of cessation of production from such outside lands for the purpose of fixing the delay for the payment of rentals or for beginning operations or production thereon. It is also further provided that unitization of any portion of the lands held hereunder shall not affect lessee's right to maintain this lease by shut-in gas payments as herein elsewhere provided for; but any such shut-in payment so made (whether the shut-in well be within or without a unit) shall be based on and shall maintain lessee's rights in all the land held hereunder except any part of said land as to which this lease is being separately maintained by operations, production or rental payments as heretofore provided for in this paragraph.

The consideration paid by Lessee is accepted as full and adequate consideration for all rights, options and privileges herein granted.

This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective Lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

OIL, GAS AND MINERAL LEASE

263

THIS AGREEMENT, entered into effective as of JULY 21 1981

by and between BERNICE FOREMAN BOUDREAUX, widow of Mark A. Boudreaux, whose address is 3823 Fox Run Drive, Apt. 1329, Cincinnati, Ohio 45236; and MARK W. BOUDREAUX, husband of Jennell Guidry, whose address is 2601 Petworth Court, Cincinnati, Ohio 45236 and WAYNE BOUDREAUX, husband of Vera Breaux, whose address is 1165 Ivanhoe Dr., Muskegan, Michigan 49445, the said MARK W. and WAYNE BOUDREAUX joining herein for all purposes.
herein called "Lessor" (whether one or more) and LYNAL, INC., P. O. Box 52185, Lafayette, Louisiana 70505

hereinafter called "Lessee", witnesseth, that:

Lessor, in consideration of the sum of ONE HUNDRED DOLLARS AND OTHER VALUABLE /CONSIDERATION ($100.00 & OVC) hereby leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right of ingress and egress to and from said lands at all times for such purposes, including the right to construct, maintain and use roads and/or canals thereon for operations hereunder and including the right to remove from the land any property placed by Lessee thereon and to draw and remove casing from wells drilled by Lessee on said land; the land to which this lease applies and which is affected hereby being situated in Jefferson Davis Parish, Louisiana, and described as follows, to-wit:

CLERK OF COURT
JEFFERSON DAVIS PARISH, LA.

431825

SECTION 39, TOWNSHIP 10 SOUTH, RANGE 3 WEST
SECTIONS 17 and 18, TOWNSHIP 10 SOUTH, RANGE 2 WEST

All of the lands acquired by Albert Sidney Johnson and Adolphe C. Boudreaux from Jean Castex, Jr. by Act of Sale dated April 30, 1934, recorded under File No. 81759 of the Conveyance Records of Jefferson Davis Parish, Louisiana, insofar, and only insofar, as said lands fall and lie east of a north-south line having a Lambert Coordinate of X = 1,591,150 feet; LESS AND EXCEPT, however, all lands situated within the geographical boundaries of the following described units:

(1) HET 1 SUA created by Louisiana Department of Conservation Order No. 101-E, effective December 1, 1962.

(2) 10,200 foot Sand Unit created by Louisiana Department of Conservation Order No.101-C, effective April 1, 1962, as amended by Order No. 101-C-1, effective December 9, 1971; LESS AND EXCEPT all rights below the stratigraphic equivalent of the top of the 10,600 foot sand as defined in Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962, insofar and only insofar, as said rights underlie a tract of land containing 70.51 acres situated in Section 39, Township 10 South, Range 3 West, and more fully described in an oil and gas lease dated July 6, 1971, granted to Ruffin T. Lowry and recorded in Conveyance Book 358, at Page 846, under File No. 352892, Records of Jefferson Davis Parish, Louisiana, said rights under said tract being leased herein.

(3) 10,600 foot Sand Unit created by Louisiana Department of Conservation Order No. 101-D, effective November 1, 1962.

And, also, LESS AND EXCEPT, the following described tracts:

(1) That ten acre parcel of land situated in Section Eighteen (18), Township Ten (10) South of Range Two (2) West, upon which are situated the terminal facilities of Pelican Oil Purchasers, Inc., and which ten acres were sold by said Albert Sidney Johnson and Adolphe C. Boudreaux to Pelican Oil Purchasers, Inc. by deed dated March 3, 1949, and which ten acre parcel is more particularly described, to-wit: Starting at the Northwest corner of Section Eighteen (18), Township Ten (10) South, Range Two (2) West, at a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River, on the line between Township Ten (10) South, Range Two (2) and Three (3) West; thence South 51° 13' East 276.5 feet; thence South 53° 00' East 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe, the lower front corner of the Robira 10-acre tract for a point of beginning; thence, following the right bank of the Mermentau River South 65° 30' East 450 feet; thence South 84° 00' East 250 feet; thence, leaving the River and running South 37° 00' West 693.5 feet; thence, North 72° 06' West 691.5 feet to lower side line of the Robira 10 acres; thence, following said line North 37° 00' East 693.5 feet to place of beginning and containing ten (10) acres; as per plat by F. Shutts' Sons, Civil Engineers, attached to said deed; said tract of land is bounded on the North by a ten (10) acre tract owned by John J. Robira, his widow, heirs or assigns, on the East by the Mermentau River and on the South and West by other land of Albert Sidney Johnson and Adolphe C. Boudreaux.

(2) That certain parcel of land comprising ten (10) acres, more or less, situated in Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and in Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, which was conveyed by Albert Sidney Johnson and Adolphe C. Boudreaux to Fred Shutts by deed dated March 6, 1936, recorded in Conveyance Book 66, Page 101, of the Records of Jefferson Davis Parish, Louisiana, and is more particularly described as follows, to-wit: Beginning at a point 459 feet South of the Corner between Section Eighteen (18) Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West, said corner being on the right descending bank of the Mermentau River; thence South 37° West 368 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 53° East 272.4 feet to the line between Section Eighteen (18), Township Ten (10) South, Range Two (2) West, and Section Thirty-nine (39), Township Ten (10) South, Range Three (3) West 921 feet South of the corner between the two said Sections; thence, South 53° East 327.6 feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe; thence North 37° East 726 Feet to a one-and-a-quarter (1-1/4") inch galvanized iron pipe on the right descending bank of the Mermentau River; thence North 53° West up the right descending bank of the Mermentau River, 600 feet to a one-and-a-quarter (1-1/4") inch galvanized pipe; thence South 37° West 358 feet to the point of beginning and containing ten (10) acres.

Wherever the designation "one-eighth (1/8)" appears in paragraph 7 below, the designation "one-fifth (1/5)" shall be substituted therefor.

Notwithstanding provisions of paragraph 7 herein to the contrary, the price to be used in computing the market value of gas shall be the price received by Lessee under an arms' length gas sales contract prudently negotiated in the light of the facts and circumstances existing at the time of consummation of such contract; provided, however, should Lessee by virtue of any order by any regulatory body, state or federal, receive less than the price provided for in any gas sales contract entered into by Lessee, such lessee price shall be used in such computation.

The contrary herein notwithstanding, it is distinctly understood that Lessee, his heirs and assigns, will at the conclusion of any and all operations hereunder, return the land hereinabove described to its original condition as reasonably possible; and moreover, prior to any excavation into the surface of the above described property, the top soil shall be first removed or bulldozed and stacked, or bulldozed into a pile on the premises and at the conclusion of the use of the excavation, said excavation shall be backfilled, after removing all chemical mud or drilling mud, and said top soil remaining in this stack or pile shall be spread over said backfill as evenly as prudently possible under the then existing conditions.

All land owned by the Lessor in the above mentioned Section or Sections or Surveys, all property acquired by prescription and all accretion or alluvion attaching to and forming a part of said land are included herein, whether properly or specifically described or not. Whether or not any reduction in rentals shall have previously been made, this lease, without further evidence thereof, shall immediately attach to and affect any and all rights, titles, and interests in the above described land, including reversionary mineral rights, hereafter acquired by or inuring to Lessor and Lessor's successors and assigns.

For the purpose of calculating the payments hereinafter provided for, the above described land is estimated to comprise 450.84 acres, whether it actually comprises more or less.

This lease shall be for a term of Three (3) years and No (0) months from the date hereof (called "primary term") and so long thereafter as oil, gas or some other mineral is being produced or drilling operations are conducted either on this land or on acreage pooled therewith, all as hereinafter provided for; all subject to the following conditions and agreements:

1. This lease shall terminate on August 11, 1982, unless on or before said date the Lessee either (1) commences operations for the drilling of a well on the land, or on acreage pooled therewith, in search of oil, gas or other minerals and thereafter continues such operations and drilling to completion or abandonment; or (2) pays to the Lessor a rental of ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land which Lessee elects to continue to hold hereunder, which payment shall maintain Lessee's right in effect as to such land without drilling operations for one year from the date last above mentioned; and Lessee may continue to maintain the rights granted without drilling operations for successive twelve months' periods (during the primary term) by paying Lessor, on or before the beginning of such respective periods ONE HUNDRED TEN Dollars ($ 110.00) per acre for all or that part of the land held hereunder. Payments may be made to Lessor or may be mailed or delivered for deposit to Lessor's credit in the SEE ATTACHED RENTAL DIVISION ORDER Bank of which Bank or its successors shall continue to be the depository for such rentals as the representative of Lessor and Lessor's successors and

assigns; and the death or incapacity of Lessor shall not terminate or affect Lessee's right to continue to deposit all payments in said depository bank or its successor. The mailing of the check or draft of Lessee or Lessee's successors to Lessor at the address set forth above or to the said Bank on or before the rental paying date shall be considered as payment of rental and operate to maintain Lessee's right in force and effect. Should said Bank fail or liquidate, or if it should for any reason fail or refuse to accept Lessee's check or draft, the attempted payment in the manner above provided shall not be thereby rendered ineffective and Lessee shall not be in default for failure to pay said rental until thirty (30) days after Lessor shall have furnished Lessee with a recordable instrument naming a new depository; and this provision shall apply to all such new and subsequently named depositories.

2. Lessee at its option, is hereby given the right and power without any further approval from Lessor to pool or combine the acreage, royalty, or mineral interest covered by this lease, or any portion thereof, with other land, lease or leases, royalty and mineral interests in the immediate vicinity thereof, when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises or to comply with the spacing or unitization order of any Regulatory Body of the State of Louisiana or the United States having jurisdiction. The term "Regulatory Body" shall include any governmental tribunal or group (civil or military) issuing orders governing the drilling of wells or the production of minerals, irrespective of whether said orders are designed to promote conservation or to conserve materials or equipment for National Defense or similar purposes. Such pooling shall be of tracts which will form one contiguous body of land for each unit and the unit or units so created shall not exceed substantially forty (40) acres each, surrounding each oil well and substantially 160 acres each for each gas or gas-distillate well, unless a larger spacing pattern or larger drilling or producing units (including a field or pool unit) have been fixed and established by an order of a Regulatory Body of the State of Louisiana or of the United States, in which event the unit or units may be of the size fixed by said order. Lessee shall execute and record in the Conveyance Records of the Parish in which the land herein leased is situated an instrument identifying and describing the pooled acreage; and upon such recordation, the unit or units shall thereby become effective. In lieu of the royalties elsewhere herein specified and subject to the provisions of Paragraph 10 hereof, Lessor shall receive from production from the unit so pooled only such portion of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein, bears to the total acreage so pooled in the particular unit involved. Drilling or reworking operations on or production of oil, gas, sulphur or other minerals from land included in such pooled unit shall have the effect of continuing this lease in force and effect during or after the primary term as to all of the land covered hereby (including any portion of said land not included in said unit) whether or not such operations be on or such production be from land covered hereby. Any unit formed by Lessee hereunder may be created either prior to or during the drilling or after the completion of the unit well; and separate units may be created for oil and for gas even though the areas thereof overlap. Lessee shall have the right and power to reduce and diminish the extent of any unit created under the terms of this paragraph so as to eliminate from said unit any acreage or lease upon which there is or may be an adverse claim; and Lessee may also re-form any unit to conform with an order of a Regulatory Body issued after said unit was originally established. Such revision of the unit shall be evidenced by an instrument in writing executed by Lessee, which shall identify and describe the lands included in the unit as revised and shall be recorded in conveyance records of the Parish where the lands herein leased are situated.

3. Lessee may, at any time prior to or after the discovery and production of minerals on the land, execute and deliver to Lessor or place of record a release or releases of any portion or portions of the lands and be relieved of all requirements hereof as to the land surrendered, and, if during the primary term, the rental shall not be reduced. In the event of the forfeiture of this lease for any cause, Lessee shall have the right to retain around each well then producing oil, gas or other minerals or being drilled or worked on the number of acres fixed and located by the spacing or unit order of any Regulatory Body of the State of Louisiana or of the United States under which said well is being drilled or produced, or if said well has been or is being drilled on a unit pooled by Lessee as provided herein, then Lessee may retain all of the acreage comprising said pooled unit; and if no spacing order has been issued nor any pooled unit established, then Lessee shall have the right to retain forty (40) acres surrounding each oil well and 160 acres surrounding each gas well then producing or being drilled or worked on, such forty acres or 160 acres to be in as near a square form as is practicable.

4. After beginning operations on the lands or on acreage pooled therewith (or with any part thereof) and prior to the discovery and production of minerals in paying quantities, Lessee may maintain the rights granted during and after the primary term by continuing such operations without the lapse of more than ninety (90) days between abandonment of work on one well and beginning operations for drilling another; and during the primary terms such operations may be discontinued and the rights granted maintained by resuming rental payments, by paying within ninety (90) days from the discontinuance of operations (regardless of the fixed rental paying date) the proportion of the fixed yearly rental that the number of days between the end of said ninety (90) days and the next ensuing rental paying date bears to the twelve months' period; but, if said ninety (90) days should expire during any year for which rentals have been paid, no further rental shall be due until the next fixed rental paying date.

5. If, prior to or after the discovery of oil on the lands held hereunder, a well producing oil in paying quantities for thirty (30) consecutive days is brought in on adjacent lands not owned by the Lessor and not forming a pooled unit containing a portion of the lands described herein, and within 660 feet of any line of the land held hereunder, Lessee, in order to maintain the rights granted, shall thereafter begin and prosecute with reasonable diligence the drilling of a well in an effort to discover oil thereby and to protect the land held hereunder from drainage.

6. After the discovery and production of oil, gas or any other mineral in paying quantities, either on the leased premises or on lands pooled therewith, the rights granted shall be maintained in effect during and after the primary term and without the payment of the rentals hereinabove provided for so long as oil, gas or some other mineral is being produced in paying quantities, or Lessee is carrying on operations with reasonable diligence looking to the production thereof. It is provided, however, that if, after the discovery and production of oil, gas or other minerals in paying quantities, the production thereof should cease from any cause this lease shall terminate unless Lessee resumes or restores such production, or commences additional drilling, reworking or mining operations within ninety (90) days thereafter and continues such operations without the lapse of more than ninety (90) days between abandonment of work on one well and commencement of reworking operations or operations for the drilling of another, in an effort to restore production of oil, gas or other minerals, or (if during the primary term) resumes the payment of rentals in the manner hereinabove provided for in connection with the abandonment of wells drilled. Lessee shall not be required to produce more than one mineral, the production of any one mineral in paying quantities and with reasonable diligence being sufficient to maintain all of Lessee's rights. Should Lessee by the drilling of any well located on the land or on property pooled therewith, discover gas or gaseous substances capable of production in paying quantities but which Lessee is unable to produce (or which although previously produced, Lessee is unable to continue to produce) because of lack of market or marketing facilities or Governmental restrictions, then Lessee's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments as hereinabove provided for in connection with the drilling of a non-producing well; and should such conditions occur or exist after the primary term Lessee's rights may be further extended by the commencement, resumption or continuance of such payments at the rate and in the manner herein fixed for rental payments during the primary term; provided, however, that in no event shall Lessee's rights be so extended by rental payments and without drilling operations or production of oil, gas or some other mineral for more than two consecutive years.

7. Subject to the provisions of Paragraphs 2 and 10 hereof the royalties to be paid by Lessee are: (a) On oil and other liquid hydrocarbons one-eighth (1/8th) of that produced and saved from the land and not used for fuel in conducting operations on the property (or on acreage pooled therewith) or in treating said oil to make it marketable; (b) one-eighth (1/8th) of the market value of the gas sold or used by Lessee in operations not connected with the land leased or any pooled unit containing a portion of said land; (c) one-eighth (1/8th) of the value at the mouth of the well of casinghead gas used in manufacturing casinghead gasoline to be computed by methods recognized in the industry; (d) One Dollar ($1.00) for each ton of 2240 pounds of sulphur, payable when marketed; and (e) one-eighth (1/8th) of the value of all other minerals mined and marketed. Oil royalties shall be delivered to Lessor free of expense at Lessor's option in tanks furnished by Lessor at the well or to Lessor's credit in any pipe line connected therewith. In the event Lessor does not furnish tanks for such royalty oil and no pipe line is connected with the well, Lessee may sell Lessor's royalty oil at the best market price obtainable and pay Lessor the price received f. o. b. the leased property, less any severance or production tax imposed thereon.

Lessee shall have the right to inject gas, water, brine or other fluids into sub-surface strata, and no royalties shall be due on any gas produced by Lessee and injected into sub-surface strata through a well or wells located either on the land or on a unit comprising a portion of the land.

8. The Lessee shall be responsible for all damages caused by Lessee's operations.

9. All provisions hereof shall extend to and bind the successors and assigns (in whole or in part) of Lessor and Lessee; but no change in the ownership of the land or any interest therein or change in the capacity or status of Lessor, whether resulting from sale, inheritance or otherwise, shall impose any additional burden on Lessee nor shall any change in ownership or in the status or capacity of Lessor impair the effectiveness of payments made to Lessor herein named unless the then record owner of said lease shall have been furnished, thirty (30) days before payment is due, with certified copy of recorded instrument or judgment evidencing such transfer, inheritance or sale or evidence of such change in status or capacity of Lessor. The furnishing of such evidence shall not affect the validity of payments theretofore made in advance. In the event of the assignment of this lease, either as to a segregated portion of the land or as to an undivided interest in the lease contract, delay rentals shall be apportioned among the several leasehold owners according to the surface area of the undivided interest of each, and default in payment by one shall affect the rights of others.

10. Lessor hereby warrants the title to said land and agrees that Lessee may, at its option, discharge any tax, mortgage or other lien upon the land and be subrogated thereto and have the right to apply to the repayment of Lessee any rentals and/or royalties accruing hereunder. If Lessor owns less than the entire undivided interest in all or any portion of the lands or mineral rights relating thereto (whether such interest is herein specified or not) rentals and royalties as to the land in which an interest is outstanding in others shall be reduced proportionately to the interest of the Lessor therein, but the failure of Lessee to reduce rentals shall not affect Lessee's rights to reduce royalties; and all outstanding royalty rights shall be deducted from the royalties herein provided for. Lessee shall have the right to purchase a lease or leases from others to protect its leasehold rights and shall not thereby be held to have disputed Lessor's title; and in the event Lessor's title or an interest therein is claimed by others, Lessee shall have the right to withhold payment of royalties or to deposit such royalties in the registry of the Court until final determination of Lessor's rights.

11. In the event that Lessor at any time considers that operations are not being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if legally required to conduct operations in order to maintain the lease in force, shall have sixty (60) days after receipt of such notice in which to commence the necessary operations to comply with the requirements hereof.

12. If the land herein described is owned in divided or undivided portions by more than one party, this instrument may be signed in any number of counterparts, each of which shall be binding on the party or parties so signing regardless of whether all of the owners, join in the granting of this lease.

13. The requirements hereof shall be subject to any State and/or Federal Law or order regulating operations on the land.

14. Anything to the contrary herein notwithstanding, it is provided that if any portion of the lands held hereunder should be unitized with other lands, then unit drilling or reworking operations on or unit production from any unit shall only maintain this lease as to the land included in such unit. It is further provided, however, that when this lease is being maintained as to a unit or units by such unit operations or production, lessee's rights hereunder may also be maintained as to all or any part of the land not included in any such unit by rental payments as to such outside land, or by non-unit drilling or reworking operations or non-unitized production (whether the well is within or without the boundaries of a unit), in the same manner as is herein elsewhere provided for maintaining lessee's rights hereunder; and lessee's rights as to such outside land may be so maintained by rental payments during and for TWO (2) years after the end of the primary term of this lease. In connection with the foregoing, it is also provided that if lessee's rights are not being separately maintained as to the acreage outside of such unit or units on the date of the commencement of the unit operations or of the unit production, whichever occurs first, then such commencement date shall be considered equivalent to a date of cessation of production from such outside lands for the purpose of fixing the delay for the payment of rentals or for beginning operations or production thereon. It is also further provided that unitization of any portion of the lands held hereunder shall not affect lessee's right to maintain this lease by shut-in gas payments as herein elsewhere provided for; but any such shut-in payment so made (whether the shut-in well be within or without a unit) shall be based on and shall maintain lessee's rights in all the land held hereunder except any part of said land as to which this lease is being separately maintained by operations, production or rental payments as heretofore provided for in this paragraph.

The consideration paid by Lessee is accepted as full and adequate consideration for all rights, options and privileges herein granted.

This lease may be executed in counterpart or may be ratified by separate instruments and shall be binding on all parties who so execute or ratify it whether or not it is executed by all of the parties herein named.

Lessor agrees that each of the above named parties owns and shall be entitled to receive that fractional part of the delay rentals set out opposite his or her name below. Each respective Lessor designates the bank named opposite his or her name as the depository for payment or tender of his or her proportionate part of the rentals in accordance with the provisions of this lease.

hereinafter called "Grantor", for and in consideration of the sum of Fifty Thousand and No/100 ($50,000.00) Dollars, and other good and valuable consideration, cash in hand paid, the receipt of which is hereby acknowledged, does hereby grant, sell and convey unto Michigan Wisconsin Pipe Line Company hereinafter referred to as "Grantee", its successors and assigns, the right to lay, construct, maintain, inspect, repair, operate, remove or abandon in place one (1) pipeline for the transportation of oil, petroleum products, natural gas and all by-products thereof, under and across the following described land, to-wit:

> A tract of land situated in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, except that portion lying in a triangular form West of the East boundary line of Section 14, if extended through said Section 39.

The pipeline shall be laid as shown on the plat attached hereto and marked Exhibit "A" and made a part hereof.

The right-of-way granted herein shall have a width of 75 feet being 25 feet on the East side of the centerline and 50 feet on the West side of the centerline of the right-of-way during construction, to revert to a permanent width of 50 feet being 25 feet on each side of the centerline of the right-of-way, all as shown on the plat attached hereto as Exhibit "A". There is also granted extra work space at road crossings

as shown on the plat attached hereto as Exhibit "A". The extra work space shall be used only during construction of the pipeline and all rights thereto shall terminate following construction and clean-up.

There are included in this grant the rights of ingress and egress for the purpose of constructing, inspecting and repairing the said line, but except for emergency repairs, said rights of ingress and egress shall be strictly limited to the right-of-way herein granted.

It is expressly agreed and understood that Grantor retains and shall have the right fully to use and enjoy the above described land, subject to the right of easement herein granted unto Grantee, including, by way of illustration but not of way of limitation, the right to pasture and to farm the surface of the land. Grantor agrees not to construct nor permit to be constructed any house, building or other structure within the permanent 50 foot right-of-way herein granted. It is also agreed that Grantee shall have the right from time to time to cut or remove all trees, undergrowth or other obstruction on or within the peramnent right-of-way granted hereby that, in its judgment, may injure, endanger or interfere with the exercise by Grantee of the rights and privileges herein granted.

Grantee agrees to pay Grantor and/or Grantor's tenants for all damages that may be caused from the exercise of the rights herein granted by Grantee, its agents, servants, employees, contractors, or sub-contractor.

As additional consideration for the grant of this servitude and right-of-way Grantee agrees:

1. That said pipeline shall be buried at least thirty-six (36") inches below the surface of the ground measured from the surface of the ground to the top of the pipe. There shall be no above ground installations on the land, except for vents and pipeline markers, and these shall be placed only on exterior boundary lines or roadcrossings.

2. During construction of said pipeline, Grantee shall be limited to the use of a strip of land seventy-five (75') feet in width and extending across the above described land along the route herein above referred to.

3. Upon completion of construction of the pipeline, the right-of-way acquired by Grantee herein shall revert in width to fifty (50') feet.

4. That Grantee, before severing or cutting fences of Grantor at each point where same are to be severed or cut, will staunchly cross-brace the two panels, the one immediately on either side of the point of severance, so as to prevent unnecessary sag in the remaining portion of such fence or fences. Grantee also agrees that such fences as have been cut will be closed at all times except when construction work underway necessitates an opening therein; following construction such fences which are cut shall be re-built with 4 strand barbed wire and creosoted posts.

5. All trenches shall be back-filled, after being first pumped dry in cultivated lands, after the installation of said pipeline and in case of the abandonment and/or expiration of this grant of servitude for any cause or reason, Grantee agrees that all ditches and debris caused by the construction or removal operation must be filled, cleared and the land restored as near as possible to its original condition.

6. Any private road or roads of Grantor which are cut by Grantee shall be restored to as equal or better condition as presently exists and made available for passage as soon as practical. Grantee further acknowledges that it has no right to the use of any such roads without the prior consent of Grantor.

7. This grant of right-of-way and easement is limited to one pipeline, as herein described, and for the use herein provided and there shall be no other use thereof, such as the erection of pole lines.

8. Grantee agrees to indemnify and hold Grantors harmless against any loss or liability on account of injuries to persons, including death, and damages to the property of others, and all costs and expenses incident thereto arising from the exercise of Grantee of its rights hereunder or any defect in or failure of its pipeline or other facility constructed by Grantee hereunder. In the event a suit is brought against Grantors to recover for, or on account of, any such damage, injury, or death, Grantee will, at Grantors' request, appear and defend such suit at its sole cost and expense and will pay any judgment that may be entered against Grantors therein when said suit is finally determined; provided that, for this provision to be effective, Grantors must give Grantee adequate and timely notice of the filing of such suit if Grantee is not itself made a defendant.

9. The pipeline shall be constructed across drainage and irrigation canals on the above described property by boring beneath them. The pipeline shall be buried at least five (5') feet below the bottom of said drainage ditch or irrigation canals.

10. Grantor shall have the right to place along, across and over said right-of-way and easement as many roads, streets, railroad tracks, sidewalks, passage-ways, electric light and power lines, water lines, sewer lines, telephone lines and telephone poles, and any and all other utilities as said Grantor may desire, provided, however, that if the same are placed along, as distinguished from across said easement, they shall not be placed within twenty (20') feet of the pipeline of Grantee.

11. The pipeline shall not exceed thirty (30") inches inside diameter.

12. The pipeline shall be constructed and the premises resotred to its former condition as nearly as practical not later than March 15th of any given year, but before December 31, 1983.

13. In addition to the right-of-way and other rights herein granted, Grantee shall have the right to the use of the "temporary working space" and "extra work space" shown on the plat attaced hereto. Following construction of the pipeline, Grantee's right to the use of such temporary work space and extra work space shall terminate.

14. Grantee agrees that in the event the construction, replacement or removal of a pipeline occurs during the flooding of the rice fields, Grantee agrees to provide for the fluming of the water across the pipeline ditch and/or right-of-way so that the pipeline construction will not interfere with water in the rice fields remaining level, and levees necessary to keep the water from running off the land will be built along the right-of-way. An extra width is granted herein to provide space to make levees on the outside of right-of-way and work areas. This width will be computed on acreage basis and payment made to Grantor for crop loss on this acreage.

15. During construction Grantee shall construct at its expense, where necessary, vehicular crossings over and across the right-of-way for Grantor's use in crossing from one side of the right-of-way to the other with farm implements and machinery such as tractors, trucks, discs, etc.

16. In the construction, maintenance and operation of the said pipeline, Grantee agrees to comply with all regulations and directives of state and federal agencies having authority in the premises.

17. Grantee expressly agrees that following construction, should any of Grantor's farm equipment or machinery become bogged down or be damaged, or both, while traversing the right-of-way then Grantee shall co-operate with Grantor in remedying the situation and/or repairing the damage, or both.

18. The above recited consideraiton this day paid by Grantee to Grantor is accepted by Grantor in full payment, settlement and satisfaction for right-of way, temporary and permanent, for the right to the use of temporary working space, for all severance damages, and for damages caused because of Grantee's exercise of the initial rights herein granted. Grantee will be responsible for all subsequent damages resulting from Grantee's exercising its rights herein under.

19. It is also agreed and understood that Grantee will attempt to separate the top soil by trenching to a depth of approximately ten (10") inches with a conventional trenching machine; Grantee will then remove the subsoil in a second trenching operation. In the back filling operation, the subsoil will be replaced first and then the top soil. A dragline shall not be used for trenching or digging operations, other than at pipeline and canal crossing. An additional space is herein provided parallel to and on the East side of construction right-of-way for the placement of top soil in this operation.

20. No valves, fittings, meters and other equipment shall be installed on or in connection with the said pipeline without the written consent of the Grantor; and no installations whatsoever shall be made above ground, except that cathodic test wires may be installed at outside line fence lines.

21. This grant is made subject to any and all previous rights-of-way and/or servitudes, oil, gas, mineral lease or leases and mortgages or mortgages, and rights of Grantor's tenants, if any, presently affecting said above described property, and Grantee agrees that the exercise by it of this servitude will not interfere with any exploration, mining or development of oil, gas and other minerals on said property.

22. Before exercising any of the rights herein granted, Grantee shall contact Mr. Raymond Bruce at 318-824-1260 or Mr. Worrel B. Johnson at 318-734-3012.

The Grantee, its successors and assigns, is hereby expressly given and granted the right to assign said right-of-way and easement or any part thereof, or interest therein. The same shall be divisible among two or more owners as to any right or rights granted hereunder so that each assignee or owner shall have the right and privileges herein granted to be owned and enjoyed in common or severally.

TO HAVE AND TO HOLD unto Grantee, its successors, or assigns, until the abandonment of the pipeline to be constructed on the right-of-way herein granted. Failure of Grantee to use the line for eighteen

(18) consecutive months shall constitute an abandonment of the pipeline and it shall then become the property of Grantor, however, Grantee has the option to remove pipeline within this period.

This agreement will be executed in multiple counter-parts, each of which shall be an original document binding upon the Grantors who execute same whether or not said right-of-way is ultimately signed by all Grantors.

IN TESTIMONY WHEREOF, Grantor has executed this grant of right-of-way in the presence of the undersigned competent witnesses on this _____day of _____, 1981.

NELIA KAREN BRUCE GOLDMAN, off full age of majority, whose mailing address is 214 Pinehurst, Monroe, Louisiana,

hereinafter called "Grantor", for and in consideration of the sum of Fifty Thousand and No/100 ($50,000.00) Dollars, and other good and valuable consideration, cash in hand paid, the receipt of which is hereby acknowledged, does hereby grant, sell and convey unto Michigan Wisconsin Pipe Line Company hereinafter referred to as "Grantee", its successors and assigns, the right to lay, construct, maintain, inspect, repair, operate, remove or abandon in place one (1) pipeline for the transportation of oil, petroleum products, natural gas and all by-products thereof, under and across the following described land, to-wit:

A tract of land situated in Section 39, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana, except that portion lying in a triangular form West of the East boundary line of Section 14, if extended through said Section 39.

The pipeline shall be laid as shown on the plat attached hereto and marked Exhibit "A" and made a part hereof.

The right-of-way granted herein shall have a width of 75 feet being 25 feet on the East side of the centerline and 50 feet on the West side of the centerline of the right-of-way during construction, to revert to a permanent width of 50 feet being 25 feet on each side of the centerline of the right-of-way, all as shown on the plat attached hereto as Exhibit "A". There is also granted extra work space at road crossings

as shown on the plat attached hereto as Exhibit "A". The extra work space shall be used only during construction of the pipeline and all rights thereto shall terminate following construction and clean-up.

There are included in this grant the rights of ingress and egress for the purpose of constructing, inspecting and repairing the said line, but except for emergency repairs, said rights of ingress and egress shall be strictly limited to the right-of-way herein granted.

It is expressly agreed and understood that Grantor retains and shall have the right fully to use and enjoy the above described land, subject to the right of easement herein granted unto Grantee, including, by way of illustration but not of way of limitation, the right to pasture and to farm the surface of the land. Grantor agrees not to construct nor permit to be constructed any house, building or other structure within the permanent 50 foot right-of-way herein granted. It is also agreed that Grantee shall have the right from time to time to cut or remove all trees, undergrowth or other obstruction on or within the peramnent right-of-way granted hereby that, in its judgment, may injure, endanger or interfere with the exercise by Grantee of the rights and privileges herein granted.

Grantee agrees to pay Grantor and/or Grantor's tenants for all damages that may be caused from the exercise of the rights herein granted by Grantee, its agents, servants, employees, contractors, or sub-contractor.

As additional consideration for the grant of this servitude and right-of-way Grantee agrees:

1. That said pipeline shall be buried at least thirty-six (36") inches below the surface of the ground measured from the surface of the ground to the top of the pipe. There shall be no above ground installations on the land, except for vents and pipeline markers, and these shall be placed only on exterior boundary lines or roadcrossings.

2. During construction of said pipeline, Grantee shall be limited to the use of a strip of land seventy-five (75') feet in width and extending across the above described land along the route herein above referred to.

3. Upon completion of construction of the pipeline, the right-of-way acquired by Grantee herein shall revert in width to fifty (50') feet.

4. That Grantee, before severing or cutting fences of Grantor at each point where same are to be severed or cut, will staunchly cross-brace the two panels, the one immediately on either side of the point of severance, so as to prevent unnecessary sag in the remaining portion of such fence or fences. Grantee also agrees that such fences as have been cut will be closed at all times except when construction work underway necessitates an opening therein; following construction such fences which are cut shall be re-built with 4 strand barbed wire and creosoted posts.

5. All trenches shall be back-filled, after being first pumped dry in cultivated lands, after the installation of said pipeline and in case of the abandonment and/or expiration of this grant of servitude for any cause or reason, Grantee agrees that all ditches and debris caused by the construction or removal operation must be filled, cleared and the land restored as near as possible to its original condition.

6. Any private road or roads of Grantor which are cut by Grantee shall be restored to as equal or better condition as presently exists and made available for passage as soon as practical. Grantee further acknowledges that it has no right to the use of any such roads without the prior consent of Grantor.

7. This grant of right-of-way and easement is limited to one pipeline, as herein described, and for the use herein provided and there shall be no other use thereof, such as the erection of pole lines.

8. Grantee agrees to indemnify and hold Grantors harmless against any loss or liability on account of injuries to persons, including death, and damages to the property of others, and all costs and expenses incident thereto arising from the exercise of Grantee of its rights hereunder or any defect in or failure of its pipeline or other facility constructed by Grantee hereunder. In the event a suit is brought against Grantors to recover for, or on account of, any such damage, injury, or death, Grantee will, at Grantors' request, appear and defend such suit at its sole cost and expense and will pay any judgment that may be entered against Grantors therein when said suit is finally determined; provided that, for this provision to be effective, Grantors must give Grantee adequate and timely notice of the filing of such suit if Grantee is not itself made a defendant.

9. The pipeline shall be constructed across drainage and irrigation canals on the above described property by boring beneath them. The pipeline shall be buried at least five (5') feet below the bottom of said drainage ditch or irrigation canals.

10. Grantor shall have the right to place along, across and over said right-of-way and easement as many roads, streets, railroad tracks, sidewalks, passage-ways, electric light and power lines, water lines, sewer lines, telephone lines and telephone poles, and any and all other utilities as said Grantor may desire, provided, however, that if the same are placed along, as distinguished from across said easement, they shall not be placed within twenty (20') feet of the pipeline of Grantee.

11. The pipeline shall not exceed thirty (30") inches inside diameter.

12. The pipeline shall be constructed and the premises resotred to its former condition as nearly as practical not later than March 15th of any given year, but before December 31, 1983.

13. In addition to the right-of-way and other rights herein granted, Grantee shall have the right to the use of the "temporary working space" and "extra work space" shown on the plat attaced hereto. Following construction of the pipeline, Grantee's right to the use of such temporary work space and extra work space shall terminate.

14. Grantee agrees that in the event the construction, replacement or removal of a pipeline occurs during the flooding of the rice fields, Grantee agrees to provide for the fluming of the water across the pipeline ditch and/or right-of-way so that the pipeline construction will not interfere with water in the rice fields remaining level, and levees necessary to keep the water from running off the land will be built along the right-of-way. An extra width is granted herein to provide space to make levees on the outside of right-of-way and work areas. This width will be computed on acreage basis and payment made to Grantor for crop loss on this acreage.

15. During construction Grantee shall construct at its expense, where necessary, vehicular crossings over and across the right-of-way for Grantor's use in crossing from one side of the right-of-way to the other with farm implements and machinery such as tractors, trucks, discs, etc.

16. In the construction, maintenance and operation of the said pipeline, Grantee agrees to comply with all regulations and directives of state and federal agencies having authority in the premises.

17. Grantee expressly agrees that following construction, should any of Grantor's farm equipment or machinery become bogged down or be damaged, or both, while traversing the right-of-way then Grantee shall co-operate with Grantor in remedying the situation and/or repairing the damage, or both.

18. The above recited consideraiton this day paid by Grantee to Grantor is accepted by Grantor in full payment, settlement and satisfaction for right-of way, temporary and permanent, for the right to the use of temporary working space, for all severance damages, and for damages caused because of Grantee's exercise of the initial rights herein granted. Grantee will be responsible for all subsequent damages resulting from Grantee's exercising its rights herein under.

19. It is also agreed and understood that Grantee will attempt to separate the top soil by trenching to a depth of approximately ten (10") inches with a conventional trenching machine; Grantee will then remove the subsoil in a second trenching operation. In the back filling operation, the subsoil will be replaced first and then the top soil. A dragline shall not be used for trenching or digging operations, other than at pipeline and canal crossing. An additional space is herein provided parallel to and on the East side of construction right-of-way for the placement of top soil in this operation.

20. No valves, fittings, meters and other equipment shall be installed on or in connection with the said pipeline without the written consent of the Grantor; and no installations whatsoever shall be made above ground, except that cathodic test wires may be installed at outside line fence lines.
